Independent Auditors' Report

To the Plan Administrator of
Spectrum Brands 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Spectrum Brands 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of 12 months from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Spectrum Brands 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan originally effective as of July 1, 1983, was amended and restated in its entirety on January 1, 2015. The Plan, as amended and restated, is intended to qualify as a profit-sharing plan under Internal Revenue Code (IRC) Section 401(a) and includes a cash or deferred arrangement that is intended to qualify under IRC Section 401(k). The Plan is maintained for the exclusive benefit of eligible employees and their beneficiaries.

The Plan is a defined contribution plan covering the employees of various companies under Spectrum Brands, Inc. (the Company or the plan sponsor). The purpose of the Plan is to provide supplementary support for participants upon their retirement. It is subject to the provisions of ERISA, as amended.

Eligibility

Each Company employee who was an eligible employee immediately prior to a merger date continued to be an eligible employee subsequent to that date. Each Company employee, other than a United Industries Bargaining Unit Employee or a Rayovac Union employee, shall become an eligible employee as of the next enrollment date following the date on which they become an employee.

Each United Industries Bargaining Unit Employee who was not an eligible employee immediately prior to the merger date shall become an eligible employee as of the next enrollment date following the date on which they complete one year of eligible service.

Contributions

Active participants are permitted to make contributions to the Plan in whole percentages up to 75 percent of their pretax annual compensation, as defined in the plan document, subject to applicable limits of the IRC. Company contributions to participant accounts are limited to the applicable limits of the IRC.

The employer contribution for all nonunion employees is a match of 50 percent of the first 7 percent of the employee's eligible compensation contributed to the Plan.

The employer is required to match 25 percent of each United Industries Bargaining Unit Employee's tax deferred contributions up to 6 percent of their compensation. Additional amounts may also be contributed at the option of the employer.

The employer is required to make a \$100 contribution for each eligible St. Louis Bargaining Unit Employee, so long as such individual was employed and actively contributing to the Plan on April 1, 2021.

Unless modified by the participant, for nonunion employees, the employer will automatically withhold 7 percent of the participant's eligible compensation and deposit the amount in the participant's account, into funds selected by the employer.

Participant Accounts and Investment Fund Options

Participant contributions and investment earnings were directed by the individual Plan participants to certain investment choices offered under the Plan. Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations of Company contributions, Plan earnings and administrative expenses are based on participant's compensation or account balances, as defined in the plan document.

Vesting

A participant is immediately vested in all employee contributions made to the Plan.

A participant is fully vested in his or her account balance attributable to employer contributions made prior to January 1, 2007. A participant's vested interest in employer contributions made on or after January 1, 2007 varies by division. Participants should refer to the plan document for a more complete description of the Plan's vesting provisions.

Forfeited Accounts

As of December 31, 2021 and 2020, unused forfeited nonvested accounts totaled \$0 and \$10,736, respectively. These accounts will be used to reduce future Company contributions or offset Plan administrative expenses. During 2021, \$5,864 was used to reduce the Company's contribution to the plan and \$18,856 was used to offset Plan expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a single-sum payment or installment payments. Participants may be eligible for a hardship withdrawal from their pretax participant account under certain circumstances and with the plan administrator's approval.

Notes Receivable from Participants

Eligible participants may receive loans from their accounts up to the lesser of 50 percent of the individual participant's vested account balance or \$50,000. If the participant has received a loan in the past, the \$50,000 limit is reduced by the highest outstanding loan balance during the preceding 12-month period. Loan terms must not exceed five years, except in the case of loans used for purchase of a primary residence, in which case the loan period will be determined at the time the loan is made. Loans are secured by the vested balance in the participant's account and bear interest at 4.25 percent to 7.25 percent, commensurate with current interest rates charged for loans made under similar circumstances. Principal and interest payments are due on a quarterly basis or more often and are reinvested in the investment option(s) selected by the participant. Participants with an outstanding loan, other than United Industries Bargaining Unit employees, are not permitted to apply for another loan until the existing loan is paid in full, unless the loan is used for the purchase of a primary residence, in which case a second loan is permitted. Participants are also not allowed to refinance or pay off an existing loan by taking a second loan and certain participant groups are not eligible to apply for loans. United Industries Bargaining Unit employees are not permitted to have more than two outstanding loans at any time, neither of which may be a principal residence loan.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the plan document to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the Trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

4. Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds are valued at the closing price reported on the active market on which the individual securities are traded.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan sponsor is responsible for the determination of fair value and has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 362,278,242	\$ 362,278,242	\$ -	\$ -
Total investments at fair value	<u>\$ 362,278,242</u>			
December 31, 2020				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 313,965,273	\$ 313,965,273	\$ -	\$ -
Total investments at fair value	<u>\$ 313,965,273</u>			

5. Fully Benefit-Responsive Investment Contract

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract (FBRIC) criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the contract value of investment contracts held by the Plan.

