Independent Auditors' Report

To the Plan Administrator of the
L.P. College, Inc. Profit Sharing Plan
New Bedford, Massachusetts

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements:

We have performed an audit of the financial statements of the L.P. College, Inc. Profit Sharing Plan (hereinafter "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (hereinafter "ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (hereinafter "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (hereinafter "Investment Information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (hereinafter "Qualified Institution").

Management has obtained a certification from a Qualified Institution as of and for the year ended December 31, 2021, stating that the certified Investment Information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements:

In our opinion, based on our audit and on the procedures performed as described in the Auditors' responsibilities for the audit of the 2021 financial statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified Investment Information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by John Hancock Life Insurance Company (USA), the custodian of the Plan, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements:

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (hereinafter "GAAS"). Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the 2021 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements:

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of our audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' responsibilities for the audit of the 2021 financial statements:

Except as described in the Scope and nature of the ERISA Section 103(a)(3)(C) audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' responsibilities for the audit of the 2021 financial statements - continued:

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified Investment Information, except for obtaining and reading the certification, comparing the certified Investment Information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified Investment Information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters:

2021 supplemental schedules required by ERISA:

The supplemental Schedule H, Line 4i - Schedule of Assets – Year Ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified Investment Information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified Investment Information, we compared such information to the related certified Investment Information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified Investment Information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other matters - continued:

2021 supplemental schedules required by ERISA - continued:

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified Investment Information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' report on the 2020 financial statements:

We were engaged to audit the 2020 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

L.P. COLLEGE, INC. PROFIT SHARING PLAN

Notes to Financial Statements

1. Description of plan:

The following description of the L.P. College, Inc. (hereinafter “Employer”) Profit Sharing Plan (hereinafter “Plan”) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan’s specific provisions.

General:

The Plan is a defined contribution plan originally effective January 1, 1994. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective January 1, 2021. The Plan covers all eligible employees. The Plan excludes employees covered by a collective bargaining agreement, employees who are nonresident aliens, and individuals who become employees as a result of a Code Section 410(b)(6)(C) transaction before expiration of the transition period. A Code 410(b)(6)(C) transaction is an asset or stock acquisition, merger, or similar transaction involving a change in the employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (hereinafter “ERISA”).

The Plan is a qualified safe harbor plan. A safe harbor plan is a plan design where the Employer commits to making a safe harbor matching contribution. This commitment enables the Employer to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met. The Plan allows for qualified hardship distributions and the Plan administrator believes the Plan continues to qualify as a safe harbor plan.

Eligibility:

Salary deferrals – To be eligible, participants must be at least twenty-one (21) years of age. The employee enters the salary deferral portion of the Plan on the first day of January or July coinciding with or next following the date on which the employee meets the eligibility requirements.

Employer contributions – To be eligible for the Employer matching and discretionary profit-sharing contributions, participants must be a minimum age of twenty-one (21) and perform one (1) year of service. To receive an employer contribution, participants must be employed on the last day of the Plan year or have completed more than five hundred (500) hours of service during the Plan year, if terminated.

Contributions:

Each year, participants may elect to contribute the maximum allowable under the Internal Revenue Code (hereinafter “IRC”) for the year, which was \$19,500 for the years ended December 31, 2021 and 2020. Participants may commence salary deferrals on the date they are determined to be eligible to participate in the Plan, as detailed above, and on each January 1st. Participants may modify salary deferral elections at each payroll period. Participants who have attained the age of fifty (50) before the end of the Plan year are eligible to make “catch-up” contributions of up to \$6,500 for the years ended December 31, 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Annually, the Employer makes a qualified matching contribution and may also make a discretionary profit-sharing contribution to the Plan. Employer contributions are invested directly in the individual participant accounts in participant-directed investments.

L.P. COLLEGE, INC. PROFIT SHARING PLAN

Notes to Financial Statements

1. Description of plan - continued:

Contributions - continued:

Effective January 1, 2016, the Plan was amended to require the Employer to make a contribution equal to one hundred percent (100%) of the participant's contributions, up to three percent (3%) of compensation, plus fifty percent (50%) of the participant's contributions between three percent (3%) and five percent (5%) of compensation.

The Employer did not make a discretionary profit-sharing contribution for the years ended December 31, 2021 and 2020. Contributions are subject to certain IRC limitations.

