Independent Auditors' Report

To the Participants and Plan Administrator of the
Versar Employee 401(k) Plan
Springfield, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 18, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not, express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

1. Plan Description

The following description of the Versar Employee 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Versar, Inc., (the "Company") who were at least 18 years old, except for leased employees, nonresident aliens, employees covered by a collective bargaining agreement, Davis Bacon Act employees, and part-time employees who work less than 1,000 hours in a Plan year. The Plan was amended and restated effective January 1, 2016. Effective with the amendment and restatement, the exclusions for leased employees, Davis Bacon Act employees, and part-time employees who work less than 1,000 hours in a Plan year were revised. The amendment and restatement added exclusions for interns, temporary and on-call employees. No other significant Plan provisions were changed by the amendment and restatement effective January 1, 2016. The Plan was amended effective January 1, 2017 to change the computation of the safe harbor matching contributions. Effective with this amendment, the Company contributes a safe harbor matching contribution of 100 percent of the first one percent of eligible compensation and 50 percent of the next five percent of eligible compensation that a participant contributes to the Plan. No other significant Plan provisions were changed by the amendment effective January 1, 2017. Effective January 1, 2019, the Plan adopted an amendment to remove the safe harbor matching contributions and make any employer contributions discretionary. Additionally, effective with the January 1, 2019 amendment, the Plan implemented a four year tiered vesting schedule on future employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective May 1, 2020, the Plan adopted a 401(k) prototype plan document of Great-West Trust Company ("Great-West"). With the adoption of the Great-West plan document, assets were transferred from Wells Fargo Bank, N.A. ("Wells Fargo") to Great-West, who became the trustee of the Plan.

Plan Merger

On June 2, 2021, the Company acquired BayFirst Solutions, LLC. In connection with the acquisition the Company authorized a plan of merger in which the BayFirst Solutions 401(k) Plan will be merged into the Plan effective January 1, 2022.

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

1. Plan Description (cont.)

Contributions

Each year, participants may contribute from one percent up to 50 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. This withholding will increase by one percent each subsequent year until the automatic election reaches a withholding contribution of six percent of compensation. The Plan allows for additional Company discretionary matching contributions. Participants must be active on the last day of the Plan year to receive a Company discretionary matching contribution.

There were no Company discretionary matching contributions for the year ended December 31, 2021 and 2020. The Plan provides for Company prevailing wage contributions on behalf of participants who perform services subject to the Service Contract Act. The amount of the contribution shall be equal to the balance of the fringe benefit payment for each eligible employee based on the employment classification hourly contribution rate, reduced by the amount of the benefit provided by the Company. Contributions are subject to certain limitations.

Investment Options

Upon enrollment, participants may direct their elective contributions in any one of the allowable investment funds offered by the Plan. Participants may make changes in their investment elections at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, prevailing wage contributions, as applicable, the Company's discretionary matching contributions, if any, Plan earnings and expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Benefits are payable upon normal retirement at age 65, early retirement at the later of attaining age 62 or the tenth anniversary of the participant's entry date, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Benefits are payable in lump sum payments.

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

1. Plan Description (cont.)

Vesting

Participants are vested immediately in all contributions, plus actual earnings thereon. Different vesting schedules may apply to account balances of participants due to prior Plan provisions as described in the Plan document. Effective January 1, 2019, the Plan implemented a four year tiered vesting schedule on future employer contributions.

<i>December 31,</i>	<i>Percent Vested</i>
Less than 1 year	0%
Less than 2 years	25%
Less than 3 years	50%
Less than 4 years	75%
Four or more years	100%

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$43,129 and \$112,086, respectively. These accounts will be used to reduce future Company contributions or to pay Plan expenses. During 2020, \$13,074 of forfeited nonvested accounts were used to offset accrued employer contributions. During 2021, there were no forfeitures used to offset accrued employer contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. The loans are secured by the balance in the participant's account and bear interest at 4.25% through 6.50%, which is commensurate with local prevailing rates. Principal and interest are paid through payroll deductions.

Administrative Expenses and Related Party Transactions

Certain expenses of maintaining the Plan are paid by the Company. The Plan pays investment expenses based on stated basis points for the respective investments and transactional expenses for loans and distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, including the collective trust fund and stable value fund. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of the investments within the Plan are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The change between years in the market value of investments and realized gains and losses through purchases and sales of investments are reflected as net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

3. Investments Certified by the Plan's Trustees

The Plan administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee, have certified as to the completeness and accuracy of all investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedule, summarized as follows:

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 53,989,937	\$ 51,495,414
Notes receivable from participants	\$ 136,568	\$ 193,517

<i>Years ended December 31,</i>	2021	2020
Interest and dividends	\$ 2,039,308	\$ 737,515
Net appreciation in fair value of investments	4,051,433	6,775,517
Total investment income	\$ 6,090,741	\$ 7,513,032
Interest income from notes receivable from participants	\$ 8,461	\$ 13,121
Other income	\$ -	\$ 24,877

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

4. Fair Value Measurements (cont.)

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of assets is as follows:

Investment Assets, at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,073,629	\$ -	\$ -	\$ 45,073,629

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

4. Fair Value Measurements (cont.)

*In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2021 and 2020 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2021 and 2020.