	2021	2020
Synthetic investment contract	\$ 54,412,079	\$ 51,752,237

The synthetic investment contract held by the Plan includes wrapper contracts that provide a guarantee that the credit rate will not fall below 1.5 percent. Cash flow volatility (for example, timing of the benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with FBRICs is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options; and
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the agreements without consent of the issuer.

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Trustees and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation or depreciation in the fair value of the investment, as they are paid through revenue sharing, in addition to direct payments.

The Plan allows for loans to be taken out by Plan participants, which are also considered party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan had investments of \$178,788,646 and \$156,269,201 that were concentrated in three funds as of December 31, 2021 and 2020, respectively.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 10, 2017 that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, the Plan continues to qualify under Section 401(k) and the related trust continues to be tax-exempt as of December 31, 2021. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, which is the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

Effective January 1, 2022, the Plan increased the nonunion employer match from 50% of the first 7% of eligible contributions to a safe harbor match of 100% of the first 3% and 50% of the next 2% of eligible contributions.

Effective January 1, 2022, For Life Products, Inc. 401(k) Profit Sharing Plan merged into the Plan.

Independent Auditors' Report

To the Plan Administrator of
Spectrum Brands 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Spectrum Brands 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of 12 months from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Spectrum Brands 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan originally effective as of July 1, 1983, was amended and restated in its entirety on January 1, 2015. The Plan, as amended and restated, is intended to qualify as a profit-sharing plan under Internal Revenue Code (IRC) Section 401(a) and includes a cash or deferred arrangement that is intended to qualify under IRC Section 401(k). The Plan is maintained for the exclusive benefit of eligible employees and their beneficiaries.

The Plan is a defined contribution plan covering the employees of various companies under Spectrum Brands, Inc. (the Company or the plan sponsor). The purpose of the Plan is to provide supplementary support for participants upon their retirement. It is subject to the provisions of ERISA, as amended.

Eligibility

Each Company employee who was an eligible employee immediately prior to a merger date continued to be an eligible employee subsequent to that date. Each Company employee, other than a United Industries Bargaining Unit Employee or a Rayovac Union employee, shall become an eligible employee as of the next enrollment date following the date on which they become an employee.

Each United Industries Bargaining Unit Employee who was not an eligible employee immediately prior to the merger date shall become an eligible employee as of the next enrollment date following the date on which they complete one year of eligible service.

Contributions

Active participants are permitted to make contributions to the Plan in whole percentages up to 75 percent of their pretax annual compensation, as defined in the plan document, subject to applicable limits of the IRC. Company contributions to participant accounts are limited to the applicable limits of the IRC.

The employer contribution for all nonunion employees is a match of 50 percent of the first 7 percent of the employee's eligible compensation contributed to the Plan.

The employer is required to match 25 percent of each United Industries Bargaining Unit Employee's tax deferred contributions up to 6 percent of their compensation. Additional amounts may also be contributed at the option of the employer.

The employer is required to make a \$100 contribution for each eligible St. Louis Bargaining Unit Employee, so long as such individual was employed and actively contributing to the Plan on April 1, 2021.

Unless modified by the participant, for nonunion employees, the employer will automatically withhold 7 percent of the participant's eligible compensation and deposit the amount in the participant's account, into funds selected by the employer.

Participant Accounts and Investment Fund Options

Participant contributions and investment earnings were directed by the individual Plan participants to certain investment choices offered under the Plan. Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations of Company contributions, Plan earnings and administrative expenses are based on participant's compensation or account balances, as defined in the plan document.

Vesting

A participant is immediately vested in all employee contributions made to the Plan.

A participant is fully vested in his or her account balance attributable to employer contributions made prior to January 1, 2007. A participant's vested interest in employer contributions made on or after January 1, 2007 varies by division. Participants should refer to the plan document for a more complete description of the Plan's vesting provisions.

Forfeited Accounts

As of December 31, 2021 and 2020, unused forfeited nonvested accounts totaled \$0 and \$10,736, respectively. These accounts will be used to reduce future Company contributions or offset Plan administrative expenses. During 2021, \$5,864 was used to reduce the Company's contribution to the plan and \$18,856 was used to offset Plan expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a single-sum payment or installment payments. Participants may be eligible for a hardship withdrawal from their pretax participant account under certain circumstances and with the plan administrator's approval.

