INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants,
Wakefern Food Corp. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Wakefern Food Corp. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of the Wakefern Food Corp. 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a participant-directed, voluntary defined contribution savings plan which became effective January 1, 1983. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Wakefern Food Corp. (the “Company”) is the Plan Sponsor and Plan Administrator (“Plan Sponsor” or “Plan Administrator”). Affiliated entities participating in the Plan include Food Haulers, Inc., National Transport Services, Inc., ShopRite Beverages, Inc. and TRR Carriers, Inc.

The Plan permits participants to electively transfer their investments between the Plan, the ShopRite Supermarkets, Inc. Payroll Deduction Plan and each of the other tax-qualified plans maintained by Wakefern Food Corp.’s affiliates, which are defined contribution plans that include a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (“IRC”) of 1986, as amended, following transfer of employment between the companies. For the year ended, the Plan received transfers in from another affiliated Plan amounting to \$5,653,176.

Eligibility

Employees of the Plan Sponsor and participating entities, other than leased employees, independent contractors and those covered by a collective bargaining agreement become eligible to participate in the Plan as of the date of the employee’s hire.

Contributions

A nonhighly compensated employee, as defined, can contribute up to 50% of his/her total pretax annual compensation, as defined, and a highly compensated employee, as defined, can contribute up to 20% of his/her total pretax annual compensation, between 2% and 5% of after-tax pay and rollover balances from another qualified plan. Participants can also contribute Roth contributions to the Plan. Pre-tax and post-tax contributions are limited to the amounts specified in the IRC each year. For 2021, maximum participant contributions were \$19,500 with an additional \$6,500 allowed for catch-up contributions for participants over 50 years old.

The Company makes a matching contribution of 50% of the first 6% of base compensation, as defined, that a participant contributes to the Plan. The Company does not match catch-up contributions. The Plan also provides for a nonelective Company contribution of 3% of base compensation to be allocated to participants hired or rehired on or after November 1, 2003, and who are either employed on the last day of the Plan year or who terminate employment by reason of death, disability or retirement during the Plan year. The Company may also contribute a discretionary amount to non-highly compensated employees, and the percentage is determined each year. Effective January 1, 2017, the Plan Sponsor authorized an amendment to require temporary employees, as defined, to attain 1,000 service hours before becoming eligible under the Plan for employer nonelective contributions and employer discretionary contributions. For the year ended December 31, 2021, the Company contributed an annual nonelective Company contribution, net of forfeitures in the amount of \$3,606,907 and \$4,712,738 of matching contributions.

Notes to Financial Statements
December 31, 2021 and 2020

Investments

The Plan's provisions allow participants to direct contributions into various investment funds offered by the Plan. Participants can also invest their retirement savings through the Fidelity BrokerageLink account. Through these self-directed brokerage accounts, participants can actively manage the purchase and sale of securities, such as stocks, options, bonds, securities, certificates of deposits, trusts, or mutual funds.

Participant Accounts

Each participant's account is credited with the participant's contributions, the respective amount of the Company's contributions, certain administrative expenses and the earnings or losses of the investment funds selected by the participant, and charged with distributions, if any, and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions and earnings or losses thereon are fully vested. The Company's contributions and earnings or losses thereon become vested at the rate of 20% per year and are fully vested after 5 years of service.

Forfeitures

At the completion of a one-year break-in-service, as defined, forfeitures of nonvested Company contributions can be used to reduce future Company contributions, reinstate forfeitures or pay reasonable expenses of the Plan. In the event the participant is re-employed prior to the incurrence of a five year break-in-service, as defined, the amounts forfeited are restored and adjusted on a reasonable basis for any gains or losses that would have been allocated to the amounts forfeited prior to their restoration, as of the last day of the Plan year in which the participant is re-employed; first, by utilizing all forfeitures in that Plan year and then, as needed, by additional contributions of the Company. There were \$305,027 of forfeitures used to reduce employer contributions for the year ended December 31, 2021. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$288,974 and \$307,027, respectively.

