INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits in compliance with the Internal Revenue Code under Section 401(k) for employees of the plan sponsor, Gilead Community Services, Inc. (the Company). The Plan includes specific provisions for both union and non-union employee participants, which are discussed under various sections of this footnote. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On November 7, 2016, the plan sponsor entered into an affiliation agreement with The Connecticut Institute for the Blind, Inc. and became a member of a controlled group effective December 1, 2016. The members of the controlled group have maintained their separate retirement plans. As required under Internal Revenue Service regulations, the Plan's compliance testing includes the members of the controlled group together. The plan sponsor merged with Farrell Treatment Center during the 2019 plan year, whose employees immediately became eligible in the Plan at the time of the merger.

Eligibility

All non-union employees who complete one year of service with the Company, as defined, and are twenty one years of age may enter the Plan and make salary deferral contributions to it. These participants are also eligible to receive employer match contributions, effective on their entrance date. Union employees may enter the Plan for purposes of making salary deferral contributions after completing ninety days of service, as defined, and attaining the age of twenty one. Union employee participants enter the Plan for purposes of receiving employer contributions on the earlier of January 1st or July 1st after meeting two years of service with the Company. Union employee participants must work 1,000 hours during the plan year to receive employer contributions.

Contributions

Participants

Each year, participants (both union and non-union) may contribute the maximum amount allowed under the Internal Revenue Code (IRC) of annual compensation, as defined in the Plan. Participants can also contribute amounts representing distributions from certain other eligible retirement plans as defined in the Plan.

Employer

The Company may also make employer contributions for non-union participants at the Company's discretion. For 2021, the Company has matched salary deferral contributions made by non-union employee participants at 100% of the participants' first 3% of compensation plus 50% of the participants' salary deferrals between 3% and 5% of compensation under the IRS safe harbor matching provisions. For union employees for 2021, the Company was required to make employer nonelective contributions of between 3% and 5% of each respective eligible employee's Plan year compensation. The contribution percentage for each employee was based on a weighted scale of each respective participant's years of service (as defined in the Plan) with the Company. All contributions are limited under current Internal Revenue Code regulations.

Participant accounts

Each participant's account is credited with their own salary deferral contributions, their rollover contributions from other plans and the Company's safe harbor and nonelective contributions as well as investment earnings (losses) within the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

All participants are vested in all contributions immediately, including their salary deferral contributions and their rollover contributions plus actual earnings thereon as well as in all Company contributions and net earnings thereon.

Notes receivable from participants

Non-union and union employee participants may receive loans up to 50% of their account balances (see also Note 8). Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. Interest is charged based on a commercially reasonable rate of interest comparable to loans of other lenders as determined by the plan administrator.

Loans must be repaid under time periods as specified by the Plan. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution subject to federal income taxes under the Plan.

See Note 8 for Coronavirus-related loans allowed and loan repayment provisions under the Plan's changes under the CARES Act for Coronavirus impacted participants.

Hardship withdrawals

In the event of financial hardship, as defined under the Plan and under current Internal Revenue Service regulations, participants are permitted to receive hardship withdrawals to the extent of their own elective deferrals (excluding earnings thereon), their rollover accounts and their employer nonelective contribution accounts.

See Note 8 for changes to hardships withdrawals, which were implemented during the 2019 plan year as a result of the Bipartisan Budget Act of 2018.

Payment of benefits

On termination of service due to death, termination or retirement, or in the event of a participant's disability, a participant, or the participant's beneficiary(ies) in the event of death, may receive a lump-sum amount equal to the value of the participant's account.

Distributions after termination of employment for reasons other than death may be paid as soon as administratively feasible after all contributions have been allocated relating to the Plan year in which the participant's account balance became distributable. Distribution on account of death must be paid out within five years after the participant's death.

In-service withdrawals, other than hardship withdrawals (as discussed above) are permitted under the Plan for participants who attain age 59½.

See Note 8 for Coronavirus-related distributions allowed under the Plan's changes under the CARES Act for Coronavirus impacted participants.

Forfeited accounts

As all contributions were immediately and fully vested, there were no forfeited non-vested account balances in the Plan.

