Independent Auditors' Report

To the Plan Administrator
Red Violet, Inc. 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements Red Violet, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion – 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Continued from previous page

Basis for Opinion – 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management – 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit - 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Continued from previous page

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Continued from previous page

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL'S Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for plan benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 11, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The Red Violet, Inc. 401(k) Plan (the “Plan”) is sponsored by Red Violet, Inc. (the “Plan Sponsor”), effective April 1, 2018, and is maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, which is available to all participants upon request.

Plan Amendment

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022.

As permitted by the CARES Act, the Plan was allowed to implement the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the Plan within the three-year period beginning on the date after the distribution.
- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.
- The normal loan limits were increased from \$50,000 to \$100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

The Plan will be amended to reflect the adoption of these provisions effective December 31, 2022.

Plan Administration

Under the terms of the Plan, the Plan Sponsor acts as the Plan Administrator. The Plan Sponsor has contracted with Reliance Trust Company (“Reliance Trust”) to serve as the Custodian and ADP Retirement Services (“ADP RS”), the record-keeper and third-party administrator (“TPA”) of the Plan.

Eligibility

An employee of the Plan Sponsor is eligible for participation in the Plan if they have attained 21 years of age and completed three (3) months of service. The entry date for the Plan is the first day of the month coinciding with or the month following the date on which an employee meets the eligibility requirements.

Note 1 – Description of Plan, continued

Eligibility, continued

Plan participants are eligible for discretionary matching and profit-sharing contributions upon completion of one year of service and attaining age 21. For profit-sharing contributions, participants must be employed on the last day of the year.

Contributions

Each year, a participant may defer up to 100% of total compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC"). The maximum pre-tax contribution for the year ended December 31, 2021 was \$19,500. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions for the year ended December 31, 2021 of \$6,500. A participant may change his or her contribution at any time during the year.

Roth deferrals are permitted under the terms of the Plan.

The Plan Sponsor makes Safe Harbor matching contributions equal to 100% of the participant's salary deferral up to the first 3% of Plan Compensation, plus 50% of salary deferrals up to the next 2% of Plan Compensation. The Plan Sponsor safe harbor contributions are fully vested.

The Plan Sponsor also may contribute discretionary profit-sharing contributions. Contributions to the Plan under the profit-sharing provisions are made at the discretion of the Plan Sponsor from the Plan Sponsor's current or accumulated profits. Annual profit-sharing contributions cannot exceed 15% of the aggregate earnings of all participants during the year or exceed maximum amounts deductible by the Plan Sponsor under the IRC. Profit-sharing contributions and forfeitures are proportionately allocated to each participant's account based upon integration levels and on the relationship of each participant's compensation to the total compensation of all participants for such year. There were no profit-sharing contributions in 2021.

Rollovers

The Plan accepts rollover contributions from eligible retirement plans.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's discretionary and profit-sharing contributions and the Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

On March 27, 2020, Congress enacted the CARES Act, which allows Plan participants who have been diagnosed with COVID-19 (including a spouse or dependent), or participants who have suffered financial hardship due to the pandemic the ability to receive COVID-19 related distributions from their 401(k) accounts. This relief requires that a participant certify they have been impacted by COVID-19 in order to qualify. Qualified participants had the option to take a coronavirus ("CV") distribution from June 2, 2020 to December 31, 2020 from their vested account balances.

Note 1 – Description of Plan, continued

Participant Accounts, continued

They were able to take as many CV distributions as they so chose; however, the aggregate amount was not to exceed the lesser of \$100,000 or the participant's vested account balances. The CV distributions were not subject to the early distribution penalty or mandatory income tax withholding. Participants still employed by the company or a subsidiary may elect to repay all or a portion of the CV distribution(s) to the Plan within three (3) years.

Additionally, the CARES Act waived the required minimum distributions from 401(k) accounts for 2020. As a result, the required minimum payments were not made automatically, however Plan participants had the option to elect to receive their minimum payment. Plan participants who had already received their required minimum distribution in 2020 prior to the enactment of the CARES Act had the opportunity to roll those funds back into their 401(k) account.

The Plan will be amended to reflect the adoption of these provisions effective December 31, 2022.

