INDEPENDENT AUDITORS' REPORT

Audit Committee
Sewickley Academy DC Plan
Sewickley, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Sewickley Academy DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the financial statements themselves, and

other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of assets available for benefits of the Plan as of December 31, 2020 and the statement of changes in assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by TIAA-CREF, the custodian of substantially all Plan assets, except for comparing the information with the related information included in the financial statements and supplemental schedule. Our audit report, dated October 13, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SEWICKLEY ACADEMY DC PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Sewickley Academy Defined Contribution Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the Plan document or summary plan description for a more comprehensive description of the Plan's provisions.

General - The Plan is a defined contribution 403(b) plan adopted by Sewickley Academy (the "Academy") on January 1, 1949. Substantially all employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the Academy. Students who are employed by the Academy are generally excluded from participation in the Plan. Participants are required to attain age 21 to qualify for matching contributions.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). TIAA serves as the issuer of TIAA Traditional Annuity contract held by the Plan and is the recordkeeper of the Plan.

CARES Act - The Coronavirus Aid, Relief and Economic Security (CARES) Act contains several provisions related to employee benefit plans. The provisions that affected the Plan include the following:

- Allowing participants to take a coronavirus-related distribution of up to \$100,000 (not to exceed the participant's account balance) without a 10% early withdrawal penalty.
- Allowing suspension of 2020 required minimum distributions.

U.S. GAAP Departure - As permitted by DOL Field Assistance Bulletin No. 2009-02, the Plan Administrator has elected to exclude from Plan assets certain inactive contracts for which (a) the contract or account was issued to a current or former employee before January 1, 2009; (b) the employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact, ceased making contributions to the contract or account before January 1, 2009; (c) all of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and (d) the individual owner of the contract is fully vested in the contract or account. The amount of these contracts cannot be readily determined.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported changes in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan assets are composed of various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term could materially affect the assets available for benefits.

Contributions - The Plan permits eligible employees to have the Sponsor make annual contributions of up to 100 percent of eligible compensation through a salary deferral election. Upon obtaining the age of 30, the employee is required to make mandatory employee contributions in the amount of 5 percent of eligible compensation. Participants may elect to contribute more than the mandatory amount. Each year mandatory contributions are made, the Academy will make a matching contribution equal to 100 percent of the participant's contribution up to 5 percent of the participant's eligible compensation for participants with less than 5 years of services and up to 7 percent of the participant's eligible compensation for participants with 5 years or more of service. Contributions are subject to certain limitations. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service.

Participant Accounts - Participants' accounts are credited with their contributions and the Academy's contributions. Plan earnings, as reduced by administrative expenses, are allocated to participant accounts as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant loans are not permitted by the Plan.

Vesting - Participant contributions are fully vested and nonforfeitable at all times as are the Academy's contributions.

Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his account or an annuity contract. A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan. Upon termination of service for other reasons, a participant may elect to receive their benefit either in the form of a lump-sum amount equal to the value of his account or a joint and survivor annuity.

Investment Valuation and Income Recognition - Investments are carried at their fair value, except for the fully benefit responsive investment contracts, based on the methodologies described below. The Plan presents in the statements of changes in assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation on these investments. The unrealized appreciation of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation of investments is determined by the change in the current market value from the beginning of the year (if held since the beginning of the year) to the date of sale, or from the date of purchase to the date of sale. Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Dividends and interest are recorded as earned by the custodian and are reflected in the Plan's financial statements on the accrual basis.

Non-fully benefit responsive guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the guaranteed investment contract. The statements of assets available for benefits presents the contract value of fully benefit responsive investment contracts.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. The Plan is invested in various mutual and money funds maintained by TIAA-CREF including mutual funds, CREF funds, real estate investment vehicles which are pooled separate accounts, and group annuity contracts. Participants may elect to have their accounts invested in the above options by allocating their contributions evenly among the investment options or by designating specific allocations among the options. Participants may change their investment options at any time with changes becoming effective immediately.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

- Level 2 Inputs are not quoted prices in active markets but are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1 inputs).

Pooled separate accounts: Valued at the net asset value per share ("NAV") of the underlying real estate holdings or other real estate-related investments based upon external appraisals or other independent pricing sources; measured daily.

CREF Funds. Valued at the NAV of the underlying investments measured daily.

Net asset value per share ("NAV") is a practical expedient available for certain investments. Assets valued at NAV are considered to be measured at fair value, but outside of the fair value hierarchy. There are no participant restrictions related to the investments measured at NAV and the redemption period is applicable only to the Plan.

The Plan holds group annuity contracts. Non-fully benefit responsive contracts are classified as Level 3 investments. Fully benefit responsive contracts are reported at contract value which is based upon contributions, earnings and withdrawals and are outside of the fair value hierarchy. The group annuity contract investments are not available for sale nor are they traded on any securities exchange (see Note 3).

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Administrative Expenses - Administrative expenses may be paid by the Academy or the Plan, at the Academy's discretion and as provided by the Plan document.

Subsequent Events - Subsequent events have been analyzed for recognition and disclosure purposes through October 10, 2022, the date the financial statements were available to be issued.

2. INVESTMENTS

A summary of the Plan's investments at December 31, 2021 and 2020 are as follows:

3. **GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan holds both fully benefit-responsive and non-fully benefit-responsive guaranteed investment contracts with TIAA-CREF.

For the portion that is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the guaranteed investment contract as the guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fully benefit-responsive portion of the guaranteed investment contract is presented on the face of the statements of assets available for benefits at contract value. The non-fully benefit-responsive portion is reported at fair value. Contract value, as reported to the Plan by TIAA-

CREF represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the fully benefit-responsive portion at December 31, 2021 and 2020 was \$5,329 and \$6,059, respectively. The fair value of the non-fully benefit-responsive portion at December 31, 2021 and 2020, was \$7,649,929 and \$7,894,370, respectively. The average yield was 3.7% and 3.0% for the years ended December 31, 2021 and 2020, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Participant account balances are credited with a net credit ranking after deducting .20% for fees for administrative and recordkeeping services provided to the Plan. The net crediting rate on participant accounts is currently a 3.7% effective annual rate, until March 31, 2022. The rate will be reset April 1, 2022 and annually thereafter.

Certain events limit the Plan's ability to transact at contract value with TIAA-CREF. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. PLAN TERMINATION

The Academy anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts are 100% vested and would be distributed by the trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

5. INCOME TAX STATUS

The Plan has been established to comply in form and operation with Section 403(b) of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator believes there is no liability related to uncertain tax positions at December 31, 2021 or 2020. The Plan remains subject to tax examinations by tax authorities for all periods after 2017.

6. CERTIFIED FINANCIAL INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, as shown in the statements of changes in assets available for benefits for the year ended December 31, 2021 and 2020.
- The schedule of assets held for investment purposes at December 31, 2021, as shown in the accompanying supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

TIAA-CREF, the custodian, provides access to certain investments and, therefore, is considered a party-in-interest. The Plan paid approximately \$22,000 and \$18,000 of recordkeeping fees to TIAA-CREF during 2021 and 2020, respectively.

Employees of the Academy do not receive any compensation from the Plan.