Benefit Payments

A participant is eligible to receive payment from his/her vested account when he/she leaves the Company or attains the age of 59 1/2. Participant payments are paid in a lump sum or monthly payments. Effective July 1, 2015, the Plan permits participants to elect monthly payments at or after normal retirement age if the participant's vested balance exceeds \$5,000. If the value of a participant's vested account does not exceed \$1,000, then their vested account will be distributed as soon as practical following termination. If a participant's vested account exceeds \$1,000, a participant is not required to receive distribution until April 1 of the year following the year in which the participant attains age 70 1/2. In-service distributions are also available for certain hardships.

Revenue Credit Account

Under the agreement between the Trustee and the Plan Sponsor, the Trustee makes deposits to this account in the amount of the revenue sharing received from each investment manager and calculated for each quarter used the fund balances in the Plan. Amounts in the account are used to offset Plan administrative expenses and any amount unused for expenses may be allocated to participant accounts.

Wakefern Food Corp. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of 50% of their pretax contribution account balance or \$50,000 (reduced by the highest value of any outstanding loan balance in the preceding 12 months). Interest rates on loans are determined by Fidelity Management Trust Company based on the Reuters prime rate, updated monthly. Repayment terms depend on the type of loan: a general loan must be repaid within five years, while loans used to acquire a primary residence can be repaid within ten years. Loans are repaid through payroll deductions and are collateralized by the balance in the participant's account.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes realized and unrealized gains and losses on investments.

Note Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans are considered delinquent after a grace period of non-payment on the last day of the calendar quarter following the calendar quarter in which the scheduled loan payment was due. Notes receivable maturities range from 2022 to 2031 with interest rates ranging from 3.25% to 9.50%.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Professional fees and certain administrative expenses relating to the operation of the Plan are paid by the Company and the remainder of the expenses are paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Wakefern Food Corp. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observed for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the closing price reported on the active markets on which the individual securities and funds are traded.

Money Market Funds: Investments are valued at cost plus accrued interest which approximates fair value.

Self-directed Brokerage Accounts: These accounts generally include mutual funds, money market funds, common stock and exchange-traded funds all of which are valued at the closing price reported in the active market in which the securities are traded.

Wakefern Food Corp. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Common Collective Trust: The common collective trust fund fair values are determined by the respective fund managers using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no unfunded commitments, redemptions restrictions or redemption frequency limitations at December 31, 2021. Common collective trust funds can be redeemed daily.

Investments measured at fair value on a recurring basis consisted of the following types of instruments at December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Value
Mutual funds	\$ 388,617,915	\$ -	\$ -	\$ 388,617,915
Money market funds	22,512,842	-	-	22,512,842
Self-directed brokerage accounts	40,065,518	-	-	40,065,518
Investment measured at NAV				
Common collective trust				5,760,496
	<u>\$ 451,196,275</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 456,956,771</u>

	Assets at Fair Value as of December 31, 2020			
	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Value
Mutual funds	\$ 336,025,756	\$ -	\$ -	\$ 336,025,756
Money market funds	25,263,886	-	-	25,263,886
Self-directed brokerage accounts	36,763,349	-	-	36,763,349
Investment measured at NAV				
Common collective trust				3,371,993
	<u>\$ 398,052,991</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 401,424,984</u>

Certain Investments measured at NAV using the practical expedient are not required to be leveled within the fair value table.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

December 31, 2021 and 2020

4. PLAN TERMINATION

Although the Company has not expressed intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in Company contributions as of the termination date.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the Trustee of the Plan has certified the completeness and accuracy of all investments, related investment income, notes receivable from participants and the related interest income reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company, the Trustee, except for comparing such information with information reported in the financial statements.

