Independent Auditor's Report

To the Participants and the Administrative Committee
Auto-Chlor Services Employees' Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Auto-Chlor Services Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institutions. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Auto-Chlor Services Employees' Savings Plan (the Plan), previously the Auto-Chlor Services Employees' Savings Plan and Trust, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering employees of Auto-Chlor Services, LLC (the Company) who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute up to 90% of their compensation as defined in the Plan, subject to Internal Revenue Code (IRC) regulations. Additional "catch-up" contributions can be made beginning in the Plan year in which the participant will be at least age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). A participant becomes eligible for employer contributions once he/she meets the eligibility requirements and enters the Plan on one of the Plan's quarterly entry dates, which are January 1, April 1, July 1, and October 1. Additional requirements apply to the profit-sharing contribution.

The Company may make three types of employer contributions:

The Company may make a matching contribution, at its discretion, up to a maximum of 80% of the first 5% of the participant's compensation. Employees that have met the eligibility requirements to enter the Plan are eligible for the discretionary matching contribution. For the Plan year ended December 31, 2021, the Company elected to contribute 33% of the first 5%, resulting in employer match contributions of \$220,670.

The Company may also make a profit-sharing contribution to the Plan at the option of the Company's board of directors. These contributions are allocated to the individual participant's accounts based on cross-tested plan design. Employees that have met the eligibility requirement to enter the Plan and who have worked 1,000 hours during the Plan year and are employed on the last date of the Plan year, except in cases of death, disability, or retirement, are eligible to receive the profit-sharing contribution. Profit-sharing contributions for the year ended December 31, 2021 was \$558,460.

The Company makes safe harbor non-elective contributions to the Plan equal to 3% of compensation. Employees that have met the eligibility requirements to enter the Plan are eligible to receive the safe harbor non-elective contribution. The safe harbor non-elective contributions for the year ended December 31, 2021 was \$641,540.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's safe-harbor and matching contributions as well as allocations of the Company's profit-sharing contributions and plan earnings (losses). Participant accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings and the safe harbor non-elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or by any other option approved by the Plan Administrator. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Account balances that are under \$1,000 may be automatically paid out at the discretion of the Company.

Forfeited Accounts

Forfeitures of non-vested terminated participants account balances may be used to reduce future employer matching contributions and/or allocated to the participants.

At December 31, 2020, there were \$0 of forfeited non-vested accounts from the profit-sharing portion of the Plan. During 2021, the \$0 was allocated to participants. At December 31, 2021, there were no remaining forfeitures available.

At December 31, 2020, there were \$128,689 of forfeited non-vested accounts from the 401(k) portion of the Plan. During 2021, \$77,157 were used to reduce employer contributions. At December 31, 2021, there were \$146,991 available to reduce future employer contributions.

Participant Loans

Loans to participants from the Plan are not permitted.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Robert C Schmidt, APLC. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements, while others are paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3. Investments

Information Certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB (Prudential), the custodians of the Plan. The Plan Administrator has obtained certifications from these custodians that information provided to the Plan Administrator by these custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments, at Fair Value		
Pooled Separate Accounts	\$ 28,977,996	\$ 25,585,575
Mutual Funds	3,921,059	3,568,736
Total Investments, at Fair Value	32,899,055	29,154,311
Investments, at Contract Value		
Guaranteed Income Account	8,809,399	7,384,860
Total Certified Investments	\$ 41,708,454	\$ 36,539,170

Prudential also certified to the completeness and accuracy of \$3,987,353 of net appreciation in fair value of investments, and \$387,498 of interest and dividends related to the aforementioned assets, for the year ended December 31, 2021.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: Valued at the unit value calculated based on the observable net asset value (NAV) of the underlying mutual fund investment as adjusted for the Plan's units of participation in the pooled account. Units are established for each investment division (sub-account) of the pooled separate account. The value of these units is determined at the close of the stock exchange each day and the exchange is open for regular trading. The values increase or decrease based on the investment performance of the corresponding underlying portfolios.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,921,059	\$ -	\$ -	\$ 3,921,059
Total Assets in the Fair Value Hierarchy				3,921,059
Investments Measured at NAV ^(a)				28,977,996
Investments, at Fair Value				\$ 32,899,055

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,568,736	\$ -	\$ -	\$ 3,568,736
Total Assets in the Fair Value Hierarchy				3,568,736
Investments Measured at NAV ^(a)				25,585,575
Investments, at Fair Value				\$ 29,154,311

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020:

	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 28,977,996	\$ 25,585,575	\$ -	Daily	None

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds an evergreen investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

AUTO-CHLOR SERVICES EMPLOYEES' SAVINGS PLAN

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

The investment contract held by the Plan is a guaranteed investment contract of which contributions are maintained in a general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Notes to Financial Statements

Note 6. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Prudential, one of the Plan's custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial plan termination, participants would become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Self-Correction Program

During the year ended December 31, 2021, the Plan Administrator identified errors in the calculation and application of forfeitures to certain participant distributions. At the time of this report, the Plan Administrator and its record keeper were in the process of identifying any effected distributions and calculating the correction required. The Plan Administrator does not believe that the corrective action will result in an amount that is material to the financial statements and intends to self-correct the errors.

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 12, 2022, and determined that no events required disclosure. No further subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
