Independent Auditor's Report

To the Plan Administrative Committee
P&F Industries, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of P&F Industries, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A – Description of Plan

General

The following summary description of the P&F Industries, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan, which includes a salary deferral feature under Section 401(k) of the Internal Revenue Code (the “IRC”), covering all eligible employees of P&F Industries, Inc. and its wholly-owned subsidiaries (the “Company”).

Plan assets include employee elective deferral contributions, employee rollover contributions, employer elective deferral matching contributions and discretionary employer contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Company’s Board of Directors.

Contributions to the Plan

Contributions to the Plan consist of elective deferral contributions made by active participants and contributions made by the Company, both discretionary and matching. Participants may make contributions up to the maximum percentage of compensation and dollar amount permissible under Section 402(g) of the IRC, not to exceed the limits of IRC Sections 401(k), 404 and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, not to exceed the limits of IRC Section 414. Active Plan participants may also contribute amounts representing distributions or rollovers from other qualified defined benefit or defined contribution plans. Depending on the participating employer, the Company matches 50% of the first 3% of employee contributions and 25% of the next 2% of employee contributions to the Plan or 100% of the first 3% of employee contributions and 50% of the next 2% of employee contributions to the Plan. Additional profit-sharing amounts may be contributed annually at the discretion of the Company’s Board of Directors. During the year ended December 31, 2021, the Company did not make a profit-sharing contribution to the Plan.

Participation

For employee elective deferral contributions, employee rollover contributions and employer elective deferral matching contributions, an employee is eligible to enter the Plan on the first day of the second month of employment and attaining the age of 18. For discretionary employer contributions, an employee is eligible to enter the Plan on the entry date (January 1 or July 1) immediately following the completion of one year of service and attaining the age of 18.

Note A – Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his or her beneficiary may elect to receive either a lump-sum amount equal to the value of the vested balance in the participant's account, a series of installment payments totaling the value of the vested balance, or monthly installments based upon a joint and 50% survivor annuity using the participant's and beneficiary's estimated life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested balance in the participant's account before the date it would normally be distributed.

Participant Accounts

Participants' accounts are fully directed by the participants. Each participant's account is credited with the participant's contributions and any employer contributions, is credited or charged with any earnings or loss and is charged with an allocation of administrative expenses. Allocations of administrative expenses are on a pro rata basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow a maximum amount equal to the lesser of: 1) \$50,000, reduced by the highest outstanding balance during the preceding 12 months, or 2) 50% of their vested account balance. The minimum amount for which a loan may be made is \$1,000. Loans are secured by the balance in the participant's account and bear interest at the prevailing prime interest rate at the date of loan inception. Interest rates on existing loans range from 3.25% to 5% per annum. Active participants make loan repayments of both principal and interest through payroll deductions, on a regularly scheduled basis.

Investment Options

Each participant may select among various investment options for their contributions. One of those options allows participants to invest in an individually self-directed brokerage account. All investment transactions of the Plan, except for those relating to the individually self-directed brokerage accounts, are executed by the Plan's trustee for the exclusive benefit of the participants and their beneficiaries under the Plan. Changes can be made daily.

Vesting

Participants are immediately vested in both employee elective deferral contributions and employer matching contributions, as well as any earnings or loss thereon.

Participants shall be 100% vested in, and have a nonforfeitable right to, discretionary employer contributions after six years of credited service.

P&F Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

Note A – Description of Plan (continued)

Forfeitures

Forfeitures that occur during the Plan year will be used to offset Plan expenses, to reduce the employer's discretionary contribution and to reduce the employer's matching contribution. Any forfeitures remaining will be allocated to all participants eligible to receive a share of such allocation.

At December 31, 2021 and 2020, unallocated, forfeited, non-vested amounts totaled \$896 and \$1,578, respectively. There were no forfeitures used to pay plan expenses in 2021. The 2020 Forfeiture account balance of \$1,580 was used to partially fund the restoration of non-vested balances that were previously forfeited. The restoration was needed due to the Plan having a partial plan termination for the 2020 Plan Year.

Administrative Expenses

The administrative expenses of the Plan are paid by the Plan's participants.

Termination of the Plan

Although the employer has not expressed any intention to terminate the Plan, the employer has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

P&F Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

Note B – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

All investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses were recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are reported as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants on February 16, 2022.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 14, 2022, the date on which the financial statements were available to be issued. No events occurred that would either change the financial statements or require disclosure in the footnotes thereto.

