1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

Plan Administrator
Robinson Holdings (USA) Ltd. 401(k) Plan
Ruth, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Robinson Holdings (USA) Ltd. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021 and schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Robinson Holdings (USA) Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, which was established effective January 1, 2004, is a contributory, defined contribution 401(k) plan available to qualifying employees of the following participating employers: Robinson Nevada Mining Company, Wendover Bulk Transhipment Company, Carlota Copper Company, Robinson Holdings (USA) Ltd., and DMC Mining Services Corporation (collectively, the "Company" or "Employer"). KGHM International, the parent company of the Company, is the Plan Sponsor and operates as a subsidiary of KGHM Polska Miedz S.A. The Plan has been restated at various dates; most recently effective June 22, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Administration of the Plan

The trustee of the Plan is Charles Schwab Trust Bank ("Schwab" or "Trustee"). The Trustee holds all assets of the Plan in accordance with the provisions of the service provider agreements with the Company. Milliman, Inc. ("Milliman") is the third-party administrator and record-keeper of the Plan. The administrator of the Plan is the Company. The 401(k) Committee ("Committee") determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee may enter the Plan once they have reached the age of 18 and are employed by the Company. Employees that are covered by a collective bargaining agreement, non-resident aliens, independent contractors, leased employees and college summer interns are excluded from participation in the Plan.

Contributions

Participants may contribute on a pre-tax basis up to 100 percent of their eligible annual compensation, subject to certain Internal Revenue Code ("IRC") limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Plan also allows catch-up contributions for participants age 50 and over based on IRC limitations.

The Plan qualifies as a safe harbor plan which provides for an employer non-elective safe harbor contribution equal to 3 percent of each participant's eligible compensation. The Employer may also make discretionary matching contributions to a participant's account. For the year ended December 31, 2021, the Employer made a discretionary matching contribution of 50 percent of the first 6 percent of a participant's eligible compensation that was deferred. The Employer may also make a discretionary profit sharing contribution to participants who are employed on the last day of the plan year. For the year ended December 31, 2021, no discretionary profit-sharing contribution was made.

Rollover contributions from other qualified plans or individual retirement accounts may also be made to the Plan if certain criteria are met.

Vesting

All participant deferral and rollover contributions and employer non-elective safe harbor contributions are fully vested. A participant has a non-forfeitable right to a percentage of the balance in their discretionary matching and profit-sharing contribution accounts commencing after one year of service (requires 1,000 hours of actual service during the plan year) of 33 percent, after two years of service of 66 percent, and increasing to 100 percent after three years of service. Participants shall also be 100 percent vested upon disability, death or termination of the Plan.

The Plan was amended to immediately fully vest all participants that were employees of the Carlota Copper Company on December 1, 2013.

Participants' Accounts

Each participant's account is credited with the participant's deferral and rollover contributions; the employer non-elective safe harbor, discretionary matching and profit-sharing contributions; and an allocation of net plan investment earnings or losses. Each participant's account is charged with certain plan expenses as provided for in the Plan Document. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balance into investment options offered by the Plan (which consist of various registered investment companies and a collective investment trust) and may change their investment elections at any time. Participants may elect to transfer balances between funds within their account at any time.

Notes Receivable from Participants

An employee may borrow a minimum of $1,000 up to the lesser of $50,000 or one-half of their vested account balance. Participants may not have more than one note outstanding at any time, and pre-existing notes may not be consolidated or refinanced into a new note. The maximum note term is five years. The notes are secured by the participant's account balance and bear interest at prime plus 1 percent. Interest is fixed for the term of the note and ranged from 4.25 percent to 6.50 percent for loans outstanding at December 31, 2021. A participant's note shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the note agreement. The note is considered to be defaulted if it is not made current by the end of the quarter following the quarter when the missed payment was due. Principal and interest are paid ratably through regular payroll deductions.

Forfeitures

Forfeited amounts may be used to pay plan expenses and/or reduce employer contributions. For the year ended December 31, 2021, $197,044 forfeitures were used to reduce employer contributions, and $91 were used to pay plan expenses. The balance of forfeitures at December 31, 2021 and 2020 was $27,567 and $160,283, respectively.

Payment of Benefits

Upon termination of service, death, disability or retirement (age 65), a participant may elect to receive either a lump-sum amount equal to the vested value of the participant's account or may roll over the amount to another qualified retirement plan. If a participant's vested account balance (including rollover contributions) is $5,000 or less, the benefit would be automatically paid to the participant, if the participant does not select another form of distribution. If the participant's vested account balance exceeds $1,000 but does not exceed $5,000 and the participant does not request a distribution, their account balance will automatically be rolled over to an IRA in the name of the participant. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance is $1,000 or less, if participant does not elect another form of distribution. Hardship distributions and in-service distributions at age 59½ are also allowed by the Plan, if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will immediately become fully vested and non-forfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, and trustee. See Note 3 for discussion of fair value measurements and disclosures.