Stable Value Fund

The Putnam Stable Value Fund ("Stable Value Fund") is a stable value collective trust fund available as an investment to the Plan. The Stable Value Fund is comprised of investment contracts including traditional guaranteed investment contracts and synthetic guaranteed investment contracts issued by insurance companies and other financial institutions. The investment contracts help to stabilize the value and returns of the fund. These contracts are backed by a portfolio of fixed income securities.

Collective Trust Fund

The Putnam Large Cap Value Trust Fund ("Collective Trust Fund") is a collective trust fund that seeks capital growth and current income by investing mainly in common stocks of midsize and large U.S. companies with a focus on value stocks that offer the potential for capital growth, current income or both. The fund may use derivatives such as futures, options, warrants and swap contracts, although they do not represent a primary focus of the fund.

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

4. Fair Value Measurements (cont.)

The Plan uses the net asset value (“NAV”) per share of the Stable Value Fund and Collective Trust Fund provided by the trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the funds, the trustee reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The funds’ units are issued and redeemed daily at the constant NAV of \$1 per unit. The funds’ investment objective is stability of principal and high current income.

The valuation methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

There were no unfunded commitments related to the Stable Value Fund or the Collective Trust Fund at December 31, 2021 and 2020.

The fair value of common collective trust funds is based on the NAV on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trusts is used as a practical expedient to estimate fair value and is determined by Wells Fargo based on the fair value of underlying assets in the trusts, less the liabilities.

5. Risks and Uncertainties

The Plan provides for investments in various securities that are exposed to both Company specific and general economic risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

7. Terminated Participants

When participants terminate employment with the Plan sponsor, they may choose to leave their investments in the Plan, as long as their balance is greater than \$1,000. As of December 31, 2021 and 2020, there were 392 and 369 terminated participants who had not withdrawn their account balances of \$32,089,506 and \$26,031,872, respectively.

8. Income Tax Status

As described in Note 1, the Plan adopted a 401(k) prototype plan document of Great-West. The Internal Revenue Service (IRS) issued an opinion letter on the Plan document dated March 31, 2014 stating that the form of the prototype plan was acceptable under Section 401 of the Internal Revenue Code for use by adopting employers, and that an employer adopting the Plan could rely on the opinion letter with respect to the qualification of the Plan under Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-Interest Transactions

Certain Plan investments are managed by Great-West. Great-West is the trustee and recordkeeper as defined by the Plan. Fees paid to Great-West amounted to \$74,929 and \$63,929 for the years ended December 31, 2021 and 2020. These transactions qualify as exempt party-in-interest transactions. Additionally, certain participants incur distribution fees, loan fees, sub-transfer agent fees and fees to participate in an investment management platform. Fees paid for distributions, loans, sub-transfer agency and participation in the investment management platform amounted to \$5,675 and \$6,373 for the years ended December 31, 2021 and 2020, respectively.

Contemporaneously, with the transfer of assets and trustee services to Great-West, a revenue sharing arrangement was entered into with Great-West. Revenue sharing amounts are placed in an "ERISA Account" which is invested in the Putnam Stable Value Fund and included in participant-directed investments in the accompanying Statements of Net Assets Available for Benefits. Total revenue sharing, including interest, was \$63,920 and \$32,879 in 2021 and 2020, respectively. Revenue sharing was used to pay the fees of the investment advisor and its affiliates aggregating \$63,920 and \$32,879 in 2021 and 2020, respectively. There was no balance in the ERISA account as of December 31, 2021 and 2020.

Versar Employee 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

9. Party-in-Interest Transactions (cont.)

The Plan also allows for the calculated excess in the ERISA Account, as determined by the Plan Sponsor, to be allocated to participant accounts pro rata in proportion to their account balances. No amounts were used from the ERISA Account and allocated to participant accounts during the year ended December 31, 2021.

10. Investment Concentration

The following table presents an investment that represents 10% or more of the Plan's net assets at December 31, 2021 and 2020.

<i>Investment at December 31, 2021</i>	Fair Value
Fidelity 500 Index Fund	\$ 8,836,270
T. Rowe Price Blue Chip Growth I Fund	\$ 6,101,940

<i>Investment at December 31, 2020</i>	Fair Value
Fidelity 500 Index Fund	\$ 7,405,572
T. Rowe Price Blue Chip Growth I Fund	\$ 5,935,072
Putnam Stable Value Fund	\$ 5,923,000

11. Subsequent Events

Subsequent events have been evaluated through the date of the independent auditors' report, which is the date financial statements were available to be issued. Management did not identify any events requiring recording in or disclosure to the financial statements as of and for the year ended December 31, 2021.
