Independent Auditors' Report

The Administrative Committee
Kuakini Health System
403(b) Matching Tax-Sheltered Annuity Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of the Kuakini Health System 403(b) Matching Tax-Sheltered Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

As described in Note 2 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements have been affected by these conditions.

As further described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts, and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Auditors’ Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

In our report dated September 27, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the Kuakini Health System 403(b) Matching Tax-Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1995, covering substantially all employees of Kuakini Health System and subsidiaries (the Health System or Plan Sponsor). The Administrative Committee of the Plan controls and manages the operations and administration of the Plan. The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees are eligible to make elective contributions immediately upon hire, but must complete one year of service defined as twelve consecutive months during which the employee completes at least 1,000 hours of service and has attained the age of 21 before being eligible to share in Health System-matching and discretionary contributions.

Transamerica Retirement Solutions, LLC (Transamerica) serves as the Plan's recordkeeper, State Street Bank and Trust Company and Metropolitan Life Insurance Company (MetLife) serve as the asset custodians of the Plan, and Transamerica Financial Life Insurance Company holds the insurance contract deposits. From Plan inception in 1995 through 2006, MetLife administered the Plan. Since 2006, Transamerica has been administering the Plan. Participants were allowed to keep their accounts with MetLife, with any new contributions invested in new Transamerica accounts.

COVID-19 Pandemic

Beginning in the first quarter of 2020, many countries experienced an outbreak of the novel strain of coronavirus (COVID-19). The COVID-19 pandemic has adversely affected the operations and financial position of health care provider systems. The extent of the impact of the COVID-19 pandemic on the economy, the Health System, and on the Plan is uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document. Management adopted certain relief provisions included in the CARES Act as discussed further below. These adopted provisions were temporary and expired on December 31, 2020.

Contributions

Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another plan.

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the plan document, subject to certain IRC limitations. Participants who have attained age 50 before the end of the plan year or who have 15 years of qualified service are also eligible to make catch-up contributions up to amounts prescribed by the IRC. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Effective April 1, 2020, the Health System-matching contributions are discretionary and are determined each plan year at the discretion of the Health System. The Health System elected to make matching contributions in an amount similar to the pre-April 1, 2020 matching amount which was 50% of the first 4% of compensation deferred by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, the Health System's matching and discretionary contributions, and allocations of plan earnings and losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are vested immediately in all contributions, plus actual earnings thereon.

KUAKINI HEALTH SYSTEM
403(b) MATCHING TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 less the highest outstanding balance of any loans for the one year period preceding loan issuance or 50% of their account balance provided that the loan is paid back with interest within five years. However, if the loan is for the purchase of a participant's principal residence, the plan administrator may permit a longer repayment term not to exceed 15 years. Loans are secured by an assignment of the participant's interest in the Plan, and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the plan administrator. Participants may only have one loan outstanding at a time. Principal and interest is paid ratably through payroll deductions. Interest rates range from 4.25% to 6.50%.

Under the CARES Act, management adopted provisions which increased loan limits to the lesser of \$100,000 or 100% of the participant's vested account balance and allowed loan repayments for both new and existing loans to be deferred for up to one year. However, the loan continued to accrue interest on the outstanding balance during the deferment period.

Payment of Benefits

On termination of service with the Health System (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, periodic installments over a fixed period, a straight-life annuity contract, or a contingent annuity contract with his spouse or other beneficiary in accordance with Plan provisions.

Participants are also eligible to make hardship withdrawals from their deferred contributions, excluding earnings; rollover contributions; and vested matching contributions in the event of certain financial hardships.

Under the CARES Act, management adopted provisions that provided for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions. A participant was permitted to take a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g., severance from employment, disability, or attainment of age 59½). Under the adopted provision, the 10% additional federal tax on early distributions does not apply to any coronavirus-related distribution.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Plan has been in existence since 1995. However, GAAP-basis financial statements were not required to be filed with the Department of Labor (DOL) until 2009. Accordingly, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, and held by grandfathered vendors (Grandfathered Assets). The Plan's auditors were unable to apply auditing procedures to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

The Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain Grandfathered Assets, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income (loss) and distributions related to such Grandfathered Assets have also been excluded in the accompanying statement of changes in net assets available for benefits. GAAP requires that these Grandfathered Assets and the related income (loss) and distributions be included in the accompanying financial statements. The effects of these excluded Grandfathered Assets and the related income (loss) and distributions on the financial statements are not reasonably determinable.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, asset custodians, and insurer. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

KUAKINI HEALTH SYSTEM
403(b) MATCHING TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the value of assets at the beginning of the plan year, or at the time of purchase for assets purchased during the plan year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the plan year for unrealized appreciation (depreciation).

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for loan losses has been recorded as of December 31, 2021 and 2020. Delinquent notes are reclassified as distributions based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses related to plan administration will be paid from plan assets, except the Health System may, at its discretion, pay such expenses. Expenses that are paid by the Health System are excluded from these financial statements. Participants are allocated a portion of administrative fees, trustee fees, and accounting fees as stated in the plan document. Plan expenses related to loan processing fees, overnight mailing fees, and returned check fees are charged directly to the respective participant's account.