GILEAD COMMUNITY SERVICES, INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2021 and 2020

Investment options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers several investment options in small, mid and large-cap stock funds, international and world funds, bond funds, balanced funds and specialty funds which include real estate and commodity investments. Based upon the participants' investment selections, the Plan purchases units accordingly which are held in Voya Retirement Insurance and Annuity Company's pooled separate account. Participants may also elect to maintain investments in Voya Retirement Insurance and Annuity Company's fixed account which provides a guaranteed rate of interest.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting and presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 10 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The contract value is the relevant measurement since it represents the amount that the participant would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of benefits

Benefits were recorded when paid.

GILEAD COMMUNITY SERVICES, INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2021 and 2020

Administrative expenses

The plan sponsor paid significant costs for administration of the Plan, which included third party administrator fees and Plan audit fees. The participants of the Plan were charged certain fund management related fees which were deducted from the participants' self-directed accounts.

Recently issued pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. ASU 2018-09 notes a plan should evaluate whether a readily determinable fair value exists. The guidance is effective for fiscal years beginning after December 15, 2019. The adoption of this guidance did not have any impact on the Plan's financial statements for the years ended December 31, 2021 and 2020.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosure requirements from Topic 820. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The adoption of this guidance did not have any impact on the Plan's financial statements for the years ended December 31, 2021 and 2020.

In July 2019, the American Institute of Certified Public Accountants (AICPA) issued Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This auditing standard is effective for periods ending on or after December 15, 2021. These standards were implemented for the Plan year ended December 31, 2021.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya), an insurance company holding plan assets as of December 31, 2021 and 2020.

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2021</u>	<u>2020</u>
Traditional investment contract	<u>\$163,704</u>	<u>\$208,406</u>

For traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The following events might limit the ability of the Plan to transact at contract value with the contract issuer:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, the following events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

PASI, LLC (PASI) provided third party administrative services to the Plan for recordkeeping, including census, compliance testing, vesting and annual report preparation beginning January 1, 2020. The plan sponsor pays PASI for its contractual services. As a trustee of the Plan, these transactions qualify as party-in-interest transactions.

GILEAD COMMUNITY SERVICES, INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2021 and 2020

Related party transactions and party-in-interest transactions, continued

The Plan's investments are managed by Voya Retirement Insurance and Annuity Company (Voya) within their group annuity contract under general and pooled separate accounts. Voya is also the trustee and recordkeeper of the Plan.

Notes receivable from participants totaled \$31,794 and \$22,440 at December 31, 2021 and 2020, respectively and interest income on notes receivable from participants totaled \$1,373 for the year ended December 31, 2021.

A non-voting member of the Board of Directors, in his capacity as a board Emeritus of the plan sponsor, provides his services to the Plan as a special assistant to the plan administrators in his professional capacity as a retirement plan specialist with Jacobs Financial Partners, LLC, a financial services firm. The firm is paid indirectly through a shared fee arrangement with a broker dealer who receives compensation from the Plan's mutual funds internal fund costs (12b-1 fees). As a provider of services to the Plan and its sponsor, Jacobs Financial Partners, LLC receives fees (indirectly) from the Plan for the individuals' services and is a party-in-interest to the Plan under ERISA.

All of these related party transactions and party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions would be made to the Plan and all amounts credited to participant accounts would continue to be 100% vested and would be distributed to participants as soon as practicable.

NOTE 7 – TAX STATUS

This Plan is an amendment and restatement of a previously approved Volume Submitter Plan that has been customized by the third party administrator to become an individually designed plan. During 2014, the Plan was operating under an IRS determination letter dated March 31, 2014 for the Volume Submitter Plan document.

The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) based on the advice of the Plan's third party administrator and plan technical advisor.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN AMENDMENTS

The Plan has been further amended and restated, as discussed in Note 7 above, which became effective January 1, 2015. The restated Plan document is substantially the same as the prior Plan document, except for elimination of the prior bonus deferral election provision and incorporates the prior "good faith" amendments to the Plan document.

Effective July 1, 2019, the Plan was further amended to allow employees to make rollover contributions into the Plan, allow Farrell Treatment Center to be a participating employer for the Plan for non-union employees and remove the six-month requirement for participants to suspend contributions into the Plan after receiving a hardship distribution.

In connection with the Setting Every Community Up for Retirement Enhancement (SECURE) Act, which was signed into law on December 20, 2019, the age for required minimum distributions for certain Plan participants has been changed to 72 from 70½.

