Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Mud Bay Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Mud Bay Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mud Bay Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Mud Bay Retirement Plan
Olympia, Washington

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Mud Bay Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mud Bay Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Mud Bay Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MUD BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan:

The following description of the Mud Bay Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Mud Bay, Inc. (the Company), except for employees who are nonresident aliens or union employees. Generally, employees of the Company are eligible to participate in the Plan beginning the first day of each quarter of the calendar year following six months of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective September 28, 2021, the Plan changed service providers for their recordkeeping and custodial services from American Funds to Empower Retirement. Related to this change, all investments were transferred to Empower Retirement. Effective the same date, the plan adopted a new plan document which reduced the age of eligibility from 21 to 18.

Contributions:

Each year, participants may contribute up to 100% of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollovers).

Effective September 28, 2021, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment until changed by the participant. The deferral rate will increase by 1% annually until a deferral rate of 6% has been reached, unless the participant opts out of the auto-increase.

The Company may make discretionary matching contributions to the Plan on behalf of each participant. Participants who have reached the age of eligibility and have completed one year of service are eligible to receive discretionary matching contributions. The Company may also make non-elective profit sharing contributions to the Plan using an integrated allocation with the social security taxable wage base. No Company contributions were made for 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

MUD BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions, Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of contributions into various investment options offered by the Plan

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service. A participant is 100% vested on a graded scale after six years of credited service.

Death or disability:

In the event of death of a participant before his or her retirement benefit commences, 100% of the participant's account balance will be paid to the named beneficiary. If a participant becomes permanently disabled, 100% of his or her account will be distributed in the same manner as if the participant had retired.

Payment of benefits:

On termination of service due to termination of employment, death, disability, or retirement, participants or beneficiaries may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or annual installment payments over a set period of time. Account balances under \$5,000 will be paid in a lump sum payment.

Hardship withdrawals are available only to participants who have an immediate and heavy financial need. Effective September 28, 2021, hardship withdrawals may only be made from the participant's pre-tax elective deferral account, Roth elective deferral account, and rollover account.

Forfeited accounts:

Forfeited balances of participants' nonvested accounts are used to reduce future employer discretionary contributions or pay administrative expenses. Forfeitures held in the Plan as of December 31, 2021 and 2020 were \$2,900 and \$0, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (GAAP).

Use of estimates:

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's advisers. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2021 excess contributions prior to March 15, 2022.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

MUD BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued):

Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events:

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

3. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MUD BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020. The fair values of the Plan investments were all valued using Level 1 inputs within the fair value hierarchy at December 31, 2021 and 2020.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

4. Group annuity contract with insurance company:

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company (Great-West), in which participant deferrals are invested into Great-West's general assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Great-West but may not be less than 1% (the rate was 1% at December 31, 2021). The crediting rate is subject to change.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on Great-West's ability to meet its financial obligations. Great-West's ability to meet contractual obligations may be affected by future economic and regulatory developments.

MUD BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Group annuity contract with insurance company (continued):

Certain events might limit the ability of the Plan to transact at contract value with Great-West. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Great-West and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Great-West to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of Great-West.

5. Certified investments:

Certain information related to investments disclosed in the accompanying financial statements and ERISA - required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Trust Company, LLC (the trustee of the Plan) as of December 31, 2021 and for the period September 28, 2021 to December 31, 2021, and by Capital Bank and Trust Company as of December 31, 2020, and for the period January 1, 2021 through September 27, 2021.

6. Related party transactions and party-in-interest transactions:

The group annuity contract at contract value is managed by Empower Retirement. Empower Retirement is a subsidiary of Great West Trust Company, LLC. Great West Trust Company, LLC is the trustee for the Plan and, therefore, the investment and related transactions qualify as a party-in-interest investment and transactions. American mutual fund investments are managed by Capital Bank. Capital Bank was the trustee for the Plan, from January 1, 2021, until September 27, 2021, and, therefore, these investments and transactions were considered to be party-in-interest investments and transactions through September 27, 2021.

MUD BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax status:

The Plan adopted a prototype non-standardized profit sharing plan with USI Consulting Group, (USI), a service provider of the Company. USI's prototype plan received a favorable determination letter from the IRS, dated June 30, 2020, that stated the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation to Form 5500:

The following is a reconciliation of net assets available for benefits as of December 31, 2021 per the financial statements to the Form 5500:

Net assets available for benefits per	
the financial statements	\$ 2,431,972
