INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
New Hudson Facades LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of New Hudson Facades LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the New Hudson Facades LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the 2021 Audit of the Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(Continued)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of New Hudson Facades LLC Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan’s provisions.

General

The Plan, established on January 1, 2020, is a defined contribution plan with a salary deferral arrangement subject to the provisions of the Internal Revenue Code (“IRC”) and the Employee Retirement Income Security Act of 1974 (“ERISA”). New Hudson Facades LLC (the “Company”) is the plan sponsor. Reliance Trust Company serves as the Plan’s trustee (the “Trustee”) and ADP, LLC (Retirement Services), serves as the Plan’s third-party administrator (the “TPA”) and recordkeeper (the “Recordkeeper”). Legacy Planning (“Legacy”) serves as the Plan’s investment advisor.

Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”)

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was signed into law. The Plan elected to implement certain provisions of the CARES Act that are available to tax qualified retirement plans and their participants. These provisions include, among other things, permitting special coronavirus disease 2019 (“COVID-19”) related distributions of up to \$100,000, deferring payments on certain Plan loans through December 31, 2020, and suspending required minimum distributions for the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

All employees of the Company and other entities designated by the Company, except excluded employees as defined in the Plan document, become eligible to participate in the Plan upon attaining the age 18 and completing at least 30 days of service. Excluded employees include part-time and temporary employees. Part-time and temporary employees who complete at least 1,000 hours of service in the year will be eligible to participate in the Plan following the completion of the 1,000 hours of service, provided that the employee meets all other eligibility requirements. Employees who have attained that age and service time are admitted to the Plan on the following payroll cycle. Eligible new hires are automatically enrolled at 4% of their eligible compensation, with an increase of 1% each year until 6%, unless the Plan is notified otherwise by the employee.

Contributions

Each year, participants may elect to contribute from 1% to 60% of compensation subject to limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions. Roth contributions are permitted by the Plan. Discrimination tests are performed annually; any test discrepancies or excess contributions are refunded to participants. Participants may increase or decrease contributions monthly.

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Participants may also, with approval of the Plan Administrator, transfer a qualifying rollover distribution, as defined, to the Plan. The Company may make discretionary or matching contributions to the Plan in such amounts as may be determined each Plan year by the Plan Administrator. In addition, discretionary profit sharing contributions are allocated on annual basis, equally to all eligible employees, as defined by the Plan. Profit sharing contributions totaled \$379,375 and \$320,000 for the Plan for the years ended December 31, 2021 and 2020, respectively. \$191,875 and \$320,000 of the profit sharing contributions were accrued for by the Plan for the years ended December 31, 2021 and 2020, respectively.

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company ("custodian of the Plan"). This information has not been audited by the Plan's independent auditors.

Investment Options

Participants may direct the investment of their contributions to the Plan into various investments offered by the Plan. Investment options include mutual funds and a common collective trust ("CCT") fund available through the Trustee, a registered investment company. Participants may change their investments at any time.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA") which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected the Vanguard Retirement Trusts (the "Retirement Trusts") based on the participant's age as the QDIA.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's contributions, if applicable, and Plan earnings. Each participant's account is charged with withdrawals and plan losses and allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is based on years of continuous service. A participant's vested interest is as follows:

Years of Service	Vested Interest Percent
Less than 1	0%
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$108,319 and \$129,899, respectively. Forfeitures of nonvested accounts may be used to pay Plan expenses and reduce future employer contributions. For the year ended December 31, 2021, employer contributions were reduced by \$108,161 from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain other restrictions. Participants are entitled to borrow from their account for a maximum of five years unless the proceeds are used to acquire a principal residence, in which case the term may exceed five years. The notes are secured by the balance in the participant's account. The interest rate on outstanding loans is 4.25% to 6.50% per annum and mature through 2027. Principal and interest are paid ratably through payroll deductions. A participant may have up to two loans outstanding at any given time.

