Independent Auditor's Report

To the Plan Administrator
Virtuoso, Ltd. 401(k) Profit Sharing Plan
Fort Worth, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Virtuoso, Ltd. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following brief description of the Virtuoso, Ltd. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan established to provide retirement, disability, and death benefits for qualified employees of Virtuoso, Ltd. (the “Plan Sponsor” or “Virtuoso” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by a committee (the “Investment Committee” or “Plan Administrator”) whose members are appointed by the Plan Sponsor’s board of directors. Under the Plan document, Reliance Trust Company (“Reliance” or the “trustee”) holds the Plan’s investment assets and executes investment transactions and maintains the accounting of participant accounts.

Eligibility

The Plan covers all employees of the Plan Sponsor who have reached age 21 and have completed thirty days of service. Eligible plan participants may begin making contributions as of the first day of the month following the date on which the eligibility requirements were satisfied.

Contributions

The plan includes an automatic salary deferral feature of 3% where the Plan Sponsor will automatically withhold a portion of participant’s compensation from their pay each payroll period and contribute that amount to the Plan as a pre-tax 401(k) deferral. Each year, participants may contribute up to 100 percent of pre-tax or after-tax Roth annual compensation, as defined in the Plan document, not exceeding the Internal Revenue Service (“IRS”) limit of \$19,500 in 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 in 2021. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan Sponsor may make matching and profit-sharing contributions at the discretion of the Plan Sponsor’s board of directors. For the year ended December 31, 2021, there was no employer matching or profit-sharing contributions.

Participants direct the investment of their contributions and rollover contributions, if any, and the Plan Sponsor’s matching and profit-sharing contributions, if any, into various investment options offered by the Plan. The Plan currently offers registered investment companies and a stable value common/collective trust fund as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s and the Plan Sponsor’s contributions and allocations of plan earnings and administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Virtuoso, Ltd 401(k) Profit Sharing Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions and rollover contributions, if applicable, plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service to the following vesting schedule:

Years of Service	Vesting Percentage
2	20 percent
3	40 percent
4	60 percent
5	80 percent
6 or more	100 percent

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested account balances totaled \$148,182 and \$138,048, respectively. In accordance with Plan provisions, amounts will be used to pay for expenses of the Plan or to reduce future employer contributions. During 2021, there were no forfeitures utilized to pay expenses or any used for employer contributions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant is 100% vested and may elect to receive either a lump-sum amount equal to the value of the participant's account or installments over a period of not more than the assumed participant life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the value of the vested account balance does not exceed \$5,000, then a distribution of the vested balance will be made automatically, regardless of whether the participant consented to receive the amount. Hardship withdrawals and certain other in-service withdrawals at age 59 ½ are also allowed by the Plan, if certain criteria are met.

Notes Receivable from Participants

Participants are allowed to borrow from their account, subject to a minimum loan of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by, if any, the highest outstanding loan balance within the previous 12-month period or 50 percent of the participant's vested account balance. Loans are secured by the balance in the participant account and bear a reasonable rate of interest in accordance with prevailing rates which is fixed for the term of the loan.

Principal and interest are paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire principal residence, in which case the repayment period may not exceed twenty years. As of December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.5% and had maturity dates ranging through July 2022.

Notes to Financial Statements

Partial Plan Termination

During 2020, as a result of an employer initiated restructuring due to COVID-19, employee terminations were instituted by the Company, which resulted in a reduction of the Company's workforce. The Company created a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if 20% or more of the plan participants are terminated because of an action taken by the plan sponsor, such as downsizing. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues to be determined according to the Plan provisions. The Company has provided full vesting, to the extent participants were not already vested, for those terminated employees deemed to be affected by the partial plan termination.

Amendment or Termination

The Plan Sponsor has reserved the right to amend, modify, or terminate the Plan at any time, subject to the Plan document and applicable laws and regulations. The Plan Sponsor has no intentions of terminating the Plan and is not aware of any occurrences that could reasonably result in the termination of the Plan. In the event of Plan termination, participants will become 100% vested in their entire account balance, including employer contributions, if any, regardless of years of service.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment companies (RICs) are valued at quoted market prices. The fair value of investments in common/collective trusts accounts is measured by using NAV as the practical expedient to estimate fair value and is determined by the investment manager of the fund based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

Virtuoso, Ltd 401(k) Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in fair value of its investments which consists of realized gains and losses and unrealized appreciation and depreciation on these investments.

Payment of Benefits

Benefits are recorded on the statement of changes in net assets available for benefits when paid. As of December 31, 2021 and 2020, there were no amounts included in plan assets payable to withdrawing participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants and investment advisory and recordkeeping fees are charged directly to the participant's account and are included in expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

Basis of Fair Value Measurement

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Virtuoso, Ltd 401(k) Profit Sharing Plan

Notes to Financial Statements

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies (RICs)

RICs are valued at the daily closing price as reported by the fund. RICs held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The RICs held by the Plan are deemed to be actively traded.

Common Collective Trust

The fair value of participation units held in the common collective trust fund are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objective of the collective trust is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2021 and 2020. As required by ASC 820, assets and liabilities are classified, in their entirety, based on the lowest level of input that is significant to the fair value measurement.

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Measurements in Entities that Use Net Asset Value

The fair value of the common collective trust fund based on net asset value per share as of December 31, 2021, is \$2,051,372. This investment held by the Plan provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

The fair value of the common collective trust fund based on net asset value per share as of December 31, 2020, is \$1,604,158. This investment held by the Plan provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

Liquidation of the contract or transfer could result in a redemption period of up to 12 months.

4. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Reliance Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments and notes receivable from participants as reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Total investment income and interest on participant notes receivable, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments, as reflected in the Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Virtuoso, Ltd 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related Party and Party-in-Interest Transactions

Administrative fees were paid to ADP, the recordkeeper of the Plan, from Plan assets. ADP may also receive certain revenue sharing from the mutual funds. Northwestern Mutual Investment Services, LLC was paid fees for investment advisory services and also receives certain indirect fees. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Tax Status

The Plan Sponsor has adopted a prototype plan document on which the IRS issued an opinion letter dated July 16, 2014, stating that the prototype plan document qualifies under section 401(a) of the IRC of 1986, as amended, and is exempt from federal income tax under section 501(a). The Plan Sponsor believes that the Plan has operated in a manner, since that date, which does not jeopardize this tax status.

Plan management evaluates tax positions taken by the Plan and, if applicable, recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The date to which events occurring after December 31, 2021, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 15, 2022, which is the date on which the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements, other than noted below.

The Plan was amended and restated to a prototype plan effective July 14, 2022. There were no significant changes to Plan provisions as a result of the restatement. The prototype plan has received an opinion letter from the IRS on October 6, 2020 stating that the prototype plan is designed in accordance with the applicable sections of the IRC.
