INDEPENDENT AUDITORS' REPORT

The Trustees of Good Earth Natural Foods 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Good Earth Natural Foods 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the year ended December 31, 2021 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for the Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Good Earth Natural Foods 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Good Earth Natural Foods 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Good Earth Natural Foods 401(k) Plan's internal control. Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Good Earth Natural Foods 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental information included in Schedule H, Part 4, Item 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Good Earth Natural Foods 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 12, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GOOD EARTH NATURAL FOODS
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1 – SUMMARY OF PLAN PROVISIONS

The following description of the Good Earth Natural Foods 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a qualified defined contribution plan under Section 401(a) of the Internal Revenue Code (the Code) covering employees of Good Earth Natural Foods (the Company). It is exempt from federal income tax under Section 501(a) of the Code, and from applicable state tax, as state law conforms to the Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows for participation after one year of service and requires a minimum age of 21.

The Plan operates under a prototype plan of its administrator, ePlan Services, which has received a favorable opinion letter dated June 30, 2020. The Plan was agreed upon and accepted between Good Earth Natural Foods and ePlan Services on October 30, 2018 for an initial effective date of January 1, 2019.

The prototype plan was amended on July 19, 2017 to allow forfeitures to be used reduce employer contributions that are Qualified Nonelective Contributions (QNECs), Qualified Matching Contributions (QMACs), and ADP Safe Harbor Contributions. Contributions made with forfeited funds are fully vested only when allocated, not made. Additionally, on November 18, 2019, effective December 31, 2018, the Plan adopted updated hardship distribution provisions. Hardship distributions will not require termination of deferrals. All participant accounts are available for hardship distribution and earnings on deferrals may be withdrawn. Hardship needs include residential casualty losses and disaster losses.

The Company adopted a new plan document in 2022 to bring the plan into compliance with the six-year pre-approved plan restatement cycle. See Note 9.

Matrix Trust Company, the custodian, holds the Plan's assets and income in accordance with an agreement. An administrative committee appointed by the Board of Directors of the Company administers the Plan.

Contributions – Under the 401(k) portion of the Plan, eligible employees may contribute up to statutorily permitted amounts of pretax annual compensation as defined in the Plan per Internal Revenue Code section 402(g). Employees may also contribute Roth deferrals that are amounts subject to income taxes in the year of deferral. The maximum deferral was $19,500 for both 2021 and 2020. Individuals reaching the age of 50 during the year may defer an additional $6,500 for both 2021 and 2020 as a "catch-up" contribution. Participants may also rollover distributions from other qualified defined benefit or contribution plans. Rollovers are included as participant contributions in the Statement of Changes in Net Assets Available for Benefits. There were no rollovers for 2021 or 2020.

NOTE 1 – SUMMARY OF PLAN PROVISIONS (CONT.)

The Company contributes a safe-harbor matching contribution of: a) 100% of an employee's deferral up to 3% of their eligible wages; b) 50% of employee of deferrals between 3% and 5% of compensation with a maximum matching contribution of 5% of eligible wages. The Company, at its discretion, may also make profit sharing contributions each year.

Participant Accounts – Participants may direct contributions and any related earnings into 22 funds plus 10 target retirement fund investment options in 1 percent increments. Participants may change their investment allocation as often as they wish.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expense are based on the proportion that each participant's account balance bears to the total of all participants' account balances.

Forfeiture Accounts – Forfeitures attributable to profit sharing contributions are used to reduce employer contributions. There were no unallocated forfeiture balances as of December 31, 2021 and 2020.

Vesting – Participants are immediately vested in their contributions and safe-harbor match plus actual earnings thereon. Vesting in the Company's nonelective profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Vesting occurs over 5 years at a rate of 20% per year.

A participant vests in profit share contribution according to the following 6-year graded schedule:

0-1 year – 0%
2 years – 20%
3 years – 40 %
4 years – 60%
5 years – 80%
6 years – 100%

Payment of Benefits – Upon retirement, termination of employment, death, or disability, vested benefits are paid to participants or their beneficiaries in a lump sum. If a participant is terminated for any reason other than death, total disability, or normal retirement, the vested portion of the participant's account balance becomes payable at the earliest administratively feasible date following separation from service. In addition, hardship distributions are permitted if certain criteria are met.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments – Registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end.

Income Recognition – Interest and dividend income is recorded as earned on the accrual basis.

Net Appreciation or Depreciation in Fair Value of Investments – Net realized and unrealized appreciation or depreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Contributions – Employee contributions to the Plan are recorded in the period the Company makes payroll deductions from Plan participants and are reported net of payments to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Company contributions to the Plan are recorded in the period to which they relate.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan's Trustees to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

New Accounting Pronouncements – There are no recently issued accounting pronouncements which are believed by management to have a material effect on the Plan's present or future financial statements.

NOTE 3 – INCOME TAX STATUS

The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 4 – INFORMATION CERTIFIED BY MATRIX TRUST COMPANY (UNAUDITED)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified to as complete and accurate by Matrix Trust Company.

	2021	2020
Assets:		
Investments in registered investment companies, at fair value	$ 925,747	$ 556,062
Income:		
Net appreciation in fair value of		
Registered investment companies	$ 11,876	$ 66,068
Interest and dividends	92,864	13,264
	$ 104,740	$ 79,332

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan categorizes its financial assets into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument. Fair value is determined based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants exclusive of any transaction costs.

The Plan's financial assets recorded at fair value are categorized as follows:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted or published inputs other than prices included in Level 1, including quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable in active markets.

Level 3 – Model-derived valuations in which one or more significant inputs or significant value-drivers are unobservable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation

NOTE 5 – FAIR VALUE MEASUREMENTS (CONT.)

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in methodologies used at December 31, 2021 and 2020. There were no transfers between levels during 2021 and 2020. See Note 2 for a description of valuation methodologies for assets measured at fair value.

The following tables provide a summary, by level, of the Plan's financial assets that are measured at fair value on a recurring basis:

		Fair Value Measurement Using:
		Quoted Prices in Active Markets for Identical Assets
December 31, 2021	**Fair Value**	**(Level 1)**
Registered investment companies	$ 925,747	$ 925,747
December 31, 2020		
Registered investment companies	$ 556,062	$ 556,062

NOTE 6 – PARTY–IN–INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Fees of $11,497 and $6,390 were paid by the Plan to the custodian, Matrix Trust Company, for the administration of the Plan during the years ended December 31, 2021 and 2020, respectively. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on investments. Fees for processing participant distributions are deducted from amounts paid to participants; distributions are shown gross of these fees in the financial statements. Consequently, investment management fees paid to parties-in-interest are reflected as a reduction of investment return for such investments. The Company pays other expenses related to administering the Plan.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – SUBSEQUENT EVENTS

The Plan administrator has performed its evaluation of subsequent events for the year ended December 31, 2021 through the issuance date of these financial statements, as of October 14, 2022.

Management approved a restated adoption agreement effective June 8, 2022.

Except for the above, management is not aware of any additional subsequent events that require adjustment or disclosure to the financial statements.