Payment of Benefits

Participants will receive the full amount of their vested account balances in the event of normal retirement, termination of service, death or disability. Early withdrawals are permitted at the participant's request after the age of 59-1/2. Certain hardship withdrawals are also permitted. A participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in various annuity options.

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

Pursuant to the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”), which was enacted in December 2019, the age at which required minimum distributions must begin for the Plan was increased from 70½ to 72, effective January 1, 2020. In addition, pursuant to the CARES Act, plan participants were permitted to take coronavirus-related distributions up to a maximum amount of \$100,000 per individual.

Hardship Withdrawals

The Plan provides for hardship withdrawals not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses not reimbursed by insurance, purchase of a home, post-secondary education, amounts necessary to prevent foreclosure or eviction from the participant’s personal residence, and such other circumstances as the Plan Administrator may determine based upon rules set forth in the IRC. Participants must access all other eligible Plan distributions, including coronavirus-related distributions, if available to the participants, before a hardship distribution can be taken.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan’s management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal and interest balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a deemed distribution is recorded. When the Plan receives a repayment as a result of a prior period deemed distribution, it is recorded against the deemed distributions in the current year as a recovery. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment in the Stable Value Fund, a Common Collective Trust

The Plan offers the Metlife Reliance Stable Value Fund Series 25053 - Class 0 (the "Stable Value Fund") as an investment option to its participants. The Stable Value Fund invests in benefit-responsive contracts issued by insurance companies and other third parties, fixed income securities, and money market funds which are designed to allow the Stable Value Fund to maintain a constant net asset value ("NAV"). The Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Participants are able to transact at NAV, which is the same as contract value for the Stable Value Fund. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. Certain events may limit the ability of the Plan to transact at contract value with the Stable Value Fund. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan that requires liquidation of the Stable Value Fund), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary that require liquidation of the Stable Value Fund), or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants have occurred or are probable of occurring.

Payment of Benefits

Benefits are recorded when paid.

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees, investment advisory fees, and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Management Fees and Operating Expenses

Management fees and operating expenses charged to investments in mutual funds are deducted from income earned on a daily basis and are reflected in the net appreciation in fair value of such investments.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

Subsequent Events

These financial statements were approved by management and available for issuance on October 13, 2022. Management has evaluated subsequent events through this date.

3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission and are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are categorized as Level 1.

Common Collective Trust - The Stable Value Fund

The Plan's investment in the Stable Value Fund is valued at the NAV of units of a bank collective trust. The NAV is provided by Metlife and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

5 - TAX STATUS

The Company has adopted the Automatic Data Processing Flexible Defined Contribution prototype plan and Trust. The Internal Revenue Service has determined that the Automatic Data Processing Flexible Defined Contribution prototype plan and Trust, by letter dated October 6, 2020, is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6 - TRANSACTIONS WITH PARTIES IN INTEREST

Plan investments consist of shares of money market funds that were managed by affiliated Trustee companies for the years ended December 31, 2021 and 2020, which amounted to \$57,614 and \$216,229, respectively. Therefore, these transactions with the Trustee qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Fees paid by the Plan for recordkeeping services to ADP were approximately \$53,000 for the year ended December 31, 2021, and are included in administrative expense on the accompanying statement of changes in net assets available for benefits.

Fees paid by the Plan for investment management fees to Legacy were approximately \$35,000 for the year ended December 31, 2021.

NEW HUDSON FACADES LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

6 - TRANSACTIONS WITH PARTIES IN INTEREST (Continued)

The Company was charged by Friedman LLP approximately \$15,000 for audit services for the years ended December 31, 2021 and 2020.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays the salaries of these individuals and also pays other administrative expenses on behalf of the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the IRC and ERISA rules on prohibited transactions.

The Plan issues loans to participants that are secured by participants' account balances. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions ruled under ERISA.

7 - RISKS AND UNCERTAINTIES, AND CONCENTRATION

The Plan invests in various investment securities, which, in general, are exposed to various risks such as interest rate, market risk, credit and overall volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Four mutual funds each represented more than 10% of the total investments held at December 31, 2021 and 2020.
