INDEPENDENT AUDITOR'S REPORT

To the 401(k) Investment Committee
RingCentral Inc.
Belmont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of RingCentral Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 RingCentral Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of RingCentral Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RingCentral Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RingCentral Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RingCentral Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021, and of assets (held at end of year) as of December 31, 2021 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of RingCentral Inc.. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of RingCentral Inc. (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by RingCentral Inc. (the "Company" or "Employer"), is intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"). The Plan was established on January 1, 2011 and is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, or termination. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), related to participant loans and distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The Company has designated the 401(k) Investment Committee (the "Committee") as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Company has contracted with Reliance Trust Company ("Reliance Trust") to provide custodial services and an affiliate of Reliance Trust to provide record-keeping and administrative services.

Eligibility

Generally, employees of the Company become immediately eligible to participate in the Plan after attaining age 21. The following classes of employees are prohibited from participating in the Plan: Employees covered by a collective bargaining agreement, nonresident aliens, and employees who became employees from an asset or stock acquisition, merger, or similar transaction involving a change in the employer of the employees beginning on the date of the change in the member's group and ending on the last day of the first plan year beginning after the date of the change.

Participant contributions

Participants are allowed to contribute up to 90% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined in the plan documents, up to the annual contribution limit as defined in the IRC. Participants are also allowed to make pre-tax and after-tax (as Roth) rollover contributions to the Plan from other qualified retirement plans.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions (continued)

Plan participants who have attained age 50 before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC.

Employer contributions

The Plan allows the Company to make matching contributions and discretionary profit-sharing contributions to the Plan. During 2021, the Company's matching contributions were equal to 50% of up to 6% of eligible compensation, as defined in the plan documents, contributed to the Plan by participants each pay period up to a maximum amount of \$4,050 for the year. Participants who are who are credited with at least 500 hours of service are eligible to receive an allocation of the Company's discretionary profit-sharing contributions to the Plan. Discretionary profit-sharing contributions to the Plan, if any, are approved by the Company's Board of Directors and are calculated based on the ratio each eligible participant's eligible compensation, as defined in the plan documents, bears to the total eligible compensation of all eligible participants. No discretionary profit-sharing contributions were made by the Company for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching contributions and discretionary profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

Vesting and forfeitures

Participants are immediately 100% vested in their contributions and the Company's matching contributions, plus actual earnings thereon. Participants vest in the Company's discretionary profit-sharing contributions, if any, ratably over a period of six years, as defined in the plan documents.

Forfeited non-vested account balances may be used to either reduce the Company's contributions to the Plan or to pay Plan expenses. Forfeited non-vested account balances as of December 31, 2021 and 2020 were \$46,551 and \$2,711, respectively. No amounts were used to reduce the Company's matching contributions or pay Plan expenses during 2020.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow not less than \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer than five years. Participant loans are secured by the respective participant's vested interest in their account balance. Participant loans bear interest at a rate commensurate with rates charged on instruments with similar characteristics at the time the loan is made. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2021 bear interest at annual rates of between 4.25% and 6.50%.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. Upon termination, if a participant's vested account balance is equal to or less than \$1,000, the balance is immediately distributed as a lump-sum payment. Upon termination, if a participant's vested account balance is greater than \$1,000 and less than \$5,000, their balance shall be automatically rolled over into an individual retirement account designated by the Plan administrator, unless otherwise elected. Upon termination, if a participant's vested account balance is greater than \$5,000, the participant (or beneficiary) may elect to receive a distribution of their account balance as a lump-sum payment, an annuity, or postpone payment to a later date and remain in the Plan.

Hardship and qualified reservist distributions are permitted under limited circumstances if approved by the plan administrator.

With the adoption of the CARES Act, qualified participants were able to take coronavirus-related distributions up to \$100,000 or 100% of their vested account balance from March 27, 2020 through December 31, 2020. Mandatory tax withholdings and early withdrawal penalties were waived, and ordinary income taxes may be paid over a three-year period. Participants are permitted to repay the distribution over a three-year period. In addition, required minimum distributions for individuals who have reached age 70 ½ have been waived.

1. DESCRIPTION OF THE PLAN (continued)

Administrative expenses

Fees and expenses charged under participant accounts impact retirement savings and fall into three basic categories. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from investment fund balances. They can be in the form of sales charges, loads, commissions, or management fees. Plan administration and record-keeping fees cover the routine expenses for the services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Company, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. Currently, the Company directly pays substantially all expenses incurred to operate and administer the Plan. Transaction-based fees are associated with optional services offered under the Plan, and are charged directly to participant accounts for particular Plan features that may be available, such as a participant loan or the maintenance of a terminated participant's account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the change therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Company's matching contributions and discretionary profit-sharing contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger and takes the tax deduction for the contribution. The Plan records receivables for the contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Investment valuation and income recognition

The Plan's investments in mutual and money market funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date (see Note 4).

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when due.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. Effective February 17, 2022, the Plan was restated to be in compliance with the legislative and regulatory changes set forth in IRS notice 2017-37. The Plan adopted the ADP Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan. The IRS issued an opinion letter dated October 6, 2020, which stated that the volume submitter plan document is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. No Plan provisions were modified as a result of this restatement.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the schedule of assets (held at end of year).

Accordingly, as requested by the Plan administrator, the Plan's auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2021 and 2020.

RingCentral Inc.
Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENTS (continued)

Mutual and money market funds: Valued at the daily closing price as reported on the open market. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual and money market funds	<u>\$154,558,097</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$154,558,097</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual and money market funds	<u>\$106,277,389</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$106,277,389</u>

5. TAX STATUS

The Plan has adopted a prototype plan document which has received an opinion letter on July 16, 2014, in which the Internal Revenue Service stated that the prototype plan document is designed in accordance with applicable sections of the IRC and may be used by employers for the benefit of their employees. The Plan administrator believes the Plan is currently designed and being operated in accordance with the provisions of the IRC and its associated trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, participants would become immediately 100% vested in their accounts.

RingCentral Inc.
Notes to Financial Statements
December 31, 2021 and 2020

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to FASB ASC 850, Related Party Disclosures, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by the Reliance Trust and their affiliates, qualify as exempt party-in-interest transactions. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Also, fees and expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions.

An affiliate of Reliance Trust also earns compensation in the form of short-term interest (or "float") on participant contributions and participant loan repayments following the date these amounts are debited from the Company's bank account, but prior to the date they are forwarded to Reliance Trust. The affiliate will also earn float on withdrawal and distribution checks pending cashing by participants and issued from the Plan. Such amounts earn interest at rates approximating the U.S. Federal Funds Rate.