P&F Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

Note C – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, “Fair Value Measurements and Disclosures”, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

P&F Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

Note C – Fair Value Measurements (continued)

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Brokerage accounts: These self-directed accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective trust fund - Reliance Trust New York Life Anchor Acct Series I	\$ 2,108,333	n/a	Daily	12-Month

Collective trust fund - Reliance Trust New York Life Anchor Acct Series I	\$ 2,210,020	n/a	Daily	12-Month

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note D – Information Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments, brokerage accounts, and notes receivable from participants held at December 31, 2021 and 2020, and investment income and interest income on notes receivable from participants for the year ended December 31, 2021, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan

P&F Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

administrator and certified as complete and accurate by the trustees of the Plan, BMO Harris Bank N.A. (BMO) and Matrix Trust Company (Matrix).

Note E – Related Party Transaction and Party-In-Interest Transactions

Revenue sharing generated from investment management services are included in net appreciation of the fair value of the investments. This is due to revenue sharing that is credited back to the participants. The Plan made a direct payment to the third-party administrator of \$26,503 which was not covered by revenue sharing.

Note F – Partial Plan Termination

As a reduction of the Company's workforce due to the COVID-19 pandemic, the Plan experienced a partial plan termination as defined by Code Section 411(d)(3) for the 2020 plan year. Under the Code, a partial plan termination may occur if at least 20% of eligible Plan participants are terminated by the Company within the applicable period. When the partial plan termination occurred, full vesting in the employer's contribution was required for the affected participants, but the remaining participant's vesting continues to be determined per the Plan provisions.

Note G – Tax Status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received an opinion letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan is currently not under review.

Note H – Risks and Uncertainties

The Plan assets are invested in various types of investments, some of which may be exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain types of investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances.

Note I – Nonexempt Transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trustee within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Sponsor for the year ended December 31, 2021 in the amount of \$4,793. This incident was a result of the new technology implemented by

P&F Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

the Plan Administrator as part of the process improvement initiative. These contributions have been corrected within the Voluntary Fiduciary Compliance Program (“VFCP”) during 2022. The Company also completed the process of correcting the delinquent participant contributions for the year ended December 31, 2020 in the amount of \$422 during 2021 outside of the DOL’s VFCP.

Note J – Testing Failures

The Plan failed its discrimination testing for the year ended December 31, 2021. The Plan reimbursed excess contributions totaling \$10,529 to participants affected by the testing failures for the year ended December 31, 2021 on February 16, 2022 via check.

Note K – Transfer of Trustee and Custodian of the Plan assets

During 2021, Matrix Trust Company, a division of Broadridge Financial Services was selected by OneAmerica as the single trust and custody provider for all plans. All plans with assets held at BMO were migrated to Matrix Trust Company in a series of “waves.” Short blackout periods were enforced while the in-kind asset transfers were executed. Contributions continued to post during the blackout period. The plan sponsor was required to obtain board consent and sign Matrix Trust, Custodial, Agent or Service agreements.

The migration was conducted at the asset level in shares, not dollars for both Core and Self-directed Brokerage (IDA) accounts. Share price fluctuations occurred daily, as routine business, between the beginning and conclusion of the migration. All reconciliations conducted post-migration were completed at the share level. Market value changes were treated as an unrealized gain/loss. There were no participant account balances that were impacted by the asset migration from BMO to Matrix Core Account.

Matrix Trust Company provides a certification as part of the annual statement; BMO Trust Company provides a separate letter of certification. Both certify that the trust statements contained in the audit package pursuant to 29 CFR 2520.103-5(c) are complete and accurate. Both certifications satisfy new Statement on Auditing Standards No. 136 (SAS 136) requirements that include time period covering the certification. Signers of each certification are verified Vice Presidents and authorized signers on behalf of BMO/Matrix. The only contractual agreements with trustees are the Custody Service/Trust agreements.

