INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
Caitac Garment Processing, Inc. 401(k) Plan
Gardena, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Caitac Garment Processing, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA ("ERISA Section 103 (a)(3)(C) audit"). As permitted by ERISA Section 103 (a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"); and

- the investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103 (a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rule and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 6, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CAITAC GARMENT PROCESSING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2021 AND 2020 AND
FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF PLAN

The following description of the Caitac Garment Processing, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established on January 1, 2000, covering all employees of Caitac Garment Processing, Inc. (the "Company") who have one year of service with a minimum of 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All of the Plan assets were held in a separate account with Reliance Trust Company ("RTC"), the trustee.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The virus has since spread to other parts of the world, including the U.S. The COVID-19 pandemic has caused volatility in financial markets and the full impact continues to evolve as of the date of this report. Due to the uncertainty of the duration and the continued effects of this pandemic, the near- and long-term financial effects cannot be reasonably estimated at this time.

Participation and Contributions – All employees, who have attained age 21, are eligible to participate in the Plan on the first day of the month following the completion of one year of service.

The Plan provides that eligible employees electing to become participants can contribute to the Plan through payroll deductions of up to 70% of their compensation per year, not to exceed the dollar limits set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions at any time during the year of up to a limit of additional $6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Amounts contributed by employees are excluded from the participants' taxable income until such amounts are received by them as distributions from the Plan.

The investment options currently available under the Plan include collective investment funds and mutual funds that principally invest in a combination of stocks and bonds. The objective of these funds is to provide a rate of return on all amounts invested based on fund performance.

Participants have complete discretion over their investments among these funds and may invest entirely in one fund, or a combination of funds. Participants may change payroll deferral elections or transfer all or any portion of their current account from one fund to another.

The Plan also provides that the Company, when extending the benefits of the Plan to any employee, may place limitations on the amounts of employee contributions to comply with certain statutory limitations.

Company Contributions – The Company may make contributions to the Plan at the discretion of the Company's Board of Directors. The Company contributions made on behalf of participants are allocated to their individual accounts based upon the investment allocations elected by participants. No contributions were made by the Company during 2021.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon takes place over a five-year period with 20% vesting for each full year of service.

1. DESCRIPTION OF PLAN (CONTINUED)

Coronavirus Aid, Relief, and Economic Security ("CARES") Act – On March 27, 2020, the CARES Act was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus with greater access to their savings in the form of notes receivable and distributions. As permitted by the CARES Act, the Plan opted in to adopt the CARES Act. See Notes Receivable from Participants and Payment of Benefits sections for more detail for the provisions of the CARES Act.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $500 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by individual participants' accounts and the term period not extending beyond five years from the date of the loan, unless the loan is used to acquire the principal residence of the participant. Loans to acquire a principal residence must be repaid within a period not to exceed 30 years. As of December 31, 2021 and 2020, there were outstanding participant loans of $17,537 and $27,571, respectively. The loans bear interest at rates ranging from 5.25% to 7.50% in 2021 and 2020. As permitted by the CARES Act, the Plan increased the loan limits to the lesser of $100,000 or 100% of the qualified participant's vested balance for loans made prior to September 23, 2020 and allowed loan repayments due through December 31, 2020 to be suspended for up to one year without causing the loan to become delinquent and go into default.

Payment of Benefits – Upon termination of service, participants may elect to receive either a lump sum distribution or convert the value of his or her account balance into an annuity. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan's provisions. As permitted by the CARES Act, the Plan allows eligible plan participants, for qualifying reasons associated with the COVID-19 pandemic, to request penalty-free distributions of up to $100,000 before December 31, 2020 and permits a waiver on required minimum distributions in 2020.

Forfeited Accounts – Nonvested Company contributions forfeited by participants upon termination are available to reduce administrative expenses of the Plan, if directed by the Plan administrator, or to reduce future payments of the Company's matching contribution. There were no forfeited nonvested accounts as of December 31, 2021 and 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Invesco Stable Asset Fund – Invesco Stable Asset Fund is a common trust fund. The fund may invest in a diversified portfolio of guaranteed investment contracts, bank investment contracts, synthetic investment contracts and/or separate account contracts. Although the underlying investment contracts of the fund are fully benefit responsive, they are not direct investments, and thus the fund is reported at fair value. The fair value of the fund is determined based on calculated net asset value per share ("NAV"). Participant-initiated withdrawals may be made at any time.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant notes receivable are recorded as a benefit payment based upon the terms of the Plan document.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. There were no individuals who elected to withdraw from the Plan, but who had not been paid as of December 31, 2021 and 2020.

