INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
XCorp Solutions 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of XCorp Solutions 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of XCorp Solutions 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about XCorp Solutions 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of XCorp Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about XCorp Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of asset (held at end of year) and schedule of delinquent participant contribution for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Note 1 - Description of Plan:

The following description of the XCorp Solutions, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have attained age twenty one. It is subject to the requirements of the Employee Retirement Income Security Act ("ERISA") of 1974. The Plan has an elective deferral contribution with a Qualified Automatic Contribution Arrangement ("QACA") safe harbor match, discretionary employer match, and discretionary profit sharing contributions. The Board of Trustees is responsible for the oversight of the Plan. The Plan's assets are held by AdvisorTrust, Inc., the Plan trustee. The trustees also retained Professional Capital Services, LLC as the third-party administrator and recordkeeper, which provide administrative, compliance, and recordkeeping services.

Contributions

The maximum dollar amount each participant may contribute annually on a pre-tax basis is \$19,500 in 2021 as defined in the Plan. Additional contributions of up to \$6,500 in 2021 are allowed for participants who are over age fifty by December 31, 2021. The QACA safe harbor match calculation for the year ended December 31, 2021 was 100% of elective deferrals up to 1% of compensation, plus 50% of elective deferrals between 2% and 6% of compensation. The initial automatic deferral election under the QACA is 6% with no automatic increases for later years.

Participants may also contribute rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

- Profit sharing and matching - Each participant's account is credited with the allocation of (a) the Company's contribution, if any and (b) Plan earnings. Allocations are based on participant earnings, or as defined in the Plan document. Each participant's account is segregated and self-directed as to the investment vehicle. Gains and losses of segregated accounts are credited to that account only.
- 401(K) & Roth salary deferrals and rollovers - Each participant's account is credited with the employee contribution, if any. Each participant's account is segregated and self-directed as to the investment vehicle. Gains and losses of segregated accounts are credited to that account only.

Vesting

- Profit sharing and matching – Vesting is based on years of credited service. A participant becomes fully vested after two years of credited service.
- 401(K) & Roth salary deferrals and rollovers - Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

A participant becomes fully vested automatically, regardless of the vesting schedule, upon attainment of normal retirement age, upon retirement due to disability, upon death, and upon termination of the Plan.

DECEMBER 31, 2021 AND 2020**

Note 1 - Description of Plan (Continued):

The Plan defines normal retirement age as the date a participant reaches the age of 65. Disability is defined as being determined disabled by the Social Security Administration by which a participant is eligible to receive disability benefits under the Social Security Act.

Payment of Benefits

Benefits are distributed upon termination, death, or disability in a single-sum cash payment or installment payments equal to the participant's vested interest in their account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited Accounts

Forfeited non-vested accounts may be used to offset employer contributions or to pay Plan expenses. During the Plan year ended December 31, 2021, forfeitures in the amount of \$114,967 and \$19,592 were used to offset employer contributions and to pay Plan expenses, respectively. As of December 31, 2021 and 2020, forfeited non-vested accounts available for future use totaled \$9,054 and \$18,365, respectively.

Notes Receivable from Participants

Participants may take out a loan against their outstanding participant balance. Loans will be limited to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan to the participant, or 50% of the present value of the non-forfeitable accrued benefit of the participant. The loans shall be made available to all participants and beneficiaries on a reasonable equivalent basis. Loans shall not be made to highly compensated employees in an amount greater than the amount made available to other participants and beneficiaries. Loans shall bear a reasonable rate of interest, be adequately secured, and provide repayment over a reasonable period of time.

Note 2 - Summary of Significant Accounting Policies:

Accounting Method

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and charges therein. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued):

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company.

Note 3 - Fair Value Measurements:

The "Fair Value Measurements" Topic 820 (ASC 820) of the FASB Accounting Standards Codification, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the "Fair Value Measurements" Topic 820 of the FASB Accounting Standards Codification are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3: Unobservable inputs are used when little or no market data is available, which requires the Company to develop its own assumptions about how market participants would value the assets or liabilities.

In determining the fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. There were no changes in the methods used to measure fair value at December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at fair value based on quoted market prices which represent the net asset value of the shares held by the plan at year-end.

Collective trust fund: Valued at the daily net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3 - Fair Value Measurements (Continued):

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

Pooled separate accounts: Valued at per unit net asset value as provided and certified by the plan trustee and investment custodian as a practical expedient of estimated fair value. Net asset value is generally determined based upon the fair value of the underlying assets held by fund less its liabilities. Net asset value may not be used in situations whereby it is probable that the fund will transact at an amount different than reported net asset value. In certain situations, the plan trustee and investment custodian may reserve the right to temporarily delay withdrawal if necessary to ensure an orderly liquidation of assets.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 3 - Fair Value Measurements (Continued):

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in net appreciation (depreciation) in fair value of investments.

The Plan reported no significant assets or liabilities reported at fair value using significant unobservable inputs, Level 3 instruments, as of December 31, 2021 and 2020.

Note 4 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested.

Note 5 - Tax Status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America ("GAAP") requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 6 – Related Party and Party-In-Interest :

Certain Plan investments are shares of mutual funds managed by AdvisorTrust, Inc. AdvisorTrust, Inc. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing rather than direct payment. For the year ended December 31, 2021, the Plan paid additional fees for the investment management services of \$44,021 to the trustee. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 7 - Information Certified by Plan's Trustee/Custodian:

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedule has been derived from information certified as complete and accurate by AdvisorTrust, Inc. as of December 31, 2021 and for the period January 1, 2021 to December 31, 2021 as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 8 - Risks and Uncertainties:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements available for benefits.

Note 9 – Late Remittances:

The Company unintentionally failed to remit certain employee deferrals of \$31,438 during the year ended December 31, 2021 in a timely manner according to the Department of Labor regulations. These late payments are deemed a loan from the Plan to the Company from the date at which the contributions should have been remitted to the date they were actually remitted. The Company is in the process of calculating the lost earnings for the late remittance for 2021 into the plan.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of Form 5500.

	2021	2020
Net assets available for benefits per the financial statements	\$ 3,805,634	\$ 2,879,897
Add: Excess contribution payable	4,746	-
Less: Contribution receivable – employer's	(231,325)	(296,538)
Net Assets available for benefits per Schedule H of Form 5500	\$ 3,579,055	\$ 2,583,359

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500.

	2021
Net increase in plan assets per the financial statements	\$ 925,737
Add: Change in corrective contribution for the year ended December 31, 2021	4,746
Net Assets available for benefits per Schedule H of Form 5500	\$ 930,483

Note 11- Subsequent Events:

The Plan has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2021, through October 12, 2022, which is the date these financial statements were available to be issued, and has determined that there are no subsequent events that need to be recorded or that are required to be disclosed under the "Subsequent Events" topic of the FASB Accounting Standards Codification.

Further, there has been restatement of the Adoption agreement effective from 1/1/2022.
