INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants of the Hourly Employees Retirement Plan
of Bradken, Inc.
Atchison, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Hourly Employees Retirement Plan of Bradken, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits and statement of accumulated plan benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits and statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets as of December 31, 2021, and supplemental Schedule of Reportable Transactions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditors’ Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HOURLY EMPLOYEES RETIREMENT PLAN OF BRADKEN, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Hourly Employees Retirement Plan of Bradken, Inc. (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a noncontributory, defined benefit plan for certain hourly employees of Bradken, Inc. (the "Plan Sponsor" or "Company"). As of May 10, 1993, the Plan was closed to new participants. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Sponsor also acts as the plan administrator. BMO Harris Bank, N.A., serves as the trustee and custodian for the Plan, and Rice, Hall, James & Associates manages the Plan's investment assets.

Pension Benefits – The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement and disability benefits. The Plan also provides for benefits upon meeting certain other preconditions. Benefits under the Plan are determined based upon years of credited service, as defined in the Plan, multiplied by a benefit unit. Benefits are payable in the form of a joint and survivor annuity, or other optional forms. Employees with five years of vesting service, as defined by the Plan, are entitled to pension benefits upon retirement. There is no partial vesting of benefits.

The Plan was amended February 18, 2005, so that the benefit of any employee who transfers to non-covered employment, as defined by the Plan, and who terminates on or after January 1, 2005, will be based on the benefit level in effect at their termination of employment. Previously, benefits were based on the benefit level in effect at the date of transfer to non-covered employment.

The Plan was amended to freeze benefits as of May 4, 2015, with a minimum credit of ½ year of service in 2015 for those participants employed on the freeze date.

Death and Disability Benefits – Beneficiaries of participants who die before retirement may receive death benefits based upon the participant's status at death. Death benefits are payable in monthly installments. Active employees who become disabled may be entitled to disability benefits payable to age 65 reduced by any benefits paid under workers' compensation. Upon retirement at age 65, these benefits are redetermined based upon the formulas for normal retirement benefits.

Expenses – Administrative expenses incurred by the Plan are paid by the Plan Sponsor, while administrative expenses incurred in connection with transactions relating to acquisition or disposition of Plan investment, or related to the Trustee, are paid by the Plan.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, all participants become 100% vested in benefits earned as of the termination date. In the event that the Plan should be terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations there under and the Plan document.

The Pension Benefit Guaranty Corporation ("PBGC") insures certain benefits under the Plan if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC while other benefits may not be provided for at all.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Funding Policy – The Sponsor's funding policy is to contribute a determined amount to the Plan in order to maintain the Plan on a sound actuarial basis and meet the minimum funding regulations. The amount of such contributions is limited to the amount that is deductible for federal tax purposes under Section 404 of the Internal Revenue Code (the "IRC"). Contributions totaled $621,000 in 2021. The Company's contributions for 2021 met the minimum funding requirements of ERISA.

Payment of Benefits – Benefit payments are reported in the year paid.

Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Accumulated benefits under all circumstances (retirement, death, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by a consulting actuary, CBIZ Retirement Plan Services, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial assumptions below are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated plan benefits. In particular, in the event of a plan termination, the use of a discount rate reflecting current settlement rates would have the effect of increasing the present value of accumulated plan benefits.

The more significant assumptions underlying the most recent actuarial computations are as follows:

Assumed rate of return on investment and discount rate	7.0% per annum, compounded annually
Mortality basis	*Pri-2012 Blue Collar Mortality Table*
Normal retirement age	65
Changes in assumptions since prior year	The mortality table changed from the *Pri-2012 Blue Collar Mortality Table, projected generationally with Scale MP-2020* to the *Pri-2012 Blue Collar Mortality Table, projected generationally with Scale MP-2021*

Changes in actuarial assumptions resulted in an increase in accumulated Plan benefits of $53,358.

Date of Management's Review – Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Common stocks, mutual fund and money market fund – Valued at the closing price or the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

Corporate debt securities – Valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar securities, the security is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments are reported at fair value as follows at December 31, 2021 and 2020:

	Fair Value Measurements Using:			
	Level 1	**Level 2**	**Level 3**	**Total**
December 31, 2021:				
Common stock	$ 18,899,788			$ 18,899,788
Corporate debt securities		$ 2,121,884		2,121,884
Mutual fund	1,219,769			1,219,769
Money market fund		6,539,939		6,539,939
Investments at fair value	$ 20,119,557	$ 8,661,823	$ -	$ 28,781,380
December 31, 2020:				
Common stock	$ 15,005,375			$ 15,005,375
Corporate debt securities		$ 6,978,543		6,978,543
Mutual fund	970,478			970,478
Money market fund		3,523,433		3,523,433
Investments at fair value	$ 15,975,853	$ 10,501,976	$ -	$ 26,477,829