Participant accounts:

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's salary deferral, the Employer's matching contribution, an allocation of the Employer profit-sharing contribution, and an allocation of Plan earnings or losses, and administrative expenses thereon. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the total shares in the participant's account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various mutual funds and a fixed account fund as investment options for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions, plus actual earnings thereon, as well as any amounts rolled over or transferred into the Plan. As a qualified safe harbor plan, vesting in the Employer's matching and discretionary profit-sharing contribution portion of their accounts occurs immediately.

Employees are subject to the following vesting schedule for Employer matching and discretionary profit-sharing contributions:

<u>Years of Service</u>	<u>Vesting Percent</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

Notes to Financial Statements

1. **Description of plan - continued:**

Benefit payments:

A participant's vested account balance is distributed in a lump-sum payment immediately upon retirement, death, disability, or termination of employment. Upon termination of service for reasons other than death, disability, or retirement, the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution or in a life annuity, after having incurred three (3) one-year breaks in employment. This provision was amended October 1, 2012, to allow benefit payments to be made available after the participant has incurred a one-year break in service.

The Plan allows for in-service distributions if a participant reaches age 59 1/2 subject to Plan provisions. The Plan also permits hardship distributions and for withdrawals of up to \$5,000 for eligible child-care and adoption expense and \$100,000 for coronavirus-related distributions subject to Plan provisions. For coronavirus-related and other disaster distributions, the participant is allowed to recontribute the funds within three (3) years without impacting the IRS contribution limits in the years recontributed. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeitures:

Forfeitures from non-vested Employer matching and discretionary profit-sharing contributions are first used to pay for administrative expenses of the Plan. Any remaining amounts are used to reduce future Employer contributions payable under the Plan. Forfeited non-vested accounts totaled \$78 and \$- at December 31, 2021 and 2020, respectively. For the years ended December 31, 2021 and 2020, \$78 and \$-, respectively, of forfeiture balances were used to pay for administrative expenses of the Plan. For the years ended December 31, 2021 and 2020, there were no forfeiture balances used to reduce Employer contributions to the Plan.

2. **Summary of significant accounting policies:**

A summary of significant accounting policies consistently applied in the preparation of the financial statements follows:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting except for payments of benefits, which are recorded when paid.

L.P. COLLEGE, INC. PROFIT SHARING PLAN

Notes to Financial Statements

2. Summary of significant accounting policies - continued:

Use of estimates and assumptions:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions. These affect the reported amounts of assets and liabilities; the disclosure of contingent assets and liabilities at the date of the financial statements; as well as the reported amounts of additions to and deductions from the Plan during the reporting period. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a date-of-trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, or held during the year and is reported in the Statements of Changes in Net Assets Available for Benefits. See Note 4 for a discussion of fair value measurements.

Payment of benefits:

Benefits are recorded when paid except for any excess contributions payable to participants, which are recorded as they become payable.

On termination of service, as defined, or upon the attainment of age 59 ½ while still employed, a participant may elect to distribute an amount equal to the value of the participant's vested interest in their individual account as a lump-sum payment or rollover the payment into another qualified plan or account.

A participant may also withdraw money from their individual account in the event of financial hardship. Hardship withdrawals may not exceed the amount of the participant's cumulative deferral and the participant may not make additional deferrals for a period of six (6) months after the date of the withdrawal.

A participant with an account balance less than \$1,000 must take a lump-sum payment as soon as practicable following termination.

Administrative expenses:

The Plan pays all expenses for the custodian of the Plan investments as well as the Plan administrator for the administration and reporting requirements of maintaining the Plan. All other expenses of maintaining the Plan are paid by the Employer. Amounts paid by the Plan for these services totaled \$70,601 and \$63,691 for the years ended December 31, 2021 and 2020, respectively.

L.P. COLLEGE, INC. PROFIT SHARING PLAN

Notes to Financial Statements

2. Summary of significant accounting policies - continued:

Fair value of investments – definition and measurement:

The Plan measures certain assets and liabilities in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), *Fair Value Measurement (Topic 820)*. As such, fair value is defined as the price that would be received upon sale of an asset, or paid upon transfer of a liability, in an orderly transaction between market participants at the measurement date and in the principal, or most advantageous, market for that asset or liability. The fair value is calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the Plan. In addition, the Plan reports certain investments using the net asset value (hereinafter “NAV”) per share as determined by investment managers under the so called “practical expedient” method. The practical expedient method allows net asset values per share to represent fair value for reporting purposes when the criteria for using this method are met. Investments for which fair value was measured at its NAV per share, or its equivalent, using the practical expedient are not categorized in the fair value hierarchy.

