Independent Auditors' Report

To the Plan Administrator and Participants of the
Atlantic Carbon Group, Inc.
401(k) Profit Sharing Plan
Hazleton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Atlantic Carbon Group, Inc. 401 (k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Atlantic Carbon Group, Inc. 401 (k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Atlantic Carbon Group, Inc. 401 (k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a

high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atlantic Carbon Group, Inc. 401 (k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlantic Carbon Group, Inc. 401 (k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (held at end of year) (modified cash basis) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements (modified cash basis)

We were engaged to audit the 2020 financial statements (modified cash basis) of the Atlantic Carbon Group, Inc. 401 (k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution (Note 8). In our report dated September 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our 2020 disclaimer of opinion is not modified with respect to this matter.

NOTE 1 Description of Plan

The following description of the Atlantic Carbon Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Atlantic Carbon Group, Inc. (the Company), except for those identified in the Plan adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees are responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Change in custodians

Voya Retirement Insurance and Annuity Company (the predecessor custodian) was the custodian of the Plan's assets as of December 31, 2020 and for the period January 1, 2021 through August 3, 2021.

As of August 4, 2021, Alerus, N.A. (the successor custodian) was appointed the custodian of the plan.

The custodians held and managed the Plan assets subject to the direction of the Plan custodians and Plan participants, for the respective time periods as discussed above.

Contributions

Each year, participants in the Plan may elect to defer a portion of their pretax earnings, not to exceed certain IRS limitations. As of August 4, 2021, the Plan was amended to include an auto-enrollment provision, whereby certain employees, as defined in the Plan adoption agreement, are auto-enrolled in the Plan at a contribution deferral rate of 4%, unless they affirmatively elect not to participate. Also, effective August 4, 2021, participants can also elect to make contributions to the Plan on a Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. If participants do not elect an investment direction the Plan has a qualified default investment alternative. The Company, at its discretion, may make matching contributions and qualified non-elective contributions, as defined, at the end of the Plan year for eligible employees. Effective August 4, 2021 the Plan allows for a Company rigid discretionary contribution to be determined on a quarterly basis. For the third and fourth quarter of 2021, the Company made rigid discretionary matching contributions equal to 25% of elective deferrals up to 8% of employee compensation. There was no non-elective contribution in 2021.

Participant accounts

Each participant's account is credited with the participant's contributions, including rollovers and company discretionary matching contributions and qualified non-elective contributions, if any, and an allocation of (a) plan earnings (losses) and charged with an allocation of administrative expenses

that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers, plus actual earnings thereon.

As of August 4, 2021, the Plan was amended to adopt the following vesting schedule. The vesting schedule is applied retroactively to cover all participants of the Plan. The Company's contributions and net earnings thereon vest as follows:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1	0%
1	50%
2 or more	100%

Notes receivable from participants

Effective August 4, 2021, participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, determined when amounts are borrowed. Principal and interest is paid ratably through payroll deductions. Delinquent notes receivable from participants are recorded as distributed based upon the terms of the Plan agreement. There were no notes receivable from participants at December 31, 2021.

Payment of benefits

Withdrawals are allowed under the following circumstances:

(a) termination of employment, (b) retirement, (c) disability, and (d) death. In-service distributions due to hardship, attainment of age 59 ½, qualified domestic relation orders and qualified military service, as defined, were also permitted through August 3, 2021. As of August 4, 2021, in-service distributions due to age 59 ½, qualified reservist and deemed severance are permitted. Distributions under the Plan are payable at the election of participants (or their beneficiaries in the case of death during active employment) in one lump-sum payment. Effective August 4, 2021, participants can elect one lump-sum payment or installments only if participant is subject to lifetime required minimum distributions, as defined.

Forfeited accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used to restore forfeited account balances of rehires who are eligible for a restoration of forfeitures or to reduce employer contributions.