6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated April 25, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has evaluated the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. There are no tax related penalties or interest reflected in these financial statements.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund, the self-directed brokerage link and a common collective trust are issued or managed by an affiliate of Fidelity Management Trust Company, the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also parties-in-interest transactions. All such parties-in-interest transactions are considered exempt from the prohibited transactions rules.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined no subsequent events require disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants,
Wakefern Food Corp. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Wakefern Food Corp. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of the Wakefern Food Corp. 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a participant-directed, voluntary defined contribution savings plan which became effective January 1, 1983. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Wakefern Food Corp. (the “Company”) is the Plan Sponsor and Plan Administrator (“Plan Sponsor” or “Plan Administrator”). Affiliated entities participating in the Plan include Food Haulers, Inc., National Transport Services, Inc., ShopRite Beverages, Inc. and TRR Carriers, Inc.

The Plan permits participants to electively transfer their investments between the Plan, the ShopRite Supermarkets, Inc. Payroll Deduction Plan and each of the other tax-qualified plans maintained by Wakefern Food Corp.’s affiliates, which are defined contribution plans that include a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (“IRC”) of 1986, as amended, following transfer of employment between the companies. For the year ended, the Plan received transfers in from another affiliated Plan amounting to \$5,653,176.

Eligibility

Employees of the Plan Sponsor and participating entities, other than leased employees, independent contractors and those covered by a collective bargaining agreement become eligible to participate in the Plan as of the date of the employee’s hire.

Contributions

A nonhighly compensated employee, as defined, can contribute up to 50% of his/her total pretax annual compensation, as defined, and a highly compensated employee, as defined, can contribute up to 20% of his/her total pretax annual compensation, between 2% and 5% of after-tax pay and rollover balances from another qualified plan. Participants can also contribute Roth contributions to the Plan. Pre-tax and post-tax contributions are limited to the amounts specified in the IRC each year. For 2021, maximum participant contributions were \$19,500 with an additional \$6,500 allowed for catch-up contributions for participants over 50 years old.

The Company makes a matching contribution of 50% of the first 6% of base compensation, as defined, that a participant contributes to the Plan. The Company does not match catch-up contributions. The Plan also provides for a nonelective Company contribution of 3% of base compensation to be allocated to participants hired or rehired on or after November 1, 2003, and who are either employed on the last day of the Plan year or who terminate employment by reason of death, disability or retirement during the Plan year. The Company may also contribute a discretionary amount to non-highly compensated employees, and the percentage is determined each year. Effective January 1, 2017, the Plan Sponsor authorized an amendment to require temporary employees, as defined, to attain 1,000 service hours before becoming eligible under the Plan for employer nonelective contributions and employer discretionary contributions. For the year ended December 31, 2021, the Company contributed an annual nonelective Company contribution, net of forfeitures in the amount of \$3,606,907 and \$4,712,738 of matching contributions.

Notes to Financial Statements
December 31, 2021 and 2020

Investments

The Plan's provisions allow participants to direct contributions into various investment funds offered by the Plan. Participants can also invest their retirement savings through the Fidelity BrokerageLink account. Through these self-directed brokerage accounts, participants can actively manage the purchase and sale of securities, such as stocks, options, bonds, securities, certificates of deposits, trusts, or mutual funds.

Participant Accounts

Each participant's account is credited with the participant's contributions, the respective amount of the Company's contributions, certain administrative expenses and the earnings or losses of the investment funds selected by the participant, and charged with distributions, if any, and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions and earnings or losses thereon are fully vested. The Company's contributions and earnings or losses thereon become vested at the rate of 20% per year and are fully vested after 5 years of service.

Forfeitures

At the completion of a one-year break-in-service, as defined, forfeitures of nonvested Company contributions can be used to reduce future Company contributions, reinstate forfeitures or pay reasonable expenses of the Plan. In the event the participant is re-employed prior to the incurrence of a five year break-in-service, as defined, the amounts forfeited are restored and adjusted on a reasonable basis for any gains or losses that would have been allocated to the amounts forfeited prior to their restoration, as of the last day of the Plan year in which the participant is re-employed; first, by utilizing all forfeitures in that Plan year and then, as needed, by additional contributions of the Company. There were \$305,027 of forfeitures used to reduce employer contributions for the year ended December 31, 2021. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$288,974 and \$307,027, respectively.

