INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Participants
Nisshinbo Automotive 401(k) Plan
Covington, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Nisshinbo Automotive 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of Nisshinbo Automotive 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America;

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nisshinbo Automotive 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nisshinbo Automotive 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards ("GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nisshinbo Automotive 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nisshinbo Automotive 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional

procedures in accordance with GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NISSHINBO AUTOMOTIVE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following is a brief description of the Nisshinbo Automotive 401(k) Plan (the "Plan"). Participants or other interested parties should refer to the Plan Agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan adopted by Nisshinbo Automotive Manufacturing, Inc. (the "Company"), effective January 1, 1999, to provide deferred tax benefits, savings and matching employer contributions to eligible employees. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has been amended over the years to comply with tax provisions.

The custodian of the Plan's assets is Minnesota Life Insurance Company (the "Custodian"). The Plan sponsor is responsible for the oversight of the Plan. Management of the sponsor, utilizing the recommendations of advisors, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law on March 27, 2020. The following provisions were implemented by the Plan in response to the CARES Act:

- Participants were allowed to request penalty free distributions up to \$100,000 from their 401(k) account for reasons related to COVID-19; and
- Participants were allowed to take advantage of increased loan limits and participants with existing loans were able to suspend payments for the remainder of 2020.

B. Eligibility

Employees are eligible to participate in the Plan after the completion of 2 consecutive months of eligibility service. The entry date of the Plan is the first day of the Plan quarter (January 1, April 1, July 1 or October 1) coinciding with or following the date on which the employee met the eligibility requirement.

C. Contributions

Participants may contribute up to 50% of their annual pre-tax compensation, as defined by the Plan, subject to certain limitations for highly compensated individuals. Unless participants elect to not defer or to defer another amount or percentage of compensation, participants meeting the eligibility requirements, as described above, are automatically enrolled at 6%. Participants who attained age 50 before the end of the Plan year may make additional catch-up contributions.

NISSHINBO AUTOMOTIVE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Participants may designate all or a portion of their contributions as after-tax contributions into a Roth account. The Company may make discretionary matching or profit-sharing contributions as determined by the Company. For the year ended December 31, 2021, the Company matched 50% of the first 6% of compensation deferred each pay period.

D. Participant Accounts

Participants' accounts are maintained by the Plan Custodian and are credited with the participant's contributions, the Company's contributions and an allocation of the investment income (loss) and charged with fees upon receiving loans or distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is fully vested after six years of service. Notwithstanding the above, a participant becomes fully vested upon death, disability or attainment of normal retirement age.

F. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance. A participant may have only one loan outstanding at any time. The loans, which are collateralized by the balance in the participant's account, bear interest of 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

G. Payment of Benefits

Upon separation of service due to retirement, termination, death or disability, a participant or representative may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, substantially equal installments, or a partial withdrawal. In addition, a participant may request a hardship distribution from their fully vested pre-tax or Roth elective deferral accounts. A participant, that has not separated from service, may request a distribution from their vested accounts once they attain the age of 59 1/2.

NISSHINBO AUTOMOTIVE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

H. Forfeited Accounts

Amounts forfeited by participants who are terminated from the Plan prior to being 100% vested are used to reduce employer contributions. Total unused forfeited balances as of December 31, 2021 and 2020 were \$645 and \$17,339, respectively. During the year ended December 31, 2021, \$42,560 of forfeitures were used to reduce employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NISSHINBO AUTOMOTIVE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

E. Payment of Benefits

Benefits are recorded when paid.

F. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants or beneficiaries are charged directly to the participant account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of registered investment companies.

G. Subsequent events

Subsequent events have been evaluated by management through October 14, 2022, the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. As of December 31, 2021 and 2020, the Plan had no assets categorized in the fair value hierarchy.

As of December 31, 2021 and 2020, the only assets or liabilities that are measured at fair value on a recurring basis in periods subsequent to initial recognition are investments. Investments at fair value, consisting of pooled separate accounts, are valued at the value of the underlying assets as determined by Minnesota Life Insurance Company, which reflects the fair value of the investments comprising the pooled separate accounts using quoted prices and other observable inputs. The net asset value is not a publicly quoted price in an active market.

Currently, all redemptions for the pooled separate accounts are at that day's computed net asset value. As of December 31, 2021 and 2020, the fair value of the Plan's investments in pooled separate accounts were \$13,630,243 and \$12,435,913, respectively.

NISSHINBO AUTOMOTIVE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2021 and 2020:

Pooled Separate Accounts	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2021	\$ 13,630,243	n/a	Daily	1 day
December 31, 2020	\$ 12,435,913	n/a	Daily	1 day

4. MINNESOTA LIFE GUARANTEED RETURN ACCOUNT

The Plan entered into a fully benefit-responsive investment contract with Minnesota Life Insurance Company, which totaled \$188,320 and \$798,784 at December 31, 2021 and 2020, respectively. The general account assets are invested in the general assets of Minnesota Life Insurance Company, which are predominantly high-quality fixed income investments (bonds, mortgages, private placements). The account is reported at contract value and credited with interest at the rate specified in the contract. All benefit payments prior to contract liquidation are made at book value (principal invested plus interest earned). There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) Plan sponsor events such as bankruptcy, spin-offs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of Plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. The Company does not believe the occurrence of any such events, which limit the Plan's ability to transact at contract value with participants, is probable.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses paid by the Plan to Minnesota Life Insurance Company for contract administrator fees totaled \$13,745 for the year ended December 31, 2021. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and

NISSHINBO AUTOMOTIVE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information ring such information to the related information included in the financial statements and supplemental schedule.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their employer contributions.

8. TAX STATUS

Effective June 1, 2016, the Plan adopted a new prototype plan designed by Minnesota Life Insurance Company, which the Internal Revenue Service had determined, by a letter dated March 31, 2014, is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan as taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.
