HFI, LLC SAVINGS PLAN

Notes to the Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the HFI, LLC. ("Company") Savings Plan ("Plan") provides only general information. Participants should refer to the Master Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one month of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to have a portion of their compensation contributed to the Plan on a pre-tax basis pursuant to Code Section 401(k). The Company shall make a deferral contribution in accordance with Section 5.03 of the Basic Plan Document on behalf of each participant who has an executed salary reduction agreement in effect with the employer for the payroll period in question. Such deferral contributions shall not exceed 90% of compensation. In 2020 the Company made matching contributions in the following manner.

Percentage of Participant Compensation Contributed	Percentage of Participant Contribution Matched
Up to 3%	100%
3.01% to 6%	50%

The Company does not match participant's voluntary contributions in excess of 6% of the participant's compensation. The Company made matching contributions in the amount of \$784,685 in 2021 and \$717,968 in 2020.

Vesting

Employees are immediately vested in their contributions plus actual earnings thereon. In a prior year, the Plan converted to a "safe harbor" concept and all Company matching contributions are fully vested. Employees are always 100% vested, which means that they are entitled to all of the amounts in all your accounts in the plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant's account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeited non-vested accounts are applied to offset administrative expenses of the Plan. If forfeitures exceed these expenses, the additional amounts will be applied to reduce the Company's contribution for such year.

Notes to the Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (Continued)

Investment Options

The Plan Trustees have delegated their investment responsibility to the participants by giving the participants limited ability to direct the investments in their own accounts. A trust/custodial account has been established by the Company with Fidelity Investments. The Plan provides twenty nine investment options for participants to choose among. Participants may direct both their contributions and Company contributions to any of the investment options. Participants may change their investment options on a daily basis. The options are listed on the statement of net assets available.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Administrative Expenses

The administrative expenses of administering the Plan are paid by the company.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management's Review

Subsequent events were evaluated through September 28, 2022, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

Note 4 - Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5 - Investments

The December 31, 2021 and 2020 statement of net assets available for benefits, the investment activity included on the statement of changes in net assets available for benefits and the accompanying schedule of investments were prepared entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$19,067,723 and \$16,119,544 and total income of \$2,893,833 and \$2,274,720 in 2021 and 2020, respectively.

The following investments are more than 5% of net assets available for benefits for the year ending December 31, 2021:

Fidelity Contrafund	\$ 1,958,171
Vanguard Institutional Target 2030	1,353,935
Vanguard Institutional Target 2045	1,284,360
Western Asset Core Plus Bond	1,247,349
Vanguard Institutional Target 2040	1,228,118
Vanguard Midcap Growth Index	1,102,840
American Funds Fundamental	1,052,808
Vanguard Institutional Target 2035	1,029,174
American Funds Europac Growth	991,455

Note 6 - Schedule H Differences

The form 5500 and the Statement of Net Assets Available for Benefits 2021 and 2020 does not show any differences. Schedule H, Part I, Line I and the Statement of Net Assets Available for Benefits shows total assets of \$19,216,448 and \$16,322,615 for 2021 and 2020, respectively.

Note 7 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan's Administrator assigns levels and categories to the Plan's investments.

HFI, LLC SAVINGS PLAN

Notes to the Financial Statements (Continued) December 31, 2021 and 2020

Note 7 - Fair Value Measurements (Continued)

Level 1 - Quoted prices in active markets for identical assets at the measurement date. The fair value of mutual funds is based on quoted net assets of the shares held by the Plan at year-end.

Level 2 - Observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the plan. This may include matrix pricing, yield curves and indices. No level 2 inputs were available to the Plan.

Level 3 - Unobservable inputs that reflects the plan's own assumptions about the assumptions market participants would use to price an asset based on the best information available in the circumstances. No level 3 inputs were available to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Common Collective Trusts/Money market funds and mutual funds: Valued at the quoted net asset values of shares held by the Plan at year-end.

The methods described above may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows:

	Fair Value Measurements Using:	
	(Level 1)	Fair Value
December 31, 2021		
Mutual funds	<u>\$ 18,745,640</u>	\$ 18,745,640
Investments measured at net asset value (a)		
Collective Trust		<u>332,083</u>
Total Investments at fair value		<u>\$ 19,067,723</u>
December 31, 2020		
Mutual funds	<u>\$ 15,734,060</u>	\$ 15,734,060
Investments measured at net asset value (a)		
Collective Trust		<u>522,365</u>
Total Investments at fair value		<u>\$ 16,256,425</u>

- a. Certain Investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

HFI, LLC SAVINGS PLAN

Notes to the Financial Statements (Continued)
December 31, 2021 and 2020

Note 8 - Information Certified by The Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Global, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available, Note 5, and on the schedule of assets (held at end of year) as of December 31, 2021 and 2020 and the related investment activity reflected in the statement of changes in net assets available for benefits and Note 5 for the year ended December 31, 2021 and 2020.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of mutual funds and a common trust fund managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. All of these, party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Fees paid by the Plan for record keeping services amounted to \$82,832 and \$70,890 for the years ended December 31, 2021 and 2020, respectively. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

Note 11 - Loans to Participants

The Plan allows for participants to borrow money. Interest rates on repayment of these loans to participants range from 5.75% to 6.5%. Total interest income received at December 31, 2021 and 2020 was \$10,893 and \$14,580, respectively.
