INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Access 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Access 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Access 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Access 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Access 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Access 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Access 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) – Schedule H, Line 4(i) as of December 31, 2021 and the Schedule of Delinquent Participant Contributions – Schedule 4(a) for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Access 401(k) Plan (Plan) provides only general information. Participants should refer to the official Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed six months of service and are 21 years of age or older. Employees are eligible to enter the Plan on the first day of each month, once the eligibility requirements are met. Employees covered under a collective bargaining agreement are not eligible to participate in the Plan. Effective April 15, 2021, ACR Services, LLC, and Access Residential Management, LLC established their own defined contribution plan for all eligible employees. As a result, the accounts of all ACR Services, LLC and Access Residential Management, LLC employees were transferred out of the Plan to the ACR Services, LLC 401(k) Plan. The Plan is subject to the provisions of ERISA. The Plan administrator and Plan management are responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Plan management.

Participating Employers

The following entities are participating employers ("collectively Company") in the Plan: ACR Services, LLC (through April 15, 2021), Access Hotel Management, LLC, AHM New York Associates, Inc., AHM San Francisco, LLC, RM Jaspers, LLC, Access Group USA, LLC and Access Residential Management, LLC (through April 15, 2021). Effective January 1, 2020, employees of AHM Marker, LLC became eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, limited to the annual maximum dollar limitation prescribed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Prior to June 1, 2020, automatically enrolled participants for all entities, except for ACR Services, LLC, had their deferral rate set at 3% of eligible compensation, while ACR Services, LLC had their deferral rate set at 4% of eligible compensation. Effective June 1, 2020, the Plan was amended to have the deferral rate set at 4% of eligible compensation for all automatically enrolled participants. Employer matching contributions are discretionary and are determined annually by each participating employer.

NOTE 1: DESCRIPTION OF PLAN (continued)

Participants who are employees of AHM New York Associates, Inc. may receive a discretionary employer matching contribution equal to 100% of the first 1% and 50% up to the next 5% of base compensation that a participant contributes to the Plan. There was no discretionary employer matching contributions made for the year ended December 31, 2021 for this participating employer.

Participants who are employees of AHM San Francisco, LLC and RM Jaspers, LLC may receive a discretionary employer matching contribution of 50% of the first 2% and 25% of the next 2% of base compensation that a participant contributes to the Plan. The discretionary match for these participating employers was suspended for the period of April 3, 2020 to August 5, 2020 as a result of the effects of COVID-19. The discretionary match was reinstated effective August 5, 2020 for these participating employers.

Participants who are employees of AHM Marker, LLC, may receive a discretionary employer matching contribution of 50% of the first 2% and 25% of the next 2% of base compensation that a participant contributes to the Plan. The discretionary match for this participating employer was suspended as of March 21, 2020 as a result of the effects of COVID-19. There was no discretionary employer matching contributions made for the year ended December 31, 2021 for this participating employer.

Prior to April 15, 2021, participants who were employees of ACR Services, LLC received a discretionary employer matching contribution of 25% of each 1% of base compensation up to 8% of base compensation.

Participants who are employees of the remaining participating employers are not eligible for an employer match. Contributions for all participating employers are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if applicable, and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Effective March 31, 2021, the Plan experienced a partial termination. In accordance with "The Taxpayer Certainty and Disaster Tax Relief Act of 2020," the Plan's number of active participants covered by the Plan on March 31, 2021 was not at least 80% of the active participants on March 31, 2020. As a result, the remaining participants in the Plan became 100% vested in their account balances.

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts. Loan terms range from 1-5 years, except for loans taken for the purchase of a primary residence, which may be longer. The loans bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to plan participants experiencing financial hardships due to COVID-19 to the lesser of $100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of 6 months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed period of time not to exceed the life expectancy of the participant or his/her beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also permits withdrawals of vested account balances upon the attainment of age 59 1/2, or in the event of a hardship, as defined by the Plan.

As a result of the CARES act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions of up to $100,000 between March 27, 2020 and December 31, 2020.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $15 and $298, respectively. These accounts will be used to reduce future employer contributions or to defray administrative expenses of the Plan. During the year ended December 31, 2021, $289 of forfeited non-vested amounts were used to offset employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant notes are reclassified as distributions based upon terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants on August 22, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund and are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts ("PSA") are valued based on the underlying investments which include shares of PSAs that are valued at their "accumulated value unit" ("AVU"), which is based upon the NAV of the shares of the underlying fund. The separate account is valued daily based on the number of accumulation units held multiplied by the AVU.

Common/collective trust funds are valued on the NAV of shares held by the Plan at year-end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. Participant transactions (purchases and sales) may occur daily.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**

Common/Collective Trust	**822,688**	**-**	**-**	**822,688**
Investments at Fair Value	**$ 998,572**	**$ -**	**$ -**	**$ 998,572**

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 175,331	$ -	$ -	$ 175,331
Pooled Separate Account	9,343	-	-	9,343
Common/Collective Trust	1,629,509	-	-	1,629,509
Investments at Fair Value	$ 1,814,183	$ -	$ -	$ 1,814,183

NOTE 4: CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompany financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, Principal Life Insurance Company, and Principal Global Investors Trust Company (the custodians of the Plan).

