Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2021 and 2020

(1) Description of Plan

The following description of Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

- (a) **General** - The Plan is a qualified defined contribution plan covering all employees of the Company who are at least 19 years of age with six months of eligible service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant directed.
- (b) **Contributions** - Participants may contribute to the Plan, through payroll deduction, amounts up to 100% of their annual earnings, subject to certain limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Company funds a safe harbor match contribution of 4% of participant's compensation. The Company also funds, as a regular employer discretionary contribution, a maximum 2% of participant's compensation. Participants must complete one year of service to be eligible for employer contributions.

Each year the Company may make additional discretionary contributions to the Plan. No additional discretionary contributions were recorded for 2021 or 2020.

- (c) **Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, Plan earnings (losses), and administrative fees. Allocations are based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- (d) **Vesting** - Participants are immediately vested with respect to their elective deferral contributions and safe harbor contributions and actual earnings thereon. Vesting in regular employer match and discretionary contributions and actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years and vests an additional 20% every year thereafter, until reaching 100% after six years of credited service.
- (e) **Forfeitures** - Forfeitures of employer discretionary contributions are used to reduce future employer contributions. During 2021 and 2020, forfeitures were used to reduce employer contributions by \$10,490 and \$10,042, respectively. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$21,572 and \$781, respectively.
- (f) **Payment of Benefits** - In the event of termination of employment, disability, death or retirement (age 60), a participant may elect to receive benefits either by a lump sum distribution or periodic installments over a period of time as described in the Plan Agreement. Distributions of vested account balances of \$5,000 or less will generally be made in a single sum payment. Hardship distributions of participant's contributions are permitted.
- (g) **Plan Termination** - The Company expects to continue the Plan indefinitely, but reserves the right to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2021 and 2020

- (h) **Expenses** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.
- (i) **Notes Receivable from Participants** - Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or a maximum equal to 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan funds. Loan terms are typically based on a five-year term and bear interest at the then current prime rate (3.25% at December 31, 2021) plus 1%. The loans must be adequately secured with at least 50% of the present value of the participant's vested interest in the Plan. Principal and interest are paid through salary reductions each pay period.

(2) Summary of Accounting Policies

- (a) **Basis of Accounting** - The financial statements are prepared using the accrual method of accounting.
- (b) **Management Estimates** - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- (c) **Investment Valuation** - The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment changes include the Plan's gains and losses on investments bought and sold as well as held during the year.

- (d) **Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement.

(3) Fair Value Measurements

FASB ASC 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable and Level 3 inputs have the lowest priority and are unobservable inputs of market activity. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2021 and 2020

Level 1 Fair Value Measurements

The fair value of the Plan's mutual funds and money market accounts is based on quoted prices from within active markets.

The Plan's investments measured at fair value at December 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Mutual Funds	\$ 14,175,776	12,249,754
Money Market	<u>38,868</u>	<u>781</u>
Total investments	<u>\$ 14,214,644</u>	<u>12,250,535</u>

(4) Guaranteed Investment Contract

During 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with MassMutual Retirement Services ("MMRS"), which was terminated in April 2021. The contract was an investment option with a general investment account guarantee that provided a stated rate of return and insulated participants' accounts from daily fluctuations in the market. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed investment contract met the criteria to be considered fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the 2020 statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by MMRS, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Under the terms of the contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$0 and \$2,369,914, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and the average rate was 1.08% and 2.59% for 2021 and 2020, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events could have limited the ability of the Plan to transact at contract value with MMRS. Such events included but were not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

Diagnostic Radiology & Imaging 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2021 and 2020

(5) Tax Status

The Plan is based on a Loren D. Stark Company prototype defined contribution plan. Loren D. Stark Company obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan is designed in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this letter. However, the Plan administrator, trustees and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is not currently under examination for any tax periods.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Contingency

The COVID-19 pandemic is having a significant impact on the overall economy in the United States of America. Management continues to assess the potential impact of the pandemic to the financial markets and the overall economy, and its continuing operations. It is at least reasonably possible the pandemic may have an impact on estimates contained in these financials. If the financial markets and/or the overall economy are impacted for an extended period, the plan's investment results may be materially adversely affected.

(8) Information Certified by the Custodian

The investment assets and investment income information in the statements of net assets available for benefits and changes in net assets available for benefits, as well as the Schedule, were summarized from information supplied and certified by the custodian, Reliance Trust Company. The information obtained from the custodian was not audited by independent public accountants as permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
