INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
ICW Group Holdings, Inc. Salary Savings Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of ICW Group Holdings, Inc. Salary Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i as of December 31, 2021), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of the ICW Group Holdings, Inc. (the "Company") Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan includes employees of ICW Group Holdings, Inc., including its wholly-owned subsidiaries, Insurance Company of the West, Risk Insurance Brokers of the West, VerTerra Insurance Company, and On Point Risk Solutions, Inc. The Plan is a combined 401(k) plan and profit sharing plan whereby the Company may contribute cash to the Plan.

Eligibility

Eligible participants in the Plan are employees of the Company and its wholly-owned subsidiaries who are 21 years of age and have completed three months of service. The Plan excludes leased employees, collectively bargained employees, and nonresident aliens with no U.S. source income.

Participant Contributions

Eligible participants may elect to contribute up to 100% of pretax and/or after tax (Roth contributions) annual compensation, as defined by the Plan. In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing rollover distributions from other qualified sources. All participant contributions are subject to limitations imposed by the Internal Revenue Code ("IRC").

Any eligible employee hired on or after January 1, 2013, except those who made an affirmative election otherwise, are to be automatically enrolled in the Plan with an automatic contribution rate set at the maximum match percentage for the Plan year in which they become eligible, which will be contributed to the Plan on their behalf as a pretax savings contribution. The maximum match base for 2021 was 6%.

The Plan also has an automatic increase program for participant contributions. Each participant's affirmative or deemed election of pretax savings contributions will automatically be increased by 1% each Plan year unless or until the participant is making pretax and/or Roth contributions, in the aggregate, at a rate equal to at least 10% of compensation, or the participant has made an affirmative election to contribute 0% of their compensation to the Plan. Participants may opt out of the automatic increase program at any time. Once a participant opts out, the participant will not be subject to further automatic increases unless they affirmatively elect to participate in the automatic increase program.

Contributions by participants with no investment selection in place are deposited into a qualified default investment alternative.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Plan allows for a discretionary matching contribution from the Company in a manner that distributes the match among eligible participants as an equal percent of participant deferral contributions. In addition, the Company has the option of making a discretionary profit sharing contribution to the Plan. The matching and profit sharing contributions are made only to participants in the Plan as of the last day of the Plan year, or the last day of the applicable eligibility period. For 2021, the discretionary matching contribution is equal to 75% of a participant's deferral (excluding catch-up contributions) up to 6% of eligible compensation. The Plan sponsor did not make a discretionary profit sharing contribution for 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, and an allocation of (a) the employer's discretionary matching contributions, if applicable, (b) the employer's discretionary profit sharing contributions, if applicable, (c) Plan earnings and losses, and (d) Plan expenses. Allocations to participant accounts of discretionary profit sharing contributions are based on the ratio between the participant's base salary and total base salaries of all participants as defined in the Plan document. Allocations of earnings and losses are based upon the ratio between the participant's account balance invested in a particular fund and the total account balances invested in that particular fund. Certain Plan expenses are allocated to the accounts of Participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Other expenses are charged directly to accounts of transacting participants.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in employer contributions is 100% upon the completion of three years of credited service by participants. A year of credited service is based on a twelve consecutive month period beginning on the participant's date of hire. Any period of service less than twelve consecutive months is disregarded.

Investment Options

Upon enrollment in the Plan, participants direct their contributions to any of the investment options offered by the Plan. Subsequently, participants may change their allocation and transfer account balances between the investment options in accordance with the Plan.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balances. The notes receivable are secured by the vested balance in the participant's account and bear interest rates determined by the Plan administrator. As of December 31, 2021, the interest rates ranged from 5.25% to 7.50%. Note terms range from one to five years unless used to purchase a primary residence, which may allow for repayment up to ten years. Principal and interest is paid regularly through payroll deductions. Outstanding notes receivable become due and payable upon a participant's termination of employment.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 10). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit to the lesser of \$100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year.