Plan amendments, continued

The following Plan changes have been adopted by the Plan which the plan sponsors will execute amendments to the Plan on or before their required due dates for each respective amendment:

During the Plan year ended December 31, 2021, Plan management adopted a change to the Plan's loan policy to permit union employee participants to obtain Plan loans.

The Plan's administrators have adopted the provisions pertaining to Coronavirus-related distributions and loans which were enacted into law under the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act) in response to the outbreak of the novel Coronavirus pandemic (as discussed in Note 9 under Change in market conditions) during the Plan year ended December 31, 2020. These Plan changes are permitted as operational relief items for impacted Plan participants, as defined by the Act. The changes to the Plan under the CARES Act include the following:

Coronavirus-related distributions

- Impacted individuals may receive up to \$100,000 of distributions through December 31, 2021 with no 10% penalty tax for early withdrawal imposed.
- The above participants' withdrawal(s) will be included in their taxable income over a three year period.
- Repayment of the withdrawal amount(s) will be permitted if repayment occurs within three years of the distribution.

Coronavirus-related loans

- Impacted participants may borrow up to the lesser of \$100,000 or 100% of their account balance.
- Loan payments which were due through December 31, 2021 were allowed to be delayed for one year. Loans will be subsequently adjusted for the accrued interest and revised loan term.

Required minimum distributions

- Rules for required minimum distributions were waived for the calendar year 2020.

During the 2019 Plan year, the Plan's management had also adopted changes to the Plan to comply with then recent enacted laws. The main provisions of these changes affecting the Plan include the following:

Bipartisan Budget Act of 2018

- Allow hardship withdrawals from more sources of funds in the participants' accounts.
- Removal of the requirement to take a Plan loan before a hardship withdrawal.
- Removal of the six-month required suspension of participant contributions after taking a hardship withdrawal.

After the Plan year ended December 31, 2021, the Plan was formally amended to adopt the Bipartisan Budget Act of 2018. Please see Note 13.

NOTE 9 – RISKS AND UNCERTAINTIES

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as investment rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2021 and 2020

Change in market conditions

The outbreak of the novel Coronavirus and resulting pandemic has adversely impacted global commercial activity and contributed to significant volatility in financial markets. The Plan is invested in small, mid and large-cap stock funds, international and world funds, bond funds, balanced funds and specialty mutual funds under its pooled separate account and invested in its fixed account under its insurance company general account, which all have been subject to substantial volatility. Depending on the severity and length of the outbreak, the novel Coronavirus could present material uncertainty and risk with respect to the Plan, the market, its performance and its financial results. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

NOTE 10 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 or 2020.

Pooled separate accounts: Valued at their accumulation unit value (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund and the contract's separate account charges.

NOTE 11 – REPORTING OF POOLED SEPARATE ACCOUNTS ON FORM 5500

The Plan's Pooled Separate Accounts (PSA's), which are held within the Plan's group annuity contract, do not file their own Form 5500 as a Direct Filing Entity (DFE). Accordingly, under IRS requirements, their assets are not reported as an interest in a pooled separate account on Schedule H of the Plan's Form 5500 and instead are reported as interest in registered investment companies. The PSA's are further described as an asset of the Plan's group annuity contract on the schedule of assets that is required to be attached to the Plan's Form 5500 filing.

NOTE 12 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021:

	<u>2021</u>

Notes receivable from participants recorded as deemed distributions for Form 5500	<u>(2,557)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$798,457</u>

NOTE 13 – SUBSEQUENT EVENTS

Formal amendment

Effective January 1, 2022, Gilead Community Services, Inc. 401(K) Profit Sharing Plan and Trust formally amended the Plan to adopt the Bipartisan Budget Act of 2018 provisions, which were effective January 1, 2019. This change was subsequently incorporated in to the Plan's restatement as described below.

Plan restatement

Effective January 1, 2022, the Plan was restated to operate under the proto-type plan of the Plan's third party administrator, PASI, LLC, which has been approved under an IRS determination letter dated June 30, 2020. Changes to the Plan under this restatement are as follows:

The Plan was changed to reduce the service requirement for non-union employees to become eligible to make salary deferral contributions to their accounts from one year of service to ninety days of service.

The Plan's loan policy to allow union employee participants to obtain Plan loans (see Note 8) was formally adopted retroactively to December 31, 2021 as a permanent change to the policy.

Decline in markets

Since December 31, 2021, the general markets have decreased more than 10%. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Evaluation of subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, which is the date the financial statements were available to be issued.