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL STABLE VALUE FUND

During 2021 and 2020, the Plan had a fully benefit-responsive guaranteed investment contract with Principal Global Investors Trust Company's Stable Value Fund ("PSVF") totaling $461 for 2021 and $12,857 for 2020. PSVF maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The crediting rate was 1.61% and 2.01% for the years ended December 31, 2021 and 2020, respectively.

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL STABLE VALUE FUND (continued)

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PSVF, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: TAX STATUS

The IRS has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan has elected to utilize the employee benefit plan provisions which allows certain changes to distribution and loan rules as prescribed by the SECURE Act and CARES Act. The Plan will be amended in future periods to retroactively allow for these changes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, Principal Life Insurance Company, and Principal Global Investors Trust Company. Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, Principal Life Insurance Company, and Principal Global Investors Trust Company are the custodians and recordkeepers for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues notes to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 9: RISKS AND UNCERTAINITES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Due to the recent volatility in the investment market, the Plan's investments experienced a decline in market value through October 14, 2022.

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the financial markets experienced significant volatility, therefore, affecting the values of investment securities. These economic and market conditions and other effects of the COVID-19 may continue to cause volatility in the financial markets. The extent of any adverse impact of the COVID-19 outbreak on the Plan participant's account balances cannot be predicted at this time.

NOTE 10: PROHIBITED TRANSACTIONS

During the years ended December 31, 2021, 2020 and 2019 the Company failed to remit to the Plan employee contributions and participant loan payments in the amount of $20, $18,100, and $1,159, respectively, within the period prescribed by the Department of Labor regulations. During 2022, the Company will file IRS Form 5330 to report and remit the excise tax associated with the late remittance as required pursuant to Section 4975 of the IRC.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	2021	2021
Net assets available for benefits per the financial statements	**$ 998,839**	$ 1,882,511
Add: Excess contributions payable	**8,873**	-
Net assets available for benefits per Form 5500	**$ 1,007,712**	$ 1,882,511

The following is a reconciliation of participant contributions per the financial statement for the year ended December 31, 2021 to Form 5500:

Participant contributions per the financial statements	$ 164,807
Add: Excess contributions	8,873
Total participant contributions per Form 5500	$ 173,680

NOTE 12: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2022, the date on which the financial statements were available to be issued.

Effective January 1, 2022, AHM New York Associates, Inc. was removed as a participating employer in the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Access 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Access 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Access 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Access 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Access 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Access 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Access 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) – Schedule H, Line 4(i) as of December 31, 2021 and the Schedule of Delinquent Participant Contributions – Schedule 4(a) for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Access 401(k) Plan (Plan) provides only general information. Participants should refer to the official Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed six months of service and are 21 years of age or older. Employees are eligible to enter the Plan on the first day of each month, once the eligibility requirements are met. Employees covered under a collective bargaining agreement are not eligible to participate in the Plan. Effective April 15, 2021, ACR Services, LLC, and Access Residential Management, LLC established their own defined contribution plan for all eligible employees. As a result, the accounts of all ACR Services, LLC and Access Residential Management, LLC employees were transferred out of the Plan to the ACR Services, LLC 401(k) Plan. The Plan is subject to the provisions of ERISA. The Plan administrator and Plan management are responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Plan management.

Participating Employers

The following entities are participating employers ("collectively Company") in the Plan: ACR Services, LLC (through April 15, 2021), Access Hotel Management, LLC, AHM New York Associates, Inc., AHM San Francisco, LLC, RM Jaspers, LLC, Access Group USA, LLC and Access Residential Management, LLC (through April 15, 2021). Effective January 1, 2020, employees of AHM Marker, LLC became eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, limited to the annual maximum dollar limitation prescribed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Prior to June 1, 2020, automatically enrolled participants for all entities, except for ACR Services, LLC, had their deferral rate set at 3% of eligible compensation, while ACR Services, LLC had their deferral rate set at 4% of eligible compensation. Effective June 1, 2020, the Plan was amended to have the deferral rate set at 4% of eligible compensation for all automatically enrolled participants. Employer matching contributions are discretionary and are determined annually by each participating employer.

NOTE 1: DESCRIPTION OF PLAN (continued)

Participants who are employees of AHM New York Associates, Inc. may receive a discretionary employer matching contribution equal to 100% of the first 1% and 50% up to the next 5% of base compensation that a participant contributes to the Plan. There was no discretionary employer matching contributions made for the year ended December 31, 2021 for this participating employer.

Participants who are employees of AHM San Francisco, LLC and RM Jaspers, LLC may receive a discretionary employer matching contribution of 50% of the first 2% and 25% of the next 2% of base compensation that a participant contributes to the Plan. The discretionary match for these participating employers was suspended for the period of April 3, 2020 to August 5, 2020 as a result of the effects of COVID-19. The discretionary match was reinstated effective August 5, 2020 for these participating employers.

