INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the X Technologies, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of X Technologies, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of X Technologies, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of X Technologies, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about X Technologies, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of X Technologies, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about X Technologies, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i-Schedule of Assets Held at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 11, 2021, indicated that (a) because of the significance of the information that we

did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

X TECHNOLOGIES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The X Technologies, Inc. 401(k) Plan (the Plan), established January 1, 2018, is a defined contribution plan covering the employees of X Technologies, Inc. “the Company.” It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and as more fully described in the Plan agreement. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The management of X Technologies, Inc. is responsible for the accuracy and internal consistency of the preparation of the financial statements and notes contained in this annual report.

Participation – An employee is eligible to become a participant in the Plan on their date of hire and can participate in the plan on the first day of the month following their hire date.

Participant Contributions – Participants self-direct their contributions and account balances among the investment options provided by the Plan. Participants may contribute from 1% to 100% of their annual compensation for each plan year (pre-tax contributions), up to the maximum of \$19,500 as permitted by the Internal Revenue Code (IRC). In addition, participants who have attained the age of 50 are eligible to make catch-up contributions up to the maximum of \$6,500 in accordance with IRC 414(v). Participants immediately vest in their contributions and the associated investment results, none of which are federally taxable to the participants as current income.

Company Contributions – The Company may make non-elective contributions or discretionary matching contributions. Allocation of employer non-elective contributions is based upon participant compensation in proportion to the compensation of all participants. There were no non-elective contributions made for the year ended December 31, 2021.

The Company will make safe harbor matching contributions based on the amount a participant chooses to contribute to the Plan as a Deferral. If a plan participant contributes between 1% and 3% of their compensation, the Company will contribute 100% on these deferrals. If a participant contributes more than 3% but not more than 5% of their compensation as a deferral, the Company will contribute a safe harbor matching contribution of 50% on these deferrals. For the plan year ended December 31, 2021, the Company made matching contributions of \$335,698.

Distributions – Participants are entitled to receive a lump-sum distribution of their vested accounts upon termination of employment, disability, or death. Distributions are federally taxable to Participants when received and may result in a 10% penalty if distributions are received prior to age 59 ½.

Investment Options – Each participant may direct the investment of their contributions, the Company’s matching contribution, and the Company’s non-elective contributions.

Participants may change their investment options daily and may choose among John Hancock fixed accounts, which are guaranteed as to principal and accumulated earnings, or one or more pooled funds which are not guaranteed as to principal and earnings. A detailed listing of investments held by John Hancock is provided on the Schedule H, 4i – Schedule of Assets Held at End of Year, of this report.

X TECHNOLOGIES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN - CONTINUED

Additional information regarding the Plan may be obtained from X Technologies, Inc., 100 Sandau Ste. 300, San Antonio, TX 78216.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow a minimum of \$1,000 and the maximum of the lesser of one-half of the vested account balance or \$50,000 reduced by the highest outstanding loan balance in the account during the prior 12-month period. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, ranging from 4.25% to 7.50%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Participant Accounts – Each Participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, the Company's non-elective contribution, the Plan earnings, and the allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is always fully vested with respect to his own contributions. The employer's non-elective contributions and discretionary matching contributions vest according to the following schedule. Employees are, however, 100% vested if they are still an employee and suffer a death or disability.

<u>Years of Service</u>	<u>Vesting %</u>
1	25%
2	50%
3	75%
4	100%

Forfeitures – Generally, when a participant terminates participation in the plan, the non-vested portion of the participant's account, as defined by the plan, represents a forfeiture. Forfeitures are utilized to reduce the company matching contributions for the plan year. During the year ended December 31, 2021, zero forfeiture assets were used to reduce the Company's contributions.

Plan Termination – Although it has not expressed any intent to do so, the Company may terminate the Plan for any reason at any time. If the Plan were terminated, all participants affected would be fully vested in their benefits as of the date of termination.

Administrative Expenses – Administrative and record keeping services, including maintaining participant records and allocating the Plan's income and contributions was maintained by Massachusetts Life Insurance Company (MassMutual) through July 28th and by John Hancock Life Insurance Company (John Hancock) from July 28th to December 31st. For the year ended December 31, 2021, administrative fees for MassMutual and John Hancock totaled \$1,065 and \$11,938, respectively.