Vesting and Forfeitures

Participants are immediately vested in their elective salary deferrals, rollover, and Plan Sponsors Safe Harbor contributions when made, plus actual earnings (loss) thereon. Vesting in the Plan Sponsor's profit-sharing contributions plus actual earnings thereon are vested based on years of service.

A year of service is earned in each fiscal plan year in which an employee completes at least 1,000 hours of service under the following vesting terms:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% vested after six (6) years of credited service, if while employed, attains the age 65 or higher, dies or becomes disabled.

Forfeited non-allocated balances of terminated participants' accounts may be used to pay the Plan's expenses or reduce Plan Sponsor contributions. At December 31, 2021, there were no forfeited account balances.

Investment Options

The Plan currently offers various mutual funds as investment options. Upon enrollment in the Plan, a participant may direct employee and Plan Sponsor contributions in any of the investment options offered by the Plan. Participants have online access to their accounts and may change their investment options at any time.

Note 1 – Description of Plan, continued

Notes Receivable from Participants

Participants may borrow a minimum loan amount of \$1,000 up to a maximum loan amount of the lesser of \$50,000 or 50% of the participant's vested account balance in their contributions and discretionary Plan Sponsor contributions. The loan term must not exceed five (5) years, except for a home loan for which the term is determined by the Plan Administrator in a non-discriminatory manner.

The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, which was 4.25% at December 31, 2021 and 2020, respectively. All loans must have a definite repayment period for the loan to be amortized on a level basis over a reasonable period of time not to exceed five (5) years. If the loan is for the purchase of your primary residence, the term may be longer. Principal and interest are repaid through payroll deductions.

Payment of Benefits

Participants may elect to receive lump-sum or installment distributions. Participants are eligible for distribution upon termination, age 65, disability, death, or attainment of age 59½. The Plan also allows for hardship distributions based on proven financial need, as defined by the IRC. The Plan automatically distributes participant accounts with balances less than \$5,000 upon termination of employment. If the participant's account balance is between \$1,000 and \$5,000, the distribution will be made to an Individual Retirement Account ("IRA") account.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimated.

Investment Valuation and Income Recognition

Investment contracts held by a defined-contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Note 2 – Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, which are then reinvested in the pooled separate account. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. At December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance pursuant to 29 CFR 2520.103-5 and 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investment and notes receivable from participants reported in the accompanying statements of net assets available for plan benefits at December 31, 2021 and 2020, the schedule of assets (held at end of year) at December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2021.

Note 4 – Fair Value Measurements

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Market Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2021 and 2020.

Mutual funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: The investments underlying the common collective trusts investments generally include fixed income investments whose values are determined on the basis of quoted prices in an active market. The Plan’s common collective trusts investments are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those considered by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,626,481	\$ -	\$ -	\$ 6,626,481
Common collective trust (a)				46,327
Total investments, at fair value				\$ 6,672,808

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,160,538	\$ -	\$ -	\$ 4,160,538
Common collective trust (a)				39,210
Total investments, at fair value				\$ 4,199,748

- (a) In accordance with ASC Subtopic 820-10 as amended by Accounting Standards Update ("ASU") No. 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Note 5 – Related Party and Party-in-Interest Transactions

Reliance Trust provides services to the Plan as the Custodian and ADP RS provides services to the Plan as the record-keeper and TPA of the Plan; therefore, these investments and transactions qualify as party-in-interest transactions according to the DOL guidelines. However, these transactions are exempt from the prohibited transaction rules under ERISA. Administrative fees amounted to \$1,141 for the year ended December 31, 2021. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan at December 31, 2021 and 2020. These loans are considered party-in-interest transactions according to the DOL guidelines. Total notes receivable from participants at December 31, 2021 and 2020 were \$112,474 and \$29,704, respectively.

Note 6 – Income Tax Status

The Plan is a prototype plan, sponsored by ADP, LLC (“ADP”) designed in accordance with applicable sections of the IRC. ADP received an opinion letter from the Internal Revenue Service (“IRS”) dated July 16, 2014, stating that the Plan is qualified under section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

Investment Risks

The Plan has investments that are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Plan Sponsor discretionary and profit-sharing contributions and its related earnings.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500 at December 31:
