NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 – Plan Description

Description of the Plan

The following description of the EOS Unified Solutions Inc 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is EOS Unified Solutions Inc (the "Company" or the "Employer").

General

The Plan, originally effective January 1, 2014, was most recently amended and restated effective on January 1, 2015. The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan covers substantially all employees who can enter the Plan immediately. Employees who are age 21 or older are eligible for Employer matching and profit sharing contributions upon completing 1 year of service of 1,000 hours or more.

Participant Contributions

The 401(k) salary deferral option allows employees to defer a portion of their salaries (pre-tax or Roth) through contributions to the Plan. Participants may elect to defer up the maximum amount permitted under the Internal Revenue Code (the "Code") (\$19,500 in 2021). Participants who have attained age 50 before the end of a calendar year are eligible to make catch-up contributions (\$6,500 in 2021).

Rollover Contributions

The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to the Plan.

Employer Matching Contributions

The Plan also allows for the Employer to make matching contributions to eligible participants. The participant must be an employee on the last day of the Plan year to be eligible for the matching contribution. There were no matching contributions made to the Plan for the year ended December 31, 2021.

Employer Profit Sharing Contributions

The Plan allows for the Employer to make profit sharing contributions. The Employer can make a discretionary contribution annually which is allocated to each participant's account based on the percentage of their annual compensation to total Company compensation. The participant must be an employee on the last day of the Plan year to be eligible for the profit sharing contribution. There were no profit sharing contributions made to the Plan for the year ended December 31, 2021.

Note 1 – Plan Description (continued)

Participant Accounts

Each participant's account is credited with participants' contributions, Employer contributions and allocations of Plan earnings or losses (net of administrative fees). Allocations are based on participant earnings or losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution and profit sharing contribution portion of their accounts are based on years of continuous service. The participant vesting schedule for the matching contributions and Employer's profit sharing contributions are as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested in Employer profit sharing contributions upon reaching retirement age, death, or disability.

Forfeitures

Any participant who terminates employment prior to the normal retirement date for reasons other than death or disability, forfeits all non-vested Employer contributions. Forfeitures of non-vested participant accounts can be used to first reduce Plan expenses and then to reduce future Employer contributions. There were no forfeitures during the year ended December 31, 2021. There was no forfeiture balance at December 31, 2021 and 2020.

Notes Receivable from Participants

The Plan allows for participant loans. Participants may borrow from their accounts the lesser of a) \$50,000, reduced by the highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a \$1,000 minimum. Notes are secured by the vested balance in the participant's account. Participants may have only one note outstanding at a time.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a principal residence, in which case the maximum repayment period may be longer than five years. Notes bear interest at the prime rate plus 1% per annum, fixed at inception of the note. As of December 31, 2021 and 2020, the interest rate on outstanding participant loans was 4.25% to 5.75%.

Note 1 – Plan Description (continued)

Excess Contributions Payable

Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants in 2021.

Benefits Paid to Participants

Upon disability, retirement, termination, death, hardship, or retirement age, participants may elect to receive a distribution of their account in a lump sum, or defer distribution if the account exceeds \$5,000. However, if such a participant’s vested account balance is less than \$5,000, the Plan administrator may automatically distribute a participant’s vested account balance without consent, unless the participant elects otherwise.

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “Cares Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “Secure Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

EOS UNIFIED SOLUTIONS INC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Pooled Separate accounts are reported at their net asset value per share which is deemed to be fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for discussion of investments and fair value measurements. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make note repayments and the Employer considers the note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid. There were no benefits payable as of December 31, 2021 and 2020.

Administrative Expenses

The Company pays expenses incurred for the administration and operation of the Plan. Other administrative fees associated with distributions and loans are paid by the participants. For the year ended December 31, 2021, administrative expenses paid by the Plan were \$945.

Note 3 – Disclaimer of Audit Opinion on Investments and Investment Activity

The Plan's assets are combined with other plans managed by Paychex, Inc. (the "Custodian") and then invested into mutual funds and a money market fund of Fidelity Investments. All of the investment balances as of December 31, 2021 and 2020, investment activity and investment income for the year ended December 31, 2021, and the information in the supplemental schedule of assets (held at year end) as of December 31, 2021, were provided by Paychex, Inc. However, the Plan Administrator was unable to obtain a certification as to the completeness and accuracy of the Plan's investments nor was there the ability to perform audit procedures on investments. Accordingly, investments, investment income and the activity therein, have not been certified or audited.

Note 4 – Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the fair value methodology used at December 31, 2021 and 2020.

