Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from the Reliance Trust Company as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements – continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 Financial statements of Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust were audited by Marcum LLP. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan Description

The following description of Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a participant-directed defined contribution plan covering all eligible non-union employees of Lane-Valente Industries, Inc. (the “Company”). The Plan administrator is the Company. Reliance Trust Company serves as the trustee of the Plan. ADP Retirement Services, a division of ADP, Inc. serves as the Plan’s recordkeeper. The Plan was established effective January 1, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), to include all applicable amendments up to and including the Economic Growth and Tax Relief Act of 2001. The Plan was formally amended in 2021 to adopt the provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE Act”), the Coronavirus, Aid, Relief and Economic Security Act (CARES), and the Consolidated Appropriations Act (CAA).

Administration – The Plan administrator is responsible for oversight of the Plan. The Plan’s trustees are Company executives who oversee the management of the Plan and investment of the Plan’s assets. The trustees responsibilities include, but are not limited to, maintaining and enforcing the Plan’s investment policy; selecting and monitoring the Plan’s recordkeeper and directed trustee; maintaining an appropriate selection of investment options under the Plan based on the Plan’s investment policy; and monitoring the performance of the Plan’s investments and service providers.

Eligibility - Entry into the Plan begins on the first day of the month coinciding with or next following the date of completion of the eligibility requirements. Each non-union employee of the Company is eligible to participate in the Plan for purposes of salary deferrals after two consecutive months of employment.

Contributions – Participants may enter into an elective salary deferral agreement with the Company to contribute an amount up to 90 percent of pretax annual compensation, as defined in the Plan document, not to exceed limits prescribed by the Internal Revenue Code (the “Code”). The maximum dollar amount of elective salary deferrals for the year ended December 31, 2021 was \$19,500. Participants who have attained age 50 before the end of the year were eligible to make catch-up contributions of up to \$6,500. Participants may also make rollover contributions into the Plan from other qualified plans.

Participants may also elect to contribute to the Plan, on an after-tax basis, by designating some or all of their contributions as Roth 401(k) Deferrals. These after-tax contributions, plus the earnings accumulated thereon, may be withdrawn tax-free provided the withdrawal is a qualified distribution, as defined in the Plan document.

The Plan provides matching contributions, under a Safe Harbor arrangement, equal to 100% of the first three percent of base compensation, plus 50 percent of the amount between three percent and five percent of base compensation that a participant contributes to the Plan. Participants who are eligible to make salary deferrals to the Plan are eligible for the safe harbor contributions. Safe Harbor Matching Contributions generally must be contributed by the end of the Plan year quarter following the Plan year quarter for which the participant makes the salary deferrals that are being matched. The value of the Company’s aggregate matching contribution was \$615,798 for the year ended December 31, 2021.

The combined contributions by the participant and the Company may not exceed limits prescribed by the Code. The maximum annual combined contributions for the year ended December 31, 2021 was the lesser of 100% of each participant’s annual compensation, or the dollar limitation of \$58,000.

Employer profit sharing contributions are a discretionary dollar amount as determined by the Company’s Board of Directors. Participants are eligible to receive profit sharing contributions upon completion of one (1) year of service, as defined in the Plan. For the year ended December 31, 2021, there were no employer profit sharing contributions made to the Plan.

Participant Accounts – Each eligible participant’s account is credited with (a) the participant’s contributions, (b) the Company’s Safe Harbor matching contributions and discretionary profit-sharing contributions, and (c) an allocation of dividends and any change in the market value of the various investment funds. Each eligible participant’s account is charged with any withdrawals or distributions requested by the participant and an allocation of administrative expenses. Allocations are based on the ratio that each participant’s account balance in the fund bears to the total account balances of all participants in the respective fund.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan Description – continued

Participant Accounts – Each eligible participant's account is credited with (a) the participant's contributions, (b) the Company's Safe Harbor matching contributions and discretionary profit-sharing contributions, and (c) an allocation of dividends and any change in the market value of the various investment funds. Each eligible participant's account is charged with any withdrawals or distributions requested by the participant and an allocation of administrative expenses. Allocations are based on the ratio that each participant's account balance in the fund bears to the total account balances of all participants in the respective fund.

Investments – Participants direct the investment of their contributions and any subsequent changes made to the Company's matching and discretionary profit-sharing contributions. These options include numerous registered investment companies. Participants may change their investment elections at any time for both existing account balances and future contributions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in their portion of the Company's Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contributions is based on continuous service. A participant is 100% vested in discretionary non-elective contributions after six years of credited service. Upon termination of employment due to death, disability (as defined by the Plan), or attainment of age 65, the Plan's normal retirement age, participants will also be 100% fully vested in their total account balance.