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BMO Harris Bank, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

- Investments, at fair value
- Accrued investment income
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of Assets (Held at End of Year)
- Schedule of Reportable Transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. TAX STATUS

The Plan has received a determination letter dated January 9, 2014, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and operating in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in these financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a money market fund managed by BMO Financial Group. BMO Harris Bank, N.A., is the trustee as defined by the Plan and part of the BMO Financial Group, therefore, these transactions qualify as party-in-interest. Certain Plan investments are shares of a mutual fund managed by Rice, Hall, James & Associates. Rice, Hall, James & Associates is the investment adviser to the Plan, and therefore, these transactions qualify as party-in-interest. The Plan has a number of service providers, and such providers are parties in interest under ERISA.

Actuarial Assumptions and Methods

ACTUARIAL ASSUMPTIONS

a. Economic Assumptions

(i)	Interest Rates • Funding Rate	The Plan Sponsor elected to defer the interest rate stabilization methodology as provided in the American Rescue Plan Act of 2021 ("ARPA") to the 2021 plan year for all purposes. For 2021, the September 2020 Segment Rates (2.22%, 3.38%, 3.92%), but for minimum funding purposes not less than ARPA Segment Rates for 2021 (based on 95% of 25-year averages = 4.75%, 5.36%, 6.11%), effective rate of 5.51% for 2021.
(ii)	Salary Increases	N/A
(iii)	Administrative Expenses	$20,000 per year.
(iv)	Long-term Rate of Return	7.00% for 2021 and 2020
(v)	Maximum Benefit	$230,000 for current and future years.
(vi)	Maximum Earnings	N/A

b. Demographic Assumptions

(i)	Mortality - Active	For 2021 funding purposes, the 2021 Static Separate Mortality Tables.
(ii)	Mortality - Disabled	For 2021 funding purposes, same as above.
(iii)	Termination of Employment	See sample rates. Current and future terminated participants are assumed to commence payments at age 65, or the valuation date if later.
(iv)	Disability	See sample rates.

Actuarial Assumptions and Methods

(v) Retirement

For current employees, rates varying by age:

Age	Rate
55-60	2%
61	15%
62	25%
63	20%
64	60%
65	100%

For terminated vested, age 65.

(vi) Marital Status

For valuing death benefits, 90% of Participants are assumed to be married with males 3 years older than their female spouses.

(vii) Sample Rates:

	Termination Rates		Disablement	
Age	**Male**	**Female**	**Male**	**Female**
25	13.0%	13.0%	.12%	.18%
30	8.5%	8.5%	.12%	.18%

40	6.0%	6.0%	.15%	.22%
45	5.0%	5.0%	.20%	.30%
50	4.0%	4.0%	.36%	.54%
55	0.0%	0.0%	.68%	1.02%
60	0.0%	0.0%	1.38%	2.07%

Actuarial Assumptions and Methods

Actuarial Methods

a. Funding Method

The actuarial cost method is the Unit Credit cost method. On the initial valuation date, the benefit accrued to date and the anticipated benefit accrual during the plan year immediately following the initial valuation date are determined for each participant.

The present values of these benefit are then calculated. The sum of the present values of all benefits accruing during the plan year immediately following the valuation date is the normal cost for the initial plan year. The sum of the present values of all benefits accrued prior to the valuation date, less the plan assets, is the initial unfunded actuarial accrued liability.

In subsequent years, the normal cost and unfunded actuarial accrued liability are recalculated on the basis described above. Experience gains and losses (changes in the unfunded actuarial accrued liability which result from causes other than contributions by the plan sponsor and the accrual of interest and additional normal costs) are directly calculated under this cost method. Adjustments to the unfunded actuarial accrued liability can occur, for example, as a result of plan amendments or assumption changes; such adjustments are determined by computing the change in the initial unfunded actuarial accrued liability.

b. Asset Valuation Method

For funding purposes, the actuarial value of assets is defined as the smoothed market value of assets. The smoothed market value will be the market value of assets adjusted by the applicable percentage of the gain or loss calculated in each year during the smoothing period. The gain or loss is the difference between the current year's market value and prior year's market value brought forward with contributions, benefit payments, and administrative expenses, all adjusted for interest to the valuation date. The applicable percentage is 66-2/3% for the year preceding the valuation date and 33-1/3% for the second year preceding of the valuation date. The actuarial value of assets will be adjusted to be no greater than 110% and no less than 90% of the current (market) value of assets. For funding purposes, accrued contributions and expenses are included in the market value.

c. Valuation Procedures

No actuarial liability is accrued for non-vested terminated employees, even if a break in service had not occurred as of the actuarial valuation date. An actuarial liability is accrued for all other terminated employees, even if a claim for benefits has not been made.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Actuarial Assumptions and Methods

Actuarial Methods

a. **Funding Method**
The actuarial cost method is the Unit Credit cost method. On the initial valuation date, the benefit accrued to date and the anticipated benefit accrual during the plan year immediately following the initial valuation date are determined for each participant.

