Independent Auditor's Report

To the Plan Administrator
Consumer Technology Association 401(k) Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Consumer Technology Association 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Consumer Technology Association's (the Association) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

Effective January 1, 2000, the Association established a Plan for its employees. The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Association. The Administrative and Investment Committee is responsible for oversight of the Plan. The Administrative and Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports. To be eligible to participate in the Plan, an employee must have attained the age of 21. Employees classified as independent contractors and interns are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Association is the Plan's named fiduciary and administrator.

Contributions

Participants may elect to contribute up to 100% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from qualified defined benefit or other defined contribution plans. Participants age 50 or older will be permitted to make catch-up contributions to the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation increasing 1% per year, to a maximum of 10%, and their contributions are invested in a designated balanced fund until changed by the participant.

Participants become eligible to receive Association matching contributions and discretionary matching contributions on the first day of the month on or next following the date in which the participant met the eligibility requirements. Participants must work at least 1,000 hours each year in order to be eligible for employer discretionary matching contributions. The Association will make contributions equal to 100% of the participant's contribution up to 6% of the participant's annual compensation. The Association may also make discretionary matching contributions of up to 4% to the Plan. For the year ended December 31, 2021, the Association made the maximum 4% matching discretionary contribution totaling \$659,602.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, allocations of the Association's matching contributions and discretionary contributions, and Plan earnings. Allocations are based on the participant's account balance as defined. Participant's accounts are also charged a proportionate investment share of

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

management fees and other processing fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers various equity mutual funds, fixed income mutual funds, and common collective trust funds as investment options for participants.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions plus actual earnings thereon. Participants become 100% vested in Association contributions after one year of service.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of (i) \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period, or (ii) 50 percent of their vested account balance, determined as of the valuation date coinciding with or immediately preceding such loan adjusted for any contributions or distributions made since such valuation date.

The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan based on prevailing commercial interest rates ranging from 4.25% to 6.50% for the year ended December 31, 2021. The loan payments are made through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, death, disability, retirement or separation, a participant or his or her beneficiary may elect to receive either a lump-sum distribution or installment payments under various options. If not directed by the participant or his or her beneficiary, a participant account whose balance is less than \$5,000 will receive a lump-sum payment. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeited Accounts

The Plan maintains separate forfeiture accounts with the Plan custodian (Transamerica). When an employee terminates prior to full vesting, the Plan's cumulative, unvested matching and discretionary contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Plan's forfeiture accounts. Forfeitures resulting from the non-vested portions of participants' accounts that terminate prior to being fully vested are generally used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future Association contributions. No forfeitures were used to reduce administrative expenses or to reduce Association contributions during the year ended December 31, 2021. As of December 31, 2021 and 2020, the forfeiture balances were \$11,333 and \$11,260, respectively.

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's Administrative and Investment Committee determines the Plan's valuation policies, utilizing information provided by the trustee and custodian.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Dividends are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable are recorded as benefits paid to participants and beneficiaries in the statement of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. There were no deemed distributions for the year ended December 31, 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Association. Expenses that are paid by the Association are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

3. Information Certified by the Plan's Trustee and Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, Inc. (the custodian of the Plan) and State Street Bank & Trust Company (the trustee of the Plan), qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring observable fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts ("CCT"): The Plan is invested in a common collective trust, Wells Fargo Stable Return Fund (Gilliard), which is valued at NAV of units held. The NAV, as provided by trustee of the CCT is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. The CCT provides for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to this investment, which is a direct filing entity.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

Fair Value Hierarchy Level				
	Level 1	Level 2	Level 3	Total
Investment by fair value level:				
Mutual funds and interest-bearing cash	\$ 59,401,308	\$ -	\$ -	\$ 59,401,308
Total investments measured at net asset value (NAV)*				2,116,794
Total investments				\$ 61,518,102

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

Assets at Fair Value as of December 31, 2020				
	Fair Value Hierarchy Level			Total
	Level 1	Level 2	Level 3	
Investment by fair value level:				
Mutual funds and interest-bearing cash	\$ 50,753,617	\$ -	\$ -	\$ 50,753,617
Total investments measured at net asset value (NAV)*				2,741,033
Total investments				\$ 53,494,650

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related Party Transactions and Party-In-Interest Transactions

The Association is the sponsor of the Plan, and as such, executes the normal duties associated therewith. Costs incurred for audit, legal, investment advisory fees, and other administrative functions are paid by the Association on behalf of the Plan which qualify as party-in-interest transactions. There were no financial transactions recorded between the Association and the Plan other than contributions made and the payment of administrative fees. Certain Plan investments are shares of mutual funds managed by State Street Global Advisors, an affiliate of the trustee. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Administrative fees paid by the Plan to Transamerica for investment services and loan processing amounted to \$41,263 for the year ended December 31, 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Association may determine.

7. Income Tax Status

Effective May 1, 2022, the Plan adopted the Transamerica non-standardized pre-approved profit-sharing plan. Transamerica received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC), including provisions to comply with recent legislation. Prior to May 1, 2022, the Plan adopted the Transamerica non-standardized prototype plan. Transamerica received an opinion letter from the IRS dated March 31, 2014, stating that the prototype plan was designed in accordance with the provisions of the IRC. The Plan Administrator believes that the Plan is designed

Consumer Technology Association 401(k) Plan

Notes to the Financial Statements

and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires management to evaluate the Plan's tax positions. The Plan's management has concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

9. Subsequent Events

The Plan Administrator evaluated all subsequent events and transactions through October 14, 2022, the date the financial statements were available to be issued. Other than the adoption of the Pre-Approved Plan described in Note 7, the Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