Payment of Benefits

Upon retirement, death, disability, attaining age 59½, or hardship, a participant may elect to receive: 1) a lump sum amount equal to the value of his or her vested account balance; 2) periodic payments by selecting a predetermined number of payments or a fixed dollar payment of a selected frequency assuming specific requirements are met; or 3) elect to leave such funds on deposit in the Plan.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance at the time of distribution.

Upon employee termination, the Plan may roll over a participant's vested account balance greater than \$1,000 and less than \$5,000 into an individual retirement account ("IRA") selected by the Plan sponsor, if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan sponsor may elect to distribute accounts with vested balances of less than \$1,000 in the form of a lump sum payment.

The Plan allows for hardship distributions from a participant's vested account balance, in accordance with Plan and IRC provisions regarding qualifying expenses. Effective January 1, 2020, the Plan no longer suspends elective deferrals after participants take hardship distributions.

Participants requesting relief under the CARES Act (Note 10) were permitted (i) CARES Act related withdrawals up to \$100,000 without a 10% early distribution penalty, (ii) such distributions can be repaid within three years of the date of distribution, and (iii) required minimum distributions were temporarily suspended for 2020.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeitures of Company contributions may be used to reduce employer matching contributions or pay for Plan expenses. Forfeitures that were unallocated to participants totaled \$115,679 and \$88,641 as of December 31, 2021 and 2020, respectively. During 2021, \$114,943 of forfeitures were used to reduce 2020 employer matching contributions, \$140,711 in forfeitures were credited to the forfeiture account due to distributions, and there were \$1,270 in earnings and other miscellaneous items, net. For the 2021 Plan year, employer matching contributions were \$3,102,227 which is net of \$142,405 applied from the forfeiture balance in March 2022.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts (Note 5) because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain costs and expenses related to the administration of the Plan are paid by the Plan sponsor. Other costs and expenses such as distribution expenses, loan expenses, and participant direction expenses, including brokerage fees are charged to the accounts of the applicable Plan participants.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Standard

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves the disclosure requirements for fair value measurements. The Plan adopted this guidance beginning on January 1, 2020. Its adoption did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the Plan's custodian.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- o Quoted prices for similar assets or liabilities in active markets;
- o Quoted prices for identical or similar assets or liabilities in inactive markets;
- o Inputs other than quoted prices that are observable for the asset or liability;
- o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Cash, interest-bearing: Interest bearing deposits are valued at carrying value, which approximates fair value.

Self-directed brokerage accounts: Accounts consist primarily of common stocks, cash, exchange traded funds, and publicly-traded stocks for which identical securities are observable in active markets.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Lincoln National Life Insurance Company

The Plan has a group annuity insurance contract with Lincoln National Life Insurance Company ("Lincoln"). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount which would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited and less participant withdrawals.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. This product is a guaranteed investment contract. The contract defines the circumstances and amounts for which the contract may be terminated by the Plan.

The Plan's ability to receive amounts due in accordance with the Lincoln contract is dependent on Lincoln's ability to meet its financial obligations which may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the complete or partial termination of the Plan or the establishment or activation of, or material change in, an investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Plan management does not believe these events are probable of occurring. The guaranteed minimum interest rate for all years is 1%.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Plan has adopted a volume submitter plan with Fidelity. The volume submitter plan received an opinion letter dated March 31, 2014 stating that the Plan is qualified and the trust established under the Plan is tax-exempt, under applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Plan sponsor. The Plan sponsor provides administrative services for the Plan at no cost to the Plan. In addition, certain investments are managed by the custodian of the Plan's assets. These transactions qualify as exempt party-in-interest transactions.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2025.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 11. SUBSEQUENT EVENTS

Effective February 2022, the Plan was amended to remove the employer matching continuing eligibility requirement and to change the employer contribution vesting schedule to 33% vested after one year of service, 66% vested after two years of service, and 100% vested after three years of service.

