INDEPENDENT AUDITORS' REPORT

To the Trustees
Hayes 401(k) Profit Sharing Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Hayes 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Hayes 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Very truly yours,

HAYES 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Hayes 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of Hayes Chrysler-Dodge-Jeep, Inc., Hayes Chrysler-Dodge-Jeep of Gainesville, Inc., Hayes Chrysler-Dodge-Jeep of Baldwin, Inc., and Hayes Chevrolet, Buick, GMC, Cadillac, Inc. (referred to collectively hereafter as "the Company"). Employees are eligible to participate in the Plan beginning on the first day of each quarter once attaining age 21 and completing ninety days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may elect to defer a portion of their compensation and make a contribution to the Plan. Each year, participants may contribute up to the maximum amount allowed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. Participant catch-up contributions are permitted by the Plan. Effective July 1, 2021 (see Note 12), the Company makes matching contributions equal to 50% of the participant's elective deferral up to a maximum of \$2,000 for non-highly compensated participants only. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various separate accounts as investment options.

Participant accounts:

Each participant's account is credited with the participant's contributions, allocation of the Company's matching contributions, and allocation of Plan earnings. Allocations are based on compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service with the Company. A participant is fully vested after five years of service.

HAYES 401(K) PROFIT SHARING PLAN**NOTES TO FINANCIAL STATEMENTS****Note 1. Description of Plan (continued)****Forfeited accounts:**

Forfeitures of nonvested balances resulting from termination of service can be used to reduce future employer contributions or pay plan expenses. At December 31, 2021, there was \$6 in unallocated forfeitures (\$1,206 in 2020). \$1,200 in forfeitures were used during 2021.

Notes receivable from participants:

Participants are permitted to borrow against their fully vested accounts with the minimum loan being \$1,000 and maximum set at the lesser of 50% of the participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money, as determined by the Plan administrator or custodian. The interest rate is fixed at the time of the loan agreement.

Payment of benefits:

The vested value of a participant's account is payable upon termination, retirement, death or disability in either a lump sum or installments, in accordance with the terms of the Plan. The non-vested portion of the participant's account will be forfeited.

Hardship withdrawals are permitted as defined in the Plan documents.

Note 2. Significant Accounting Policies**Basis of accounting:**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

HAYES 401(K) PROFIT SHARING PLAN**NOTES TO FINANCIAL STATEMENTS****Note 2. Significant Accounting Policies (continued)**

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan expenses:

Company personnel perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. The Company paid a portion of plan expenses for the year ended December 31, 2021.

Notes receivable from participants:

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3. Party-In-Interest Transactions

The pooled separate accounts and The John Hancock Stable Value Fund are investment products of John Hancock Life Insurance Company (USA), and therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

The Plan paid administrative service fees to FuturePlan and ERISA Services, Inc.

Fees paid to parties-in-interest totaled \$58,407 for the year ended December 31, 2021.

HAYES 401(K) PROFIT SHARING PLAN**NOTES TO FINANCIAL STATEMENTS****Note 4. Information Prepared and Certified by Custodian**

The following information was compiled from data certified by the custodian, John Hancock Life Insurance Company (USA), as being complete and accurate:

- A. Investments included in the Statements of Net Assets Available for Benefits - December 31, 2021 and 2020.
- B. Investment income included in the Statement of Changes in Net Assets Available for Benefits - Year Ended December 31, 2021.
- C. Investment information included in Schedule of Assets Held at End of Year.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

HAYES 401(K) PROFIT SHARING PLAN**NOTES TO FINANCIAL STATEMENTS****Note 7. Income Tax Status**

The Plan adopted a pre-approved plan document which received an opinion letter from the Internal Revenue Service (IRS) on June 1, 2021, which stated that the prototype basic plan document is designed in accordance with the applicable sections of Internal Revenue Code (IRC). Any employer adopting this form of the plan will be considered to have a plan qualified under the applicable section of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt and no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8. Stable Value Fund

The John Hancock Stable Value Fund (the Fund) is an investment option with the group annuity contract. The fund sub-account invests into the John Hancock Stable Value Fund Collective Investment Trust (the trust). Global Trust Company is the trustee of the trust and State Street Bank & Trust Company is the custodian and transfer agent for the fund.