Participants who are employees of AHM Marker, LLC, may receive a discretionary employer matching contribution of 50% of the first 2% and 25% of the next 2% of base compensation that a participant contributes to the Plan. The discretionary match for this participating employer was suspended as of March 21, 2020 as a result of the effects of COVID-19. There was no discretionary employer matching contributions made for the year ended December 31, 2021 for this participating employer.

Prior to April 15, 2021, participants who were employees of ACR Services, LLC received a discretionary employer matching contribution of 25% of each 1% of base compensation up to 8% of base compensation.

Participants who are employees of the remaining participating employers are not eligible for an employer match. Contributions for all participating employers are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if applicable, and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Effective March 31, 2021, the Plan experienced a partial termination. In accordance with "The Taxpayer Certainty and Disaster Tax Relief Act of 2020," the Plan's number of active participants covered by the Plan on March 31, 2021 was not at least 80% of the active participants on March 31, 2020. As a result, the remaining participants in the Plan became 100% vested in their account balances.

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts. Loan terms range from 1-5 years, except for loans taken for the purchase of a primary residence, which may be longer. The loans bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to plan participants experiencing financial hardships due to COVID-19 to the lesser of $100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of 6 months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed period of time not to exceed the life expectancy of the participant or his/her beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also permits withdrawals of vested account balances upon the attainment of age 59 1/2, or in the event of a hardship, as defined by the Plan.

As a result of the CARES act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions of up to $100,000 between March 27, 2020 and December 31, 2020.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $15 and $298, respectively. These accounts will be used to reduce future employer contributions or to defray administrative expenses of the Plan. During the year ended December 31, 2021, $289 of forfeited non-vested amounts were used to offset employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant notes are reclassified as distributions based upon terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants on August 22, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund and are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts ("PSA") are valued based on the underlying investments which include shares of PSAs that are valued at their "accumulated value unit" ("AVU"), which is based upon the NAV of the shares of the underlying fund. The separate account is valued daily based on the number of accumulation units held multiplied by the AVU.

Common/collective trust funds are valued on the NAV of shares held by the Plan at year-end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. Participant transactions (purchases and sales) may occur daily.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered Investment Companies	**$ 175,884**	**$ -**	**$ -**	**$ 175,884**
Common/Collective Trust	**822,688**	**-**	**-**	**822,688**
Investments at Fair Value	**$ 998,572**	**$ -**	**$ -**	**$ 998,572**

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 175,331	$ -	$ -	$ 175,331
Pooled Separate Account	9,343	-	-	9,343
Common/Collective Trust	1,629,509	-	-	1,629,509
Investments at Fair Value	$ 1,814,183	$ -	$ -	$ 1,814,183

NOTE 4: CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompany financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, Principal Life Insurance Company, and Principal Global Investors Trust Company (the custodians of the Plan).

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL STABLE VALUE FUND

During 2021 and 2020, the Plan had a fully benefit-responsive guaranteed investment contract with Principal Global Investors Trust Company's Stable Value Fund ("PSVF") totaling $461 for 2021 and $12,857 for 2020. PSVF maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The crediting rate was 1.61% and 2.01% for the years ended December 31, 2021 and 2020, respectively.

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL STABLE VALUE FUND (continued)

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PSVF, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: TAX STATUS

The IRS has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan has elected to utilize the employee benefit plan provisions which allows certain changes to distribution and loan rules as prescribed by the SECURE Act and CARES Act. The Plan will be amended in future periods to retroactively allow for these changes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, Principal Life Insurance Company, and Principal Global Investors Trust Company. Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, Principal Life Insurance Company, and Principal Global Investors Trust Company are the custodians and recordkeepers for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues notes to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 9: RISKS AND UNCERTAINITES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Due to the recent volatility in the investment market, the Plan's investments experienced a decline in market value through October 14, 2022.

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the financial markets experienced significant volatility, therefore, affecting the values of investment securities. These economic and market conditions and other effects of the COVID-19 may continue to cause volatility in the financial markets. The extent of any adverse impact of the COVID-19 outbreak on the Plan participant's account balances cannot be predicted at this time.

NOTE 10: PROHIBITED TRANSACTIONS

During the years ended December 31, 2021, 2020 and 2019 the Company failed to remit to the Plan employee contributions and participant loan payments in the amount of $20, $18,100, and $1,159, respectively, within the period prescribed by the Department of Labor regulations. During 2022, the Company will file IRS Form 5330 to report and remit the excise tax associated with the late remittance as required pursuant to Section 4975 of the IRC.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	2021	2021
Net assets available for benefits per the financial statements	**$ 998,839**	$ 1,882,511
Add: Excess contributions payable	**8,873**	-
Net assets available for benefits per Form 5500	**$ 1,007,712**	$ 1,882,511

The following is a reconciliation of participant contributions per the financial statement for the year ended December 31, 2021 to Form 5500:

Participant contributions per the financial statements	$ 164,807
Add: Excess contributions	8,873
Total participant contributions per Form 5500	$ 173,680

NOTE 12: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2022, the date on which the financial statements were available to be issued.

Effective January 1, 2022, AHM New York Associates, Inc. was removed as a participating employer in the Plan.
