INDEPENDENT AUDITOR'S REPORT

Plan Administrative Committee
Community Health Services of Georgia
Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Community Health Services of Georgia Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Community Health Services of Georgia Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Health Services of Georgia Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Health Services of Georgia Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Health Services of Georgia Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule, schedule of assets (held at year end), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Community Health Services of Georgia Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 18, 2021, we indicated that (a) because of significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis of opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**COMMUNITY HEALTH SERVICES OF GEORGIA
PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Community Health Services of Georgia Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the exclusive benefit of eligible employees of participating companies and their beneficiaries. Employees become eligible after attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors the investment performance, and reports to the Plan Sponsor. Community Health Services of Georgia (the Company) absorbs certain costs of the Plan.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law on March 27, 2020. In April 2020, the Plan adopted certain changes to participant distributions as permitted by the CARES Act, discussed further in Hardship Withdrawals.

Contributions

Each year participants may contribute up to 50 percent of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various options offered by the Plan. The Company shall make matching contributions on behalf of each participant of an amount equal to 100 percent of the participant's deferral amounts that do not exceed 4 percent of the participant's annual compensation. A participant is eligible for the matching contribution after completing one year of service. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, any Company contributions, and qualified rollover contributions and adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The participant is entitled to a benefit equal to his/her vested account balance.

Notes Receivable from Participants

Notes receivable from participants are not permitted by the Plan.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in all voluntary and Company matching contributions plus earnings thereon.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his/her account. If a participant's vested interest in his/her account does not exceed \$5,000, a distribution shall be made in a single-sum payment or through rollover as soon as administratively possible following termination of service date.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by law, the participant may be allowed to make a withdrawal of his/her vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (IRC), benefits withdrawn prior to age 59½ may be subject to additional taxes.

In 2020, as part of the CARES Act, the Plan permitted eligible participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to a lack of childcare due to COVID-19. Eligible employees are not required to repay this distribution, but the Plan allows for them to repay their Plan account within three years of the date they received their distribution.

Forfeited Accounts

As of December 31, 2021 and 2020, there were no forfeited nonvested accounts. Forfeited accounts are used to reduce the Plan Sponsor's contributions or to pay the Plan's expenses. During 2021, there were no forfeited nonvested amounts used to reduce the Plan sponsor's contribution.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. As of December 31, 2021, the Plan offered more than 30 diversified investments in mutual funds and one group annuity contract as investment options for participants. Employees who do not make an investment selection from the available options are automatically enrolled in the appropriate Target Date Retirement fund.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and recordkeeper. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

(3) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the trustee as complete and accurate as of and for the year ended December 31, 2021 and as of December 31, 2020, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

	<u>2021</u>	<u>2020</u>
Mutual Funds	\$ 129,924,660	\$ 114,684,915
Group Annuity Contract	10,837,792	10,554,188
	<u>\$ 140,762,452</u>	<u>\$ 125,239,103</u>

Investment income for the year ended December 31, 2021, as certified by the trustee, is as follows:

Net Appreciation in Fair Value of Investments	\$ 16,115,618
Interest and Dividends	<u>1,530,621</u>
	<u>\$ 17,646,239</u>

(4) Group Annuity Contract with Principal Life Insurance Company

The Plan's investments include the Principal Fixed Income Option, a fully benefit-responsive investment contract totaling \$10,837,792 for 2021 and \$10,554,188 for 2020. The Principal Fixed Income Option is a guaranteed general account-backed group annuity contract issued by Principal Life Insurance Company (Principal Life) to Principal Trust Company. The contract guarantees principal and provides a stated rate of return backed by Principal Life. The rate credited to participant accounts is a composite weighted average of underlying guarantees provided in the contract. Each underlying guarantee is in effect for its full maturity. The maturity of each guarantee varies from two to ten years at the establishment of the guarantee. Each guarantee matures at a different time. The composite rate is reset semiannually based on the changing weighted average of the underlying guarantees and applies prospectively. The composite rate is subject to an indexed minimum guaranteed rate that is determined through a formula according to state insurance regulations. The minimum rate will range between 1 percent and 3 percent depending on prevailing market conditions.