Notes Receivable from Participants

Eligible participants may receive loans from their accounts up to the lesser of 50 percent of the individual participant's vested account balance or \$50,000. If the participant has received a loan in the past, the \$50,000 limit is reduced by the highest outstanding loan balance during the preceding 12-month period. Loan terms must not exceed five years, except in the case of loans used for purchase of a primary residence, in which case the loan period will be determined at the time the loan is made. Loans are secured by the vested balance in the participant's account and bear interest at 4.25 percent to 7.25 percent, commensurate with current interest rates charged for loans made under similar circumstances. Principal and interest payments are due on a quarterly basis or more often and are reinvested in the investment option(s) selected by the participant. Participants with an outstanding loan, other than United Industries Bargaining Unit employees, are not permitted to apply for another loan until the existing loan is paid in full, unless the loan is used for the purchase of a primary residence, in which case a second loan is permitted. Participants are also not allowed to refinance or pay off an existing loan by taking a second loan and certain participant groups are not eligible to apply for loans. United Industries Bargaining Unit employees are not permitted to have more than two outstanding loans at any time, neither of which may be a principal residence loan.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the plan document to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the Trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

4. Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds are valued at the closing price reported on the active market on which the individual securities are traded.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan sponsor is responsible for the determination of fair value and has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 362,278,242	\$ 362,278,242	\$ -	\$ -
Total investments at fair value	<u>\$ 362,278,242</u>			
December 31, 2020				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 313,965,273	\$ 313,965,273	\$ -	\$ -
Total investments at fair value	<u>\$ 313,965,273</u>			

5. Fully Benefit-Responsive Investment Contract

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract (FBRIC) criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the contract value of investment contracts held by the Plan.

	2021	2020
Synthetic investment contract	\$ 54,412,079	\$ 51,752,237

The synthetic investment contract held by the Plan includes wrapper contracts that provide a guarantee that the credit rate will not fall below 1.5 percent. Cash flow volatility (for example, timing of the benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with FBRICs is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options; and
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the agreements without consent of the issuer.

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Trustees and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation or depreciation in the fair value of the investment, as they are paid through revenue sharing, in addition to direct payments.

The Plan allows for loans to be taken out by Plan participants, which are also considered party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan had investments of \$178,788,646 and \$156,269,201 that were concentrated in three funds as of December 31, 2021 and 2020, respectively.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 10, 2017 that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, the Plan continues to qualify under Section 401(k) and the related trust continues to be tax-exempt as of December 31, 2021. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, which is the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

Effective January 1, 2022, the Plan increased the nonunion employer match from 50% of the first 7% of eligible contributions to a safe harbor match of 100% of the first 3% and 50% of the next 2% of eligible contributions.

Effective January 1, 2022, For Life Products, Inc. 401(k) Profit Sharing Plan merged into the Plan.

Independent Auditors' Report

To the Plan Administrator of
Spectrum Brands 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Spectrum Brands 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of 12 months from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Spectrum Brands 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan originally effective as of July 1, 1983, was amended and restated in its entirety on January 1, 2015. The Plan, as amended and restated, is intended to qualify as a profit-sharing plan under Internal Revenue Code (IRC) Section 401(a) and includes a cash or deferred arrangement that is intended to qualify under IRC Section 401(k). The Plan is maintained for the exclusive benefit of eligible employees and their beneficiaries.

The Plan is a defined contribution plan covering the employees of various companies under Spectrum Brands, Inc. (the Company or the plan sponsor). The purpose of the Plan is to provide supplementary support for participants upon their retirement. It is subject to the provisions of ERISA, as amended.

Eligibility

Each Company employee who was an eligible employee immediately prior to a merger date continued to be an eligible employee subsequent to that date. Each Company employee, other than a United Industries Bargaining Unit Employee or a Rayovac Union employee, shall become an eligible employee as of the next enrollment date following the date on which they become an employee.

Each United Industries Bargaining Unit Employee who was not an eligible employee immediately prior to the merger date shall become an eligible employee as of the next enrollment date following the date on which they complete one year of eligible service.

Contributions

Active participants are permitted to make contributions to the Plan in whole percentages up to 75 percent of their pretax annual compensation, as defined in the plan document, subject to applicable limits of the IRC. Company contributions to participant accounts are limited to the applicable limits of the IRC.

The employer contribution for all nonunion employees is a match of 50 percent of the first 7 percent of the employee's eligible compensation contributed to the Plan.