TERMS, CONDITIONS AND REQUIRED DISCLOSURES

The Plan's third-party administrator may impose administration fees, which are in addition to the afore-mentioned fees. The afore-mentioned fees do not include investment manager or consultant fees. The afore-mentioned fees do not include any brokerage or other sub-custodian commissions, unless otherwise noted. The afore-mentioned fees also do not include mutual fund sales charges/loads or brokerage commissions imposed by broker-dealers or mutual fund families. An applicable mutual fund prospectus or statement of additional information may provide for the waiver of plan level mutual fund sales charges/loads. In order for the fees to be included, the Plan Sponsor or the Responsible Plan Fiduciary or a person identified by the Plan Sponsor or the Responsible Plan Fiduciary to act as the Authorized Person (the "Authorized Person") may be required to complete additional documentation. The afore-mentioned fees also do not include real estate appraisal fees, annual inspection costs, insurance premiums or other like costs associated with any real property that may be held in the account.

The fees listed in the Trust/Custody Services section are charged on a per plan basis and include:

- Electronically transmitted transactions
- Asset transfer and set-up in one account per plan
- Quarterly and annual statement (maximum of two duplicate sets)
- Proxy delivery to the Responsible Plan Fiduciary or other designated party
- Wire receipts for employer and employee contributions and master note loan repayments (if applicable)
- Interest, dividend, and capital gains posting; processing of capital changes (splits, reorganizations, etc.)

Additional fees may be charged for:

- Extraordinary services
- Checks received with insufficient funds
- Overnight mailing (\$25 per mailing)

Fees are billed quarterly in arrears directly to OneAmerica. Asset based fees will be calculated utilizing a daily average balance for the invoice period. To the extent Matrix Trust fees are paid by the account, the fees represent direct compensation paid to Matrix Trust. To the extent that Matrix Trust fees are paid by OneAmerica or the Plan Sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2). Matrix Trust fees outstanding for more than 90 days from the billing date may be deducted directly from the account.

I. INDIRECT COMPENSATION

Matrix Trust may receive indirect compensation in connection with Services:

- in the form of "float" income, and
- through its affiliate(s) and/or other parties as described below, and to the extent applicable, with respect to Investment Related Administrative Fee Services, Brokerage Accounts, Retirement Cash Account, ModelTool(K)it™, Level Compensation Services, ETF Trading Services, ETF/Closed End Fund Trading Services, Stale Dated Check Services, and Proceeds of Corrective Transactions.

A. CASH SUB-ACCOUNTING SERVICES/FLOAT INCOME

Matrix Trust also provides sub-accounting services to certain banking institutions, with respect to cash held on a short-term basis in their omnibus accounts. With respect to the Plan, this may occur where, for example, Plan funds are awaiting investment, distribution or other processing. As described below under the section titled: "Matrix Trust - Float Disclosure for Employee Benefit Plans," Matrix Trust may derive compensation from the use of this short-term cash, which is referred to as "float income." Currently, Matrix Trust has arrangements with two banks – JP Morgan Chase and TD Bank – under which the banks pay float income to Matrix Trust in exchange for its sub-accounting services. Float income is reflected as an earnings credit or service fee on monthly bank invoices.

The exact amount of float income credited from these two banks to Matrix Trust cannot be described in precise terms, because the rate of float income paid fluctuates over time (it generally tracks the Federal Funds Rate), and it is also impossible to predict exactly how much Plan cash will be held on a short-term basis, and for how long. Please refer to the section below titled "Matrix Trust - Float Disclosure for Employee Benefit Plans" for more information.

B. MATRIX TRUST - FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS**1. Additional Compensation Attributable to Float**

Matrix Trust may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as "float". The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust's provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or "omnibus" bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust's services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, Matrix Trust's only banking arrangements described above are with JPMorgan Chase, N.A. and TD Bank, N.A, both of which are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

2. Circumstances and Time Frames During Which Float May Be Earned

a) Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan's cash contribution to the plan's Matrix Trust account ("**Client Account**") on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan's behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A "business day" is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust's receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (*i.e.*, stocks and bonds) generally occurs within three business days.

b) Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

c) Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

d) Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt

of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

3. Rate On Float Earnings

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame.

C. INVESTMENT RELATED ADMINISTRATIVE FEE SERVICES (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the "**Funds**") in the form of 12b-1 fees or firm concessions (*i.e.*, finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees ("**Mutual Fund Fees**").

Matrix Trust will pass through 100% of Mutual Fund Fees to OneAmerica. The amount of such Mutual Fund Fees as paid by the Funds is subject to change at any time.