(4) Group Annuity Contract with Principal Life Insurance Company (Continued)

The composite crediting interest rate history for the contract is as follows:

Time Period	Rate
January 1, 2020 - June 30, 2020	1.10%
July 1, 2020 - December 31, 2020	1.15%
January 1, 2021 - June 30, 2021	1.10%
July 1, 2021 - December 31, 2021	1.10%

The rates above reflect a deduction for Plan level recordkeeping expenses of 0.65 percent.

The contract provides for benefit payments, including participant-directed transfers, at contract value (i.e., no transfer charges, redemption fees, early withdrawal charges, or market value adjustments) for withdrawals due to retirement, termination of employment, disability, or death. No transfer charges, redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers into or out of the Fixed Income Option. Participant transfers, either directly or indirectly, to competing Plan investment options will generally be subjected to an equity wash. An equity wash generally requires that transfers must be directed to a noncompeting investment option under the Plan for 90 days before such transferred amounts may be directed to any competing investment option available under the Plan. Competing Plan investment options include other guaranteed investment options or fixed income, money market, or bond funds that had an average duration of three years or less.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value as reported to the Plan by Principal Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer. There are no unfunded commitments associated with the contract.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contract, and (4) termination of any recordkeeping arrangement, service agreement, or other contractual agreement between the Plan sponsor and Principal Trust Company. An employer-level liquidation or employer-initiated transfer of the Plan's interest in the contract will be subject to either a 12-month revocable advance notice or a 5 percent surrender charge, whichever the employer chooses. Participant-directed transfers from the contract may also be subject to the 5 percent surrender charge when the transfers are requested in anticipation of the employer-level liquidation of the Plan's interest in the contract. The surrender charge will be billed to the employer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

(4) Group Annuity Contract with Principal Life Insurance Company (Continued)

In addition, certain events and circumstances allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events and circumstances include (1) Plan amendments that operate in a manner that would materially and adversely affect the terms or operation of the contract, (2) announcement by Principal Life that the contract will no longer establish new guaranteed interest balances, (3) no current deposit arrangements that have been made between the Plan and the issuer, and (4) there are no guaranteed interest funds with a value greater than zero under the contract.

(5) Fair Value Measurements

The Financial Accounting Standards Board issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(5) Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end and determined by quoted market prices on nationally recognized exchanges. There are currently no redemption restrictions on these investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 129,924,660</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 129,924,660</u>
2020				
Mutual Funds	<u>\$ 114,684,915</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 114,684,915</u>

(6) Income Tax Status

In September 2018, the Plan was restated and adopted the Principal Life Insurance Company Volume Submitter Profit Sharing Plan. Principal Life, the prototype plan sponsor, has received a favorable opinion letter from the Internal Revenue Service (IRS) which states its prototype plan, in form, meets the requirements under Section 401(a) of the IRC and, therefore, is tax exempt under the provisions of Section 401(a). The Plan has not received a determination letter specific to the plan itself, however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator also maintains that the Plan has been administered in accordance with all applicable laws, and accordingly, no provision has been made in income taxes in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Party-in-Interest Transactions

Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services, including participant fees and withdrawal charges, totaled \$171,497 during the year ended December 31, 2021.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(10) COVID-19 Pandemic

The Coronavirus pandemic (COVID-19) remains a rapidly evolving situation. The extent of the impact of COVID-19 on the Plan and the Plan Sponsor will depend on future developments, including the duration and spread of the outbreak, which continues to be uncertain. As the situation continues to evolve, management is closely monitoring the impact of COVID-19 on all aspects of the Plan, including investment returns.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2021</u>	<u>2020</u>
Net Assets Available for Benefits per the Financial Statements	\$ 140,762,452	\$ 125,409,968
Employer Contribution Receivable	-	(67,858)
Participant Contributions Receivable	<u>-</u>	<u>(103,007)</u>
Net Assets Available for Benefits per Form 5500	<u>\$ 140,762,452</u>	<u>\$ 125,239,103</u>

The following is a reconciliation of total additions and deductions per the financial statements for the year ended December 31, 2021, to Form 5500:

Additions per the Financial Statements	\$ 32,027,414
Prior Year Employer Contribution Receivable	67,858
Prior Year Participant Contributions Receivable	<u>103,007</u>
Additions per Form 5500	<u>\$ 32,198,279</u>

(12) Subsequent Events

Changes in investment returns can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such fluctuations are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

Management has evaluated events subsequent to December 31, 2021 through October 12, 2022, the date these financial statements were available to be issued.