The fair values of the Plan’s investments, except for those valued using NAV as a practical expedient, are summarized in a hierarchy prioritizing the inputs into three (3) levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three (3) levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

The three levels of the fair value framework are as follows:

Level I – Pricing inputs are based on quoted prices in active markets for identical instruments as of the reporting date. The type of instruments generally included in Level I include listed securities publicly traded on a stock exchange. Investments valued using Level I inputs include mutual funds that are traded in an active exchange market.

Level II – Pricing inputs are based on quoted prices for similar instruments in active markets, quoted prices in markets that are not active, or other inputs which are either directly or indirectly observable as of the reporting date; fair value is determined through the use of model-based valuation methodologies. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability. There are no investments valued using Level II inputs.

Level III – Pricing inputs are generally unobservable for these instruments and include situations where there is little or no market activity for the instrument. The inputs into the determination of fair value require significant management judgment and reflect management’s estimate of assumptions that market participants would use in pricing the asset or liability. There are no investments valued using Level III inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2021 and 2020.

Money market funds – Money market funds are public investment vehicles valued using \$1 for the NAV, or its equivalent, as a practical expedient.

2. Summary of significant accounting policies - continued:

Fair value of investments – definition and measurement - continued:

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Pooled investment vehicles are designed primarily for certain qualified retirement plans. The fair value of this investment has been estimated using the NAV as a practical expedient, as provided by the fund manager, and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no restrictions on participant redemptions, units may be redeemed daily, and there are no unfunded commitments. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a twelve-month (12) notice prior to distribution.

The measurement's level for any qualifying assets and liabilities within this framework is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The classification of investments in the fair value hierarchy is not necessarily an indication of risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities. The Plan reports transfers between levels as of the end of the reporting period.

Risks and uncertainties:

The Plan participants may invest in various types of investment security offerings as determined by the Employer in conjunction with the Plan administrator and custodian. In general, investment securities are exposed to various risks such as interest rate as well as market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and such changes could materially affect participants' account balances as well as the amounts reported in the Statements of Net Assets Available for Benefits.

The fair values of the Plan's investments have been determined at a specific point in time, based on relevant market information and information about the investments. Estimates of fair value are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect estimates.

2. Summary of significant accounting policies - continued:

Risks and uncertainties:

In March 2020, the World Health Organization declared the outbreak of a novel strain of coronavirus (hereinafter “COVID-19”) a global pandemic and recommended containment and mitigation measures worldwide. Following the COVID-19 pandemic, adjustments by central banks around the world have resulted in significant stock market volatility. Its long-term impact on the Plan is uncertain at this time.

Subsequent events:

Subsequent events are transactions or events that occur after the Statements of Net Assets Available for Benefits date but before the financial statements are issued or available to be issued. The Employer and Plan administrator have evaluated subsequent events through October 8, 2022, which is the date the financial statements were available to be issued.

3. Investments:

Gains and losses (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020, are reported in net appreciation and depreciation in fair value of investments. None of the marketable securities held at December 31, 2021 and 2020 have any unfunded commitments, significant restrictions on the ability to sell the investment, or other redemption restrictions, or a redemption notice period.

American Funds target date funds (hereinafter “Target Funds”) seek to achieve the following objectives to varying degrees: growth, income, and conservation of capital depending on the proximity to its target date. The Target Fund will increasingly emphasize income and conservation of capital by investing a greater portion of its assets in bond, equity-income, and balanced funds as it approaches and passes its target date. In this way, the Target Fund seeks to balance total return and stability over time. Target Funds attempt to achieve their investment objectives by investing in a mix of American Funds in different combinations and weightings. The underlying American Funds represent a variety of fund categories such as growth funds, growth-and-income funds, equity-income funds, a balanced fund, and bond funds. The fund categories represent differing investment objectives. Growth funds seek long-term growth primarily through investing in both U.S. stocks and stocks of issuers domiciled outside the United States (hereinafter “U.S.”) Growth-and-income funds seek long-term growth and income primarily through investments in stocks. Equity-income and balanced funds generally strive for income and growth through stocks and bond investments, while bond funds seek current income through bond investments. Target Funds are designed for investors who plan to retire in, or close to, the year designated in the fund’s name.

