Report of Independent Auditors

The Plan Administrator of
Davis Wright Tremaine LLP 401(k) Profit Sharing Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Davis Wright Tremaine LLP 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Davis Wright Tremaine LLP 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Davis Wright Tremaine LLP 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Davis Wright Tremaine LLP 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Davis Wright Tremaine LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule H, line 4(i) – schedule of assets (held at year end) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Davis Wright Tremaine LLP 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Davis Wright Tremaine LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General – The Plan is a defined contribution plan for the partners, associate attorneys, and staff (collectively, the Employees) of Davis Wright Tremaine LLP (the Firm or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In February 2021, the Plan changed its recordkeeper and custodian to Charles Schwab Trust Bank. Plan assets were transferred on February 11, 2021.

Employer contributions – Employees, excluding associate attorneys, of Counsel and Counsel attorneys and certain partners and staff, as defined by the Plan, are eligible to receive Employer contributions at the first start date following completion of two years of service. The Employer contributes, at its discretion, quarterly and annual contributions. Partners may be provided an additional Employer contribution based on their distributable income. Employer contributions of \$12,909,260 were made for the 2021 Plan year.

Participant contributions – Employees and eligible partners may participate in a salary deferral arrangement in the Plan on the first day of the month following or coinciding with their date of hire. Effective February 1, 2021, employees were eligible to make salary deferrals as soon as they elect to participate in the Plan. Participants who elect to participate may contribute, on a pretax basis or after-tax basis, up to 100% of eligible compensation, subject to certain limitations.

The Plan has an auto-enrollment feature whereby the Firm automatically deducts an amount established by the Plan on behalf of participants who reach the eligibility requirements unless the participant declines in writing or makes a different election. Participant contributions under the automatic enrollment feature are invested in a qualified default investment alternative until the participant designates their own investment allocation.

Vesting and participant accounts – Employer and participant contributions and related earnings are 100% vested to the participant at all times. Participants designate how their contributions and the Employer contributions will be invested in a variety of investment funds, including an option for individually directed accounts. Individually directed accounts include investments in common and preferred stocks, mutual funds, corporate and U.S. government obligations, insurance policies and investment partnerships.

Earnings or losses in individually directed accounts are credited or charged to the individuals' accounts. Investment earnings in all other funds are allocated daily to participants based on their proportionate share of their asset balance to all balances.

401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Payments of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive the vested interest in their account in either a lump sum, partial or annual installment distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum or partial distribution. Participants with balances less than \$1,000 receive an automatic distribution within one month of termination.

Notes receivable from participants – Participants may borrow from the Plan at amounts limited to the lesser of 50% of their account balances or \$50,000 and may request no more than two new loans in a Plan Year. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan may be greater. Loans are secured by the participant's accrued benefits. Interest rates are fixed based on the prime rate as reported in the Wall Street Journal on the day the note is processed and vary based on the term of the loan as noted below:

<u>Term</u>	<u>Rate</u>
0 to 5 years	Prime
5 to 15 years	Prime plus 1.0%

At December 31, 2021, interest rates on loans ranged from 3.25% to 6.50% and mature through August 2035.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value as certified by the Plan's trustees. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 3.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest.

Note 2 – Summary of Significant Accounting Policies (continued)

Plan expenses – All expenses of Plan administration shall be paid by the Trust to the extent that the Employer does not elect to pay in accordance with applicable law. Such expenses shall include any expenses incident to the functioning of the Committee, including but not limited to accountants, actuary, counsel, and other specialists, and other costs of administering this Plan. Participants are also charged based on specific participant transactions, such as to maintain individually directed accounts and loans.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – Subsequent events have been evaluated through October 13, 2022, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Davis Wright Tremaine LLP

401(k) Profit Sharing Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Shares of registered investment companies (mutual funds) are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

The cash and cash equivalents are money market accounts which are public investment vehicles valued using \$1 for the NAV. The money market accounts are classified within Level 1 in the valuation hierarchy as cash equivalents.

Units held in collective trusts are valued using the NAV practical expedient of the fund. The NAV practical expedient of a collective investment fund is based on the fair value of the underlying assets owned by the collective trust managers minus liabilities and divided by the number of units of the fund outstanding on the calculation date. The collective trusts have no liquidity restrictions at year end and daily redemptions are permitted.

The following investments are held in the individually directed accounts:

Common and preferred stocks are classified within Level 1 of the valuation hierarchy when they are valued at the closing prices reported on the major market on which the individual securities are actively traded. Certain common and preferred stocks held by the Plan do not have active markets or quoted market prices and may be valued using formal appraisals, estimated liquidation values, or forecasted future cash flows discounted at interest rates commensurate with the risk involved. If valuation inputs are observable, the investments are classified within Level 2 of the valuation hierarchy. Otherwise, the investment is classified within Level 3 of the valuation hierarchy.

Corporate obligations and U.S. government obligations generally do not have quoted market prices available and fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, discounted cash flows and other observable inputs. Such securities are classified within Level 2 of the valuation hierarchy.

Limited partnerships and insurance policies with no public markets are classified within Level 3 of the valuation hierarchy. Investments in partnerships are valued by the trustee and/or the management of the partnership at estimated fair value. Insurance policies have no public market and are valued using the cash surrender value of the policy, which is the amount that would be received upon liquidation of the policy and includes numerous actuarial determinations made by the insurance company sponsoring the policy.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Tax Status

The Internal Revenue Service has determined and informed the Firm by a letter dated February 19, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Davis Wright Tremaine LLP

401(k) Profit Sharing Plan

Notes to Financial Statements

Note 5 – Risks and Uncertainties

The Plan invests in various domestic and international investment securities. Investment securities are exposed to multiple risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Information Certified by Plan Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, and Charles Schwab Trust Bank, the trustees of the Plan, have certified to the completeness and accuracy of:

- Participant directed investments and notes receivable from participants reflected in the accompanying statements of assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments and participant loans reflected on the schedule of assets (held at end of year) as of December 31, 2021.

Note 7 – Plan Termination

Although it has expressed no intent to do so, the Firm has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' account balances would be disbursed in accordance with the Plan's provision for normal payment of benefits.