Income Recognition

Interest and dividend income (including capital gain distributions) is recorded when earned. Net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments as well as capital gains reinvested. Purchases and sales are recorded on a settlement date basis. Any adjustment from settlement date to trade date was not material.

Contributions

Participant contributions and related discretionary matching contributions and the employer non-elective safe harbor contributions are recognized in the plan year during which the Company makes payroll deductions from the participant's compensation.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance. Any accrued, but unpaid interest was de minimis as of December 31, 2021 and 2020. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded.

Income Tax Status

The Plan adopted a Volume Submitter Plan Document sponsored by Greenberg Traurig, LLP that received a favorable advisory letter on the form of the Volume Submitter Plan Document from the Internal Revenue Service ("IRS") dated March 31, 2014. The Company believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements. See Note 7 for subsequent restatement of the Plan.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Concentrations, Risks and Uncertainties

The Plan provides for various investment securities in mutual funds and a collective investment trust. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation have continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of December 31, 2021 and 2020, there was one investment which individually represented over 10 percent of investments held. See the accompanying supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

Expenses of the Plan

Certain fees are charged to the Plan, including loan issuance, loan maintenance, terminated participant and distribution fees, and are included in administrative expenses. Certain investment fees (in the form of an expense ratio) are net with investment earnings or losses. All other administrative expenses of the Plan are paid by the Company, and are excluded from these financial statements.

3. Fair Value Measurements and Disclosures

Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Registered Investment Companies: Valued at the daily closing price as reported by the registered investment company (mutual fund). Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Investment Trust (CIT): The Wilmington Trust CIT III for MetLife Group Annuity Contract No. 25554 (the "Trust") is a collective investment trust fund sponsored by Wilmington Trust. The Trust's objective is to protect principal while providing a higher rate of return than shorter maturity investments, however there is no assurance this objective can be met. The Trust, which is composed primarily of fully-benefit responsive investment contracts, is valued at the NAV of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The CIT is a direct filing entity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

As of December 31, 2021	Level 1	Level 2	Level 3	Total
Registered investment companies	**$ 64,535,259**	**$ -**	**$ -**	**$ 64,535,259**
Total assets in the fair value hierarchy	**$ 64,535,259**	**$ -**	**$ -**	**$ 64,535,259**
Investments measured at net asset value (a)				**5,683,159**
Total investments at fair value				**$ 70,218,418**

As of December 31, 2020	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 52,947,839	$ -	$ -	$ 52,947,839
Total assets in the fair value hierarchy	$ 52,947,839	$ -	$ -	$ 52,947,839
Investments measured at net asset value (a)				5,739,199
Total investments at fair value				$ 58,687,038

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient As of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	*Fair Value - December 31, 2021*	*Fair Value - December 31, 2020*	*Unfunded Commitments*	*Redemption Frequency*	*Redemption Notice Period*
Stable Value Collective Investment Trust	**$ 5,683,159**	$ 5,739,199	None	Daily	30 days for full liquidation

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate:

- Investments and non-interest-bearing cash as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;

- Net investment income as reported in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2021;

- Investment information included in the notes to financial statements and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) – As of December 31, 2021, excluding notes receivable from participants.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party and Party-In-Interest Transactions

The Plan has a service agreement with Milliman for administration of the Plan and Schwab for trustee services that renews annually unless canceled by either party with prior written notice. Milliman and Schwab receive various fees related to these agreements. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Delinquent Participant Contributions

During the 2019 plan year, the Company failed to timely remit certain employee contributions and loan repayments to the Plan. The Company is in the process of restoring the Plan for any lost earning related to the late remittances.

7. Subsequent Events

The plan administrator has evaluated subsequent events through October 16, 2022, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that requires recognition or disclosure in the financial statements other than those noted below.

Effective January 1, 2022, the Plan was amended to add an automatic enrollment feature for participants hired or rehired on or after January 1, 2022 as of 45 days following the plan entry date the participant first becomes eligible to contribute. The participant will be enrolled at a pre-tax contributions of 3% of their eligible compensation unless they elect a different percent. The Plan was also amended effective January 1, 2022 to add after-tax Roth contributions.

On June 22, 2022 the Plan was amended and restated for regulatory purposes. The Plan adopted a pre-approved defined contribution plan document sponsored by Milliman, Inc. There were no significant plan changes with this restatement. The pre-approved plan received a favorable opinion letter on the form of the document dated June 30, 2020.
