INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Tavant Technologies 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed audits of the accompanying financial statements of Tavant Technologies 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tavant Technologies 401K Plan's financial statements as of December 31, 2021, performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Tavant Technologies 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt on Tavant Technologies 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tavant Technologies 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tavant Technologies 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information,

including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Tavant Technologies 401K Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TAVANT TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1. DESCRIPTION OF THE PLAN

The following description of Tavant Technologies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General:

The Plan was established under the application provisions of the Internal Revenue Code (IRC) and is a defined contribution plan for eligible employees, as defined in the Plan Document, of Tavant Technologies Inc. (the Company). The Plan is a 401(k)-salary deferral and profit-sharing plan covering all employees of the Company and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Company is the Plan sponsor and serves as the plan administrator.

Administration:

The Company has appointed the 401(k) Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Reliance Trust Company (Reliance) to act as the trustee, and a third-party administrator to process and maintain the records of the participant data. The Plan is currently designed to be qualified under the applicable requirements of the IRC and the provisions of ERISA.

Eligibility:

Employees are eligible to participate in the Plan upon reaching age 21 and on the first day of the month subsequent to their hire date.

Participant contributions:

Participants may elect to defer up to 90% of pretax and Roth 401(k) of the annual eligible compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, called rollovers. Contributions are subject to regulatory limitations.

The limit (adjusted for inflation) is \$19,500 for 2021. In addition, participants aged 50 or older before the end of the Plan year, are able to make catch-up contributions. The catch-up dollar limit for 2021 is \$6500.

Employer contributions:

The Plan allows discretionary matching employer contributions. For the year ended December 31, 2021, the Company matched 50% of employee deferral, up to a maximum of 3% of eligible compensation. The participant must make elective deferrals in order to receive matching contributions. Matching contributions are made each pay period that the elective deferrals are made.

TAVANT TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Following the end of the Plan Year, the matching contribution will be recalculated based on the eligible earnings for the entire Plan year, and an additional matching contribution will be made if applicable.

The Plan also allows for an additional discretionary profit-sharing contribution. The participant must have completed at least 500 hours of service to receive this. No discretionary profit-sharing contribution was made during the year ended December 31, 2021 and December 31, 2020.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, allocations of the Company profit sharing contributions as well as Plan earnings. Further, the participant account is charged with withdrawals and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment:

The Plan provides for investments to be directed by participants into a number of investment options held by the Trustee. Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options and may change their investment options at any time.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Employer Match	Employer Profit Sharing Vesting %
Less than 1 years	0%	0%
1	20%	20%
2	40%	40%
3	60%	60%
4	80%	80%
5	100%	100%

Forfeitures:

Forfeitures are non-vested portion of participants' accounts that are lost upon termination of employment. As of December 31, 2021 and December 31, 2020, the forfeiture account balance was \$3,235 and \$1,062 respectively. Forfeitures may be used to pay plan administrative expenses or reduce future employer contributions. In 2021 and 2020, the employer contributions were reduced from forfeited nonvested accounts by \$11,605 and \$34,069 respectively.

TAVANT TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Rollover:

Employees may roll over eligible amounts from other qualified plans to the Plan.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than your assumed life expectancy (or assumed expectancies of you and your beneficiaries). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed \$5,000.

Notes receivable from participants:

Participants may borrow from their account a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the vested balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 30 years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. The rate of interest on the loans ranges from 5.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses:

General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**TAVANT TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Reliance certifies the market value of all investments. If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded at December 31, 2021 or 2020.

Income tax status:

The Plan has adopted a prototype plan which was determined to qualify under section 401 of the Internal Revenue Code (the Code) and therefore, is exempt from federal income tax under section 501(a) of the Code. The Plan is exempt from state taxes under similar statutes. As long as the Plan maintains its tax exemption the Plan is not liable for federal and state taxes.

NOTE 3. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**TAVANT TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Common/collective trust - Units held in a common/collective trust (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5: CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditors not to perform any auditing procedures with respect to the investment information which was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance, the Trustee of the Plan's assets. Reliance has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in the fair value of investments, dividends and interest reflected in the accompanying statement of changes in the net assets available for benefits for the year ended December 31, 2021;
- Investments reflected on the schedule of assets (held at end of year)

DECEMBER 31, 2021 AND 2020

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan's investments in the shares of registered investment companies are managed by Reliance Trust. Reliance Trust Company is the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan issues loans to participants, which are secured by the balances in the participant's account. These transactions also qualify as party-in-interest transactions under ERISA and are exempt from the prohibited transaction rules under ERISA.

NOTE 7: EXCESS CONTRIBUTIONS PAYABLE

The Plan is required to return contributions to participants in the event certain non-discrimination tests defined under the IRC are not satisfied. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions as of December 31, 2021 and 2020, amounting to \$NIL and \$9 respectively
