Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kubota Tractor 401K Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Kubota Tractor 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Kubota Tractor 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1994, to provide voluntary retirement benefits and tax-deferred savings opportunities to eligible employees, as defined in the Plan, of Kubota Tractor Corporation (the "Company"), as well as the eligible employees of the following participating employers: Kubota Tractor Assurance Corporation, Kubota Credit Corporation and Kubota Insurance Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The assets of the Plan are held in trust by Fidelity Management Trust Company (the "Trustee").

Administration

The Company is responsible for the administration and operation of the Plan. Fidelity Management Trust Company has been retained to provide recordkeeping services for the Plan and is responsible for the custody and management of the Plan's assets.

Eligibility

Company employees are eligible to participate in the Plan upon completion of 3 months of employment. Employees covered by a collective bargaining agreement, leased employees, nonresident aliens, independent contractors and Japanese Nationals are specifically excluded from participating. Employees become eligible for employer matching contributions and employer non-elective contributions upon completion of one year with 1,000 hours of employment.

Effective July 1, 2019, the Plan was amended to automatically enroll employees who became eligible to participate on or after the effective date. Each participant who is subject to the automatic enrollment will have 3% of compensation deferred for each payroll period unless the participant makes an affirmative election otherwise.

Contributions

Each year, participants may contribute up to 75% of eligible compensation, as defined in the Plan. Contributions can be through tax-deferred salary reductions or through after-tax Roth deferrals, up to a statutory maximum as determined by the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Kubota Tractor 401(k) Plan

Notes to Financial Statements

Company matching contributions are equal to 50% of the participant's contributions up to 6% of his or her eligible compensation. The Company may make discretionary profit-sharing contributions, based on an age-weighted allocation formula, as well as qualified and additional nonelective contributions. There were no qualified non-elective contributions made in 2021. Profit sharing contributions totaled \$3,186,484 for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants may also elect to rollover their vested balance to another qualified retirement plan or IRA. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal an amount at age 59½ if certain criteria are met.

Vesting

A participant is fully vested immediately as to voluntary contributions, rollover contributions and related earnings. Company contributions are vested as follows:

Vesting Service (Years)	Vesting Percentage (%)
Less than 1	0
1	20
2	40
3	60
4	80
5	100

Kubota Tractor 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

A participant is allowed to borrow a maximum of 50% of his or her vested account balance up to \$50,000. The minimum loan amount is \$1,000. Loans must be repaid through payroll deductions within five years (loans for the purchase of a primary residence may be repaid over ten years). The loans are secured by the balance in the participant's account and bear interest at a rate between 5.25% and 10.25%.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be applied to reduce administrative expenses or Company contributions. Forfeited non-vested accounts totaled \$50,044 and \$13,583 as of December 31, 2021 and 2020, respectively. During 2021, employer contributions and administrative expenses of \$236,512 and \$4,184 respectively, were paid from forfeited non-vested accounts.

Administrative Expenses

Most administrative expenses are paid by the Company. The remainder is paid by the Plan. Administrative expenses include recordkeeping service fees, accounting services, trustee services and audit expenses. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Revenue Credits

The Plan's trust agreement with Fidelity Trust Company provides for a participant revenue credit arrangement, whereby the trustee allocates all quarterly deposits into the accounts of eligible participant who are invested in certain funds. Revenue credits are presented in other income of the statement of changes in net assets available for benefits.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increase in the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Shares of mutual funds are valued at quoted market prices on an active exchange that represent the net asset value of shares held by the Plan at year end. The money market fund is valued at amortized cost, plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation / (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Kubota Tractor 401(k) Plan

Notes to Financial Statements

Payments of Benefits

Benefits payments to participants are recorded when paid.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, and notes receivable from participants as reflected in the statements of net assets available for as of December 31, 2021 and 2020;
- Investment income and interest on notes receivable from participants, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021 as follows:
- Investment information included in the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, "Fair Value Measurements", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Kubota Tractor 401(k) Plan

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2021 and 2020. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 113,979,437	\$ -	\$ -	113,979,437
Money market fund	9,108,305	-	-	9,108,305
Total investments, at fair value	\$ 123,087,742	\$ -	\$ -	123,087,742

Investment Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 98,787,721	\$ -	\$ -	98,787,721
Money market fund	9,093,472	-	-	9,093,472
Total investments, at fair value	\$ 107,881,193	\$ -	\$ -	107,881,193

5. Income Tax Status

The Plan is based upon a Prototype Plan document that has received tax exempt status from the Internal Revenue Service (the "IRS"). The Plan obtained a determination letter on March 31, 2014, in which the IRS stated the Plan was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and Plan assets would be distributed based upon the participants' account balances at that time.

Kubota Tractor 401(k) Plan

Notes to Financial Statements

7. Related Party and Party-in-Interest Transactions

Certain investments held by the Plan are issued and managed by the trustee or its affiliates. Participant loan and distribution processing fees are paid to the Trustee by participants. The Plan pays for third-party administrator fees, investment advisory, and plan audit fees, and also receives revenue credits, which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules. Transactions related to these investments qualify as party-in-interest transactions; however, they are exempt from the prohibition under ERISA.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2021	2020
Net assets available for benefits per the financial statements	\$ 124,516,360	\$ 109,455,665
Less: Company receivable	(54,810)	(53,087)
Less: Employee receivable	(172,130)	(162,781)
Net assets per the Form 5500	\$ 124,289,420	\$ 109,239,797

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

	2021
Net increase per the financial statements	\$ 15,060,695
Less: Change in company receivable	(1,723)
Less: Change in employee receivable	(9,349)
Net income per the Form 5500	\$ 15,049,623

9. Subsequent Events

The Plan has evaluated its subsequent events through October 14, 2022, the date the financial statements were available to be issued.