X TECHNOLOGIES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Value of Investments – Investments are stated at fair value, except for the fully benefit responsive investment contract which is held at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plans. See Note 5 for discussion of fully benefit-responsive investment contracts.

Investment Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded as received.

Gain and Loss Recognition – Net gains or losses on investments sold represent the difference between proceeds from sales and the fair value of assets at the beginning of the year or historical cost if the investment was acquired during the year. The net appreciation or depreciation of fair value of investment held at year-end is reflected in the statements of changes in net assets available for plan benefits and includes the net gains or losses on investments sold.

Payment of Benefits – Benefits to participants are recorded upon distribution.

NOTE 3 - INCOME TAXES

The Plan is qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended from time to time, and its related Trust is exempt from taxation under Section 501(a) of the Internal Revenue Code. The Plan obtained its IRS opinion letter dated November 30, 2020, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Generally, contributions to a qualified plan are deductible by the Company when made or accrued, earnings of the Plan are tax-exempt, and participants are not taxed on their benefits until withdrawn from the Plan.

The Plan applies the provisions of FASB ASC 740-10-50, *Income Taxes* related to the accounting for uncertainty in income taxes which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This standard also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

X TECHNOLOGIES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021

NOTE 3 - INCOME TAXES - CONTINUED

For the year ended December 31, 2021, the Plan does not believe it currently holds any uncertain tax positions therefore no recognition of uncertain tax positions is reflected in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

All investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary information, including investments and notes receivable from participants held at December 31, 2021, and investment income for the year then ended, was obtained or derived from information provided to Plan management and certified as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 by John Hancock Life Insurance Company, the trustee of the Plan from July 28, 2021 to December 31, 2021, and by Massachusetts Life Insurance Company, trustee of the Plan from January 1, 2021 through July 27, 2021.

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called Sub-Accounts. The insurance company maintains the contributions in the sub-accounts, which are credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, spinoffs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of the Plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. There are no reserves against contract value for risk of the contract issuer or otherwise.

X TECHNOLOGIES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – FAIR VALUE MEASUREMENTS

The Company applies FASB ASC 820, *Fair Value Measurements and Disclosures*, formerly known as SFAS 157, which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820 applies to all financial instruments that are being measured and reported at fair value on a recurring basis.

The framework for measuring fair value provides a fair value Hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2021, and 2020.

Pooled separate accounts: are valued at net asset value as determined by the issuer based on the fair value of the underlying assets as determined by quoted market prices.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Change in notes receivable from participants	(21,075)
Net increase in net assets available for benefits per Form 5500	<u>\$ 1,108,600</u>

NOTE 8 – CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Plan to credit risk are investments. Investments are maintained with John Hancock Life Insurance Company which is generally considered a high-quality benefit plan trustee. The Plan does not maintain significant amounts of cash deposits in excess of federally insured limits.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of separate pooled accounts managed by John Hancock Life Insurance Company. John Hancock also performs record keeping and trust services through various entities and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues notes to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 11 – TRANSFER OF ASSETS

On July 28, 2021, plan assets were transferred from Massachusetts Mutual Life Insurance Company to John Hancock Life Insurance Company due to a change of trustees and record keepers.

NOTE 12 – SUBSEQUENT EVENTS

The Plan administrator has evaluated the impact of all subsequent events on the Plan through October 13, 2022, the date the financial statements were available to be issued and has determined there were no subsequent events requiring recognition or disclosure in the financial statements other than noted below.

X TECHNOLOGIES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021

NOTE 12 – SUBSEQUENT EVENTS - CONTINUED

As a result of the spread of COVID-19 coronavirus, global economic activity has been adversely affected and it has contributed to instability in financial markets. As a result, the Plan's investments may incur declines in fair value since December 31, 2021. Because the value of the Plan's investments will fluctuate in response to the changing market conditions, the number of potential losses that will be recognized in future periods cannot be determined at this time.