If the Plan is trading on Matrix Trust's trading platform and Mutual Fund Fees are available for the plan investment options selected for the Plan, available Mutual Fund Fees are identified on the Plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

D. CERTAIN BROKERAGE ACCOUNTS (if elected and to the extent applicable)

If your Plan offers a self-directed brokerage account ("**SDBA**") option to Plan participants, SDBA balances remain subject to the services and fees described under other sections of this schedule, to the extent applicable.

Also, where the named Fiduciary of the Plan and/or its authorized representative(s) has directed Matrix Trust to establish an SDBA that is a TD Ameritrade Brokerage Account, pursuant to an agreement with TD Ameritrade, Matrix Settlement and Clearing Services, LLC ("**MSCS**") will provide account reconciliation services, account set-up and maintenance, movement of cash between the Plan's core accounts and SDBAs, and related administrative tasks. For these services and others, MSCS will receive quarterly, in arrears, an amount equal to 0.0175% (1.75 basis points) of the value of Plan assets in the TD Ameritrade SDBAs during such quarter, based on the average of the Plan assets held in the SDBAs on the last business day of each month in the applicable quarter. This rate shall apply for the calendar quarter ending March 2020 and shall decrease as follows to 0.01% (1 basis point) for the calendar quarter ending June 2020, then 0.0075% (0.75 basis points) for the calendar quarter ending September 2020, then 0.005% (0.5 basis points) for the calendar quarter ending December 2020 with subsequent quarters to be calculated at the rate of 0.00375% (0.375 basis points). **TD Ameritrade pays these fees to MSCS.**

In all cases, the fees described above do not include brokerage commissions or other fees payable to TD Ameritrade, or other SDBA provider, who are unaffiliated with Matrix Trust, MSCS and MSCS Financial.

E. RETIREMENT CASH ACCOUNT (if elected and to the extent applicable)

Matrix Trust receives fees with respect to the Retirement Cash Account, to the extent permitted by Applicable Rules, for providing services with respect to the account and the accountholders. Specifically, as provided under an agreement with JPMorgan Chase Bank, N.A. ("**JPMCB**"), Matrix Trust receives a servicing fee in exchange for providing sub-accounting and support services, processing transactions and reconciling aggregate account activity with respect to funds deposited in the Retirement Cash Account with JPMCB. The servicing fee is deducted by Matrix Trust from the total interest paid to Matrix Trust by JPMCB, and is the difference between the total interest rate paid to Matrix Trust by JPMCB and the stated interest rate paid to plan participants on their investments in the Retirement Cash Account. In other words, the servicing fees paid to Matrix Trust reduce the interest rate paid to plan participants by a corresponding amount.

At each rate of total interest paid by JPMCB (from 0.00% up to 5.00%), the share of such total interest that is credited as the "stated rate" of interest to plan participants on their Retirement Cash Account balances, and the share of such total interest that is retained by Matrix Trust as its servicing fees, are set forth under a pre-established rate table. Such servicing fees are based on the average daily deposit balances in the Retirement Cash Account. The rate of the servicing fee that Matrix Trust receives may exceed the interest rate or effective yield the depositors receive from the Retirement Cash Account. No portion of these servicing fees will reduce or offset the fees otherwise due to Matrix Trust unless required by Applicable Rules. "Applicable Rules" means all applicable federal and state laws, rules and regulations, rules of any self-regulatory organization, and the constitution and applicable rules, regulations, customs, and usages of the exchange or market and its clearinghouse. Unless stated otherwise in Schedule 1, other than the applicable fees charged on plan custody accounts, there are no separate charges, fees (other than the servicing fee described above), or commissions paid to Matrix Trust or its affiliates as a result of, or otherwise in connection with, the Retirement Cash Account.

For more specific information, the current interest rate payable at any given time will be available online at:
<https://www.broadridge.com/resource/matrix-trust-company>.

A copy of the full rate table and the current interest rate payable at any given time may be obtained by calling Matrix Trust Client Services at 888-947-3472.

Current Retirement Cash Account disclosures and rates payable are likewise available online at:
<https://www.broadridge.com/assets/pdf/broadridge-msb-retirement-cash-account.pdf>.