Management fees and operating expenses charged to the Plan for investments in shares of registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(3) Information Certified by the Asset Custodians and the Insurer

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodians and the insurer have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31:	2021	2020
Investments at fair value	\$123,501,920	\$107,739,401
Investments at contract value	30,392,577	30,034,594
Notes receivable from participants	1,165,264	1,181,829
 Year Ended December 31:	 2021	
Net appreciation in fair value of investments	\$ 14,589,292	
Dividends	1,821,000	
Interest income	694,921	
Interest income on notes receivable from participants	60,686	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

KUAKINI HEALTH SYSTEM
403(b) MATCHING TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Level 2 — Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020:

Registered investment companies. Valued at the daily closing price as reported by the fund. These investments held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding measurement described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

KUAKINI HEALTH SYSTEM
403(b) MATCHING TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements

December 31, 2021 and 2020

The following tables set forth by level within the fair value hierarchy the Plan's investments measured at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 123,501,920	\$ -	\$ -	\$ 123,501,920

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 107,739,401	\$ -	\$ -	\$ 107,739,401

(5) Guaranteed Accounts

The guaranteed accounts include a guaranteed pooled separate account provided under a group annuity contract issued by Transamerica Financial Life Insurance Company (TFLIC) and a guaranteed investment option provided under a group annuity contract issued by Transamerica Life Insurance Company (TLIC). The funds are fully benefit-responsive, which means withdrawals from the funds may be made at contract value for qualifying benefit payments, including participant-directed transfers. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value of the guaranteed pooled fund at December 31, 2021 and 2020 amounted to \$48,364 and \$106,019, respectively. Contract value of the guaranteed investment option amounted to \$21,908,852 and \$21,078,787 at December 31, 2021 and 2020, respectively.

Notes to Financial Statements

December 31, 2021 and 2020

Guaranteed Pooled Separate Account

Participants can withdraw their guaranteed pooled fund balances at contract value without restriction or charge on account for any of the following events (if also permitted by the Plan): death, disability, retirement, termination of employment, hardship, loans, attainment of age 59 1/2, or the purchase of an annuity from TFLIC (these withdrawals are considered qualified participant withdrawals). However, other withdrawals and withdrawals due to employer-initiated events that exceed a certain percentage may be subject to restrictions and/or a 5% withdrawal charge. A 5% withdrawal charge applies to the portion of the aggregate amount of withdrawals made due to employer-initiated events (e.g., mergers, layoffs, partial plan terminations, plan terminations, early retirement incentive programs, etc.) that:

- (a) During any 12-month period exceeds 20% of the Plan's balance in the guaranteed pooled fund as of the first day of this period;
- (b) Since the contract date exceeds 40% of the Plan's balance in the guaranteed pooled fund.

Participant-directed transfers from the guaranteed pooled fund are permitted to noncompeting funds, subject to a 90-day provision. The contract contains a minimum guaranteed interest rate. At the beginning of each calendar year, TFLIC determines the declared interest rate (portfolio rate), which will be credited to all monies invested in the guaranteed pooled fund during such calendar year. In no event will the declared rate of interest be less than the contract's minimum guaranteed rate.

Guaranteed Investment Option

Participants can withdraw their guaranteed investment option balances at contract value without restriction or charge on account for any of the following events (if also permitted by the Plan): death, disability, retirement, severance of employment, hardship, compliance with a qualified domestic relations order, attainment of age 59 1/2, in-service withdrawals from the plan, loans, transfer to a non-competing fund subject to a 90 day equity wash, unforeseen emergency, and the purchase of an annuity from TLIC (these withdrawals are considered qualified participant withdrawals).

Withdrawals from the contract during any twelve-month period that are made on account of employer initiated events (e.g., mergers, layoffs, bankruptcy, insolvency events, early retirement incentive programs, and employee communications which influence contributions to or withdrawals or loans from the contract) and in aggregate exceed 15% of the contract balance at the beginning of such twelve-month period shall be subject to a market value adjustment or surrender charge.

KUAKINI HEALTH SYSTEM
403(b) MATCHING TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements

December 31, 2021 and 2020

The contract contains a minimum guaranteed interest rate. At the beginning of each calendar year, TLIC determines the declared interest rate, which will be credited to all monies invested in the guaranteed investment option during such calendar year. In no event will the declared rate of interest be less than the contract's minimum guaranteed rate.

(6) Investment Contract With Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with the MetLife totaling \$8,435,361 and \$8,849,788 at December 31, 2021 and 2020, respectively. MetLife maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The GIC has certain restrictions that impact the ability of the Plan to collect the full contract value; for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. MetLife may not terminate the contract at any amount less than the contract value.

MetLife is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with MetLife, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

(7) Related-Party Transactions

Certain plan investments represent shares of registered investment companies and group annuity contracts managed by affiliates of Transamerica and MetLife, and therefore these transactions qualify as party-in-interest transactions. Transamerica receives revenue from registered investment company service providers for services Transamerica provides to the funds. This revenue is placed into an expense budget account and used to offset certain amounts owed to Transamerica for its administrative services to the Plan. During the year ended December 31, 2021, the Plan applied \$44,785 to offset administrative expenses. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

KUAKINI HEALTH SYSTEM
403(b) MATCHING TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(8) Plan Termination

Although it has not expressed any intention to do so, the Health System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants remain 100% vested in their accounts.

(9) Tax Status

The Plan is based on the volume submitter 403(b) plan sponsored by Transamerica Retirement Solutions, LLC. This volume submitter 403(b) plan has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2017, from the Internal Revenue Service (IRS) stating that the volume submitter 403(b) plan constitutes a qualified plan under Section 403(b) of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Subsequent Events

The Plan has evaluated subsequent events through September 27, 2022, the date at which the accompanying financial statements were available to be issued, and determined there are no other items to disclose.