Additionally, the Plan was amended and restated in April 2022 to update exclusions in the definition of Plan eligible compensation, and to expand rollover eligibility to employees who have not yet met the age and service requirements for deferrals into the Plan.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
ICW Group Holdings, Inc. Salary Savings Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of ICW Group Holdings, Inc. Salary Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i as of December 31, 2021), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of the ICW Group Holdings, Inc. (the "Company") Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan includes employees of ICW Group Holdings, Inc., including its wholly-owned subsidiaries, Insurance Company of the West, Risk Insurance Brokers of the West, VerTerra Insurance Company, and On Point Risk Solutions, Inc. The Plan is a combined 401(k) plan and profit sharing plan whereby the Company may contribute cash to the Plan.

Eligibility

Eligible participants in the Plan are employees of the Company and its wholly-owned subsidiaries who are 21 years of age and have completed three months of service. The Plan excludes leased employees, collectively bargained employees, and nonresident aliens with no U.S. source income.

Participant Contributions

Eligible participants may elect to contribute up to 100% of pretax and/or after tax (Roth contributions) annual compensation, as defined by the Plan. In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing rollover distributions from other qualified sources. All participant contributions are subject to limitations imposed by the Internal Revenue Code ("IRC").

Any eligible employee hired on or after January 1, 2013, except those who made an affirmative election otherwise, are to be automatically enrolled in the Plan with an automatic contribution rate set at the maximum match percentage for the Plan year in which they become eligible, which will be contributed to the Plan on their behalf as a pretax savings contribution. The maximum match base for 2021 was 6%.

The Plan also has an automatic increase program for participant contributions. Each participant's affirmative or deemed election of pretax savings contributions will automatically be increased by 1% each Plan year unless or until the participant is making pretax and/or Roth contributions, in the aggregate, at a rate equal to at least 10% of compensation, or the participant has made an affirmative election to contribute 0% of their compensation to the Plan. Participants may opt out of the automatic increase program at any time. Once a participant opts out, the participant will not be subject to further automatic increases unless they affirmatively elect to participate in the automatic increase program.

Contributions by participants with no investment selection in place are deposited into a qualified default investment alternative.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Plan allows for a discretionary matching contribution from the Company in a manner that distributes the match among eligible participants as an equal percent of participant deferral contributions. In addition, the Company has the option of making a discretionary profit sharing contribution to the Plan. The matching and profit sharing contributions are made only to participants in the Plan as of the last day of the Plan year, or the last day of the applicable eligibility period. For 2021, the discretionary matching contribution is equal to 75% of a participant's deferral (excluding catch-up contributions) up to 6% of eligible compensation. The Plan sponsor did not make a discretionary profit sharing contribution for 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, and an allocation of (a) the employer's discretionary matching contributions, if applicable, (b) the employer's discretionary profit sharing contributions, if applicable, (c) Plan earnings and losses, and (d) Plan expenses. Allocations to participant accounts of discretionary profit sharing contributions are based on the ratio between the participant's base salary and total base salaries of all participants as defined in the Plan document. Allocations of earnings and losses are based upon the ratio between the participant's account balance invested in a particular fund and the total account balances invested in that particular fund. Certain Plan expenses are allocated to the accounts of Participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Other expenses are charged directly to accounts of transacting participants.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in employer contributions is 100% upon the completion of three years of credited service by participants. A year of credited service is based on a twelve consecutive month period beginning on the participant's date of hire. Any period of service less than twelve consecutive months is disregarded.

Investment Options

Upon enrollment in the Plan, participants direct their contributions to any of the investment options offered by the Plan. Subsequently, participants may change their allocation and transfer account balances between the investment options in accordance with the Plan.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balances. The notes receivable are secured by the vested balance in the participant's account and bear interest rates determined by the Plan administrator. As of December 31, 2021, the interest rates ranged from 5.25% to 7.50%. Note terms range from one to five years unless used to purchase a primary residence, which may allow for repayment up to ten years. Principal and interest is paid regularly through payroll deductions. Outstanding notes receivable become due and payable upon a participant's termination of employment.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 10). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit to the lesser of \$100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year.

