Independent Auditor's Report

To the Plan Administrator
Colter Energy Services US 401K

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Colter Energy Services US 401K (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021, and 2020, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2021, and Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Colter Energy Services US 401K (the “Plan”), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Colter Energy Services US (the “Company”) effective January 1, 2012. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration of the Plan

The trustee of the Plan’s assets is Reliance Trust Company (“Trustee” or “Reliance”). ADP Retirement Services (“ADP”) is the recordkeeper. The Company is the administrator of the Plan. The Plan administrator determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

See Note 9, *Subsequent Events*, for subsequent change in trustee and recordkeeper.

Eligibility

Each employee is eligible to participate in the Plan immediately after attainment of three months of service (employees are credited for each month in which they obtain at least 1 hour of service).

Contributions

Eligible participants can contribute to the Plan on a pre-tax or after-tax Roth basis up to 80% of their qualifying annual compensation (as defined) into the Plan, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age 50 or older and is subject to IRC limitations. Participants can terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

Effective January 1, 2021, the Plan was amended to no longer allow for automatic enrollment of newly eligible participants.

The Plan makes employer matching contributions on a per pay period basis at 100% of employee deferrals up to 5% of eligible compensation.

The Company may also make a discretionary non-elective employer contribution. There were no discretionary non-elective employer contributions for the year ended December 31, 2021.

Rollover contributions to the Plan can also be made from other qualified plans or individual retirement accounts (“IRA”) if certain criteria are met.

Colter Energy Services US 401K

Notes to Financial Statements

Participants' Accounts

Participants' accounts are credited with employee salary deferral (pre-tax, Roth and catch-up) contributions, rollover contributions, employer contributions, and an allocation of plan earnings or losses. Participants can direct the investment of their account balances into various investment options in mutual funds and common collective trusts currently offered by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are 100% vested in their employee salary deferral contributions, rollover contributions, employer contributions, and the allocated earnings thereon. Forfeitures, if any, may be used to pay administrative expenses or offset employer contributions. The balance in the forfeiture account was \$11 and \$10, as of December 31, 2021 and 2020, respectively. \$7,640 of forfeitures were used to reduce the employer matching contribution during the plan year ended December 31, 2021.

Payment of Benefits

Upon termination or separation of service, death, attainment of normal retirement age, or disability, as defined, participants can elect to receive their benefit payment in the form of a lump sum amount or installments equal to the vested portion of the participant's account, remain in the Plan if their vested account balance has a minimum of \$5,000, or can roll over the amount to another qualified retirement plan or individual retirement account. Mandatory distributions of balances below \$1,000 are distributed to participants in a lump sum. For participants whose account balance is greater than \$1,000 but less than \$5,000, the account balance will be rolled over into an IRA. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts.

Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Colter Energy Services US 401K

Notes to Financial Statements

Investment Valuation

Investments in mutual funds and common collective trusts are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Income Recognition

Interest income is recorded as earned on the accrual basis. Dividend income (and capital gains) is recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and capital gains reinvested.

Contributions and Excess Contributions

Employee contributions and related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefit payments to participants are recorded when paid to participants.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participants pay certain distribution fees which are charged directly to the participant's account. Certain investment fees (in the form of an expense ratio applied to each fund option) are netted with investment earnings or losses of the investments.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Colter Energy Services US 401K

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trust (SVT): The Invesco Stable Asset Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. This is a direct filing entity.

Common Collective Trusts: The State Street Bank & Trust common collective trusts are valued based on the Plan's interest in the funds at NAV reported by the fund managers as of the financial statement date and recent transaction prices. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The funds provide for daily redemptions by the Plan at reported NAV with no advance requirement. Fair values for the investments within these funds are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. These are direct filing entities.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

Colter Energy Services US 401K

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,629,431	\$ -	\$ -	\$ 2,629,431
Total assets in the fair value hierarchy	\$ 2,629,431	\$ -	\$ -	\$ 2,629,431
Investments measured at net asset value (a)				188,997
Total investments at fair value				\$ 2,818,428

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,839,320	\$ -	\$ -	\$ 1,839,320
Total assets in the fair value hierarchy	\$ 1,839,320	\$ -	\$ -	\$ 1,839,320
Investments measured at net asset value (a)				204,050
Total investments at fair value				\$ 2,043,370

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Year Ended December 31,</i>	<i>Investment Type</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
2021	Common collective trust- SVT	\$ 35,736	None	Daily	12 months for full liquidation
2021	Common collective trusts	\$153,261	None	Daily	None
2020	Common collective trust- SVT	\$ 96,114	None	Daily	12 months for full liquidation
2020	Common collective trusts	\$107,936	None	Daily	None

Notes to Financial Statements

4. Related-Party and Party-In-Interest Transactions

The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020;
- Interest and dividend income and net appreciation in the fair value of investments as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) -December 31, 2021;
- Investment information included in the Notes to Financial Statements.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Income Tax Status

The Plan adopted a prototype plan document for which an opinion letter was obtained from the Internal Revenue Service ("IRS") dated July 8, 2014 indicating the prototype plan document and trust are designed in accordance with applicable sections of the IRC. The Company and Plan administrator believe the Plan is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust were tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

Certain operational errors were found for the 2019 and 2020 Plan years in relation to the employer matching contribution. The Company is in the process of calculating the corrections and will fund corrections, including lost earnings, as soon as administratively possible. The estimated corrective contributions are included as an employer corrective contribution receivable in the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020.

Colter Energy Services US 401K

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan provides for investments in mutual funds and common collective trusts. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation have continued to cause volatility in the markets. Any future impacts on investments or the Plan remains uncertain.

In October 2020 the Company was notified by the Department of Labor ("DOL") that the Plan was selected for examination for the 2017 through 2020 Plan years. On January 19, 2022 they received a letter from the DOL noting that they have closed their investigation and that based on corrective action taken by the Company they will take no further action with respect to these matters.

As of December 31, 2021 and 2020 there were two investments held which individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

8. Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Participant contributions were not remitted within the required time period for the years between 2015 through 2019. The Company remitted lost earnings of \$793 for these late remittances in March 2021. See accompanying supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2021.

9. Subsequent Events

The Company has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements other than below.

Colter Energy Services US 401K

Notes to Financial Statements

Effective April 4, 2022, the Plan entered into agreements with John Hancock Trust Company LLC and John Hancock Retirement Plan Services, LLC (“John Hancock”) to take over as the trustee and recordkeeper of the Plan, respectively. All assets were transferred to John Hancock on June 30, 2022. As a result of the transfer, there was a black out from June 24, 2022 to July 22, 2022. There were no contract termination changes or adjustments to the market value of any investments as a result of the termination of the contract with Reliance Trust.

As a result of the change in trustee and recordkeeper, the Plan was amended and restated on July 1, 2022 into a non-standardized pre-approved profit sharing plan sponsored by John Hancock, which obtained an opinion letter from the IRS dated June 30, 2020, indicating that the non-standardized pre-approved profit sharing plan and trust are designed in accordance with the applicable sections of the IRC. There were no significant changes to plan provisions as a result of the restatement, other than those noted below:

- The name of the Plan was changed to the Colter Energy Services USA Inc. 401(k) Plan;
- Union employees, nonresident aliens, leased employees and Canadian employees participating in the RRSP are not allowed to participate in the Plan;
- Participants now become eligible to participate after two months of service.
