Independent Auditor's Report

To the Plan Administrator
GAMCO Investors, Inc. 401(k) Plan
Rye, New York

Opinion

We have audited the financial statements of GAMCO Investors, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to

each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GAMCO Investors, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the GAMCO Investors, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established on January 1, 1994. The Plan was amended and restated effective October 1, 2016 for regulatory and certain Plan changes. The Plan covers all employees of GAMCO Investors, Inc. (the Company) and certain affiliated entities, who have completed three consecutive months of service and have attained at least 21 years of age. Employees who are covered by a collective bargaining agreement and nonresident aliens who have not received any United States income are not eligible to participate in the Plan.

In June 2021 and January 2020, certain employees of Associated Capital Group, Inc. were rehired by the Company. Their net assets of \$726,802 and \$1,124,072, were transferred into the Plan on June 7, 2021 and January 17, 2020, respectively, and are reflected as transfers of net assets on the Plan's statements of changes in net assets available for benefits. On May 17, 2021, Net assets transferred out of the Plan was \$8,629.

Contributions

Each year, participants may contribute up to the annual dollar limitations as imposed by the Internal Revenue Service (IRS) through a pre-tax or a Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers/transfers). Each year, the Company makes a matching contribution based on the participant's number of years of service and the amount contributed to the Plan as a salary deferral. Participants whose salaries exceed a certain threshold (\$150,000 for 2021 and 2020) are not eligible for a matching contribution. For the years ended December 31, 2021 and 2020, the Company made matching contributions of \$57,710 and \$39,265, net of forfeitures applied, respectively.

Each year, the Company may make qualified matching and/or profit sharing contributions. These contributions are determined at the sole discretion of the Company. For the Plan years 2021 and 2020, the Company did not elect to make a qualified matching or a profit sharing contribution.

Investment Options

Upon enrollment in the Plan, each participant may direct their contributions into certain open-end registered investment companies (the Funds) offered by the Plan. Certain Funds are managed by the Company and are deemed to be parties-in-interest. All earnings from investments automatically are reinvested in the Funds from which they were earned.

GAMCO Investors, Inc. 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and rollovers, if any, and subject to the provisions of the Plan, an allocation of the Company's contributions and Plan earnings. Company contributions to the Plan, as well as forfeitures of non-vested portions of terminated participants' accounts, if not used to reduce matching contributions by the Company, are allocated to the participants who are employed on the last day of such Plan year. These allocations are made on a pro rata basis according to each participant's compensation, as defined in the Plan document. The Plan earnings for the year are allocated to each participant on a pro rata basis, according to each participant's account balance.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral, rollovers/transfers and the Company's qualified matching contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus earnings thereon is based on years of continuous service. The Plan provides for vesting of account balances based on the following schedule:

Years of Vested Service	Vested (%)
Less than 2	-
2 years but less than 3	20
3 years but less than 4	40
4 years but less than 5	60
5 years but less than 6	80
6 years	100

If a participant becomes totally and permanently disabled, or dies before reaching their normal retirement age, as defined by the Plan, the participant or designated beneficiary becomes fully vested and will receive the total amount in the participant's account.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to reduce future matching contributions of the Company. Forfeitures of \$15,480 and \$52,209 were used towards the Company's 2021 and 2020 matching contributions and were deducted from the forfeiture account in 2022 and 2021, respectively. At December 31, 2021 and 2020, the balance in the forfeiture account was \$10,875 and \$49,913, respectively.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes bear interest as stated in the Plan document at the time the loan was initiated. The maximum term of each note is up to five years, unless used to purchase a primary residence, which may be up to 30 years. Principal and interest are paid ratably through payroll deductions.

GAMCO Investors, Inc. 401(k) Plan

Notes to Financial Statements

Payments of Benefits

Participants are eligible to receive the vested interest in their account under the following circumstances: (a) attaining normal retirement age, (b) attaining the age of 59^{1/2}, (c) separation from service, (d) becoming disabled, or (e) upon death. Participants may elect to receive the value of their account in the form of a single lump-sum payment or installment payments.

Hardship Withdrawal

In cases of financial hardship, as defined by the Plan, participants may be eligible to receive a distribution from their salary deferral account balance.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. However, the majority of the expenses are allocated to participants and certain direct expenses incurred by an individual participant shall be deducted from that participant's account only.

Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of investments, which consists of realized and unrealized gains or losses on investments purchased and sold, as well as held during the year.

GAMCO Investors, Inc. 401(k) Plan

Notes to Financial Statements

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as a loan discharge based on the terms of the Plan document. Fees charged by the Plan relating to notes receivable from participants are paid from the participants' accounts. No allowance for credit loss has been recorded as of December 31, 2021 or 2020.

3. Risks and Uncertainties

The Plan invests in mutual funds and a money market fund. Due to various risks (e.g., interest rate, market volatility, and credit) associated with certain investments and the level of uncertainty related to changes in the value of investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

4. Fair Value Measurements

U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

GAMCO Investors, Inc. 401(k) Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2021</i>	<u>Assets at Fair Value</u>	
	Level 1	Total
Mutual funds	\$ 71,519,393	\$ 71,519,393
Money market fund	4,941,739	4,941,739
Total	\$ 76,461,132	\$ 76,461,132

<i>December 31, 2020</i>	<u>Assets at Fair Value</u>	
	Level 1	Total
Mutual funds	\$ 58,637,239	\$ 58,637,239
Money market fund	5,023,188	5,023,188
Total	\$ 63,660,427	\$ 63,660,427

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - These are valued at unadjusted quoted market prices, which represent the net asset value (NAV) of shares owned by the Plan at year-end.

Money Market Fund - This asset is valued at quoted market price, which represent the net asset value (NAV) of shares owned by the Plan at year-end.

GAMCO Investors, Inc. 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related-Party Transactions and Party-In-Interest Transactions

The Plan invests in certain funds managed by the Company. During the years ended December 31, 2021 and 2020, the Company earned management fees of \$555,969 and \$477,608, respectively, from the Plan's investments in the funds managed by the Company. Such amounts are deducted to arrive at net appreciation in fair value of investments. The management fees range between 0.08% and 1.00% of the average market value of each fund and qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. Tax Status

As of January 1, 2016, the Plan adopted Ascensus' Volume Submitter 401(k) Profit-Sharing Plan (Volume Submitter Plan). Accordingly, the Plan is permitted to rely on the document provider's advisory letter. The IRS has determined and informed Ascensus by a letter dated June 30, 2020 that the Volume Submitter Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and is tax-exempt. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

The Plan's Management has evaluated subsequent events through October 14, 2022, the date that the financial statements were available to be issued. There were no subsequent events identified requiring disclosure or adjustment to the financial statements.
