Independent Auditors' Report

The Administrative Committee
Hawaiian Sun Products, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Hawaiian Sun Products, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the Hawaiian Sun Products, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan covering employees of Hawaiian Sun Products, Inc. (the Company), who have completed a year of service during a consecutive 12-month period in which the employee completed at least 1,000 hours of service and attained age 18. The Plan is designed to provide the opportunity for employees of the Company to participate in a deferral of compensation arrangement pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the IRC and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2020, the Plan adopted an amendment to revise coverage for 2020. This amendment allowed a participant employed by the Candy Room and who terminated employment on November 30, 2020 to be deemed an eligible participant for the Plan year beginning on January 1, 2020, only for the purpose of sharing in Company contributions if he is credited with at least one hour of service during that Plan year.

Administration of Plan Assets

The Company has appointed an Administrative Committee to manage the operations and administration of the Plan. Principal Life Insurance Company (Principal Life) acts as the custodian and as the third-party administrator to process and maintain the records of participant data.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to a maximum allowable under the IRC, which was \$19,500 in 2021. Additionally, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, not to exceed the amount allowable under the IRC, which was \$6,500 in 2021. Participants are also allowed to make rollover contributions of amounts received from other tax qualified retirement plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various investment options consisting of pooled separate accounts and a guaranteed investment contract managed by Principal Life.

HAWAIIAN SUN PRODUCTS, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

The Company provides matching contributions at a percentage which is determined annually. For 2021, the Company elected to match 25% of participant deferrals up to a maximum of 6% of the participant's compensation for the Plan year, as defined in the Plan. The Company may also elect to make, at its sole discretion, profit sharing contributions to the Plan. The Administrative Committee has elected not to make profit sharing contributions for 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and related employer matching contributions and allocations of (a) the Company's profit sharing contribution, (b) plan earnings and losses, and (c) any related administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Participants become 100% vested in matching and discretionary profit sharing contributions plus earnings or losses thereon in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the Administrative Committee based on the prevailing interest rates charged by persons in the business of lending money in the community for loans made under similar circumstances. The interest rates on loans outstanding at December 31, 2021 range from 5.25% to 7.50%. Loan repayments are generally made ratably through payroll deductions over a period not to exceed five years, unless loans were used to purchase a primary residence.

HAWAIIAN SUN PRODUCTS, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, management adopted provisions which increases the loan limits to the lesser of \$100,000 or 100% of the participant's vested account balance and allows loan repayments for both new and existing loans to be deferred for up to one year. However, the loan will continue to accrue interest on the outstanding balance during the deferment period.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary will receive total benefits in a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or installments over a fixed period. Under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

Under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, management adopted provisions that provided for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions. A participant was permitted to take a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g., severance from employment, disability, or attainment of age 59½). Under the adopted provision, the 10% additional federal tax on early distributions does not apply to any coronavirus-related distribution.

Administrative Expenses

All reasonable administrative costs and expenses may be paid from plan assets, unless some or all are paid by the Company. Administrative expenses recorded in the Plan during the year ended December 31, 2021 totaled \$8,752 and generally include loan set-up and maintenance fees, member requested services, and other administrative fees charged directly to the participant's account. Investment related expenses are netted against investment income in the accompanying statement of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

HAWAIIAN SUN PRODUCTS, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by Principal Life and are invested based upon instructions received from participants. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Administrative Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

(3) Information Certified by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31:	2021	2020
Investments at fair value	\$ 10,741,165	\$ 10,003,490
Year Ended December 31:	2021	
Net appreciation in fair value of investments	\$ 1,432,393	
Interest income	295	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

(4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Notes to Financial Statements

December 31, 2021 and 2020

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Pooled separate accounts. Valued at NAV per share which serves as a practical expedient to estimate the fair value of the underlying investments. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Guaranteed investment contract. Valued at fair value which approximates contract value.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments measured at fair value as of December 31, 2021 and 2020.

	Investments at Fair Value as of December 31, 2021

December 31, 2021 and 2020

(5) Guaranteed Investment Contract with Insurance Company

The Plan holds a guaranteed investment contract which is backed by the Principal Life general account. Due to the nature of this contract, it does not have specific underlying assets assigned. Most participant and plan sponsor transactions that occur prior to maturity are realized at an adjusted contract value that takes into account the current rates of interest available in the marketplace for similar guaranteed investment contracts. The guaranteed investment contract promises contract value for a benefit event, however there is a possible surrender charge when funds are withdrawn prior to maturity. Thus the guaranteed interest contract is considered non-benefit responsive and, therefore, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

(6) Related Party Transactions

Plan investments are in pooled separate accounts and a general account managed by Principal Life and therefore these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

(8) Income Tax Status

The IRS has determined and informed the Company by a letter dated September 12, 2016, that the Plan is qualified and the related trust is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Notes to Financial Statements

December 31, 2021 and 2020

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Forfeitures

There were no forfeited non-vested accounts at December 31, 2021 or 2020. Forfeited non-vested accounts are retained in the Plan and will first be used to pay administrative fees. Any remaining amounts will be used to reduce future employer contributions. For the years ended December 31, 2021 and 2020, \$452 and \$434 of forfeitures were used to pay for administrative expenses.

(10) COVID-19 Pandemic

Beginning in the first quarter of 2020, many countries have experienced an outbreak of the novel strain of coronavirus (COVID-19). The COVID-19 pandemic, together with recent geopolitical events and rising inflation, has adversely affected the global economy by, among other things, disrupting supply chains and operations, increasing unemployment levels, and creating significant volatility in financial markets. The extent of the impact of these matters on the economy, the Company, and the Plan is uncertain.

Certain relief provisions were passed by Congress to provide immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. Management has adopted certain of these relief provisions which were temporary and expired on December 31, 2020.

(11) Subsequent Events

The Plan has evaluated subsequent events through October 10, 2022, the date at which the accompanying financial statements were available to be issued, and determined there are no such items to disclose.
