INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Korda Construction Company, Inc. 401(K) Plan:

Opinion

I have audited the accompanying financial statements of Korda Construction Company, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Korda Construction Company, Inc. 401(K) as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of my report. I am required to be independent of Korda Construction Company, Inc. 401(K) Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Korda Construction Company, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Korda Construction Company, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events considered in the aggregate, that raise substantial doubt about Korda Construction Company, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsible of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 - Description of Plan:

The following description of Korda Construction Company, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company with three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions:

Each year, participants may contribute between 1% to 87% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for the participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate of 3% of eligible compensation. Contributions are automatically invested in a designated default fund until changed by the participant. Effective, January 1, 2020, Employer safe harbor matching contributions are required by the Plan. The safe harbor contribution equals 100% on the first 4% of Participant's compensation which is deferred as an elective deferral. Contributions are subject to certain statutory limits

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 - Description of Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions, Plan earnings and losses, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and the employer safe harbor matching contributions plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The \$50,000 maximum loan amount is reduced by the highest outstanding loan balance the participant had outstanding under the Plan during the previous 12-month period. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 - Description of Plan (continued):

Payment of benefits:

On termination of service for any reason, including disability or retirement, a participant may elect to receive their vested benefit in a single lump sum payment or have the payment paid as a "direct rollover" to an individual retirement account or individual retirement annuity ("IRA") or to another employer's tax qualified plan. Participant accounts with a balance of at least \$1,000 and not greater \$5,000 may be automatically rolled over to an IRA established by the Company. If the vested account balance is equal to or greater than \$5,000 at termination, in addition to either a lump sum or direct rollover, the participant may chose to receive installments or defer receiving payments until age 70 1/2. On termination due to death, the vested account balance will be payable in a single lump sum to the beneficiary. A surviving spouse may elect to roll over a lump sum to another qualified plan or IRA.

In-service distributions may be made from any of the participant's vested account balance at any time for a hardship. Events that qualify for a hardship withdrawal are as follows: to cover necessary medical expenses, for costs directly related to the purchase of the participant's primary residence, for expenses related to post-secondary education, or for payments necessary to prevent the participant's eviction from or foreclosure of the primary residence. If a participant takes a hardship withdrawal, generally all contributions to the Plan will be suspended for six months for this participant.

Investment management and administration:

The assets of each fund within the Plan are invested under an arrangement with Reliance Trust Company ("Reliance Trust"), the trustee. Substantially all expenses incurred in maintaining the Plan are paid by the Company. These expenses include fees of the Plan's trustees, third-party administrators and accountants.

Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants and distributions are included in administrative expenses and charged directly to the participant's account.

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 - Description of Plan (continued):

Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2 - Summary of significant accounting policies:

Date of managements review:

Subsequent events were evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of significant accounting policies (continued):

Notes receivable from participants (continued):

As of December 31, 2021 and 2020, the Plan had notes receivable from participants totaling \$44,043 and \$14,365, respectively. The outstanding loans bear interest ranging from 5.25% - 7.50% and mature through 2024.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable:

Amounts payable to participants totaling \$1,359 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the excess contributions to the applicable participants after March 15, 2021.

Payment of benefits:

Benefits are recorded when paid.

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 3 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

KORDA CONSTRUCTION COMPANY, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 3 - Fair value measurements (continued):

Common/collective trusts ("Fund"): The investment objective of the Funds are to approximate as closely as practicable, before expenses, the performance of a custom index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis. The Funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner. Investments in common collective trust funds are valued at their respective net asset value and are not classified within the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and December 31 2020:

Assets at fair value as of December 31, 2021

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 5 - Tax Status:

The Internal Revenue Service ("IRS") has determined and informed Reliance Trust by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's sponsor believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

Note 6 - Related party and party-in-interest transactions:

The Plan's investment assets represent funds invested in or maintained by Reliance Trust, the trustee of the Plan and, therefore, these investments represent exempt party-in-interest transactions. Plan expenses paid by the Company are considered related-party transactions. Loans to participants and the related interest income are also considered related party transactions.

Note 7 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefit.