The employer is required to match 25 percent of each United Industries Bargaining Unit Employee's tax deferred contributions up to 6 percent of their compensation. Additional amounts may also be contributed at the option of the employer.

The employer is required to make a \$100 contribution for each eligible St. Louis Bargaining Unit Employee, so long as such individual was employed and actively contributing to the Plan on April 1, 2021.

Unless modified by the participant, for nonunion employees, the employer will automatically withhold 7 percent of the participant's eligible compensation and deposit the amount in the participant's account, into funds selected by the employer.

Participant Accounts and Investment Fund Options

Participant contributions and investment earnings were directed by the individual Plan participants to certain investment choices offered under the Plan. Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations of Company contributions, Plan earnings and administrative expenses are based on participant's compensation or account balances, as defined in the plan document.

Vesting

A participant is immediately vested in all employee contributions made to the Plan.

A participant is fully vested in his or her account balance attributable to employer contributions made prior to January 1, 2007. A participant's vested interest in employer contributions made on or after January 1, 2007 varies by division. Participants should refer to the plan document for a more complete description of the Plan's vesting provisions.

Forfeited Accounts

As of December 31, 2021 and 2020, unused forfeited nonvested accounts totaled \$0 and \$10,736, respectively. These accounts will be used to reduce future Company contributions or offset Plan administrative expenses. During 2021, \$5,864 was used to reduce the Company's contribution to the plan and \$18,856 was used to offset Plan expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a single-sum payment or installment payments. Participants may be eligible for a hardship withdrawal from their pretax participant account under certain circumstances and with the plan administrator's approval.

Notes Receivable from Participants

Eligible participants may receive loans from their accounts up to the lesser of 50 percent of the individual participant's vested account balance or \$50,000. If the participant has received a loan in the past, the \$50,000 limit is reduced by the highest outstanding loan balance during the preceding 12-month period. Loan terms must not exceed five years, except in the case of loans used for purchase of a primary residence, in which case the loan period will be determined at the time the loan is made. Loans are secured by the vested balance in the participant's account and bear interest at 4.25 percent to 7.25 percent, commensurate with current interest rates charged for loans made under similar circumstances. Principal and interest payments are due on a quarterly basis or more often and are reinvested in the investment option(s) selected by the participant. Participants with an outstanding loan, other than United Industries Bargaining Unit employees, are not permitted to apply for another loan until the existing loan is paid in full, unless the loan is used for the purchase of a primary residence, in which case a second loan is permitted. Participants are also not allowed to refinance or pay off an existing loan by taking a second loan and certain participant groups are not eligible to apply for loans. United Industries Bargaining Unit employees are not permitted to have more than two outstanding loans at any time, neither of which may be a principal residence loan.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the plan document to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2021 and 2020

3. Information Certified by Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the Trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

4. Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds are valued at the closing price reported on the active market on which the individual securities are traded.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan sponsor is responsible for the determination of fair value and has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 362,278,242	\$ 362,278,242	\$ -	\$ -
Total investments at fair value	<u>\$ 362,278,242</u>			
December 31, 2020				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 313,965,273	\$ 313,965,273	\$ -	\$ -
Total investments at fair value	<u>\$ 313,965,273</u>			

5. Fully Benefit-Responsive Investment Contract

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract (FBRIC) criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the contract value of investment contracts held by the Plan.

	2021	2020
Synthetic investment contract	\$ 54,412,079	\$ 51,752,237

The synthetic investment contract held by the Plan includes wrapper contracts that provide a guarantee that the credit rate will not fall below 1.5 percent. Cash flow volatility (for example, timing of the benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with FBRICs is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options; and
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the agreements without consent of the issuer.

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Trustees and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation or depreciation in the fair value of the investment, as they are paid through revenue sharing, in addition to direct payments.

The Plan allows for loans to be taken out by Plan participants, which are also considered party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan had investments of \$178,788,646 and \$156,269,201 that were concentrated in three funds as of December 31, 2021 and 2020, respectively.

Spectrum Brands 401(k) Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 10, 2017 that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, the Plan continues to qualify under Section 401(k) and the related trust continues to be tax-exempt as of December 31, 2021. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, which is the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

Effective January 1, 2022, the Plan increased the nonunion employer match from 50% of the first 7% of eligible contributions to a safe harbor match of 100% of the first 3% and 50% of the next 2% of eligible contributions.

Effective January 1, 2022, For Life Products, Inc. 401(k) Profit Sharing Plan merged into the Plan.
