Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of PHB, Inc. Employees Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PHB, Inc.
Employees Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

1. Description of Plan

The PHB, Inc. Employees Profit Sharing Plan (the Plan) is a defined contribution plan covering substantially all full-time employees of PHB, Inc. except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participant Contributions

An eligible participant can contribute up to 100% of their total compensation, subject to certain IRS limitations. This Plan provides for rollovers from other plans.

During 2019, the Plan Sponsor calculated a participant's payroll deferral using an incorrect payroll deferral rate. Because of the error in the deferral rates used, the participant did not receive their full elected deferral. This also caused the participant to not get the benefit of the Plan Sponsor match on those missed deferrals. The Plan Sponsor opted to perform a self-correction under the IRS Self-Correction program and on October 25, 2021, made a corrective contribution of \$1,557.

Plan Sponsor Contributions

The Plan Sponsor may make a discretionary (profit-sharing) contribution to the Plan equal to 1% of each eligible participant's wages. Additionally, the Plan Sponsor provides a non-discretionary \$0.50 matching contribution for each dollar of participant deferrals up to the first 4% deferred.

For the Plan years ended December 31, 2021 and 2020, the discretionary (profit-sharing) contributions totaled approximately \$114,000 and \$115,000, respectively. The total of the non-discretionary (matching) contributions for 2021 and 2020 were approximately \$203,000 and \$192,000, respectively.

Investment of Participant Contributions

Participant contributions may be invested in any security or form of property considered prudent for a retirement plan. Each participant has the opportunity to self-direct all contributions among funds controlled by the trustee.

Vesting

Participants are immediately vested in their contributions and Plan Sponsor's matching contributions, plus earnings thereon. Vesting in the Plan Sponsor's profit-sharing contributions plus earnings thereon are at 10% a year for the first two years, and 20% a year thereafter, until fully vested after six years. In the event of death or disability, the full balance of the participant's account becomes immediately vested.

Payment of Benefits

Upon retirement, disability or death, the entire balance of the participant's account is payable in a lump sum or in installments payable over a period of time. Unless directed otherwise, upon termination, any participant's account with a vested balance under \$1,000 will be paid out in a lump-sum payment and any participant's accounts with a vested balance greater than \$1,000 and less than \$5,000 will be rolled over automatically by the Plan into a new IRA. Benefits are recorded when paid.

PHB, Inc.
Employees Profit Sharing Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Withdrawals

Hardship withdrawals are not permitted. The vested balance of participant account balances are payable upon termination of service. Any amounts rolled into the Plan are available for withdrawal at any time.

Notes Receivable from Participants

The Plan provides for loans to participants. The loans are subject to certain limitations and conditions, as specified in the Plan Loan Policy.

Plan Termination

While there are no present intentions to terminate the Plan, the Plan Sponsor has the right under the Plan to discontinue the Plan at any time. Should such a termination occur, each participant would be fully vested in their interest in the Plan, and the value of each participant's account will be paid as directed by the Plan Sponsor.

Administrative Fees

Certain transaction fees are charged by the trustee directly to Plan participant accounts. Presently, legal services, which are not material, are provided at the expense of the Plan Sponsor while all other services are provided at the expense of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and accounting records of the Plan are maintained on the accrual basis method of accounting in conformity with accounting principles generally accepted in the United States of America, which recognizes additions to and deductions from net assets when the contributions are withheld, income is earned, and liabilities are incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are held and invested by Great-West Trust Company, LLC, the trustee of the Plan. Investment values are based upon the latest quoted prices as provided by the respective Trustees. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

PHB, Inc.
Employees Profit Sharing Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common/collective trust funds are reported at Net Asset Value ("NAV"). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. See Note 4 for discussion of fair value and NAV measurements.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and related disclosures. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

3. Tax Status

The Plan, established as a prototype plan, is designed to comply with the applicable requirements under Section 401(k) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving its original determination. The Plan Administrator is not aware of any course of action or series of events that might adversely affect the Plan's qualified status.

The Financial Accounting Standards Board (FASB) issued guidance on accounting for uncertainty in income taxes. During the years ended December 31, 2021 and 2020, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years ended prior to December 31, 2018.

4. Fair Value Measurements

Investments are recorded at estimated fair value, in accordance with the provisions of the FASB Accounting Standards Certification (ASC) topic on *Fair Value Measurements and Disclosures*. The topic establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

PHB, Inc.
Employees Profit Sharing Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under the topic are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and money market fund – registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Brokerage securities: The fair value of brokerage securities represent both investments in publicly traded securities, valued at the closing price reported in the active market in which the individual security is traded, as well as investments in mutual funds, exchange traded funds, and a money market fund, held by registered investment companies and valued at the net asset value (NAV) of shares held by the Plan at year end.

Common and collective trust fund: The Putnam Stable Value Fund (The Fund) is a collective trust fund that is valued at the NAV of the units of the collective trust fund held by the Plan at the year-end times the respective unit value. The NAV, as provided by the trustee, is used as practical expedient to estimate fair value. The NAV of the collective trust fund is based upon significant observable inputs, although it is not based upon quoted market prices in an active market. The collective trust fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the collective trust fund invests in assets (typically contracts issued by insurance companies and banks, synthetic investment contracts and short term investments) and enters into "wrapper" contracts issued by third-parties and invests in cash equivalents represented by shares in a money market fund.

PHB, Inc.
Employees Profit Sharing Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level within the fair value hierarchy, the plan's investments at fair value:

Investments Measured Using NAV per Share Practical Expedient

- (a) Certain investments that were measured at net asset value (“NAV”) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Information Prepared and Certified by Trustee

For the year ended December 31, 2021, the plan Administrator elected the method of compliance permitted under ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. For the year ended December 31, 2020, the Plan Administrator elected the method of compliance permitted by Section 2520.103-8 of the DOL Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such elections, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, net realized and unrealized appreciation in fair value of investments, interest and dividend income, and administrative expenses for the years ended December 31, 2021 and 2020, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee, Great-West Trust Company.

6. Related Party Transactions

Certain Plan investments are shares of funds held and managed by Putnam. This entity represents the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are based on investment performance. These fees are not prohibited; payments are for reasonable compensation for the operation of the Plan.

7. Transfers from Other Plans

The Plan Sponsor also sponsors the following employee benefits plans: PHB Die Casting Inc. 401(k) Plan, PHB, Inc. Employees' Welfare Benefit Plan and PHB, Inc./PHB Die Casting Health Plan (Spousal MERP) and the Parker White Metal Hourly Pension Plan. For the Plan years ended December 31, 2021 and 2020, \$139,081 and \$536 transferred to this Plan from the PHB Die Casting Inc. 401(k) Plan, respectively. For the Plan years ended December 31, 2021 and 2020, there were no transfers from this Plan to the PHB Die Casting Inc. 401(k) Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In December 2019, a novel strain of coronavirus (COVID-19) surfaced and has spread throughout the world resulting in business and social disruption. The coronavirus was declared a Public Health Emergency of International concern by the World Health Organization on January 30, 2020. The effect on the Plan's investments is highly uncertain and cannot be predicted. However, if financial markets and the overall economy are continued to be impacted for an extended period, the Plan's ability to trade and its investment results may be materially affected.