As of December 1, 2020, the total rate of interest being paid by JPMCB is 0.28%, and as provided in the rate table, this means that Matrix Trust's servicing fees are equal to 0.20%. However, as the total interest rate paid by JPMCB increases, the servicing fees will likewise increase, and if the total interest rate paid by JPMCB decreases, the servicing fees will likewise decrease. While the full rate table is available and accessible (as explained above), it is very voluminous. However, the following summarizes the general ranges of the stated interest rates paid to Plan participants and Matrix Trust's servicing fees at various rates of total interest, as determined under the rate table:

When the total rate of interest paid (annually) by JPMCB is between:	The stated interest rate paid to plan participants ranges from:	The servicing fees retained by Matrix Trust ranges from:
0.00% and 0.50%	0.00% and 0.13%	0.00% and 0.37%
0.51% and 1.00%	0.13% and 0.25%	0.38% and 0.75%
1.01% and 2.00%	0.26% and 0.50%	0.75% and 1.50%
2.01% and 3.00%	0.51% and 1.23%	1.50% and 1.77%
3.01% and 4.00%	1.23% and 1.90%	1.78% and 2.10%
4.01% and 5.00%	1.91% and 2.63%	2.10% and 2.37%

Based upon the total rates of interest paid by JPMCB in recent periods, and the total rates of interest that Matrix Trust generally expects that JPMCB would intend to pay in the future, a reasonable estimate of the servicing fees retained by Matrix Trust would usually be between 0% and 2.37%. However, we should emphasize that Matrix Trust cannot control or predict the total interest rates payable by JPMCB in the future, which makes it impossible to predict the rate of Servicing Fees we will receive at any given time. Therefore, to help you make a fully informed decision about whether to utilize (or continue utilizing) the Retirement Cash Account at any given time, we strongly recommend that you access the online materials or contact Matrix Trust Client Services as described above, to be provided with more detailed information.

F. MODELTOOL(K)IT™ SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ ("MTK") for the Plan, a total annual fee of 0.025% (2.5 basis points), the ModelTool(k)it™ Platform Fee, charged monthly in arrears applies to the market value of assets covered under the MTK agreement. This fee is deducted directly from the Plan account from the assets covered under the MTK agreement. Of the total fee, a third-party subcontractor of MSCS, Envestnet Retirement Services ("ERS") receives approximately (no less than) 0.02% (2.0 basis points) as its compensation for providing services detailed in the Plan's MTK agreement, and MSCS itself will retain approximately (no more than) 0.005% (0.5 basis points) for facilitating MTK as a service on the MSCS trading platform. All other applicable services and fees will continue to apply, except that if investments subject to the MTK agreement generate Mutual Fund Fees, MSCS Financial will collect such Mutual Fund Fees as compensation, but Matrix Trust will credit back Administrative Fees in an amount equal to one hundred percent (100%) of such Mutual Fund Fees to the TPA.

G. LEVEL COMPENSATION SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan has engaged a broker (registered representative) whose firm utilizes the Matrix Trust Level Compensation Services, in addition to any other applicable services and fees, MSCS Financial will serve as Broker of Record for investment transactions, and will retain up to 0.02% (2 basis points) of the Plan's total assets, with such fees coming from any 12b-1 fees and shareholder servicing ("Level Compensation Fees") it collects from Funds on behalf of the broker. For certain Plans whose investment lineup pays differing compensation per investment, brokers may receive Level Compensation Fees based on an approximate weighted average ("Weighted Average") of fees paid by or on behalf of Funds. Where Weighted Average is in place, MSCS Financial may retain an overage in the amount fees received from or on behalf of the Funds. This overage amount may be an amount up to 0.05% (5 basis points) of Plan assets because Weighted Average Level Compensation Fee percentages are set by MSCS on 0.05% (5 basis point) increments. If you have engaged an investment adviser for your plan whose firm utilizes the RIA Remittance Services of the MSCS Level Compensation Services, in addition to any other applicable services and fees, MSCS will be paid a fee of up to 0.015% (1.5 basis points) of the Plan's total assets (also referenced as "Level Compensation Fees"). With respect to brokers, the Level Compensation Fees are in exchange for MSCS Financial's administrative services in collecting and distributing Level

Compensation Fees to the broker. With respect to investment advisers, the Level Compensation fees are in exchange for MSCS's administrative services in collecting from the TPA and distributing to the investment adviser the adviser's advisory fees (*i.e.*, facilitating RIA fee remittance services). Per the agreement setting forth the Level Compensation Services between MSCS and the broker-dealer or investment advisory firm, this compensation is deducted from Level Compensation Fees as received from the Plan's Funds.

