Independent Auditors' Report

The Plan Sponsor Retirement Committee
Associated Builders and Contractors, Inc. Retirement and Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Associated Builders and Contractors, Inc. Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C) audit.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) and delinquent participant contributions as of and for the year ended December 31, 2021 are presented for the purpose of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements (modified cash basis) of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by a qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ASSOCIATED BUILDERS AND CONTRACTORS, INC. RETIREMENT AND SAVINGS PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

(1) Description of plan

The following description of the Associated Builders and Contractors, Inc. Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on October 1, 1983 to provide retirement benefits for employees of the Associated Builders and Contractors, Inc. national office (the "Plan Sponsor" or "Association") and participating chapters (collectively referred to as the Association and each individual chapter is referred to as a Chapter). The Plan covers substantially all full time employees who are age twenty-one or older and, effective January 1, 2020, have completed one consecutive month of employment ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2020, Associated Builders and Contractors ("ABC") Chapters of Arkansas, Greater Michigan, Oklahoma, and Greater Houston terminated their participation in the Plan, and investment assets of \$177,471, \$195,071, \$558,815, and \$2,254,773 were transferred out of the Plan, respectively. ABC Chapter of Alabama terminated their participation in the Plan during 2021, and investment assets of \$2,585,741 were transferred out of the Plan.

(b) Contributions

Each Chapter has the ability to define enrollment. The majority of the Chapters in the Plan have an automatic enrollment program where newly eligible employees automatically defer 3% of their compensation unless they change or opt out of the deferral. Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 90% of compensation subject to certain IRC limitations.

Each Chapter has the ability to define the discretionary Association match. The majority of the Chapters in the Plan match an amount equal to 50% of the first 8% (6% for one electing Chapter) of compensation contributed by each participant, if the participant has completed one year of service, in which he or she worked at least 1,000 hours during the Plan year. Association contributions may not exceed the maximum amount deductible for federal income tax purposes.

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

The Plan also provides that each Chapter may provide each year a discretionary profit sharing contribution. For 2021 and 2020, the profit sharing contribution was an amount equal to 4% (3% for one electing Chapter) of a participant's annual compensation; however, the contribution by the Chapter is not required and is subject to certain limitations. The Association elected to make this discretionary profit sharing contribution in 2021 and 2020.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, and allocations of Association contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Association contributions is based on years of continuous service. Participants are 20% vested in the Association's matching and discretionary matching contributions and profit-sharing contributions after two years of service, with vesting increasing an additional 20% each year after years three and four, and then becoming 100% vested after five years of credited service.

(e) Participant notes receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. In-service distributions are permitted if certain conditions are met.

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Association contribution portion of their accounts. Such forfeitures are used to pay Plan expenses or reduce Association contributions. At December 31, 2021 and 2020, respectively, the balance in the forfeited nonvested accounts totaled \$154,383 and \$133,701. These accounts will be used to reduce future Plan Sponsor contributions or to pay Plan expenses. Also, during the years ended December 31, 2021 and 2020, Plan Sponsor contributions were reduced by \$51,402 and \$48,757, respectively, from forfeited nonvested accounts.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses are paid by the Association and are excluded from these financial statements. Investment expenses are included in net appreciation in fair value of investments. Certain accounting and administrative functions of the Plan are performed by employees of the Association at no cost to the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The Plan prepares its financial statements on the modified cash basis of accounting. Under this basis, additions to net assets, except for appreciation in fair value of investments, are recognized when collected rather than when earned, and deductions from net assets are recognized when paid rather than when incurred. Consequently, certain income and expenses are recognized in different reporting periods than they would be if the financial statements were prepared in conformity with generally accepted accounting principles.

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Charles Schwab Trust Bank ("Charles Schwab"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded when received by the Plan. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

(c) Participant notes receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Plan changes

During 2020, the Plan implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which changed the Plan to allow certain individuals to receive coronavirus-related distributions of up to \$100,000, suspended required minimum distributions, and delayed the commencement date for required minimum distributions. Written amendments to the Plan to reflect these changes will be adopted at a later date in accordance with the applicable laws and Internal Revenue Service ("IRS") guidance.

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

(g) Reclassifications

Certain items in the 2020 financial statements have been reclassified to conform to the presentation of the 2021 financial statements. These reclassifications had no effect on net assets available for benefits as previously reported.

(h) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2021 and October 10, 2022, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including cash, mutual funds and collective trust funds at fair value, investments at contract value, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab.

(3) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ASSOCIATED BUILDERS AND CONTRACTORS, INC. RETIREMENT AND SAVINGS PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- (i) *Mutual funds:* Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurements as of December 31, 2021 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>32,592,010</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 32,592,010
Investment measured at NAV				
(a)				<u>18,692,907</u>
Investments at fair value				\$ <u>51,284,917</u>

Fair Value Measurements as of December 31, 2020 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>30,095,844</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 30,095,844
Investment measured at NAV (a)				<u>15,641,530</u>
Investments at fair value				\$ <u>45,737,374</u>

- (a) This investment is measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

ASSOCIATED BUILDERS AND CONTRACTORS, INC. RETIREMENT AND SAVINGS PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan level transactions.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2021</u>	<u>Fair Value</u> <u>12/31/2020</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust fund	\$ 18,692,907	\$ 15,641,530	n/a	Daily	12 months

(4) Investment contract with insurance company

The Plan holds a fully benefit-responsive guaranteed investment contract with Standard Insurance Company ("Standard"), totaling \$2,508,968 and \$4,659,349 on December 31, 2021 and 2020, respectively. The insurance company maintains the Plan's contributions in pooled accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer. The crediting rates are reviewed on a semi-annual basis for resetting.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan or (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2021 and 2020

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of a material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

(5) Income tax status

The Plan Sponsor adopted a volume submitter plan, which obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The volume submitter plan has been amended since receiving the opinion letter. However, the plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Untimely remittance of participant contributions

The Association is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2021 and 2020 totaling \$34,320 and \$95,523, respectively, the funds were not remitted timely.

(7) Related party transactions

The Plan holds non-interest bearing cash managed by Charles Schwab and, therefore, related transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which qualify as party-in-interest transactions. The Plan holds notes receivable from participants, which also qualify as party in-interest transactions.

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
