Report of Independent Auditor

To,
The Participants and the Plan Administrator,
Specialist Resources Global, Inc. 401k Plan

Scope and nature of the ERISA Section 103(a)(3)(c) audit of financial statements for the year ended December 31, 2021

We have performed an audit of the financial statements of Specialist Resources Global, Inc. 401k Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (“2021 financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the auditor’s responsibilities for the audit of the 2021 financial statements section —

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the auditor’s responsibilities for

the audit of the 2021 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2021 financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit of financial statements for the year ended December 31, 2021, section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

Supplemental schedules required by ERISA for the year ended December 31, 2021

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2021 (under supplementary information), is presented for purposes of additional analysis and not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' report on the financial statements for the year ended December 31, 2020

We were engaged to audit the financial statements of the Plan for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the financial statements for the year ended December 31, 2021, and (b) the form and content of the information included in the financial statements for the year ended December 31, 2020, other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

(All amounts are in United States Dollars, unless otherwise stated)

NOTE 1: DESCRIPTION OF PLAN

The following description of the Specialist Resources Global, Inc. 401k Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, effective January 01, 2010, and amended and restated as of April 01, 2018, covering all employees of Specialist Resources Global, Inc., (“the Company”) and participating affiliates i.e. eMids Technologies Private Limited Corp and Encore Health Resources, LLC. Employees are permitted to enter the Plan on the day they become employees of the Company and any participating affiliates and attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan merger

In August 2020, eMids Technologies Private Limited Corp acquired FlexTech, Inc., as a result FlexTech Inc. 401(k) and Profit-Sharing Plan (“Flextech Plan”) was merged into the Plan as on January 01, 2021. As part of transfer of assets, notes receivables of 12 participants amounting to \$225,745 were transferred into the Plan on December 01, 2020. On January 05, 2021, the Plan received remaining Flextech Plan assets pertaining to 71 participants amounting to \$17,654,902.

Contributions

The Plan includes a provision under Internal Revenue Code (“IRC”) Section 401(k) whereby participants may make pre-tax and Roth contributions by reducing their annual compensation by a specific dollar amount or by a specific percentage amount, subject to limitations under the IRC. Participants aged fifty and older are also allowed to make catch-up contributions. Annual participant contribution amounts are limited to \$19,500 of salary deferrals for the year ended December 31, 2021, and December 31, 2020 (\$26,000 for participants aged 50 years and over). Participant contributions received during the years ended December 31, 2021, and December 31, 2020, amounted to \$2,966,017 and \$1,576,222 respectively.

The Company will make matching contributions to the Plan equal to 50 percent on the first 6 percent of the participant’s compensation which is deferred as an elective deferral. Matching contributions shall be determined each payroll period. The Company also has an option to make nonelective contributions to the Plan. The nonelective contribution will be allocated to all employees eligible to participate in the Plan. The employee must be an eligible participant employed on December 31 and should have completed more than 1,000 hours of service to receive this allocation. If the employment is terminated prior to December 31 due to death, disability, or attainment of age 65, the Plan’s normal retirement age, the participant will be eligible to receive any nonelective contributions that the Company may make for the year in which the employment is terminated. During the years ended December 31, 2021, and December 31, 2020, the Company made no nonelective contributions. The employer matching contributions during the years ended December 31, 2021, and December 31, 2020, amounted to \$805,680 and \$479,206, respectively.

At the Plan administrator’s discretion, a participant may deposit rollover contributions from another qualified plan. Rollover contributions are placed in the participant’s account and are subject to the rules for investment established by the Plan administrator. The Plan does not permit in plan Roth rollover contributions. The rollover

contributions during the years ended December 31, 2021, and December 31, 2020, amounted to \$31,880 and \$139,750 respectively.

Administration

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions, which may affect eligibility for benefits. The Company has engaged ADP Retirement Services ("ADP") as a third-party administrator to assist in the administration of the Plan.

Reliance Trust Company (Reliance) served as the trustee of the Plan, pursuant to the Plan agreement for the year ended December 31, 2021, and December 31, 2020. The trustee received all contributions made under the Plan, held plan assets and paid benefits to participants as directed by the Plan Sponsor.

Expenses

The administrative expenses comprise:

	Year ended	
	December 31, 2021	December 31, 2020
Administrative expenses	71,764	13,938
Total	71,764	13,938

Participant accounts

Each participant account is credited with pretax, rollover contributions made by the participant, Plan Sponsor contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the Plan agreement.

Vesting

Participants are fully vested with respect to their contribution from their salaries and rollover contributions. However, participant vesting with respect to matching contributions and nonelective contributions made by the Plan Sponsor to their 401(k) Plan account balance is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Company.

The vesting percentages for matching contributions are as follows:

Years of vesting service	Vested percentage
Less than 2	0%
2 or more than 2	100%

The vesting percentages for nonelective contributions are as follows:

Years of vesting service	Vested percentage
Less than 2	0%
2	20%
3	40%

Financial Statements

December 31, 2021, and December 31, 2020

4	60%
5	80%
6 or more than 6	100%

Participants, however, are 100% vested in matching contributions and nonelective contributions if the employment is terminated on account of the participant's death, or if the participant terminates employment as a result of becoming disabled.

