Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

Trustees
Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Rosemont, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Capgemini Financial Services USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Capgemini Financial Services USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information

included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the Capgemini Financial Services USA, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Capgemini Financial Services USA, Inc. (Company). Employees who are nonresident aliens and who receive no earned income from the Company, which constitutes income from services within the United States, are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for annual Company matching and/or profit sharing contributions at the discretion of the Company's Board of Directors.

Effective January 1, 2017, the Plan adopted 401(k) safe harbor matching contributions. In 2021 and 2020, the Company made safe harbor matching contributions of 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

Effective June 1, 2017, the Plan adopted additional eligibility requirements for safe harbor matching contributions. Participants become eligible for safe harbor matching contributions after completing 1,000 hours or one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately are vested in their contributions plus actual earnings thereon. Effective June 1, 2017, participants are immediately 100% vested in safe harbor matching contributions. Prior to June 1, 2017, vesting in the Company's contribution portion of their accounts was based on

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

years of continuous service. A participant was 100% vested after three years of credited service. Full vesting also occurs upon death, disability or retirement at designated ages.

Notes Receivable From Participants

Participants may borrow from their funds accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a range of 4.00% to 6.50% at December 31, 2021, which is commensurate with local prevailing rates at the time of the loans.

In March 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applied to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the entire balance in the participant's account will be payable to the participant, or their beneficiary, in either payment in the form of a joint and survivor annuity if married, or in the form of a life annuity if unmarried, payment in a lump sum, or payments in equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the participant's life expectancy.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. When the participant's vested interests are less than \$5,000, the plan administrator may distribute such benefit in a lump sum without the participant's consent.

In March 2020, the Company adopted the CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Revenue Sharing

Fidelity Management Trust Company (Fidelity) receives revenue from registered investment companies and common or collective trust fund service providers for services Fidelity provides to the funds. If the revenue received by Fidelity from such mutual fund or collective trust fund

service providers exceeds the amount owed under the agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts are allocated to the accounts of the participants. Revenue credits were \$92,820 and \$104,687 for the years ended December 31, 2021 and 2020, respectively. The Plan has revenue credits of \$276,278 and \$183,434 available as of December 31, 2021 and 2020, respectively.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$450,742 and \$1,168,001, respectively. Those accounts will normally be applied first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2021 and 2020, forfeitures of \$887,345 and \$119,718, respectively, were used to reduce Company contributions and administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies, common and preferred stock and money market accounts are valued at quoted market prices. The common or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for this investment and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to investment fees. Certain investment fees are expensed as incurred and certain investment fees are included in the net appreciation in fair value of investments. Administrative expenses paid by the Plan are expensed as incurred.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the 2021 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable input and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of money market accounts is carried at cost, which approximates fair value (Level 1 inputs).

The fair value of common and preferred stocks is supported by quoted prices in active markets (Level 1 inputs).

The fair value of other investments held in the brokerage link account is supported by quoted prices in markets that are not active or other inputs that are observable and can be corroborated by observable market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4: Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. During 2021 and 2020, the Plan made direct payments for administrative expenses of \$284,865 and \$262,677, respectively, before the effect of revenue-sharing amounts of \$92,820 and \$104,687, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Income Tax Status

The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Defined Contribution Plan sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency and the prototype sponsor has obtained an opinion letter dated June 30, 2020, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC.

Note 6: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income components and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

Independent Auditor's Report

Trustees
Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Rosemont, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Capgemini Financial Services USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Capgemini Financial Services USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information

included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Capgemini Financial Services USA, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

The following description of the Capgemini Financial Services USA, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Capgemini Financial Services USA, Inc. (Company). Employees who are nonresident aliens and who receive no earned income from the Company, which constitutes income from services within the United States, are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for annual Company matching and/or profit sharing contributions at the discretion of the Company's Board of Directors.

Effective January 1, 2017, the Plan adopted 401(k) safe harbor matching contributions. In 2021 and 2020, the Company made safe harbor matching contributions of 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

Effective June 1, 2017, the Plan adopted additional eligibility requirements for safe harbor matching contributions. Participants become eligible for safe harbor matching contributions after completing 1,000 hours or one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately are vested in their contributions plus actual earnings thereon. Effective June 1, 2017, participants are immediately 100% vested in safe harbor matching contributions. Prior to June 1, 2017, vesting in the Company's contribution portion of their accounts was based on

years of continuous service. A participant was 100% vested after three years of credited service. Full vesting also occurs upon death, disability or retirement at designated ages.

Notes Receivable From Participants

Participants may borrow from their funds accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a range of 4.00% to 6.50% at December 31, 2021, which is commensurate with local prevailing rates at the time of the loans.

In March 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applied to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the entire balance in the participant's account will be payable to the participant, or their beneficiary, in either payment in the form of a joint and survivor annuity if married, or in the form of a life annuity if unmarried, payment in a lump sum, or payments in equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the participant's life expectancy.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. When the participant's vested interests are less than \$5,000, the plan administrator may distribute such benefit in a lump sum without the participant's consent.

In March 2020, the Company adopted the CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Revenue Sharing

Fidelity Management Trust Company (Fidelity) receives revenue from registered investment companies and common or collective trust fund service providers for services Fidelity provides to the funds. If the revenue received by Fidelity from such mutual fund or collective trust fund

service providers exceeds the amount owed under the agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts are allocated to the accounts of the participants. Revenue credits were \$92,820 and \$104,687 for the years ended December 31, 2021 and 2020, respectively. The Plan has revenue credits of \$276,278 and \$183,434 available as of December 31, 2021 and 2020, respectively.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$450,742 and \$1,168,001, respectively. Those accounts will normally be applied first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2021 and 2020, forfeitures of \$887,345 and \$119,718, respectively, were used to reduce Company contributions and administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies, common and preferred stock and money market accounts are valued at quoted market prices. The common or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for this investment and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair

401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to investment fees. Certain investment fees are expensed as incurred and certain investment fees are included in the net appreciation in fair value of investments. Administrative expenses paid by the Plan are expensed as incurred.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the 2021 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable input and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of money market accounts is carried at cost, which approximates fair value (Level 1 inputs).

The fair value of common and preferred stocks is supported by quoted prices in active markets (Level 1 inputs).

The fair value of other investments held in the brokerage link account is supported by quoted prices in markets that are not active or other inputs that are observable and can be corroborated by observable market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4: Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. During 2021 and 2020, the Plan made direct payments for administrative expenses of \$284,865 and \$262,677, respectively, before the effect of revenue-sharing amounts of \$92,820 and \$104,687, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Income Tax Status

The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Defined Contribution Plan sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency and the prototype sponsor has obtained an opinion letter dated June 30, 2020, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC.

Note 6: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income components and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.