Benefit Payments

A participant is eligible to receive payment from his/her vested account when he/she leaves the Company or attains the age of 59 1/2. Participant payments are paid in a lump sum or monthly payments. Effective July 1, 2015, the Plan permits participants to elect monthly payments at or after normal retirement age if the participant's vested balance exceeds \$5,000. If the value of a participant's vested account does not exceed \$1,000, then their vested account will be distributed as soon as practical following termination. If a participant's vested account exceeds \$1,000, a participant is not required to receive distribution until April 1 of the year following the year in which the participant attains age 70 1/2. In-service distributions are also available for certain hardships.

Revenue Credit Account

Under the agreement between the Trustee and the Plan Sponsor, the Trustee makes deposits to this account in the amount of the revenue sharing received from each investment manager and calculated for each quarter used the fund balances in the Plan. Amounts in the account are used to offset Plan administrative expenses and any amount unused for expenses may be allocated to participant accounts.

Wakefern Food Corp. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of 50% of their pretax contribution account balance or \$50,000 (reduced by the highest value of any outstanding loan balance in the preceding 12 months). Interest rates on loans are determined by Fidelity Management Trust Company based on the Reuters prime rate, updated monthly. Repayment terms depend on the type of loan: a general loan must be repaid within five years, while loans used to acquire a primary residence can be repaid within ten years. Loans are repaid through payroll deductions and are collateralized by the balance in the participant's account.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes realized and unrealized gains and losses on investments.

Note Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans are considered delinquent after a grace period of non-payment on the last day of the calendar quarter following the calendar quarter in which the scheduled loan payment was due. Notes receivable maturities range from 2022 to 2031 with interest rates ranging from 3.25% to 9.50%.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Professional fees and certain administrative expenses relating to the operation of the Plan are paid by the Company and the remainder of the expenses are paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Wakefern Food Corp. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observed for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the closing price reported on the active markets on which the individual securities and funds are traded.

Money Market Funds: Investments are valued at cost plus accrued interest which approximates fair value.

Self-directed Brokerage Accounts: These accounts generally include mutual funds, money market funds, common stock and exchange-traded funds all of which are valued at the closing price reported in the active market in which the securities are traded.

Wakefern Food Corp. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Common Collective Trust: The common collective trust fund fair values are determined by the respective fund managers using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no unfunded commitments, redemptions restrictions or redemption frequency limitations at December 31, 2021. Common collective trust funds can be redeemed daily.

Investments measured at fair value on a recurring basis consisted of the following types of instruments at December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Value
Mutual funds	\$ 388,617,915	\$ -	\$ -	\$ 388,617,915
Money market funds	22,512,842	-	-	22,512,842
Self-directed brokerage accounts	40,065,518	-	-	40,065,518
Investment measured at NAV				
Common collective trust				5,760,496
	<u>\$ 451,196,275</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 456,956,771</u>

	Assets at Fair Value as of December 31, 2020			
	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Value
Mutual funds	\$ 336,025,756	\$ -	\$ -	\$ 336,025,756
Money market funds	25,263,886	-	-	25,263,886
Self-directed brokerage accounts	36,763,349	-	-	36,763,349
Investment measured at NAV				
Common collective trust				3,371,993
	<u>\$ 398,052,991</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 401,424,984</u>

Certain Investments measured at NAV using the practical expedient are not required to be leveled within the fair value table.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

December 31, 2021 and 2020

4. PLAN TERMINATION

Although the Company has not expressed intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in Company contributions as of the termination date.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the Trustee of the Plan has certified the completeness and accuracy of all investments, related investment income, notes receivable from participants and the related interest income reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company, the Trustee, except for comparing such information with information reported in the financial statements.

6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated April 25, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has evaluated the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. There are no tax related penalties or interest reflected in these financial statements.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund, the self-directed brokerage link and a common collective trust are issued or managed by an affiliate of Fidelity Management Trust Company, the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also parties-in-interest transactions. All such parties-in-interest transactions are considered exempt from the prohibited transactions rules.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined no subsequent events require disclosure in the financial statements.