The present values of these benefit are then calculated. The sum of the present values of all benefits accruing during the plan year immediately following the valuation date is the normal cost for the initial plan year. The sum of the present values of all benefits accrued prior to the valuation date, less the plan assets, is the initial unfunded actuarial accrued liability.

In subsequent years, the normal cost and unfunded actuarial accrued liability are recalculated on the basis described above. Experience gains and losses (changes in the unfunded actuarial accrued liability which result from causes other than contributions by the plan sponsor and the accrual of interest and additional normal costs) are directly calculated under this cost method. Adjustments to the unfunded actuarial accrued liability can occur, for example, as a result of plan amendments or assumption changes; such adjustments are determined by computing the change in the initial unfunded actuarial accrued liability.

b. **Asset Valuation Method**
For funding purposes, the actuarial value of assets is defined as the smoothed market value of assets. The smoothed market value will be the market value of assets adjusted by the applicable percentage of the gain or loss calculated in each year during the smoothing period. The gain or loss is the difference between the current year's market value and prior year's market value brought forward with contributions, benefit payments, and administrative expenses, all adjusted for interest to the valuation date. The applicable percentage is 66-2/3% for the year preceding the valuation date and 33-1/3% for the second year preceding of the valuation date. The actuarial value of assets will be adjusted to be no greater than 110% and no less than 90% of the current (market) value of assets. For funding purposes, accrued contributions and expenses are included in the market value.

c. **Valuation Procedures**
No actuarial liability is accrued for non-vested terminated employees, even if a break in service had not occurred as of the actuarial valuation date. An actuarial liability is accrued for all other terminated employees, even if a claim for benefits has not been made.

2021 Schedule SB, Part V – Summary of Plan Provisions
Hourly Employees Retirement Plan of Bradken, Inc.
EIN/PN: 30-0258772/002

Summary of Plan Provisions

1. **Effective Date**

   The Plan was effective January 1, 1969. The plan was adopted by Bradken-Atchison/St. Joseph, Inc. (the "Company"), effective December 23, 2003. The most recent plan amendment reflected in this valuation was adopted on March 11, 2015.

2. **Plan Year**

   The Plan Year is the calendar year.

3. **Eligibility**

   All hourly employees of the Company employed at the Atchison, Kansas plant prior to May 10, 1993, except nonresident aliens receiving no earned income from the company.

4. **Retirement Date**

   The Normal Retirement Date is the first day of the calendar month coincident with or immediately following the participant's 65th birthday. Early Retirement may be elected after attaining age 55 and the completion of 5 years of Vesting Service.

5. **Credited Service**

   One year of Credited Service is earned in each calendar year in which a participant completes 1,000 hours of service. If a participant works less than 1,000 hours, one-twelfth of a year of Credited Service is earned for each 84 hours of service, rounded to the nearest twelfth. Credited Service will not be earned after May 4, 2015.

6. **Vesting Service**

   One year of Vesting Service is earned in each calendar year in which a participant completes 1,000 hours of service. If a participant works less than 1,000 hours, one twelfth of a year of Vesting Service is earned for each 84 hours of service, rounded to the nearest twelfth.

Summary of Plan Provisions

7. **Normal Retirement Benefit**

A monthly benefit payable for life at Normal Retirement Date, equal to the participant's years of Credited Service multiplied by the benefit rate in effect when the participant terminates employment. Recent and future benefit rates are:

Effective 05/12/03	$20.00
Effective 05/12/04	21.00
Effective 07/01/06	21.50
Effective 07/01/08	22.00
Effective 11/21/08	22.75
Effective 02/01/10	23.25
Effective 02/01/11	23.75
Effective 02/01/12	24.25
Effective 02/01/14	24.75
Effective 05/04/15	Benefits Frozen

8. **Accrued Benefit**

The annual Accrued Benefit shall be determined at any time using the Normal Retirement Benefit formula. Credited Service shall be computed at the date of determination.

9. **Early Retirement Benefit**

The Accrued Benefit, unreduced if the employee has attained age 62 prior to termination of employment; otherwise, the Accrued Benefit is reduced by:

(a) 6.0% for each of the first 5 years that benefit commencement precedes Normal Retirement Date, plus

(b) 4.0% for each of the next 5 years early.

