INDEPENDENT AUDITOR'S REPORT

October 10, 2022

To the Administrative Committee
of the Data Electronic Devices, Inc. 401(k) Plan
32 Northwestern Drive
Salem, New Hampshire 03079

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Data Electronic Devices, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Data Electronic Devices, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

38 Pleasant Street, Gloucester, MA 01930 978.283.2224

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Data Electronic Devices, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Data Electronic Devices, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Data Electronic Devices, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Data Electronic Devices, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following description of the Data Electronic Devices, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of the Company and QCM, Inc. DBA Veris Manufacturing ("Plan Sponsors") who have completed six months of eligible service, as defined by the Plan agreement, and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. Participation in the Plan is entirely voluntary.

B. Contributions

Each year, participants may contribute up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment account options as offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants may change their investment percentage options weekly and reallocate their investment portfolio daily.

The Plan Sponsors elected to make safe harbor matching contributions in 2021 in accordance with statutory requirements. Participants are entitled to receive safe harbor contributions equal to 100% of the first 4% of each participants deferred compensation. All Plan Sponsor's contributions are directed by the participants. During the year ended December 31, 2021, the Plan Sponsor's made safe harbor matching contributions of \$500,993.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN (CONT.)

D. Vesting

Participants are vested immediately in their employee contributions, plus actual earnings thereon. Vesting in the Plan Sponsors' discretionary contributions and actual earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service.

E. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the time the loan application is submitted. At December 31, 2021 and 2020, the interest rates on outstanding notes receivable ranged from 5.25% and 7.5%. Principal and interest is paid ratably through weekly payroll deductions.

F. Terminated Accounts

At December 31, 2021 and 2020, terminated vested accounts amounted to \$1,365,216 and \$1,124,352, respectively. These accounts will be or were paid to the terminated participants.

G. Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive their vested interest by (i) transfer to another qualified plan, (ii) transfer to an individual retirement plan, or (iii) a lump-sum distribution subject to a 20-percent income tax withholding.

H. Hardship Withdrawals

Hardship withdrawals may be allowed in the case of heavy and immediate financial need that cannot be satisfied by other sources. Such withdrawals may be granted upon receipt of documented evidence. During the year ended December 31, 2021, hardship withdrawals amounted to \$50,001.

I. Forfeited Accounts

Forfeitures of employer contributions can be used to pay plan expenses or are applied to reduce subsequent employer discretionary contributions. In 2021, forfeited nonvested accounts totaled \$2,126. The balance in the forfeiture account as of December 31, 2021 and 2020 was \$20 and \$10, respectively.

J. Administration Expenses

The Sponsor provided certain administrative and accounting services to the Plan at no cost. Other administrative expenses incurred by the Plan during the year ended December 31, 2021 include loan and withdrawal fees of \$6,630, and investment management fees of \$19,301 charged directly to the participants' accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements have been prepared on a modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. Consequently, investment income is recognized when received and disbursements are recognized when made. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with generally accepted accounting principles.

B. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of Plan assets and changes therein at the date of the financial statements. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value.) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income on investments is recorded when received by the Plan. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, and 2020, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

E. Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets or identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Values (NAV) and to transact at that price. The mutual funds in the Plan are determined to be actively traded.

The following table sets forth the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
<u>Investments Measured at Net Asset Value:</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

4. COLLECTIVE INVESTMENT TRUST

In 2021 and 2020, Plan participants elected to allocate contributions to the Metlife Reliance Stable Value Fund ("Fund"), a common collective investment trust. The Fund's investment objective is to seek preservations of principal while seeking a rate of return which, over time, is competitive with rates of return earned over an extended period of time by comparable fixed income investment products. The Fund provides its unitholders with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts, and in short-term investments or other collective investment funds. The underlying collective investment funds may use various investment strategies in addition to holding long portfolio positions. Investments in this option are treated as an investment in a fully benefit-responsive guaranteed investment contract.

Because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or other events. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The average yields earned by the Metlife Stable Value Fund 25157 are as follows:

Average Yields:	<u>2021</u>	<u>2020</u>
Based on actual earnings	1.92%	8.69%
Based on interest rate credited to participants	2.32%	2.57%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

5. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by Reliance Trust. Reliance Trust is the custodian of the Plan assets, and therefore, these are transactions that qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. TAX STATUS

The Internal Revenue Service has determined and informed the custodian by a letter dated July 8, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The provisions of Accounting for Uncertainty in Income Taxes require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian. Investment information reported by the custodian at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Investments:		
Mutual funds	\$ 7,811,348	\$ 6,760,673
Common and collective investment trust	<u>59,449</u>	<u>58,385</u>

Changes in net assets:		
Net appreciation in fair value of investments	\$ 645,148	
Investment income	<u>322,631</u>	
Total	<u>\$ 967,779</u>	

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 10, 2022, which is the date the financial statements were available to be issued.

On March 11, 2020 the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The length and severity of this pandemic or the extent to which the disruption may materially impact the performance of plan funds in 2022 cannot be reasonably estimated at this time. The total plan balance at October 10, 2022, was \$8,128,300.