3. Investments - continued:

The Plan's index mutual funds represent a portfolio of stocks or bonds designed to mimic the composition and performance of a financial market index. The American Balanced mutual fund includes a mix of stocks and bonds intended to blend growth and income and generally provides income, modest capital appreciation, and conservation. The Fidelity Mid Cap Index Fund invests primarily in mid-capitalization U.S. companies intended to mirror the mid-capitalization index. The TIAA-CREF Large-Cap and Small-Cap Growth Index are focused on long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities of large-capitalization and small-capitalization U.S. growth companies, respectively. The John Hancock Total Bond Fund invests primarily to mirror the Barclays Capital U.S. Aggregate Bond Index, which broadly represents the U.S. investment-grade bond market. The John Hancock 500 Index Fund works to match the performance of the S&P 500 Index by holding all, or a representative sample of, the securities that comprise the index. The John Hancock Bond Fund invests primarily in U.S. government, agency, and corporate bonds with yield curve positioning intended to provide current income consistent with prudent investment risk.

Investments such as those above involve, to varying degrees, elements of market risk and credit risk in excess of amounts recorded on the Statements of Net Assets Available for Benefits. For the Plan, market risk represents the potential loss due to the decrease in the value of the investment; credit risk represents the maximum potential loss due to possible nonperformance of contract terms by obligors and counter parties.

4. Investments reported at fair value:

In accordance with Accounting Standards Codification (ASC), *Fair Value, (Topic 820)*, the investment's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Money market cash and pooled separate accounts were measured at their NAV per share, or its equivalent, using the practical expedient for the years ended December 31, 2021 and 2020; therefore, they are not categorized in the fair value hierarchy.

Fair value of assets at December 31, 2021 were as follows:

<u>Investments at fair value:</u>	<u>Total Investments</u>	<u>Quoted Prices in Active Markets (Level I)</u>	<u>Significant Other Observable Inputs (Level II)</u>	<u>Significant Unobservable Inputs (Level III)</u>
Mutual funds	\$ 552,614	\$ 552,614	\$ -	\$ -
Total	\$ 552,614	\$ 552,614	\$ -	\$ -

Investments measured at NAV:

Cash, money market	5,262
Pooled separate accounts	8,457,508
Total	8,462,770
Total Plan investments	\$9,015,384

<u>Investments measured at NAV:</u>	<u>Total Investments</u>
Cash, money market	\$ 5,183
Pooled separate accounts	8,096,156
Total	8,101,339
Total Plan investments	<u>\$8,101,795</u>

There were no significant transfers in to or out of the levels of the fair value hierarchy during the years ended December 31, 2021 and 2020. There were no changes in valuation techniques for the years ended December 31, 2021 and 2020. None of the investments held at December 31, 2021 and 2020 had restrictions limiting daily redemption of holdings or requiring advance notice of redemption.

5. Information certified by the custodian (unaudited):

The Plan administrator has elected, in accordance with 29 CFR 2520.103-5 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the method of annual financial reporting which provides for the custodian of the Plan to certify the fair value of the investments held as well as the related annual investment earnings. Accordingly, as of December 31, 2021 and 2020, John Hancock Life Insurance Company (USA) held the Plan's investment assets. The financial information included in the Plan's financial statements, except for contribution receivables, excess contributions payable (if any at year-end), benefits payments, contributions and administrative fees, has been derived from information certified as complete and accurate by John Hancock Life Insurance Company (USA), in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Party-in-interest transactions:

John Hancock Life Insurance Company (USA) provided administrative and custodial services for the Plan for the years ended December 31, 2021 and 2020. Certain Plan investments were invested in mutual funds managed by John Hancock Life Insurance Company (USA). Fees paid for these services were paid from Plan assets and totaled \$70,601 and \$63,691 for the years ended December 31, 2021 and 2020, respectively. Certain employees and the officer of the Employer, who are also participants in the Plan, perform administrative services for the Plan at no cost to the Plan. The aforementioned transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

7. Plan termination:

The Employer has the right to terminate the Plan subject to the provisions of ERISA, although it has not expressed any intention to do so. In the event the Plan is terminated, Plan participants not having fully vested tax deferred savings accounts would become one hundred percent (100%) vested in their respective accounts.

Notes to Financial Statements

8. Plan tax status:

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the U.S. Department of the Treasury, Internal Revenue Service (hereinafter “IRS”) on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (hereinafter “IRC”) and is, therefore not subject to tax under current income tax law. The Plan has been amended since receiving the IRS opinion letter. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of financial statements to Form 5500:

There were no reconciling items in the net assets available for benefits or the change between years per the financial statements to the Form 5500 as of December 31, 2021 and 2020.