Any portion of a participant's account balance attributable to rollover contributions from another qualified plan contributions are 100% vested at the time of contribution and not subject to forfeiture.

Investment options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the trustee.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Participants can only have one loan outstanding at any time.

Benefit payments

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant on incurring a hardship or after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability or death, the participant or beneficiary may receive the value of the account through a lump sum distribution.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Corrective distributions

During the year ended December 31, 2021, and December 31, 2020, corrective distributions amounted to \$281 (which reflect accrual for 2021 to be paid out in 2022) and \$66,228 (which reflect accrual for 2020 paid out in 2021), respectively.

Forfeitures

Non-vested account balances of terminated employees are forfeited after five consecutive one year breaks in service, as defined in the Plan agreement. The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan, as defined in the Plan agreement. As of December 31, 2021, and December 31, 2020, non-vested forfeited accounts totaled \$4,184 and \$21, respectively. Forfeitures of terminated employees' non-vested accounts totaled \$58,600 during the year 2021 and \$35,803

during the year 2020. During the year 2021 forfeitures amounting to \$58,616 were used to reduce employer contributions. During the year 2020 \$35,803 were used to reduce employer contributions.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting. Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts.

Use of estimates in financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan provided for various investment options in registered investment companies (mutual funds) and common/ collective trusts. The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. During the years ended December 31, 2021, and December 31, 2020, net appreciation in the value of investments totaled \$2,196,493 and \$628,515, respectively. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant account balances and the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and December 31, 2020, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. During the year ended December 31, 2021, and December 31, 2020, Plan considered \$10,180 and \$7,480 respectively as deemed distributions.

Investment valuation and income recognition

Investments in mutual funds trusts are valued at quoted market prices, as provided by the trustee. Net appreciation in the value of mutual funds represents the change in fair value, during the year, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Specialist Resources Global, Inc. 401k Plan

Financial Statements

December 31, 2021, and December 31, 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Basis of fair value measurements

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurements date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable. Either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurements, and unobservable.

A financial instrument's level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

The Company evaluates its financial assets and liabilities subject to fair value measurements on a recurring basis to determine the appropriate level of classification as of each reporting period.

The following is a description of the valuation methods used for Plan assets measured at fair value at December 31, 2021, and December 31, 2020. There were no changes in the methods used at December 31, 2021, and December 31, 2020.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end, quoted in an active market.

Fixed income guaranteed option: The fair value of participation units held in the Goldman Sachs Stable Value Collective Trust Fund (Premier Series, Class 2), this fully benefit responsive option is based on book value ("contract value"), while the impact of market fluctuations on investor account balances is smoothed via periodic adjustments to the crediting rate as reported by the manager of the fixed income guaranteed option, The Goldman Sachs Trust Company, N.A, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fixed income guaranteed option invests entirely in fixed income instruments, which consist of stable value contracts. The fixed income guaranteed option provides for daily redemptions by the Plan at reported contract value, with no advance notice requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements for the years ended December 31, 2021, and December 31, 2020, and supplementary information as of December 31, 2021:

NOTE 6: COMPOSITION AND VALUATION OF PLAN INVESTMENT*Goldman Sachs Stable Value Collective Trust Fund*

The Plan entered into a fully benefit-responsive investment contract with *The Goldman Sachs Trust Company, N.A.* ("Goldman Sachs"), which maintains the contributions in fixed income instruments which underlie Stable Value Contracts. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no valuation reserves established against the contract value for credit risk of the contract issuer or otherwise. At December 31, 2021, and December 31, 2020, the contract value of investment contract was \$341,968 and \$243,899 respectively.

The average yield and crediting interest rates are reviewed on quarterly basis for resetting.

The Plan Sponsor entered into a non-standardized adoption agreement of the *ADP, LLC Prototype Non-Standardized Profit-Sharing Plan* (the prototype plan). The prototype plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on *July 08, 2014*, which stated that the prototype plan and related trust were designed in accordance with applicable sections of the IRC. It is the opinion of the Plan trustees and the Plan's attorney that the Plan is in compliance with all applicable laws and regulations.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, and December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: PARTY – IN – INTEREST TRANSACTIONS

Reliance served as the trustee of the Plan. The trustee has performed services for and sold products to and managed and maintained certain investments of the Plan for which fees are paid by the Plan. ADP provides services to the plan as a third-party plan administrator for which administration fees are charged to the Plan. The Company serves as a Plan administrator and also provides certain accounting and investment management services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 10: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 11: IMPACT OF COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 12: CARES ACT PROVISIONS

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has adopted certain relief provisions included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. The Plan will formally be amended by the end of the 2022 plan year.

NOTE 13: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2021, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