The underlying trust itself is generally fully benefit-responsive and honors eligible redemption at \$1.00 per unit. As a result, (i) the daily net asset value (NAV) published by the trust is a stable \$1.00 per unit, and is effectively its contract value, (ii) that value is used for valuing the sub-account and determining sub-account unit values, and (iii) the sub-account does not have to reflect the actual market values of the trust's net assets. The trust currently offers four classes of units. The net asset value for each unit class of the trust is calculated daily by dividing the net assets applicable to each unit class by the respective number of units outstanding for the class. Deposits to and withdrawals from the trust may be made daily at the current net asset value per unit. Each unit is equal in value to every other unit. Global Trust Company expects that the value of each unit will remain constant at \$1.00, although there is no assurance that it will remain constant at \$1.00. Units are valued each day Global Trust Company is open for business.

All withdrawals initiated by a participating plan or its sponsor (participating plan directed withdrawal) and all participant withdrawals deemed to be participating plan directed withdrawals shall be effected no later than 12 months from the date that withdrawal instructions are received.

HAYES 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8. Stable Value Fund (continued)

Upon the delivery of withdrawal instructions, the participating plan shall have the option to either (i) receive such withdrawal on the normal funding date, subject to the application of a market value adjustment factor, or (ii) receive the withdrawal without a market value adjustment. The market value adjustment factor shall be a fraction equal to the difference between the book value of the fund and the market value of the fund's assets (adjusted for all accrued but unpaid expenses as of the determination date), divided by the book value of the fund on such date as determined and reported.

The trust's investments earn a return expected to equal the gross credit rate. The gross crediting rate is primarily based on the current yield-to-maturity of the covered investments, plus or minus amortization of the difference between the market value and contract value of the covered investments over the duration of the covered investment at the time of computation. The gross crediting rate can be adjusted periodically and is usually adjusted either monthly or quarterly, but in no event is the gross crediting rate less than zero. The occurrence of an event that would limit the ability of the fund to transact contract value with the participants in the fund is not probable.

Note 9. Fair Value Measurements

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

HAYES 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 9. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Pooled separate accounts (PSAs) invest in mutual funds. The fair value of the mutual funds is a publicly quoted pricing input and is used in determining the net asset value (NAV) of the PSAs, which is not publicly quoted. These PSAs can generally be redeemed at NAV as of the measurement date.

Stable value fund: The NAV for each unit class of the trust is calculated daily by dividing the net assets applicable to each unit class by the respective number of units outstanding for the class. Deposits to and withdrawals from the trust may be made daily at the current NAV per unit. Each unit is equal in value to every other unit.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Description	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Pooled separate accounts (a)				\$ 6,776,309
Stable value fund (a)				<u>155,978</u>
Total				<u>\$ 6,932,287</u>

Description	December 31, 2020			Total
	Level 1	Level 2	Level 3	
Pooled separate accounts (a)				\$ 5,686,854
Stable value fund (a)				<u>17,010</u>
Total				<u>\$ 5,703,864</u>

HAYES 401(K) PROFIT SHARING PLAN**NOTES TO FINANCIAL STATEMENTS****Note 9. Fair Value Measurements (continued)**

(a) The pooled separate accounts and stable value fund are measured using net asset value (NAV) as a practical expedient. In accordance with guidance in ASU 2015-07, which has been adopted by the Plan, these investments have not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 10. Fair Value of Investments in Entities That Use Net Asset Value

The investments measured at fair value based on NAV per share have no unfunded commitments, a maximum redemption frequency of two per month, and no redemption notice period as of December 31, 2021 and 2020. Although there is no notice period limitation for redemptions, participants who take redemptions from individual funds are not allowed to transfer back into those funds until the 30-day holding period has expired. New contributions are allowed during this time period.

Note 11. Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in benefit payments. The Plan was not able to distribute all of the excess contributions to applicable participants prior to March 15, 2021. Excess contributions, including earnings, for the years ended December 31, 2020 totaled \$14,492 (none for December 31, 2021).

Note 12. Plan Amendments

In August 2020, the Plan adopted the coronavirus-related distribution ("CRD") provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act CRD provisions allow for qualified participants to take a distribution up to \$100,000 any time before December 31, 2020. In addition, the Plan adopted the required minimum distribution provisions of the CARES Act that allows the plan sponsor to waive the required minimum distribution requirement for COVID related distributions made in 2020.

Effective January 1, 2021, the Plan was restated to add a second individual trustee and to reinstate Company matching contributions for non-highly compensated participants only. Company matching contribution provisions are effective July 1, 2021.