Liabilities – The Plan may have liabilities related to amounts owed for securities purchased, refund of excess contributions, uncashed check distribution, or other administrative expenses. The excess contributions payable as of December 31, 2021 represent corrective distributions to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") during the year ended December 31, 2021. The Plan distributed the 2021 excess contributions to the participant on March 8, 2022. The other liability represents uncashed check distribution from the Plan to a lost participant which the Plan administrator is currently making reasonable and diligent efforts to contact as of October 6, 2022.

Administrative Expenses – Certain costs and expenses of the Plan are paid by the Plan or the Company, if the Company so elects. Personnel and facilities of the Company are used by the Plan for its administrative, accounting, and other activities at no charge to the Plan.

Subsequent Events – The Company evaluated all events subsequent to the balance sheet date of December 31, 2021, through the date of the financial statements were available to be issued, October 6, 2022.

3. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Automatic Data Processing, Inc. ("ADP"), the record keeper. ADP received an opinion letter from the IRS dated July 8, 2014, which states that the prototype document is in compliance with the applicable provisions of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. The Plan's management believes it is no longer subject to U.S. federal income tax examination for years prior to 2018.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

5. INVESTMENTS CERTIFIED BY THE TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest income, and dividends for the year ended December 31, 2021 were prepared by RTC, the trustee, and furnished to the Plan administrator. The Plan administrator has obtained a certification from RTC that such information is complete and accurate.

6. FAIR VALUE MEASUREMENTS

In accordance with the authoritative accounting guidance on fair value measurements and disclosures in conformity with U.S. GAAP, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3).

Level 1 – quoted prices in active markets for identical securities — Investments whose values are based on quoted market prices in active markets, and whose values are therefore classified as Level 1 prices, include active listed equities.

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.) — Investments that trade in markets that are not considered to be active, but whose values are based on quoted market prices, dealer quotations or valuations provided by alternative pricing sources supported by observable inputs are classified as Level 2 prices. These generally include certain U.S. government and sovereign obligations, most government agency securities, investment-grade corporate bonds, certain mortgage products, less liquid listed equities, state, municipal, and provincial obligations, and collective trust funds. In addition, international securities whose markets close hours before the valuation of the holdings in the different investment funds may require revised valuations due to significant movement in the U.S. markets occurring after the daily close of the foreign markets. As investments whose values are classified as Level 2 prices include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or nontransferability, which are generally based on available market information.

Level 3 – significant unobservable inputs (including each investment fund options own assumptions in determining the fair value of its investments) — Investments whose values are classified as Level 3 prices have significant unobservable inputs, as they may trade infrequently or not at all. When observable prices are not available for these securities, the investment funds use one or more valuation techniques for which sufficient and reliable data is available. The inputs used in estimating the value of Level 3 prices may include the original transaction price, quoted prices for similar securities or assets in active markets, completed or pending third-party transactions in the underlying investment or comparable issuers, and changes in financial ratios or cash flows. Level 3 prices may also be adjusted to reflect illiquidity and/or non-transferability, with the amount of such discount estimated in the absence of market information. Assumptions used by the Plan due to the lack of observable inputs may significantly impact the resulting fair value and therefore the Plan's results of operations.

Valuation of Investments – Mutual funds are valued at the last reported sale price or official closing price as reported by an independent pricing service on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the last quoted bid price or may be valued using the last available price and categorized as Level 2 in the hierarchy. Collective and common trusts are valued using NAV practical expedient, as provided by the trustee, and are not categorized within the fair value hierarchy.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the major categories of assets and liabilities measured at fair value on a recurring basis as of December 31, 2021 and 2020:

December 31, 2021

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Investment at fair value – Mutual Funds	$ 1,113,987	$ 1,113,987	$ -	$ -

December 31, 2020

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Investment at fair value – Mutual Funds	$ 959,832	$ 959,832	$ -	$ -

As disclosed in Note 2, the fair value of the Plan's investment in the Invesco Stable Asset Fund is determined using the NAV practical expedient. The following table summarizes relevant information about the investment:

December 31, 2021

Name of Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Invesco Stable Asset Fund	$ 16,963	None	Six times a year	One day

December 31, 2020

Name of Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Invesco Stable Asset Fund	$ 12,371	None	Six times a year	One day

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments were funds managed by the trustee during the year ended December 31, 2021. Transactions with the trustee qualify as exempt party-in-interest transactions.