Distributions of Benefits – Upon termination of service due to death, disability or retirement, participants with account balances in excess of \$5,000 may elect to receive a single lump-sum payment, installments over a period of not more than the participant's assumed life expectancy, request a partial withdrawal, or defer receiving payments until age 70½. Account balances less than \$5,000 may only be paid in a lump sum and will be distributed to participants regardless of whether they consent to receive it. If the participant does not make an election and the vested balance exceeds \$1,000, but does not exceed \$5,000, the Plan will make the distribution in the form of a direct rollover to an individual retirement account ("IRA") established by an IRA provider selected by the Company. Each active participant, prior to termination of employment and who has attained age 59½, may withdraw any portion of his or her vested account balance from the Plan, subject to a minimum distribution of \$500.

The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the Code not to exceed a participant's actual contributions to the Plan. Participants must show that they are suffering an immediate and heavy financial hardship and that the money cannot be obtained from any other source. Hardship withdrawals are limited to the amount necessary to satisfy the financial need. Circumstances that qualify as an immediate and heavy financial hardship are defined in the plan document. Upon qualification for financial hardship, a participant is entitled to the value of his or her deferral and the vested portion of the Company's contributions, determined as of the valuation date, which is payable immediately in a lump-sum distribution.

Participant Loans – Participants may borrow from their accounts amounts between \$1,000 and up to the lesser of a) \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan; or 50% of the participant's vested account balance. Loan terms generally may not exceed five (5) years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. The loans are secured by the remaining balance in the participant's account and are issued at prime rate of interest as published in the Wall Street Journal on the 14th day of each month (or on the first business day preceding the 14th in the event the 14th is not a business day), plus one percent. The rate of interest remains constant throughout the term of the loan. Principal and interest are repaid ratably through payroll deductions. A participant applying for a loan through the Plan will be charged a \$125 loan application fee, which is nonrefundable and is used to offset the administrative expenses associated with the loan.

At December 31, 2021 and 2020, notes receivable from participants aggregating \$556,277 and \$551,823, respectively, were outstanding at interest rates ranging between 4.25% and 6.50% and maturing through 2028.

Forfeitures – Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expense of the Plan, as determined by the Company at its sole discretion. For the year ended December 31, 2021 and 2020, forfeitures totaled \$0 and \$0 respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

2. Summary of Significant Accounting Policies

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements and supplemental schedules. These financial statements, supplemental schedules, and notes are representations of the Lane-Valente Industries, Inc. (the "Employer" or "Plan Sponsor") management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies have been consistently applied in the preparation of the financial statements and supplemental schedules.

Basis of Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), except that benefits paid to plan participants are recorded on a cash basis.

Use of Estimates – The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned in accordance with the accrual basis. Dividends are recorded as received by Reliance Trust Company (the "Custodian"). Net appreciation includes the plan's gains and losses on the investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when incurred. Delinquent notes receivable from participants are considered by the Plan administrator to be in default, the loan balance is reduced and recorded as a benefit payment based on the terms of the Plan document.

Contributions – Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due to the Plan.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Administrative expenses of the Plan are paid by the Plan or by the Company, as provided in the Plan document.

3. Certified Investments (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest on participant's notes receivable for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company (the Custodian).

4. Investments and Fair Value Measurements (Unaudited)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

PLAN SPONSOR EIN: 11-3459495
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

4. Investments and Fair Value Measurements (Unaudited) – continued

Level 1– The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission (the “SEC”). The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2– The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3– Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments at fair values are detailed as follows:

<u>Assets at Fair Value as of December 31, 2021</u>		
	<u>Level 1</u>	<u>Total</u>
Investments, Fair Value		
Mutual funds	\$ 22,353,200	\$ 22,353,200
<u>Assets at Fair Value as of December 31, 2020</u>		
	<u>Level 1</u>	<u>Total</u>
Investments, Fair Value		
Mutual funds	\$ 18,600,401	\$ 18,600,401

5. Transactions with Parties-In-Interest

ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participant's account. The Company also pays certain administrative expenses on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions under the provisions of ERISA.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

7. Federal Income Tax Status

The Plan has adopted the ADP Prototype 401(k) and Profit Sharing Plan (the “ADP Plan”), which is designed to be qualified under the applicable provisions of the Code and is not subject to federal or state income taxes.

The ADP Plan obtained a favorable opinion letter dated October 6, 2020, in which the IRS stated that the prototype plan, as then designed, complied with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

8. Risk and Uncertainties

a. Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

b. COVID-19 Pandemic

The World Health Organization officially declared the Coronavirus Disease (COVID-19) outbreak a global pandemic in early 2020, which caused the financial markets to have significant declines and volatility throughout 2021.

The Plan’s investment portfolio has been negatively impacted by COVID-19’s market volatility but the overall financial impact cannot be estimated at this time.

9. Subsequent Events

The plan sponsor has evaluated the December 31, 2021 financial statements for subsequent events through October 10, 2022, the date the financial statements were available to be issued.