Pooled Separate Accounts – the Plan's assets are combined with assets of other plans by Paychex, Inc. and then invested into mutual funds and a money market fund of Fidelity Investments. The value of the Plan's investments are stated at the value provided by Paychex, Inc., and thus, such investments are deemed to be pooled separate accounts. The Plan's investments in pooled separate accounts are valued at net asset value which are exempt from the requirement to categorize within the fair value hierarchy in accordance with Accounting Standards Update No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The pooled separate accounts have no unfunded commitments, withdrawal restrictions, redemption notice requirements or other redemption restrictions. The funds may be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

EOS UNIFIED SOLUTIONS INC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 5 – Party-In-Interest Transactions

Plan investments are held by Paychex Securities Corporation, an affiliate of Paychex, Inc., (together “Paychex”). Paychex is the Custodian of the Plan and therefore, these transactions qualify as exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contribution accounts. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

Note 7 – Income Tax Status

The Plan utilizes a Defined Contribution Volume Submitter Plan of Paychex, Inc. Paychex, Inc. obtained an advisory letter, in which the IRS stated that the document is designed and in compliance with the applicable requirements of the Code. Although the document has been amended and restated since receiving this determination letter, the Plan Administrator, the Plan's trustee believe the Plan is designed and currently operating in compliance with the applicable requirements of the Code; and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. All tax years subsequent to 2017 are subject to income tax examinations.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Note 9 – Subsequent Events

In 2022, Plan management entered into an agreement with Fidelity Management Trust Company (“Fidelity”) to become the Plan's third party administrator. Effective December 1, 2022, the Plan assets will be moved from Paychex, Inc. to Fidelity.

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “Cares Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “Secure Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Pooled Separate accounts are reported at their net asset value per share which is deemed to be fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for discussion of investments and fair value measurements. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make note repayments and the Employer considers the note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid. There were no benefits payable as of December 31, 2021 and 2020.

Administrative Expenses

The Company pays expenses incurred for the administration and operation of the Plan. Other administrative fees associated with distributions and loans are paid by the participants. For the year ended December 31, 2021, administrative expenses paid by the Plan were \$945.

Note 3 – Disclaimer of Audit Opinion on Investments and Investment Activity

The Plan's assets are combined with other plans managed by Paychex, Inc. (the "Custodian") and then invested into mutual funds and a money market fund of Fidelity Investments. All of the investment balances as of December 31, 2021 and 2020, investment activity and investment income for the year ended December 31, 2021, and the information in the supplemental schedule of assets (held at year end) as of December 31, 2021, were provided by Paychex, Inc. However, the Plan Administrator was unable to obtain a certification as to the completeness and accuracy of the Plan's investments nor was there the ability to perform audit procedures on investments. Accordingly, investments, investment income and the activity therein, have not been certified or audited.

Note 4 – Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the fair value methodology used at December 31, 2021 and 2020.

Pooled Separate Accounts – the Plan's assets are combined with assets of other plans by Paychex, Inc. and then invested into mutual funds and a money market fund of Fidelity Investments. The value of the Plan's investments are stated at the value provided by Paychex, Inc., and thus, such investments are deemed to be pooled separate accounts. The Plan's investments in pooled separate accounts are valued at net asset value which are exempt from the requirement to categorize within the fair value hierarchy in accordance with Accounting Standards Update No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The pooled separate accounts have no unfunded commitments, withdrawal restrictions, redemption notice requirements or other redemption restrictions. The funds may be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Note 5 – Party-In-Interest Transactions

Plan investments are held by Paychex Securities Corporation, an affiliate of Paychex, Inc., (together “Paychex”). Paychex is the Custodian of the Plan and therefore, these transactions qualify as exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contribution accounts. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

Note 7 – Income Tax Status

The Plan utilizes a Defined Contribution Volume Submitter Plan of Paychex, Inc. Paychex, Inc. obtained an advisory letter, in which the IRS stated that the document is designed and in compliance with the applicable requirements of the Code. Although the document has been amended and restated since receiving this determination letter, the Plan Administrator, the Plan's trustee believe the Plan is designed and currently operating in compliance with the applicable requirements of the Code; and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. All tax years subsequent to 2017 are subject to income tax examinations.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Note 9 – Subsequent Events

In 2022, Plan management entered into an agreement with Fidelity Management Trust Company (“Fidelity”) to become the Plan's third party administrator. Effective December 1, 2022, the Plan assets will be moved from Paychex, Inc. to Fidelity.
