Independent Auditor's Report

The Plan Administrator
ShelterLogic Corp. 401(k) Plan
Watertown, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ShelterLogic Corp. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the ShelterLogic Corp. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan sponsored by ShelterLogic Corp. (the Company). Wells Fargo Bank, N.A. (Wells Fargo) held the Plan's investment assets and executed investment transactions for the year ended December 31, 2020 and for the period January 1, 2021 through June 22, 2021, when Principal Trust Company (Principal) became the trustee and Principal Financial Group became the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Eligibility

The Plan is available to all employees of the Company who have completed three months of service and are at least 21 years of age. Employees subject to a collective bargaining agreement, non-resident aliens and part-time, temporary, or seasonal employees who generally work less than 1,000 hours in a year are excluded from participation in the Plan.

Contributions

Each year, participants may contribute from 1% to 60% of their pre-tax annual compensation, as defined by the Plan, up to Internal Revenue Code (IRC) limits. Participants may also designate some or all of their contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes non-discretionary matching contributions to the Plan based on a safe harbor contribution equal to 100% of elective deferrals, up to a participant's first 4% of eligible compensation deferred. Participants also direct the investment of Company contributions. All contributions are subject to certain Internal Revenue Service (IRS) limitations. The Company contributed safe harbor matching contributions of \$664,018 and \$653,488 for the years ended December 31, 2021 and 2020, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

Transfer

On January 2, 2020, the Rio Brand 401(k) Retirement Plan was merged into the Plan. The total amount of net assets and notes receivable from participants transferred in was \$4,104,442 as of December 31, 2020. According to the agreement, one fund of the Rio Brand 401(k) Retirement Plan remained with the prior recordkeeper until a 12-month put option expired and was later transferred into the Plan on January 7, 2021 in the amount of \$162,711. This amount was shown in the net transfer of net assets on the statements of changes in net assets available for benefits.

Vesting

Participants are vested immediately in their contributions, rollovers, and the safe harbor matching contribution plus actual earnings thereon. For participants who received employer contributions prior to January 1, 2010, vesting in the Company contribution portion of their account is based on credited years of service. A participant is 100% vested after two years of credited service.

In the event of termination due to death, disability, or upon reaching normal retirement age, participants shall become 100% vested in the Company contribution portion of their account.

CARES Act

On March 27, 2020, the President signed the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Increase the available loan amount, as described below, to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year through December 31, 2020.
- Suspend required minimum distributions for 2020.

Investment Options

Contributions are invested by Principal according to the options elected by the participants. All participant and Company contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate, determined at the time of the loan, is set at 2% above the prime rate. The interest rates on notes outstanding at December 31, 2021 and 2020 were between 4.25% and 7.50%. Repayments are made through weekly payroll deductions with

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

a payback period of five years, unless purchasing a primary residence for which the loan will have a maximum payment of 20 years. No more than one note is allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement, disability, financial hardship, or death. Benefits are payable in one lump-sum payment or in installments. Partial or installment payments are also permitted to satisfy required minimum distribution rules. Hardship withdrawals are available, as are in-service distributions, to participants who have attained the age of 59½. If a participant's employment terminates with the Employer, the Plan permits distribution of the participant's account, not in excess of \$5,000, to be cashed out or transferred to an IRA without the participant's consent.

Forfeited Accounts

In connection with the merger of the Rio Brand 401(k) Plan into the Plan on January 2, 2020, as noted above, \$33,718 of forfeitures were transferred into the Plan. These forfeitures will be used to reduce subsequent Company contributions. There were \$33,414 and \$33,718 in forfeited non-vested accounts at December 31, 2021 and 2020, respectively. The Company expects to use the forfeiture balance to offset Company contributions in the subsequent period.

Reclassifications

Certain amounts included in the 2020 financial statements were reclassified to conform to the 2021 presentation. The reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Principal. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Contract administration and recordkeeping fees are paid by the Plan. Investment-related expenses are included in the net appreciation in fair value of investments.

The plan has a revenue sharing agreement with Principal for the reimbursement of Plan expenses. Revenue earned from this agreement was used to pay Plan expenses and was included in administrative expenses in the statements of changes in net assets available for benefits. For the year ended December 31, 2021, revenue earned from this agreement amounted to \$18,243 and Plan expenses paid out of this revenue amounted to \$77,158, for a net expense debit of \$58,915. Direct compensation paid by the Plan as administrative expenses totaled \$58,915 and \$60,748 for the years ended December 31, 2021 and 2020, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The common collective trust is valued at the NAV of units of a bank collective trust. The NAV, as provided by Wells Fargo, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no redemption fees or notice periods and no unfunded commitments as of December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$18,137,297	\$ -	\$ -	\$18,137,297
Common Collective trust, at NAV*				6,090,180
Total Assets, at fair value				\$24,227,477

December 31, 2020

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$16,561,910	\$ -	\$ -	\$16,561,910
Common Collective trust, at NAV*				4,547,286
Total Assets, at fair value				\$21,109,196

* The common collective trusts that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Fully Benefit-Responsive Investment Contracts

The Plan entered into fully benefit-responsive investment contracts with Wells Fargo, the Wells Fargo Stable Return Fund, which maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. Contract value, as reported to Wells Fargo, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. All contributions allocated to the investment contracts shall be credited with interest at the current rate of interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There is no minimum days' notice required to discontinue this investment option with Wells Fargo.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo and Principal, both qualified institutions, have certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefit as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividend income, interest credited on the stable value fund, and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefit for the years ended December 31, 2021 and 2020.
- Investments reflected on the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at the End of Year).

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and supplemental schedule.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the Trustee and third-party administrator written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan, and all participants' accounts will become fully vested and shall be distributed in accordance with the provisions of the Plan.

7. Tax Status

The Plan uses a volume submitter plan document designed by Wells Fargo, which the Plan has adopted via an adoption agreement. The IRS has determined and informed the Company by an opinion letter dated March 31, 2014 that the Plan and related trust are in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, the administrator believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be

ShelterLogic Corp. 401(k) Plan

Notes to Financial Statements

sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Wells Fargo and Principal; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Late Remittances

Employee withholdings amounting to \$3,204 were not remitted within the appropriate time period by the Plan for the year ended December 31, 2021. These transactions constitute prohibited transactions, as defined by ERISA. Plan management is in the process of taking the necessary corrective action.

11. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. Except for the item below, there were no other subsequent events requiring adjustments to additional disclosure to the financial statements.

The Plan Sponsor adopted the Principal Financial Group Pre-Approved Document for Savings Plan in July 2022.
