To the Participants and Administrator
R&Q Solutions 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the R&Q Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

R&Q Solutions 401(k) Plan

Notes to the Financial Statements

1. Plan Description

The following description of the R&Q Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The plan sponsor is R&Q Solutions, LLC (the Company).

The Plan is a defined contribution 401(k) plan covering substantially all employees. Employees are required to be 21 years or older and have completed three consecutive months of service to be eligible. Entry dates are the first day of each month during the year following the completion of the service requirement.

Contributions

Participants may make direct contributions to the Plan in a percentage of their annual pre-tax and after-tax compensation up to the maximum allowed under the Internal Revenue Code (IRC). All participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions subject to IRC limitations.

Participants may direct their contributions and any employer contributions made on their behalf to a variety of investment options provided by the Plan.

The Company has elected safe harbor, nondiscrimination rules under the IRC. The Company provides safe harbor contributions to the Plan in the amount of 3% of participants' compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions, actual earnings thereon, and any contributions made on their behalf into various investment options offered by the Plan.

R&Q Solutions 401(k) Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's matching portion plus actual earnings thereon based on years of continuous service. A participant vests over three years of credited service according to the following schedule:

<i>Completed Years of Service</i>	<i>Vesting Percentage</i>
1	25%
2	50%
3	100%

Participants, while an employee, will become fully vested upon their attainment of age 59½, death, or becoming disabled.

Notes Receivable From Participants

Notes receivable from participants are not permitted, as defined in the plan document.

Payment of Benefits

Distribution of account balances may be made upon retirement, disability, death, or termination. Unless a lump-sum distribution is required by the Plan, participants may elect to receive alternate forms of distributions as defined by the plan document. A participant may request a withdrawal from their account based upon financial hardship or at age 59½, as defined by IRC regulations.

Forfeitures

Nonvested accounts are forfeited upon participants' terminations. Forfeited amounts may be used to reduce future contributions made by the employer or to pay plan expenses. Forfeitures available to offset future contributions or to pay plan expenses were not material at December 31, 2021 and 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would remain 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation, Income Recognition and Risks

Investments are reported at fair value. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

During the year ended December 31, 2021, there were no transfers between levels.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the investments.

R&Q Solutions 401(k) Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation, Income Recognition and Risks (Continued)

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The fixed annuity contract, a fully benefit-responsive investment contract, is stated at contract value (Note 4). Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers (if any) less any withdrawals, transfers, and any applicable fees charges or taxes (if any). The Plan's fixed annuity contract is not available for sale or transfer on any securities exchange, and transactions for similar investments are not observable. Certain contracts under this annuity contain liquidity restrictions, which could impact the value realized upon exiting the contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains or losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the plan document. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 13, 2022, the day the financial statements were approved and authorized for issue.

R&Q Solutions 401(k) Plan

Notes to the Financial Statements (Continued)

3. Investments

The following tables set forth the fair value of the Plan's assets within the fair value hierarchy table:

<i>As of December 31, 2021</i>	Level 1	Total
Mutual Funds at Fair Value	\$ 17,509,144	\$ 17,509,144

<i>As of December 31, 2020</i>	Level 1	Total
Mutual Funds at Fair Value	\$ 12,283,569	\$ 12,283,569

4. Fixed Annuity Contract

The Great-West Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Certain events may limit the ability of the Plan to transact at contract value including any contract termination other than a full plan termination. Participants can redeem units at any time.

The contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers (if any) less any withdrawals, transfers, and any applicable fees charges or taxes (if any). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Certification of Financial Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate for the period January 1, 2021 through December 31, 2021. For the year ended December 31, 2020, Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company certified the investment information included in the accompanying financial statements as being complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income (loss), net as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

R&Q Solutions 401(k) Plan

Notes to the Financial Statements (Continued)

5. Certification of Financial Information (Continued)

- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Related Party and Party-in-interest Transactions

Certain plan investments are managed by Great-West Life & Annuity Insurance Company, the contract holder, and affiliate of the trustee, Great-West Trust Company LLC. Additionally, the Plan paid certain administrative fees for trustee and recordkeeping services. Fees paid by the Plan for these services were not significant for the period ended December 31, 2021. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exceptions from the IRC and ERISA's rules on prohibited transactions.

7. Tax Status

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements (Continued)

8. Subsequent Events

Effective January 1, 2022, the Maetrics LLC 401(k) Plan transferred all assets and merged into the Plan. Maetrics, LLC and R&Q Solutions, LLC are both wholly owned subsidiaries of RQM+ US Holdings, LLC.

All participants in the Maetrics LLC 401(k) Plan became participants in the Plan on January 1, 2022.

Effective January 1, 2022, the Company restated the plan agreement by adopting the Metro Benefits, Inc. Non-Standardized Pre-Approved Profit Sharing Plan. Metro Benefits, Inc. received an opinion dated June 30, 2020, from the IRS that the plan document was designed in compliance with the requirements of the IRC. In the restated plan agreement, the plan sponsor's name was changed to Regulatory & Quality Solutions, LLC dba RQM+, the safe harbor contributions were removed, discretionary employer matching contributions were added, plan loans were added, and in-plan roth conversions were added.