H. ETF/CLOSED END FUND TRADING SERVICES (if elected and to the extent applicable)

In addition to all other applicable services and fees, if the Plan offers one or more exchange-traded funds ("ETFs") and/or closed end funds ("CEFs") as investment options to Plan participants, a third-party subcontractor of MSCS, Virtu Americas LLC ("Virtu") (formerly known as "Knight Capital Group" or "KCG") receives certain commissions for executing ETF/CEF trades processed on the MSCS trading platform (per the agreement between Matrix Trust/MSCS and the TPA). Per the agreement between Matrix Trust/MSCS and the TPA, the commissions paid to Virtu are generally deducted directly from the Plan account (*i.e.*, "netted" from the ETF/CEF trade) unless, per the agreement between Matrix Trust/MSCS and the TPA, the TPA is invoiced for such charges instead. Virtu's commission charges, as the executing ETF/CEF broker, are:

- \$0.01 per share per ETF/CEF trade received by MSCS prior to 3:00 pm Eastern Time, or one (1) hour prior to market close, with market on close execution; or
- \$0.005 per share per ETF/CEF trade processed during market hours (with pricing changing throughout the trading day).

MSCS (along with Matrix Trust and MSCS Financial) does not retain any of Virtu's commissions described above; rather, Virtu receives 100% of these additional ETF/CEF commissions. However, Virtu's commissions are in addition to, not in lieu of, all other applicable fees, including but without limitation the Administrative Fees described above under the heading "Investment Related Administrative Fee Services".

ETF/CEF trade instructions may be received by MSCS after market close. When this occurs, the transaction will be processed the following business day. Because the price of an investment may change between the receipt of instructions and the execution of instructions, a transaction may result in either a shortfall or an excess. If the transaction results in a shortfall, Matrix Trust will promptly cover the shortfall to the extent necessary to process the transaction based on the price that would have been paid or realized by the Plan had the transaction been processed on the day Matrix received instruction. If the transaction results in an excess, Matrix Trust will retain the amount of the excess in a suspense account to be applied to future shortfalls.

I. STALE DATED CHECK SERVICES

Matrix Trust provides services to assist with the resolution of Plan participants' stale dated checks, as directed by an Authorized Person. Where the named Fiduciary of the Plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, PBI Research Services, Pension Benefit Information, LLC ("PBI"), receives \$40 per check as direct compensation which is deducted directly from the Plan (*i.e.*, from the stale check amount). This compensation to PBI is for its services which includes conducting a search, related communications, and distributing funds to affected Plan participants. All float income to Matrix Trust will cease with respect to the stopped check from the time the check is stopped, but float income related to the period beginning with the issuance of the distribution check through the date the check was stopped will be retained by Matrix Trust.

J. PROCEEDS OF CORRECTIVE TRANSACTIONS

Matrix Trust receives investment instructions and, although rare, occasional errors in the instructions themselves or the processing of instructions may occur. The causes of such errors may include, but are not necessarily limited to, entry of an erroneous trade ("buy" vs. "sell," or vice versa), dollar amount or number of shares, incorrect identification of the security, duplication of orders (such as, instructions entered more than once), or untimely transmittal of instructions. When an error is discovered, action is taken to correct the transaction in a manner intended to avoid or minimize harm or disruption to the Plan. Because the price of an investment may change between the processing of erroneous instructions and the execution of corrective instructions, a corrective transaction may result in either a shortfall or an excess. If the error originates with Matrix Trust and the corrective transaction results in a shortfall, Matrix Trust will promptly cover the shortfall to the extent necessary to process the transaction based on the price that would have been paid or realized by the Plan had the transaction been processed as instructed. If the corrective transaction results in an excess, Matrix Trust will retain the amount of the excess in a suspense account to be applied to future shortfalls resulting from trade errors. Consistent with positions expressed by the U.S. Department of Labor, any such excess proceeds may be treated as compensation to Matrix Trust for its services. The amount of any such compensation cannot be predicted in advance, but generally is not expected to be material over time.

II. NON-MONETARY COMPENSATION

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. **Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors.** Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata

basis, exceeds \$250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the \$250 threshold with respect to the plan.

III. MISCELLANEOUS

Matrix Trust reserves the right to decline acceptance of any Plan assets not discussed during the original account acceptance process. Matrix Trust reserves the right to amend this fee schedule at any time with a 30 day advance written notice to the Plan Sponsor, or such other time period as specified within the Client Agreement covering the Services.
