MARKI MICROWAVE RETIREMENT PLAN
FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 and 2020

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Marki Microwave Retirement Plan
Morgan Hill, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Marki Microwave Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Marki Microwave Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marki Microwave Retirement Plan's ability to continue as a going concern for one year from the date the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marki Microwave Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marki Microwave Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Marki Microwave Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of Plan

General

Marki Microwave, Inc. (the "Company", "plan administrator", and "Plan Sponsor") has adopted a volume submitter defined contribution plan covering all eligible employees of the Company who are over the age of 21.

In April 2020, provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act related to distributions were made available to plan participants.

In June 2020, the Plan was amended to remove service requirements for eligibility purposes.

The Plan was amended and restated on March 31, 2021, to comply with the provisions of the Disaster Tax Relief Act of 2017, the Tax Cuts and Jobs Act of 2017 and the Bipartisan Budget Act of 2018.

The Plan was amended again in September 2021 to revise the definition of eligible compensation for the purpose of calculating employee deferrals and employer matching and profit sharing contributions.

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company has appointed an Administrative Committee (the "Committee") to manage the operations and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") as the custodian, trustee, and the third-party administrator to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements.

Contributions

Each year, participants may elect to defer up to 90% of their annual gross compensation as defined in the Plan Document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan Document also permits Roth 401(k) contributions and rollovers into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds and a money market fund to its participants. The Company is allowed to make discretionary matching contributions as defined in the Plan Document and currently matches 100% of employee deferral contributions up to a maximum of 3% of eligible compensation, calculated on a per-pay-period basis. The Company may also make non-elective discretionary employer profit sharing contributions on behalf of each eligible participant. The matching contribution for the year ended December 31, 2021 was \$393,351. There was no profit sharing contribution for the year ended December 31, 2021. The matching and profit sharing contributions for the year ended December 31, 2020 were \$283,963 and \$1,050,311, respectively. Contributions are subject to certain IRS limitations.

Note 1 - Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contribution, Company matching and profit sharing contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

In May 2020, the Plan was amended to retroactively remove the vesting requirement for employer discretionary matching contributions, allowing participants to vest immediately in such contributions. Vesting in the profit sharing contribution portion of their account is based on years of continuous service using a four-year graded vesting schedule.

Employees become 100% vested in the employer portion of their accounts when they become disabled or reach normal retirement age, while employed with the Company, as defined in the Plan Document.

Notes receivable from participants

Participant loans are not allowed under the Plan.

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. An annuity form of payment is also available under the Plan.

Upon termination, if the participant's or beneficiary's vested account balance is \$5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. If the vested balance is \$1,000 or less, it will be distributed as a lump-sum amount without the participant's consent.

Forfeited accounts

Forfeitures of non-vested employer contributions may first be used to pay Plan administrative expenses and any remaining amounts may be used to reduce future employer contributions payable under the Plan. Forfeitures used to reduce employer contributions for 2021 were \$11,538. Forfeited non-vested balances were not significant as of December 31, 2021 and 2020.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

December 31, 2021 and 2020

Note 2 - Summary of accounting policies (continued)

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds and the money market fund.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the affected plan participants prior to March 15, 2021.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant withdrawals and distributions are charged directly to the participant's account, are included in administrative expenses on the statements of changes in net assets available for benefits, and amounted to \$7,338 and \$100 for the years ended December 31, 2021 and 2020, respectively. Fees paid by the Plan for investment management and advisory services are included as a reduction of the return earned on each investment fund and charged to participants' accounts.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest and dividends for the years ended December 31, 2021 and 2020, were obtained by management, and agreed to or derived from information certified as complete and accurate by Fidelity, the trustee and custodian of the Plan.

The Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$881,804 during 2021 and by \$1,177,916 during 2020.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's investment in the Fidelity Government Money Market Fund is valued at quoted prices in active exchanges.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 for the years ended December 31, 2021 and 2020. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Note 4 - Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,138,736	\$ -	\$ -	\$ 18,138,736
Money market fund	205,470	-	-	205,470
Investments at fair value	<u>\$ 18,344,206</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,344,206</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,632,076	\$ -	\$ -	\$ 13,632,076
Money market fund	171,072	-	-	171,072
Investments at fair value	<u>\$ 13,803,148</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,803,148</u>

Note 5 - Rollover contributions

During 2021, rollover contributions of \$296,993 from other plans came from four active participants. During 2020, rollover contributions of \$194,497 from other plans came from three active participants.

Note 6 - Related party transactions and party-in-interest transactions

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Refer to **Note 2 - Expenses** for expenses of the Plan paid by the Plan Sponsor and the Plan participants to the various parties-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations, but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of parties-in-interest transactions under ERISA.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax status

The Internal Revenue Service has informed Fidelity by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. The Company is currently in the process of determining the full extent of an error related to the inconsistency in eligible compensation used to calculate employee deferrals and employer contributions (see Note 11). This error will be corrected through a Voluntary Correction Program (VCP) submission to the IRS. The Company does not expect the VCP submission to affect the Plan's tax-exempt status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 9 - Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Domestic and international economies currently face uncertainty related to the impact of the COVID-19 pandemic. The impact of COVID-19 on the Plan may result in significant reductions in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known and therefore, the extent of the impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

Note 10 - Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020:

Net assets available for benefits per financial statements	\$ 14,841,819
Less: Employer contributions receivable	(1,050,311)
Add: Excess contributions payable	<u>11,640</u>

Total participant contributions per Form 5500	<u>\$ 935,571</u>

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, 2021 and 2020 to the Form 5500:

	December 31,	
	2021	2020
Employer contributions per the financial statements	\$ 395,531	\$ 1,334,274
Add: Employer contributions receivable for prior year, received in current year	1,050,311	986,671
Less: Employer contributions receivable for current year, received subsequent to year-end	<u>-</u>	<u>(1,050,311)</u>
Total employer contributions per Form 5500	<u>\$ 1,445,842</u>	<u>\$ 1,270,634</u>

Note 11 - Plan compliance matters

During the year ended December 31, 2020, it was discovered that the definition of eligible compensation was not consistently applied for calculating employee deferral and employer contributions. The corresponding qualified non-elective contributions of approximately \$13,000 were funded on October 20, 2021.

During the year ended December 31, 2021, it was discovered that the definition of eligible compensation was not consistently applied for calculating employee deferral and employer contributions. Plan management is currently working with Fidelity to calculate the full extent of this error. The effect of this error will be recognized in the period the VCP is approved and the corresponding qualified non-elective contribution is funded by the Company.

The Company's fidelity bond on behalf of the Plan was not in compliance with ERISA requirements at December 31, 2020. Management has corrected this instance of noncompliance by procuring an ERISA bond conforming to ERISA requirements on September 15, 2021 and does not believe that this matter will have a significant effect on these financial statements.