10. **Normal Form of Benefits**

If a participant is married for at least 12 months on the date his retirement benefits are to commence, the retirement benefits will be paid in the form of a 50% joint-and-survivor pension. Such benefits are the actuarial equivalent of the benefits which would have been payable on the life only basis. If a participant is not married or has been married less than 12 months at the date his retirement benefits are to commence, the benefits will be paid on the basis of a life only benefit.

Summary of Plan Provisions

11. **Optional Forms of Payment**

(a) Life annuity

(b) Joint and survivor annuities (50%, 75%, 100%).

Conversion factors based on 7% interest and IRC Section 415 mortality, set forward three years for participants and set back three years for spouses and joint annuitants.

12. **Death Benefits**

If a participant dies after eligibility for Early Retirement, the surviving spouse will receive a monthly benefit equal to 50% of the amount that would have been payable if the participant had elected Early Retirement on the day preceding his death and began receiving benefits under a 50% qualified joint-and-survivor annuity.

If a participant dies before eligibility for Early Retirement, but after becoming vested, the surviving spouse shall be entitled to a benefit beginning at the time the participant would have been eligible for Early Retirement. The benefit shall be equal to 50% of the benefit determined as if the participant had terminated employment just prior to death, survived to Early Retirement, and retired with a 50% qualified joint-and-survivor annuity

13. **Termination of Employment**

The Accrued Benefit vests according to the following schedule:

Years of Vesting Service	Vesting Percentage
Less than 5	0%
5 or More	100%

The benefit paid is the Accrued Benefit, with early-retirement reduction if applicable (as described above), except that the unreduced-at-62 provision does not apply.

14. **Disability Benefits**

If a participant becomes totally disabled (eligible for Social Security disability benefits) after attaining age 45 and having at least 15 years of Vesting Service, the benefit payable is the participant's Accrued Benefit, without reduction for Early Retirement. Prior to age 65, the benefit is reduced by Workers' Compensation and other employer-paid disability benefits.

15. **Cost of Plan**

The entire cost of the Plan is paid by the employer.

Summary of Plan Provisions

1. **Effective Date**

The Plan was effective January 1, 1969. The plan was adopted by Bradken-Atchison/St. Joseph, Inc. (the "Company"), effective December 23, 2003. The most recent plan amendment reflected in this valuation was adopted on March 11, 2015.

2. **Plan Year**

The Plan Year is the calendar year.

3. **Eligibility**

All hourly employees of the Company employed at the Atchison, Kansas plant prior to May 10, 1993, except nonresident aliens receiving no earned income from the company.

4. **Retirement Date**

The Normal Retirement Date is the first day of the calendar month coincident with or immediately following the participant's 65th birthday. Early Retirement may be elected after attaining age 55 and the completion of 5 years of Vesting Service.

5. **Credited Service**

One year of Credited Service is earned in each calendar year in which a participant completes 1,000 hours of service. If a participant works less than 1,000 hours, one-twelfth of a year of Credited Service is earned for each 84 hours of service, rounded to the nearest twelfth. Credited Service will not be earned after May 4, 2015.

6. **Vesting Service**

One year of Vesting Service is earned in each calendar year in which a participant completes 1,000 hours of service. If a participant works less than 1,000 hours, one twelfth of a year of Vesting Service is earned for each 84 hours of service, rounded to the nearest twelfth.

Summary of Plan Provisions

7. **Normal Retirement Benefit**

A monthly benefit payable for life at Normal Retirement Date, equal to the participant's years of Credited Service multiplied by the benefit rate in effect when the participant terminates employment. Recent and future benefit rates are:

Effective 05/12/03	$20.00
Effective 05/12/04	21.00
Effective 07/01/06	21.50
Effective 07/01/08	22.00

Effective 02/01/12	24.25
Effective 02/01/14	24.75
Effective 05/04/15	Benefits Frozen

8. **Accrued Benefit**

The annual Accrued Benefit shall be determined at any time using the Normal Retirement Benefit formula. Credited Service shall be computed at the date of determination.

9. **Early Retirement Benefit**

The Accrued Benefit, unreduced if the employee has attained age 62 prior to termination of employment; otherwise, the Accrued Benefit is reduced by:

(a) 6.0% for each of the first 5 years that benefit commencement precedes Normal Retirement Date, plus

(b) 4.0% for each of the next 5 years early.

10. **Normal Form of Benefits**

If a participant is married for at least 12 months on the date his retirement benefits are to commence, the retirement benefits will be paid in the form of a 50% joint-and-survivor pension. Such benefits are the actuarial equivalent of the benefits which would have been payable on the life only basis. If a participant is not married or has been married less than 12 months at the date his retirement benefits are to commence, the benefits will be paid on the basis of a life only benefit.
