Independent Auditors' Report

To the Plan Administrator and Trustee
Maxey Trailers Manufacturing, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed audits of the financial statements of Maxey Trailers Manufacturing, Inc. 401(k) Profit Sharing Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Notes 1 and 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplement Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets Held for Investment Purposes are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements
December 31, 2021 and 2020

Note 1 – Description of the Plan

The following description of the Maxey Trailers Manufacturing, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was originally established on January 1, 2019, to provide financial benefits for eligible employees of Maxey Trailers Manufacturing, Inc. (the “Company”). The Plan is a defined contribution plan qualified under Section 401(k) of the U.S. Internal Revenue Code (“IRC”) covering all employees of Company. The first employees began participating on September 4, 2019.

Employees become eligible on the (a) first day of the first month of the Plan Year or (b) first day of the seventh month of the Plan Year, coincident with or following the date they perform their first service hour. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participant’s contributions are subject to a maximum dollar limit as determined under IRC regulations. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution to each participant’s account equal to 50 percent of the amount of the participant’s contribution. The maximum contribution amount eligible to be matched is 6 percent of eligible compensation. The Company’s matching contribution for 2021 amounted to \$169,921.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Each participant’s contributions are invested separately according to the participant’s investment direction so that each participant’s account realizes appreciation and depreciation based on related investment performance. Plan earnings are calculated and credited to participant’s account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participant accounts may be charged for some or all of the costs and expenses of operating the Plan.

Plan Administration

The Plan is administered by the Plan Administrator who is appointed by management of the Company. The Plan’s custodian, Capital Bank and Trust Company, has been identified as the qualified certifying institution and is responsible for the custody and management of the Plan’s assets.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s contributions portion of their accounts plus earnings thereon is based on years of continuous service, whereby partial vesting begins after two years of service and are fully vested after six years of service according to the following schedule:

MAXEY TRAILERS MANUFACTURING, INC.
401(K) PROFIT SHARING PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1 – Description of the Plan (continued)

<u>Years of Vesting Service Percentage</u>	<u>Vesting Percentage</u>
Less than Two Years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

Participants become fully (100%) vested while an employee and upon attaining the age of 65 or death or becoming disabled.

Notes Receivables from Participants

The Plan does not permit notes receivable from participants.

Payment of Benefits

On termination of service due to death, reasons other than death, disability, or retirement, a participant receives an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount.

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Amounts forfeited from a Participant's account are used to restore forfeitures, reduce company contributions, or to pay administrative expenses, as determined by the Company at its sole discretion. Unallocated forfeitures at December 31, 2021 and 2020, amounted to \$671 and \$854, respectively.

Expenses

Certain costs of administering the Plan are paid by the Company and are therefore not reflected in the Plan's financial statements. Investment related expenses are included in net appreciation of the fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

MAXEY TRAILERS MANUFACTURING, INC.
401(K) PROFIT SHARING PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

Note 2 – Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurement, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

401(K) PROFIT SHARING PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value				
As of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 647,118	\$ -	\$ -	\$ 647,118
Investments at fair value	\$ 647,118	\$ -	\$ -	\$ 647,118

Assets at Fair Value				
As of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 201,721	\$ -	\$ -	\$ 201,721
Investments at fair value	\$ 201,721	\$ -	\$ -	\$ 201,721

Note 4 – Related Party and Party in Interest Transactions

Officers or employees of the Company perform certain administrative functions. No such officer or employee received compensation from the plan. Administrative fees paid directly by the Company amounted to \$15,950 during the year ended December 31, 2021.

Note 5 – Corrective Contributions

Certain computational errors were identified relating to participant deferrals and contributions calculations due to the initial Plan setup in the Company's payroll system during 2019. Corrective contributions to participant accounts, including lost earnings, have been identified and quantified by the Company. The corrective contributions were based upon plan provisions and was limited by various Internal Revenue Code regulations. The corrective contributions receivable as of December 31, 2021 and 2020, were \$- and \$10,116, respectively, in the accompanying statement of net assets available for benefits. The Plan had corrective contributions amounting to \$- and \$3,163 during the years ended December 31, 2021 and 2020, respectively. The calculation reflects investment earnings and losses based upon the affected participants' investment elections during the correction years. These amounts were remitted by the Company and credited to participants' accounts during 2020.

MAXEY TRAILERS MANUFACTURING, INC.
401(K) PROFIT SHARING PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

Note 6 – Plan Amendment and Termination

The Company may amend the Plan at any time provided that no amendment will divert any part of the Plan's assets to any purpose other than for the exclusive benefit of the participants in the Plan or eliminate an optional form of distribution.

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all amounts credited to participants' accounts will be fully vested and will be paid to the participants.

Note 7 – Tax Status

The Plan is a standardized prototype plan and has not been submitted to the Internal Revenue Service ("IRS") for a determination as to whether it meets the qualification requirements of IRC Section 401(k). The IRS issued an opinion dated September 30, 2014, stating that the prototype plan was designed in accordance with IRC requirements as of that date. Management of the Company believes that the Plan is designed and is being operated within the terms of the Plan, and is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS.

Note 8 – Information Prepared and Certified By the Custodian of the Plan

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as accurate and complete by the custodian:

	<u>2021</u>	<u>2020</u>
Investments, at fair value	\$ 647,118	\$ 201,721
Investment income:		
Net appreciation in fair value of investments	31,381	
Interest and dividends	21,412	

Notes 9– Risks and Uncertainties

The Plan invests in various mutual funds. Investment in mutual funds is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
