INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
SST Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of SST Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of SST Employee Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SST Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SST Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SST Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of SST Employee Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SST EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the SST Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan with a 401(k)-arrangement covering substantially all employees of Smart System Technologies, Inc., (the "Company or the "Employer" or the "Plan Sponsor") and employees of Smart System Technologies Arizona Inc. (an affiliate and adopting employer under this single plan) who elect for plan entry regardless of age and without minimum years of service requirements. Eligible participants may enter the plan upon the first payday of the first pay period following the hire date or thereafter on the 1st day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - Participants may elect to contribute from 0% to 100% of their eligible compensation for the year subject to overall limitations permitted by code section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Starting January 1, 2021, the Company contributed a Safe Harbor Matching Contribution equal to 100% of each participant's elective deferral contribution up to 4% of the participant's eligible compensation. Before 2021, the Company made a matching contribution equal to 100% of each participant's elective deferral contribution up to 3% of the participant's eligible compensation. The total employer matching contribution was \$328,333 for the year ended December 31, 2021.
- C. Participants Accounts - Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary matching and discretionary non-matching contributions, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.
- D. Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer discretionary matching and non-matching contributions made before January 1, 2021 is based on years of continuous service. Participants vest in these accounts at a rate of 20% per year of service after the first year of vesting service and are fully vested after five years of service. Participants are fully vested in all employer contributions received on or after January 1, 2021.
- E. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions. As of December 31, 2021, participant loans have maturities through 2026 and interest rates ranging from 3.25% to 5.5%
- F. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts arising from Company contributions and related Plan earnings may be first used to pay plan expenses. Any forfeiture left after paying plan expenses is used to offset the employer's matching contributions. Forfeitures of zero were available for such purpose for the plan years ended December 31, 2021 and 2020, respectively.
- G. Participant Investment options – Upon enrollment in the Plan, participants must direct their salary deferral contributions and their allocated share of employer contributions into various investment options as made available and determined by the Plan administrator. The investment options are more fully described in the Plan's literature.

SST EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (continued)

- H. Payment of Benefits - Upon termination of service, participants with a vested account balance of less than \$1,000 will receive their vested benefits through a single lump-sum payment or may elect a rollover into another qualified plan. A participant with a vested account balance of at least \$1,000 but less than \$5,000 will receive their vested balances in a direct rollover to an individual retirement account unless the participant elects to receive a single lump-sum payment. Participants with vested account balances greater than \$5,000 excluding rollovers may leave their account in the Plan and continue to participate in the Plan's investments or may elect to receive their vested balances in a direct rollover to an individual retirement account unless the participant elects to receive a single lump-sum payment, periodic installment payments or a rollover into another qualified plan or receive periodic payments as permitted by the Plan. Upon termination of service due to disability, a participant may receive benefits through a single lump-sum payment or periodic installments. If a participant's service is terminated due to death, the participant's beneficiary may receive the value of the participant's account through a single lump-sum payment or periodic installments.

Note 2 - Summary of Significant Accounting Policies

- A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.
- B. Estimates - The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Accordingly, actual results could differ from those estimates.
- C. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in collective trusts and pooled separate accounts are valued daily based on the respective fund's net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- D. Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.
- E. Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2021, the Plan did not have any excess contributions.
- F. Payment of Benefits - Benefits are recorded when paid
- G. Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SST EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

H. Subsequent Events – The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts

Note 4 – Information Certified by Principal Life Insurance Company

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the following information certified by Principal Life and Principal Global (jointly, Principal Group), custodian of the Plan, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that was certified by Principal Group as complete and accurate.

	2021	2020
Statements of Net Assets Available for Benefits:		
Investments, participant directed (at fair value)		
Collective Investment Trust	\$ 1,121,137	\$ 910,410
Pooled Separate Accounts	3,401,773	2,423,349
	<u>\$ 4,522,910</u>	<u>\$ 3,333,759</u>
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation/(depreciation) in fair value of investments	<u>\$ 524,542</u>	

Note 5 - Tax Status

The Company has adopted a non-standardized form of a prototype plan sponsored by Principal Financial Life Insurance Company. The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SST EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, which has adversely affected the world economy and resulted in volatility in the global capital markets. The impact of this pandemic on investment prices and the world economy continues to evolve and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits cannot be reasonably estimated at this time.

Note 7 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

SST EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 7 – Fair Value Measurements – (continued)

Pooled Separate Accounts: Valued at the net asset value (NAV) of the accounts underlying investments. Such accounts contain synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. The Plan also holds an account that invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. These underlying real estate investments have observable level 2 pricing inputs and are valued utilizing evaluated pricing models.

Collective Investment Trust: Valued at the net asset value (NAV) of the accounts underlying investments. Such accounts contain synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total Fair Value</i>
Collective Investment Trust (1)	\$ -	\$ -	\$ -	\$ 1,121,137
Pooled Separate Accounts (1)	-	-	-	3,401,773
Total assets at fair value	\$ -	\$ -	\$ -	\$ 4,522,910

December 31, 2020

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total Fair Value</i>
Collective Investment Trust (1)	\$ -	\$ -	\$ -	\$ 910,410
Pooled Separate Accounts (1)	-	-	-	2,423,349
Total assets at fair value	\$ -	\$ -	\$ -	\$ 3,333,759

(1) Amounts are comprised of investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified within the fair value hierarchy.

Note 8 – Related-Party Transactions and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee and recordkeeper for the Plan. The Company paid certain administrative expenses of the Plan including the audit fee. These transactions qualify as party-in-interest transactions for which a statutory exemption applies.