Payment of Benefits

Upon retirement, death, disability, attaining age 59½, or hardship, a participant may elect to receive: 1) a lump sum amount equal to the value of his or her vested account balance; 2) periodic payments by selecting a predetermined number of payments or a fixed dollar payment of a selected frequency assuming specific requirements are met; or 3) elect to leave such funds on deposit in the Plan.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance at the time of distribution.

Upon employee termination, the Plan may roll over a participant's vested account balance greater than \$1,000 and less than \$5,000 into an individual retirement account ("IRA") selected by the Plan sponsor, if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan sponsor may elect to distribute accounts with vested balances of less than \$1,000 in the form of a lump sum payment.

The Plan allows for hardship distributions from a participant's vested account balance, in accordance with Plan and IRC provisions regarding qualifying expenses. Effective January 1, 2020, the Plan no longer suspends elective deferrals after participants take hardship distributions.

Participants requesting relief under the CARES Act (Note 10) were permitted (i) CARES Act related withdrawals up to \$100,000 without a 10% early distribution penalty, (ii) such distributions can be repaid within three years of the date of distribution, and (iii) required minimum distributions were temporarily suspended for 2020.

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeitures of Company contributions may be used to reduce employer matching contributions or pay for Plan expenses. Forfeitures that were unallocated to participants totaled \$115,679 and \$88,641 as of December 31, 2021 and 2020, respectively. During 2021, \$114,943 of forfeitures were used to reduce 2020 employer matching contributions, \$140,711 in forfeitures were credited to the forfeiture account due to distributions, and there were \$1,270 in earnings and other miscellaneous items, net. For the 2021 Plan year, employer matching contributions were \$3,102,227 which is net of \$142,405 applied from the forfeiture balance in March 2022.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts (Note 5) because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain costs and expenses related to the administration of the Plan are paid by the Plan sponsor. Other costs and expenses such as distribution expenses, loan expenses, and participant direction expenses, including brokerage fees are charged to the accounts of the applicable Plan participants.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Standard

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves the disclosure requirements for fair value measurements. The Plan adopted this guidance beginning on January 1, 2020. Its adoption did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the Plan's custodian.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ICW GROUP HOLDINGS, INC. SALARY SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- o Quoted prices for similar assets or liabilities in active markets;
- o Quoted prices for identical or similar assets or liabilities in inactive markets;
- o Inputs other than quoted prices that are observable for the asset or liability;
- o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Cash, interest-bearing: Interest bearing deposits are valued at carrying value, which approximates fair value.

Self-directed brokerage accounts: Accounts consist primarily of common stocks, cash, exchange traded funds, and publicly-traded stocks for which identical securities are observable in active markets.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT ACCOUNTS

The Lincoln National Life Insurance Company

The Plan has a group annuity insurance contract with Lincoln National Life Insurance Company ("Lincoln"). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount which would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited and less participant withdrawals.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. This product is a guaranteed investment contract. The contract defines the circumstances and amounts for which the contract may be terminated by the Plan.

The Plan's ability to receive amounts due in accordance with the Lincoln contract is dependent on Lincoln's ability to meet its financial obligations which may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the complete or partial termination of the Plan or the establishment or activation of, or material change in, an investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Plan management does not believe these events are probable of occurring. The guaranteed minimum interest rate for all years is 1%.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Plan has adopted a volume submitter plan with Fidelity. The volume submitter plan received an opinion letter dated March 31, 2014 stating that the Plan is qualified and the trust established under the Plan is tax-exempt, under applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Plan sponsor. The Plan sponsor provides administrative services for the Plan at no cost to the Plan. In addition, certain investments are managed by the custodian of the Plan's assets. These transactions qualify as exempt party-in-interest transactions.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2025.

NOTE 11. SUBSEQUENT EVENTS

Effective February 2022, the Plan was amended to remove the employer matching continuing eligibility requirement and to change the employer contribution vesting schedule to 33% vested after one year of service, 66% vested after two years of service, and 100% vested after three years of service.

Additionally, the Plan was amended and restated in April 2022 to update exclusions in the definition of Plan eligible compensation, and to expand rollover eligibility to employees who have not yet met the age and service requirements for deferrals into the Plan.