NOTE 2 Summary of significant accounting policies

Basis of accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. However, certain investments are adjusted to fair value under the modified cash basis of accounting and investment income is recorded on the modified cash basis.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the Custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Effective August 4, 2021 the Plan allows for notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balances, if any, and secured by the participant's account. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. There were no notes receivable from participants at December 31, 2021.

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions. Such estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2020)**

Management continues to evaluate the impact of the COVID-19 pandemic and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company's financial position and results of its operations and Plan investments, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might results from the outcome of this uncertainty.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the payment of benefits to participants and fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Suspension of Required Minimum Distributions for 2020

NOTE 4 Investment contract with Voya Retirement Insurance and Annuity Company

The Plan entered into a traditional benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value at December 31, 2020 of the Fixed Income Account Fund and Fixed Income Account A Fund was \$19,012 and \$1,083, respectively. The crediting interest rate was based on a formula agreed upon with the issuer, but it may not be less than 3% for the Fixed Income Account Fund (3% at December 31, 2020) and 1% for the Fixed Income Account A Fund (1.15% at December 31, 2020). Such interest rates were communicated to the plan and credited daily. The crediting rate could be changed at any time.

As described in Note 2, because the guaranteed interest contract was fully-benefit responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant's withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain conditions or restrictions applied to transfers in connection with the Fixed Income Accounts as defined in the contracts.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations was affected by economic and regulatory developments.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

Furthermore, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events included (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator did not believe that any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The guaranteed investment contract did not permit Voya or the Plan to terminate the agreement prior to the scheduled maturity date.

NOTE 5 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: valued at the NAV of units of a bank collective trust as of the valuation date. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is the basis for current transactions and the collective trust fund can be redeemed at NAV as of the measurement date. Therefore, it has a "readily determinable fair value." Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The primary investment objective of the fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. As of December 31, 2021, the Plan did not have any unfunded

commitments related to the collective trust.

Pooled Separate Accounts: investments in pooled separate accounts of Voya Retirement Insurance and Annuity Company (Voya) are stated at fair value based on the accumulation unit value (AUV) per unit as provided by the Custodian as of the valuation date. The AUV, as provided by the Custodian, is used to estimate fair value. The pooled separate accounts are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the Net Asset Value (NAV) of the shares of the underlying fund, the fund's dividends and the Voya account charges. Due to the AUV being determined based on a combination of the fund NAV and the separate account charges the pooled separate accounts are classified in Level 2 of the fair value hierarchy. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawals in order to ensure the securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments with respect to these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets carried at fair value, as of December 31, 2021 and 2020:

NOTE 6 Termination of Plan

Although there has not been any expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and related earnings.

NOTE 7 Tax status

The Plan operates under a prototype profit-sharing plan with a cash or deferral arrangement, which received an opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS") indicating this prototype plan was an acceptable plan under applicable sections of the Internal Revenue Code ("IRC") for use of employers for the benefit of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code Section 401(a), providing all the terms of the Plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners or highly compensated employees than for other employees. The Plan does not have its own determination letter. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 Information certified by custodians

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Alerus, N.A. (as of December 31, 2021 and for the period August 4, 2021 to December 31, 2021) and Voya Retirement Insurance and Annuity Company (as of December 31, 2020 and for the period January 1, 2021 through August 3, 2021) the custodians of the Plan. See Note 1 for change in custodians.

NOTE 9 Related party transactions and party in interest transactions

Certain Plan investments were managed by the custodians (see Note 8) as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred and paid directly by the Plan for certain administrative expenses were \$5,122 for 2021.

The aforementioned custodians provided certain administrative services to the Plan pursuant to service agreements between the Company and the custodians and the custodians' respective agents. The custodians received revenue from mutual fund service providers for services the custodians provided to the funds. This revenue was used to offset certain amounts owed to the

custodians for their administrative services to the Plan.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 10 Subsequent events

The Plan has evaluated subsequent events through October 12, 2022, which is the date these financial statements were available to be issued.
