Clock Spring Company, Inc. 401K Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of Clock Spring Company, Inc. 401K Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by Clock Spring Company, Inc. (the Company). The Plan provides retirement benefits for all eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Plan Merger: On March 19, 2020, management resolved to merge the NRI 401(k) Profit Sharing Plan, a related plan through common ownership, with participants becoming eligible to participate in the Plan effective June 1, 2020. As a result, all NRI 401(k) Profit Sharing Plan's participant's account balances were transferred to the Plan by June 8, 2020. Due to the merger of the NRI 401(k) Profit Sharing Plan during 2020, assets totaling \$1,469,359 were transferred into the Plan.

Participation: Eligible employees may participate in the Plan on the first of the month immediately following the completion of one month of service, as defined, and who have attained the age of 18.

Participant voluntary contributions: The Plan allows participants to contribute up to 90% of their gross compensation, subject to limitations as set forth by the Internal Revenue Code (IRC). Eligible employees are automatically enrolled with a salary deferral contribution of 1%. Employees may complete a deferral agreement to select an alternative deferral amount or to elect not to defer at any time.

Employer contributions: The Company makes a safe harbor matching contribution equal to 100% of the first 3% of eligible earnings deferred by the employee and an additional 50% on the next 2%. In addition, the Company may make additional profit-sharing contributions at the discretion of the Company. The Company elected not to make a profit-sharing contribution during the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations for the Company's contributions and Plan earnings. Participant accounts can be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Note terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the note. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. These rates range from 4.50% to 7.50% on notes outstanding at December 31, 2020, and the notes mature through December 2025. Principal and interest are paid ratably through payroll deductions.

Vesting: Participants are always 100% fully vested in their elective deferral, safe harbor matching, and rollover contribution accounts. Participating employees become 20% vested in their Company profit sharing account after two years of service and vest ratably over years three through six. A participant becomes 100% vested upon completion of six years of service, retirement, death or total disability.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature.

Clock Spring Company, Inc. 401K Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Benefit payments: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships, as defined, or when a participant attains age 59½. Benefits are payable in lump-sum payments, installments over a certain period and partial withdrawals.

Forfeitures: Forfeitures are used to fund future employer contributions or pay Plan administrative expenses. Forfeited nonvested accounts totaled \$15,923 and \$26,799 at December 31, 2020 and 2019, respectively. During 2020, \$10,876 of forfeitures were used to partially fund employer matching contributions.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 2. Significant Accounting and Plan Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments is based on the fair market value of the investments as of the end of the reporting period.

Notes receivable from participants: Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Benefit payments: Benefit payments are recorded when paid.

Administrative expenses: The Company pays certain, but not all, administrative costs of the Plan. The expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are charged against investment results.

Clock Spring Company, Inc. 401K Plan

Notes to Financial Statements

Note 2. Significant Accounting and Plan Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through September 21, 2022, the date the financial statements were available to be issued. The Plan did not experience any material subsequent events from the date of the financial statements through the date of this report.

Note 3. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Reliance Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2020	2019
Investments, at fair value:		
Registered investment companies	\$ 4,972,449	\$ 1,512,633
Collective trust funds	-	64,689
	<u>4,972,449</u>	<u>1,577,322</u>
Notes receivable from participants	<u>\$ 59,753</u>	<u>\$ 23,124</u>

Reliance Trust Company also certified to the completeness and accuracy of \$552,816 of net appreciation in fair value of investments, \$129,943 of interest and dividends related to the aforementioned investments, other income of \$270,432, and \$2,706 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Clock Spring Company, Inc. 401K Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Shares of registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year-end.

Collective trust funds: The collective trust funds are valued at the net asset value (NAV) as reported by the investment manager at year-end based upon the funds' audited financial statements. The funds' underlying assets consist of investment contracts, security-backed contracts and collective investment funds.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,972,449	\$ -	\$ -	\$ 4,972,449
Total investments in the fair value hierarchy	\$ 4,972,449	\$ -	\$ -	\$ 4,972,449

Clock Spring Company, Inc. 401K Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,512,633	\$ -	\$ -	\$ 1,512,633
Total investments in the fair value hierarchy	\$ 1,512,633	\$ -	\$ -	1,512,633
Investments at net asset value:				
Collective trust funds (a)				64,689
Total investments at fair value				\$ 1,577,322

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2020	2019			
Collective trust funds	\$ -	\$ 64,689	None	Daily	None

Note 5. Tax Status

Effective October 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by ADP, LLC. The prototype plan has received an opinion letter from the IRS as to the prototype's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are charged against investment results, as they are paid through revenue sharing, rather than a direct payment.
