INDEPENDENT AUDITOR'S REPORT

Board of Trustees
MEBA 401(k) Plan

Opinion

We have audited the financial statements of MEBA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of MEBA 401(k) Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MEBA 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MEBA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MEBA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MEBA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 15 and 16 represent supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MEBA 401(K) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the MEBA 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Regulations for a more comprehensive description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution and profit-sharing plan covering Licensed Officers covered thereunder and to Port Engineers, Port Electricians and Hull Inspectors, established under the provisions of an Agreement and Declaration of Trust between National Marine Engineers' Beneficial Association, AFL-CIO and various Employers of Licensed Officers having collective bargaining agreements with District No. 1-PCD, MEBA (Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants' elective contributions represent amounts paid by an employer, at the election of the employee, in lieu of cash compensation and include contributions that are made pursuant to a salary reduction agreement. Participants may contribute, in whole percentage or dollar amount, pre-tax annual compensation, as well as after tax and Roth contributions up to the amounts permissible under Internal Revenue Code Section 402(g). The Plan also accepts participant rollover contributions, catch-up contributions, employer matching contributions, and make-up contributions by returning veterans.

Effective July 1, 2016, the bargaining parties agreed to an annual reallocation of up to \$1.82 per man day plus Feinberg employer payment from the MEBA Medical and Benefits Plan to the Plan to be applied to the Plan's administrative expenses, with the remaining portion allocated to the MEBA Training Plan. The Plan is allocated the portion of the \$1.82 per man day plus Feinberg that is determined by the Union, based on an estimate of the amount needed to cover the administrative costs of the Plan for the plan year that will not be covered by the Plan's revenue sharing agreement with Fidelity Management Trust Company (refer to note 5). The amount allocated to the Plan is subject to adjustment after an annual reconciliation to be performed as soon as practicable after the close of each plan year to determine the amount, if any, by which the portion of the allocated \$1.82 per man day plus Feinberg directed by the Union exceeded or was insufficient to cover the net administrative expenses of the Plan for that plan year. Such amount, if any, shall be paid by the MEBA 401(k) Plan or MEBA Training Plan to the other as soon thereafter as the amount can be determined.

Benefits

The purpose of the Plan is to provide retirement benefits to employees whose employers make contributions to the Plan through a salary reduction agreement. The Plan was adopted to provide an opportunity for participating employees to benefit from tax-deferred savings in accordance with Section 401(k) of the Internal Revenue Code, in addition to any benefits otherwise provided by the Plan.

MEBA 401(K) PLAN
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (Continued)

Benefits (Continued)

Upon retirement, termination, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or have the balance paid in monthly installments over 36, 60 or 120 months until the account is exhausted. In the event of a participant's death, a lump-sum amount equal to the value of the participant's account will be paid to the surviving spouse, unless the participant and the surviving spouse have designated in writing another beneficiary. In the event of hardship, as defined by the Plan, a participant has the right to withdraw up to the amount of the hardship, all or a part of his elective contributions account, but not in excess of the actual contributions on his behalf determined as of the date of distribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their participant account balance.

Investment Options

Contributions may be invested in any one or a combination of funds approved by the Board of Trustees or in participant-directed brokerage accounts. Participants may transfer existing account balances to or from any of the available funds on any business day.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the fair market value of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loan terms are up to 5 years for general purposes or up to 20 years for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate equal to 1% above the prime rate as calculated by Reuters on the last day of the month preceding the month in which application for the loan is made.

MEBA 401(K) PLAN
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (Continued)

CARES ACT

Effective April 22, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 22, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act and temporary increase to the amount a participant can take as a loan from their account. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments due from March 27, 2020 to December 31, 2020 to defer such repayments up to one year. The amount a participant can take as a loan from their account has been increased to the lesser of \$100,000 or 100% of their account until September 23, 2020.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Investment income derived from registered investment companies and participant-directed brokerage accounts, including unrealized and realized gains and losses, are included in "net appreciation in fair value of investments" in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

MEBA 401(K) PLAN
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Administrative Expenses

All costs and fees incurred in administering the Plan (costs and fees that are not deductions from investment funds) are paid by the Plan with employer contributions directed to the Plan by the bargaining parties and are reflected in these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events and transactions through October 12, 2022, the date the financial statements were available to be issued.

Note 3 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated November 6, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and, therefore, the related trust is exempt from taxation. The Plan was amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statements date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

MEBA 401(K) PLAN
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 4 - Procedure on Termination

The right to terminate the Plan is reserved to the Trustees. In the event of termination, benefits would be distributed to the participants and their beneficiaries in accordance with the Plan's provision.

Note 5 - Related Party Transactions

The Plan operates in the same office as related plans and other entities. Since these plans and other entities exist in the same premises, utilizing mutual resources and personnel to effectuate cost savings and to minimize duplication of efforts, interfund relationships have been established on a continuing basis.

The amount charged to the Plan for its share of payroll and related expenses and rent expenses incurred on behalf of the Plan was \$136,252 and \$122,624 for the years ended December 31, 2021 and 2020, respectively.

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company (Fidelity). Plan administrative expenses of \$109,491 and \$12,468 were paid by the Plan to Fidelity, the trustee of the Plan, for the plan years ended December 31, 2021 and 2020, respectively. In addition, the Plan received \$24,075 and \$151,186 from Fidelity for the plan years ended December 31, 2021 and 2020, respectively, related to revenue sharing, which is a return of service fees that Fidelity receives from the plan's investment funds. These transactions qualify as exempt party-in-interest transactions.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

Note 7 - Fair Value Measurements (Continued)

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

Note 7 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies:

Registered investment companies, other than money market funds, are carried at fair value as determined by quoted market prices in active markets. Registered investment company money market funds are stated at cost, which approximates fair value.

Participant-directed brokerage accounts:

Participant-directed brokerage accounts consist of shares of a money market fund, common stock, and registered investment companies that are valued on the basis of readily determinable market prices.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2021.
